

# EXPLORER

# MIKE HORN

Mike Horn, the Swiss-South-African explorer, reshapes adventure by leading ground-breaking expeditions that transcend mental and physical boundaries.

His global escapades reveal Earth's marvels and transformations, stirring our desire to step out of comfort zones and embrace the unknown. Through his compelling storytelling and captivating content, he inspires us to dream big and ignite the spirit of exploration within.

Beyond his explorer's persona, Horn dons many hats – speaker, ambassador, author, environmental leader, entrepreneur, and motivator. His multifaceted journey urges us to recognise our planet's significance and act as its responsible stewards.

His list of accomplishments include:

1997	1999 2001	2002 2004	2006	2008 2012	2016 2019
					
<b>AMAZON RIVER</b>	<b>LATITUDE ZERO</b>	<b>ARKTOS</b>	<b>NORTH POLE</b>	<b>PANGAEA</b>	<b>POLE 2 POLE</b>
<i>6995 km 171 days</i>	<i>40'000 km 18 months</i>	<i>20'000 km 808 days</i>	<i>1'000 km 60 days</i>	<i>12 expeditions 4 years</i>	<i>40'000 km 3 years</i>
The solo descent of the Amazon river from source to mouth by hydrospeed.	Around the globe following the invisible line of the equator without the use of motorised transport.	Around the globe following the Arctic Circle without the use of motorised transport.	The first ever successful expedition to the North Pole during the winter season with Norwegian explorer Børge Ousland.	A journey during which he embarked over 100 international youths to launch environmental and social projects around the globe.	Mike Horn's latest and most challenging adventure : a circumnavigation of the globe via the South & North Poles.

# MIKE'S CURRENT PROJECTS

---

## WHAT'S LEFT - Expedition (2023 - 2027)

What's Left is Mike Horn's latest expedition, a 4-year legacy adventure to discover what's left to explore and what's left of the places he has once explored throughout his lengthy career. At the helm of his sailing vessel Pangaea, Mike will revisit some of the most iconic and wild places of his career to witness what has changed, to tick a few more items off of his adventurer's bucket list, and to inspire people to take action upon what they're passionate about. Using storytelling and content creation, he will capture and share his journey.

## PANGAEA X - Environmental Youth Program

Pangaea X is a visionary educational program founded by Mike Horn, designed to empower young minds with hands-on experiences that transcend traditional classrooms. Through an intensive program, participants are inspired to develop leadership skills, teamwork, and a deep understanding of environmental stewardship. Pangaea X cultivates a new generation of global citizens equipped to tackle real-world challenges and make a positive impact on the planet.

## INOCEL - Fuelling the Future with Hydrogen

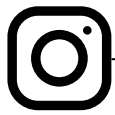

INOCEL is a cutting-edge startup founded by Mike Horn, dedicated to advancing hydrogen technology for a more sustainable future. Through innovative solutions, INOCEL aims to harness the power of hydrogen across diverse industries, addressing pressing environmental challenges and contributing to a greener energy landscape. With Mike Horn's visionary leadership, INOCEL represents a bold step towards driving positive change through technological innovation.

# SOCIAL MEDIA PRESENCE

Social media amplifies Mike Horn's expeditions and projects, allowing him to inspire and captivate a global audience. Through compelling content and real-time updates, he transcends physical boundaries, encouraging individuals to embrace adventure, step out of their comfort zones, and champion environmental preservation. In this digital age, social media serves as a dynamic platform for Mike to share his remarkable story and catalyse positive change on a massive scale.
