<p>Health & Wellness Priority: RPS supports providing physical activities, nutrition education and a healthy school environment that promotes student wellness. The schools will follow all state and federal laws regarding student health, nutrition and wellness and the Arkansas Rules Governing Nutrition and Physical Activity Standards in Arkansas Public Schools. RPS has a district health and wellness committee that meets quarterly. Each school has a wellness committee that annually creates goals and actions centered on nutrition, physical activity, and professional development for staff. Schools measure progress made in attaining the goals in the local wellness policy using BMI data, SHI, and SLIPs.</p>
