7. Action/Discussion

7.1 Facilities Use – Summer Use by Community Groups in late July and during the month of August

The board discussed the impact of community groups using SUSD facilities in late July and during the month of August. The board has determined groups will be charged for deep cleaning classrooms used after summer school concludes. Three organizations went past the July 30th date in which case there was not enough time to prepare classrooms for teachers' return and outside help had to be hired.

It became apparent more clarity was needed in the information provided to community groups. Suggestions included:

- Support groups using schools in the summer with more specific instructions
- Require contracts be signed and returned 3-5 days before use begins
- Consider deposits and/or payment in full before use begins

There was interest in modifying the charges based on misunderstandings. There must be a balance with the needs of Saratoga Union School District and community use of the facilities.

A motion was made by Cindy Ruby and seconded by Shinku Sharma to approve the collection of 50% of the deep cleaning fees for classrooms used by community groups at the end of July and beginning of August 2007.

AYES: Gipe, Ruby, Grover, Chang, Sharma

NOES: 0

Saratoga Teachers' Association president Mary Thomas commented that teachers feel that they can't get into their room as soon as they need to and that classrooms are not as clean and orderly as they would like. Teachers spend much time packing up because of

summer school. She is glad the board is supportive of teachers by having classrooms ready and by taking into consideration the needs of students and teachers.

7.2 2005-06 School Accountability Report Cards (SARCs)

Superintendent Lane Weiss and Assistant Superintendent Beth Polito reported to the board on the district's School Accountability Report Cards which are available on the district website at www.saratogausd.org. We are now working on 2006-07 SARCs using School Plan software offered by the Santa Clara County Office of Education and updating narrative information. Also, each school's Single Plan for Student Achievement will be kept more up to date with authentic information and will be available earlier in the school year.

7.3 Success Indicators for Board Goals

Superintendent Lane Weiss and Assistant Superintendent Beth Polito presented staff input on success indicators for the 2007-2008 board goals. With the addition of input from the board he will draft Success Indicators for approval.

Discussion included:

- How will we know if we have been successful in implementing the goal?
- Board's responsibility is to set direction and determine how to measure success
- Express success indicators in terms of results – be specific
- Throughout the year collect examples of ways goals were met

Board members Pragati Grover and Cindy Ruby agreed to polish the language for review at the next board meeting.

7.4 SCCOE Facilities

Superintendent Lane Weiss reported to the board on meetings which have taken place with SUSD staff and Santa Clara County Office of Education staff in the area of school construction, available funding, and special education programs. The proposed construction would house county special education students and free up space in district classrooms. SUSD is considering additional classrooms at Argonaut and Foothill Schools and the board was asked to share any questions they may have to see if this would be beneficial for our district.

Superintendent Weiss Lane requested questions from the board:

1. What is the timeframe?
2. Who owns the buildings? They would own the buildings and we would renegotiate after several years.
3. What are the models for ownership?
4. If we give land to them, what happens to our plan for adding classrooms?
5. Would this be more about continuing the relationship with these classes?
6. What is the impact on traffic considerations, parking?
7. What benefits have districts seen as side affects of this?
8. How do we communicate with principals, teachers, parents and community?
9. How many students will be served?

7.5 First Reading - Board Policy Draft – Series 6000) - Instruction

Superintendent Lane Weiss presented a draft of the Series 6000 board policies for a first reading to the board of trustees. The policy sub-committee has reviewed these policies and CSBA has provided the board with this copy for review and adoption.

Highlights and a summary of these policies will be provided by Superintendent Weiss, Assistant Superintendent Polito and Director of Special Education Janice Yamamoto. This will include:

- provide up-to-date language
- review items that need discussion (e.g. Homework)
- make sure policies are in congruence with contracts and our goals
- provide table of contents and policies already reviewed and customized by the sub-committee
- track changes that have been made specific to SUSD
- scan specific policies requested for review

7.6 Interdistrict Transfer Report

Superintendent Lane Weiss and Executive Assistant Kathy Devich presented a summary of information regarding interdistrict transfers in SUSD. Transfers in and out are consistent with past years.

7.7 Paper Document Reduction Opportunities - REPORT

Superintendent Lane Weiss reported to the board on possible programs for use by the board to reduce paper used for agendas, supporting documents, minutes, and reference documents used in board meetings.

Options include:

- AgendaOnline – California School Boards Association program
- BoardDocs – company specializing in governance organizations going paperless
- Use of laptop computers and projectors
- Web based resources

Discussion:

- How do we keep the meeting flow going smoothly?
- How do we keep eye contact with audience - do not want to lose personal contact.
- How is the electronic board packet working?
- Would a working folder at the board meeting be helpful?

These ideas will continue to be investigated.

7.8 Board Protocol Discussion

Board President Mike Gipe facilitated a discussion on the formation of a draft protocol for board members in the area of email use and communication. Cindy Ruby will send a draft of the protocol to Superintendent Weiss.

Superintendent Weiss shared an update regarding email communication from Miller, Brown and Dannis which will be included as an addendum to the board protocol.

The next board protocol topic will be the logistics of board meetings.
