Decision Making Assignment

Think of a recent decision you have made or a decision you have to make in the future. (making plans with friends, buying/asking for gifts, managing your time etc.) After describing the background of the scenario (setting, people involved, etc.) you will apply the responsible decision making model to help yourself make a healthy, responsible decision. Use the outline below to complete your assignment.

***FOR EXTRA CREDIT:** Complete the outline below and then use it to make a comic strip illustrating the process of the decision. Turn in both the outline and the comic strip for extra credit.

SCENARIO BACKGROUND: (WHO, WHAT, WHERE, WHEN, WHY?) *List the events that led up to this decision:*

USING THE RESPONSIBLE DECISION MAKING MODEL:

1. STATE THE SITUATION: Why do you have to make this decision? What is going on?

2. LIST THE OPTIONS: What are all of the possible choices you can make?

3. WEIGH THE OUTCOMES: What are the possible consequences for *EACH* of your options?

4. CONSIDER YOUR VALUES: Family/cultural/religious/moral/personal beliefs and considerations.

5. MAKE DECISION AND ACT!: Which of the options are you going to choose?

6. EVALUATE: Reflect on the decision you made and explain why it was a good or bad decision.
