

Multilingual Learner Online 6-12 Academy

Content courses for English Language Learners (ELLs)

Who & Why

Courses through the Multilingual Learner (MLL) Online 6-12 Academy are available to all English language learners as an online option for enrollment in an ESL English class or a content area class that is not offered at their home school location.

What

- Middle and high school students will engage in synchronous 55 minute courses taught by content / English as a Second Language (ESL) teachers.
- Each course is designed for students to meet content standards and gain language proficiency
- High school course credits earned count toward home high school graduation requirements.

Where

Students will take the online classes from their home school. This means that they are enrolled both online through the MLL Online 6-12 Academy **and** in-person at their home school.

How

All courses will be accessed through Google Classroom.
