

## 2.8.22 SEL PROGRAM THOUGHTS Q2 BPAC

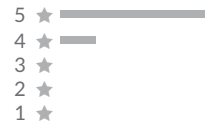

### Evanston/Skokie School District 65

#### Q1 Are there other selective enrollment programs that are important to your family?

##### Expansion of TWI into middle school

Research shows that it takes students in robust bilingual programs 6+ years to reach their full potential. D65 is short-changing our children.

##### No more programs. Expand TWI

3.8  (5   
Ranked #5 of 22

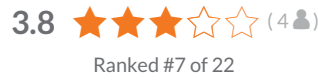

##### Support TWI teachers

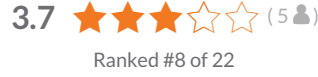

3.8  (5   
Ranked #6 of 22

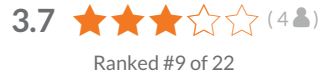

**Expand TWI**

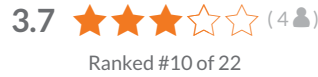

**TWI should be at ALL middle schools. After the 7th year bilingual students begin outperforming their monolingual counterparts on standardized tests.**

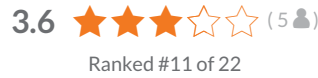

**More TWI or just offer language as part of learning, not just TWI.**

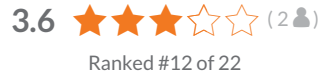

**STEM & STEAM programs!**

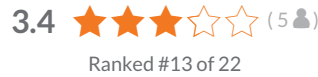

**other languages to be offered in K-5**

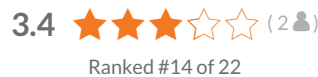

**Add Spanish or 2nd language choice to the curriculum for students not in TWI to get introduced to a foreign language younger. The older you are, the harder it is to learn.**

**STEM should be a part of the science curriculum so ALL students have access to it. It's the future**

**We know that the district prioritizes other families and not minorities. It is very important is the future of our children**
