Book Fair

Thanks to your participation and support, we managed to sell over $8,000 worth of merchandise. This not only reflects our community's deep appreciation for reading but also demonstrates our collective commitment to building the educational resources available to our children. The best part is that all the profits from the book fair will be used directly to support our school library, ensuring that it continues to provide a wealth of resources for our students. We couldn't have done it without your active involvement and love for reading.

Harrassment Intimidation and Bullying (HIB)

Although definitions vary, most include that bullying is when:

- There is aggressive, unwanted words or action that hurt or harm another person physically or emotionally
- Those targeted by the behavior have difficulty stopping the action directed at them and struggle to defend themselves
- There is also a real or perceived "imbalance of power," which is described as when the student with the bullying behavior has more "power," either physically, socially, or emotionally
- There is a pattern of bullying behavior, although bullying can occur in a single incident depending on its severity or the history of those involved

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.
