

Implementation Procedures

EXTRA DUTY PROVISIONS APPENDIX 2A
--

Fixed Certificated Extra-Duty Positions: The following guidelines reflect a strong desire on the part of the District and the Association to establish stipends that are equitable between individuals in different buildings doing comparable work:

1. **Certificate Required:** *Each fixed certificated extra duty position requires a teaching certificate and must be filled by a certificated EEA bargaining unit member.*
2. **Stipend Limitations:** In order to receive a fixed-position stipend, employee must meet the minimum requirements for that position as outlined on the attached documents. Employees exceeding those requirements do so of their own choice and do not qualify for additional pay. Fixed position stipends may not be increased by the building without a waiver signed by the District and EEA, and approved by the Board.
3. **Splitting Positions and Stipends:** A position and its corresponding stipend may be split between two or more EEA bargaining unit employees with approval of the building administrator.
4. **Unfilled Positions:** Fixed positions may be unfilled because a building chooses not to fund the activity or because no certificated staff member in the building wants to accept the position. If a building chooses not to fund a fixed position, the stipend for that position may be used to augment the extra duty discretionary amount allocated to that school. It may **not** be used for any other purpose. If a certificated staff member in the building cannot be found to accept a position and the building still wishes the position filled, the principal should contact Human Resources for assistance.

Extra Duty Discretionary Funds: The discretionary allocation is intended to provide for extracurricular activities which are not included on the fixed position list. The building staff should be involved in determining the use of the discretionary allocation. The process for this involvement should follow the guidelines for building budget decision making in the joint District/EEA document entitled *Parameters for Decision Making*, dated August 22, 1995 (Draft 5). If the building staff has decided to use the discretionary funds for services other than student activities, that should be noted on the form when it is submitted. The discretionary allocation may not be used for curriculum development work. Discretionary funds may be used to compensate certificated staff either by a stipend, which must be approved by the Board, or the already approved certificated hourly rates.

Extra duty positions funded from the discretionary amount must be offered annually to certificated staff first. If no certificated staff member in the building is willing to accept the discretionary position it may be offered to a classified staff member in the building for the remainder of the school year. Classified staff accepting discretionary positions should be informed they do not have rights to the positions in subsequent years. Classified staff who accept extracurricular activities funded by the discretionary funds must be paid at the Student Activity Advisor rate, if eligible, for these duties; if they perform clerical work they must be paid their regular rate plus overtime, if eligible.

Fixed Non Certificated Extra Duty Positions: Chess Club Advisor, Freshman, Sophomore, Junior and Senior Class Advisors, Commencement Advisor, Honor Society Advisor, M.S. Yearbook Advisor, and Illuminati Advisor are extra duty positions which do not require a teaching certificate. Certificated and Fair Labor Standards Act (FLSA) overtime exempt classified staff will receive pay in the form of stipends for performing this work.

Overtime eligible classified staff performing this work must be paid their current hourly rate plus overtime, if eligible, for each hour worked. Any overtime generated by classified staff will come from the building budget.

Guidelines 2-4 under Fixed Certificated Extra Duty Positions also apply to fixed non-certificated positions.

Review: If you encounter any problems in implementing these provisions, please let Human Resources know so that your concerns can be addressed as soon as possible.

**CERTIFICATED EXTRA DUTY POSITIONS
(Minimum Requirements - ELEMENTARY)**

POSITION	ELEMENTARY
Outdoor Education Advisor	In coordination with the site administrator, coordinate the outdoor education program including: selection of site, arrangement of curriculum (including preplanning and follow up), arrangement for food, selection and training of student counselors, transportation arrangements, ensure proper safety and supervision and submission and record keeping of all District/school required permissions and approvals.
