Tuition and Financial Aid ● 2023-2024

We are committed to socio-economic diversity.

Our school's commitment to diversity includes socio-economic diversity, made possible by our robust financial aid program. Our financial aid program allows every student to have full access to our program, including not only the academic experience in the classroom, but also in the experiences that make French American and International unique—extended care, arts, athletics, and our renowned Global Travel Program. Every student should be able to take advantage of every opportunity that is available at our school.

Stats for 2023-24 School Year:

- \$8.4 million in financial aid awarded in the form of partial or full tuition grants at French American and International
- 30% of the student body benefits from a tuition reduction program.
- The average grant for Maternelle families participating in the financial aid program is \$25,000. The program offers multiple smaller grants along with a few much larger awards.

**2023-2024
PreK–Grade 8 Tuition:**

\$36,790

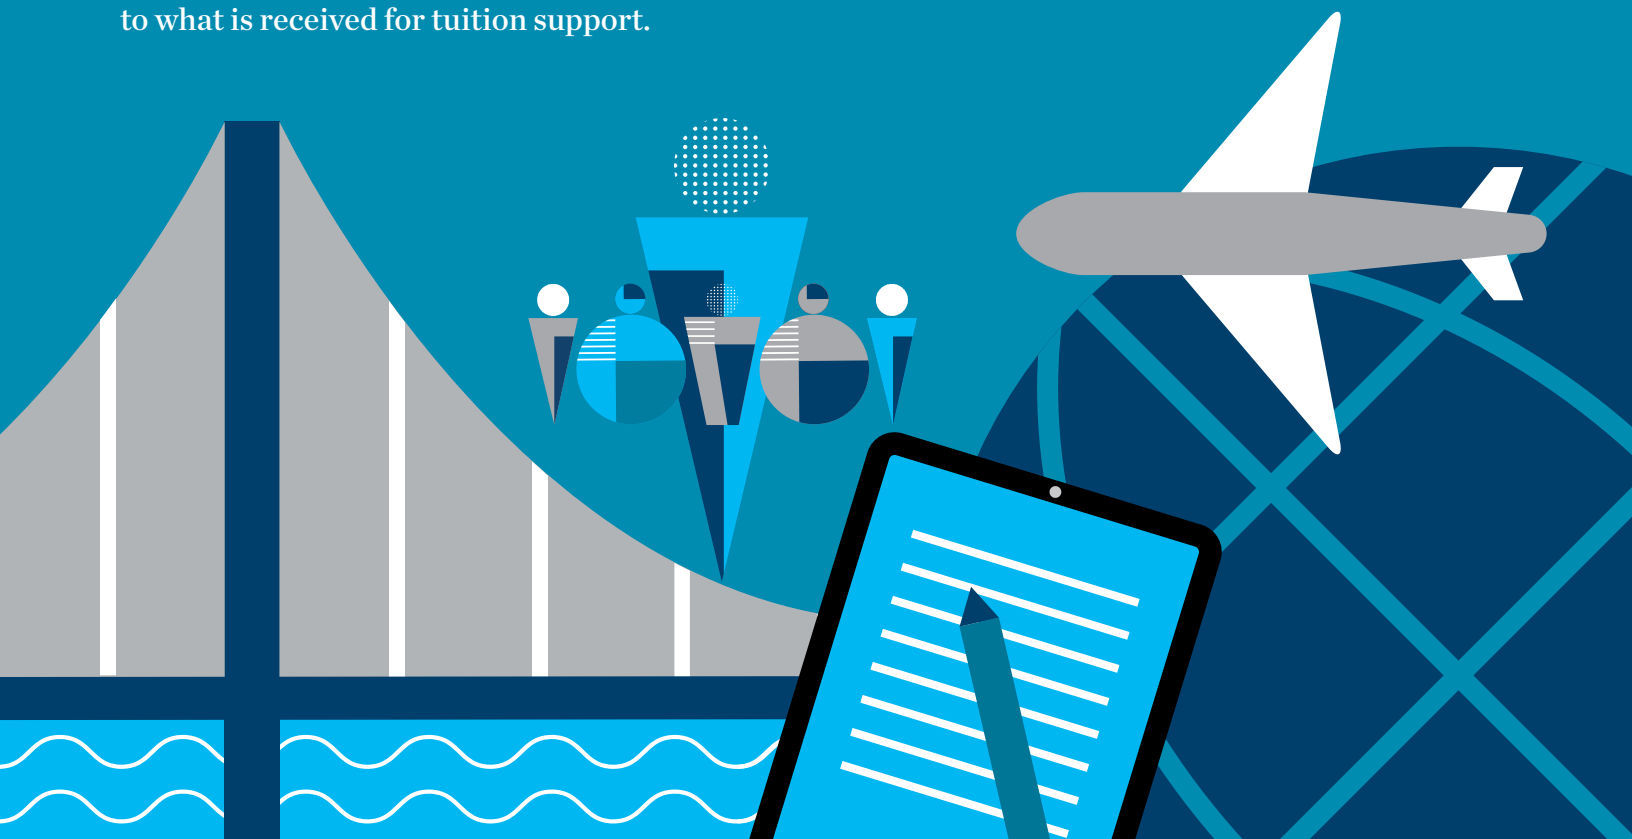

** Our tuition is inclusive of all annual academic costs, including devices such as tablets, and laptops in Middle School.*

More than just tuition.

Supporting our students' needs is a top priority at French American and International. In addition to robust financial support for tuition, we understand that the full benefit of an education at our school entails more than just attending academic classes. To that end, we offer financial assistance for:

- Our amazing **Local, Exchange, and Global Travel Program**, enabling all students to participate regardless of their means
- Our robust **Extended Care Program**, supporting families who need care beyond regular class time hours
- **Athletic Gear & Equipment** related to athletics in Grade 5-12
- **Exceptional Academic Support** for students with demonstrated needs

Financial support in these programs is offered at a similar percentage to what is received for tuition support.

FAQs

Who can apply for financial aid?

Any family may apply for financial aid. We award grants to students each year based upon their family's demonstrated financial need and the school's available funds.

What does financial aid cover?

Depending on the family's demonstrated need, financial aid awards can reduce the cost of tuition significantly. Additionally, we provide travel grants, extended care aid, academic equipment support, and athletic gear assistance.

The Financial Aid Committee considers these fees and costs, which comprise part of the total cost of a French American and International education, when determining a family's financial aid eligibility. The financial aid award amounts and agreements will be released on Ravenna with admissions decisions in March, 2024.

Are financial aid awards renewable each year?

Families who participate in our financial aid program must reapply each year by filing out the required forms. Families who submit their forms in a timely fashion and whose financial situation has not changed substantially can expect to receive a renewal of aid at about the same level, taking annual tuition increases in consideration.

Is there a payment plan?

All families participating in the financial aid program can enroll in the ten-month TenPay payment plan. Tuition is paid in installments monthly from July through April. See page 5 for more information. Families in exceptional circumstances should contact the Financial Aid Office to discuss payment plans.
