NOTEWORTHY OPPORTUNITIES AT CSN

• CSN Scholars Program enables students to specialize in one of four areas: Creative, Human Performance, Global, and STEM. Students who successfully complete all requirements of this program receive special designation on their transcripts.

• AP Capstone Program is a rigorous program designed to equip students with argument-based research and writing skills and involves taking AP Seminar and AP Research.

• Junior Experience is a two-week program at the end of junior year. During this time, students complete an outdoor education trip, where they hone skills of leadership, compassion, and self-reliance. Students also participate in Career Bound (job shadowing in a student’s chosen profession) and College Bound (an intensive workshop focusing on the Common App, college essay, and one-on-one meetings with a College Counselor).

• The Juliet Collier Sproul Center for Community & Global Impact seeks to create transformational opportunities for students to contribute meaningfully to the community, the environment, and the world beyond through purposeful acts of service.

COVID-19 STATEMENT: March 2020 through May 2020 was entirely virtual learning. In the 2020-2021 school year, learning took place on-campus, with a small number of students utilizing our At-Home Learning System, attending class virtually and synchronously with their on-campus peers. For the 2021-2022 school year, this option was discontinued and all students attended in-person and on-campus. Academically, we made no other accommodation to the COVID-19 Pandemic.
