

Parent Friendly Summary

We at Heritage High School believe it is important to involve/inform parents of opportunities, events, and/or activities taking place at our school for the benefit of our students. In order to increase our students' potential to be successful in school, we strive to have a collaborative relationship between parents and school staff. To facilitate this, we have developed a Parental Engagement Plan. This Plan is intended to enable two-way communication with parents, provide parents with resources to help their student(s), outline ways in which parents can volunteer and be involved on campus, and help parents understand how to collaborate with our school regarding decisions that may affect their family. Rogers Heritage High School takes great pride in working with our parents, students, and community members to improve our school for the success of all involved.
