### **Independent Auditors' Report on Supplementary Information**

To the Advisory Board of Evanston School District 65 and 202 Joint Agreement for the Park School

We have audited the modified cash basis financial statements of the governmental activities and each major fund of Evanston School District 65 and 202 Joint Agreement for the Park School (the "Joint Agreement") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Joint Agreement's basic financial statements, and have issued our report thereon dated December 9, 2022 which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements as a whole.

The accompanying Annual Financial Report (ISBE Form SD50-35/JA22), as of and for the year ended June 30, 2022, has been prepared in the form prescribed by the Illinois State Board of Education, is presented for purposes of additional analysis, and is not a required part of the basic financial statements referenced in the preceding paragraph. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information, except for the financial profile information, estimated financial profile summary, statistical section, report on shared services or outsourcing, administrative cost worksheet, itemization schedule and deficit reduction calculation, which were not audited and on which we render no opinion, has been subjected to the auditing procedures applied to the audit of the basic financial statements and certain other additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for those portions identified in the previous sentence as not audited, the Annual Financial Report is fairly stated in all material respects, in relation to the basic financial statements as a whole.

The answers to questions 1 through 22 contained in the "Auditor's Questionnaire" on page 2 are based solely on the procedures performed and data obtained during the audit of the basic financial statements of the Joint Agreement as of and for the year ended June 30, 2022.

This report is intended solely for the information and use of the Advisory Board, management of the Evanston School District 65 and 202 Joint Agreement for the Park School, and the Illinois State Board of Education and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2022

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Evanston District 65 and 202 Joint Agreement for the Park School (the "District") operates as a public school system governed by a seven-member board. The District is organized under the School Code of the State of Illinois, as amended. The accounting policies of the District conform to the regulatory provisions prescribed by the Illinois State Board of Education, which is a comprehensive basis of accounting other than accounting principles accepted in the United States of America, as applicable to local governmental units of this type. The following is a summary of the more significant accounting policies of the District:

## **Reporting Entity**

This report includes all of the funds of the Joint Agreement. The reporting entity for the Joint Agreement consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The Joint Agreement has not identified any organizations that meet this criteria.

#### **Basis of Presentation**

The accounts of the District in the governmental fund financial statements are organized and operated on the basis of funds and account groups and are used to account for the District's general governmental activities. Fund accounting segregates funds according to their intended purpose, and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, reserves, fund balance, revenues and expenditures or expenses as appropriate. The minimum number of funds is maintained consistent with legal and managerial requirements. Account Groups are a reporting device to account for certain assets and liabilities of the governmental funds not recorded directly in those funds.

#### Measurement Focus and Basis of Accounting

The District has the following fund types and account groups:

Governmental Funds are used to account for the District's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the cash basis of accounting. Accordingly, cash receipts are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Guidelines prescribed by the Illinois State Board of Education consider payments by the State of Illinois to the Teachers' Retirement System ("TRS") on behalf of the District's employees who are members of TRS ("on-behalf payments") to be cash transactions of the District. Assets and deferred outflows of resources of a fund are only recorded when a right to receive cash exists that arises from a previous cash transaction. Liabilities and deferred inflows of resources of a fund, similarly, result from previous cash transactions.

Cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Proceeds from sales of bonds are included as "other financing sources" in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2022

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant.

### Major Governmental Funds

<u>Educational Fund</u> - the general operating fund of the Joint Agreement. It accounts for all financial resources except those required to be accounted for in another fund. This fund is primarily used for most of the instructional and administrative aspects of the Joint Agreement's operations. Revenues consist largely of local tuition revenue and state government aid.

<u>Special Revenue Funds</u> - account for the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes.

Each of the District's Special Revenue Funds has been established as a separate fund in accordance with the fund structure required by the State of Illinois for local educational agencies. These funds account for local property taxes restricted to specific purposes. A brief description of the District's Special Revenue Funds follows:

*Operations and Maintenance Fund* - accounts for expenditures made for repair and maintenance of the Joint Agreement's building and land. Revenue consists primarily of local tuition revenue.

*Transportation Fund* - accounts for all revenue and expenditures made for student transportation. Revenue is derived primarily from local tuition revenue and state reimbursement grants.

Municipal Retirement/Social Security Fund - accounts for the Joint Agreement's portion of pension contributions to the Illinois Municipal Retirement Fund, payments to Medicare, and payments to the Social Security System for non-certified employees. Revenue to finance the contributions is derived primarily from local tuition revenue.

### Assets, Liabilities and Net Position or Equity

#### Fixed Assets

Fixed assets used in governmental fund types of the District are recorded in the general fixed assets account group at cost or estimated historical cost if purchased or constructed. Donated fixed assets are recorded at their estimated fair value at the date of donation. Interest incurred during construction is not capitalized on general fixed assets.

Depreciation of general fixed assets is provided over the estimated useful lives using the straight-line method and is reflected within the general fixed assets account group for informational purposes only. Depreciation of general fixed assets is not charged to the operations of the District. The estimated useful lives of the buildings and improvements, and equipment of the District are 15 to 50 years, and 5 to 10 years, respectively.

### Long-Term Obligations

The District reports long-term debt of governmental funds at face value in the general long-term debt account group. Certain other long-term obligations that do not show evidence of indebtedness are not included in the general long-term debt account group.

NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2022

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

For governmental fund types, bond premiums and discounts are recognized during the current period. Bond proceeds are reported as an "other financing source" net of the applicable premium or discount.

## **General Fixed Assets and General Long-Term Debt Account Groups**

Account groups are used to establish accounting control and accountability for the District's general fixed assets and general long-term debt. The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus.

Fixed Assets - General fixed assets have been acquired for general governmental purposes. At the time of purchase, assets are recorded as expenditures paid in the Governmental Funds and capitalized at cost in the General Fixed Assets Account Group. Donated general fixed assets are listed at estimated fair market value as of the date of acquisition. Depreciation accounting is not applicable, except to determine the per capita tuition charge. Interest costs incurred during construction are not capitalized as part of fixed assets.

Long-Term Debt - Long-term debt expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. The debt recorded in the District's General Long-Term Debt Account Group consists of serial bond issues, long-term debt retirements payable, and any other evidences of indebteness.

The two account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

## NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

## **Budgetary Data**

The budgeted amounts for the Governmental Funds are adopted on the modified cash basis, which is consistent with cash basis of accounting prescribed by the program accounting manual for Illinois school districts.

The Joint Board of Education follows these procedures in establishing the budgetary data reflected in the general purpose financial statements:

- 1. On or before July 1 of each year, the Superintendents of both District 65 and 202 are to submit for review by the Board of Education of both District 65 and 202 a proposed budget for the school year commencing on that date. After reviewing the proposed budget, the Joint Board of Education holds public hearings and a final budget must be prepared and adopted no later than September 30.
- 2. The appropriated budget is prepared by fund, function and object. District 65, as the Administrative District may make transfers between functions within a fund not exceeding, in the aggregate, 10 percent of the total of such fund, and may amend the total budget following the same procedures required to adopt the original budget. The legal level of budgetary control is at the fund level.
- 3. All budget appropriations lapse at the end of the fiscal year.

The budget amounts shown in the financial statements are as originally adopted because there were no amendments during the past fiscal year.

NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2022

#### NOTE 3 - RISK MANAGEMENT

The Joint Agreement is exposed to various risks of loss related to torts; theft of, damage to, and destruction to assets; errors and omissions; injuries to employees; and natural disasters. The Joint Agreement carries commercial insurance to cover these risks. Settled claims have not exceeded commercial insurance coverage during any of the past three years..

#### **NOTE 4 - RELATED PARTIES**

District 65 acts as the administrative district for the Joint Agreement. As described in Note 1, District 65 is responsible for funding 60 percent of the operating costs. District 65 contributed \$1,428,869 to operating costs for the year ended June 30, 2022. The Joint Agreement owes District 202 in the amount of \$184,890 as of June 30, 2022.

#### NOTE 5 - RETIREMENT SYSTEMS

## Illinois Municipal Retirement Fund

The Illinois Municipal Retirement Fund (IMRF) expenditures included in the financial statements are paid through the plan held by District 65. District 65's financial statements fully disclose the IMRF plan, funding progress, contributions and trend information. To obtain a copy, contact District 65 at 1500 McDaniel Avenue, Evanston, Illinois 60201.

# NOTE 6 - EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved GASB Statement No. 91, Conduit Debt Obligations, GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, GASB Statement No. 96, Subscription-Based Information Technology Arrangements, GASB Statement No. 99, Omnibus 2022, GASB Statement No. 100, Accounting Changes and Error Corrections an amendment of GASB Statement No. 62, and GASB Statement No. 101, Compensated Absences.

### **Current Year Payment on Contracts For Indirect Cost Rate Computation**

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly.

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchase services and not for salary contracts. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this schedule. They are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below:

- 1. The contract must be coded to one of the combinations listed on the icon below.
- 2. The contract must meet the qualifications below on the "Subaward & Subcontract Guidance" and the "Indirect Cost Rate Plan" (Sub-agreement for Services).
- 3. Only list contracts that were paid over \$25,000 for the fiscal year.

Use the resources to the right to determine if the contract should be listed below.

Indirect Cost Rate Plan

Column A, B, C, D below must be completed for each contract. Enter Column B without hypens. Ex) 101000600

Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D).

The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calculation. The amount in column (F) is the amount that will be deducted from the base in the indirect cost rate (tab 41) for Program Year 2024.

Enter Fund-Function-Object Name, Where the Expenditure was Recorded (Column A)	Fund- Function- Object Number (Column B)	(Column C)	Enter Current Year Amount Paid on Contract (must be less than or equal to amount reported in the AFR's "Expenditures 16-24" tab) (Column D)	to the Indirect Cost Rate Base (Column E)	Contract Amount deducted from the Indirect Cost Rate Base (Column F)

1	DEFICIT ANNUAL FINANCIAL REPORT (AFR) SUMMARY INFORMATION Provisions per Illinois School Code, Section 17-1 (105 ILCS 5/17-1)							
2	Instructions: If the Annual Financial Report (AFR) reflects that a Deficit Reduction Plan is required as calculated below, then the school district is to complete the Deficit Reduction Plan in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2023 annual budget to be amended to include a Deficit Reduction Plan and narrative.							
3 4	The "Deficit Reduction Plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 22. A plan is required when the operating funds listed below result in direct revenues (cell F8) being less than direct expenditures (cell F9) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell f11). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.							
5	<ul> <li>If the FY2023 school district budget already requires a Deficit Reduction Plan, and one was submitted, an updated (amended) budget is not required.</li> <li>If the Annual Financial Report requires a deficit reducton plan even though the FY2023 budget does not, a completed deficit reduction plan is still required.</li> <li>DEFICIT AFR SUMMARY INFORMATION - Operating Funds Only         <ul> <li>(All AFR pages must be completed to generate the following calculation)</li> </ul> </li> </ul>
