Parent Portal for School Buses Opening in November!

Has your child been using their bus card to scan on and off each day? Beginning in November, families will have the ability to see where your bus is, when it will arrive at your stop, and when your child scans on and off.

Please help us by making sure your child has and is using their bus card daily, so drivers don't have to individually select them on the program. That does slow down bus times. We have heard that about 60 students have already misplaced 2 cards. Please check in with your students and find a safe place for their cards so the district does not need to unnecessarily print duplicates. We are excited to be able to offer this added level of safety.
