NWAESC---Extending Children's Math Year 1 - Group B13

Like CGI, Extending Children's Mathematics (ECM) professional development is designed to enhance teachers' ability to teach math for understanding by increasing teachers' understanding of students' mathematical thinking. The content focus is Operations and Algebraic Thinking, Number and Operations in Base Ten, Number and Operations – Fractions, The Number System, and Expressions and Equations as described in the Third through Sixth Grade CCSSM. Through a focus on students' thinking, teachers improve their ability to enact the Standards for Mathematical Practice described in CCSSM. Extending Children's Mathematics PD develops teachers' ability to use any curriculum to teach math for understanding. Extending Children's Mathematics professional development focuses on the properties of operations that unite the study of multiplication and division number facts, multi-digit multiplication and division, the base ten number system1, developing concepts of fractions as quantities, fraction operations and
