The Pediatric Clinic of North Shore University Health System provides a multidisciplinary team approach, which includes Occupational Therapy, Physical Therapy and Speech Language Therapy for children with special needs, from birth through adolescence. Individual and group therapy interventions are available at the clinic. In some cases the clinic accepts insurances that are accepted by North Shore University Health System. Parents are responsible for verifying coverage prior to initiation of therapy. We also accept funding sources through the Illinois Early Intervention Program, as well as those funded through the Department of Specialized Care for Children.
