

This permission slip must be completed and signed by the student and his or her parent or guardian in order for the student to enroll in college courses under the College Credit Plus program.

A student eligible to participate in College Credit Plus and admitted to a college or university will enroll in actual college courses, which *may* include "mature subject matter" as defined in Ohio Revised Code 3365.035.

PLEASE TYPE OR PRINT:

We _____ (Student Name) and _____ (Parent/Guardian Name) hereby understand that by enrolling in College Credit Plus courses:

- Content *may* include mature subject matter that will not be modified based upon College Credit Plus enrollee participation regardless of where course instruction occurs; and
- State law requires this signed form be submitted in the student's application to the college or university following that college or university's instructions for submission of application materials.

The signatures below indicate permission is granted to participate in College Credit Plus. It is the parent's or guardian's responsibility to be aware of and monitor the student's enrollment based on information provided by the college.

REVIEW FURTHER CONSIDERATIONS FOR PARTICIPATING
IN THE CCP PROGRAM AT CSCC:**

Please review the items below:

1. Students are enrolling in college level courses. These courses become part of the student's permanent academic record, including both the high school and college transcripts and GPAs. Courses taken for high school graduation credit may impact a student's ability to graduate high school.
2. Students who fail and/or withdraw from course(s) after the 14th day of the semester may be billed by their school district for all tuition and fees associated with those courses. A student may withdraw from a class prior to the college's withdrawal date and receive a "W" on the college transcript, which will not affect the college GPA. Students who wish to drop a college class should consult with their school counselor and Columbus State Community College academic advisor before doing so.
3. Students may not register for more hours than indicated by the school counselor/principal, in alignment with State regulations. If a student registers for more hours than allotted, they will be considered self-pay and will be billed by Columbus State Community College for all tuition and fees associated with those courses. Unpaid balances may be referred to the Attorney General's office for collection.
4. Students who were biologically male at birth and turn 18 after completing an admissions application are required to provide the Selective Service number within 30 days of their 18th birthday to the Records and Registration Department. If the student does not submit their assigned Selective Service number, the student will be billed a surcharge equivalent to the nonresident tuition rates. This surcharge will be billed until the Selective Service number is provided.
5. Parents should never contact instructors regarding student progress, attendance, assignments, etc. All communication regarding the student must be handled through the College Credit Plus Office and/or the school counselor in accordance with the Family Education Rights and Privacy Act (FERPA).
6. Parents are not permitted to attend courses with students unless the parent is registered for the course as a paying student.
7. If the student is taking course(s) on a CSCC campus or Regional Learning Center, the student may be in class with adults who come from a variety of backgrounds, ages, and criminal histories. Students may be required to interact with classmates on group work/projects inside and outside the classroom.
8. Course subject matter may include mature themes and materials and will not be modified based upon College Credit Plus student participation.
9. If the student has a documented disability, it is the student's responsibility to request necessary accommodations through the college's Office of Disability Services.
10. Completion of this consent form does not guarantee admission to a specific program or course. To add courses, students must meet course placement and/or prerequisites and submit a registration form.

Questions or concerns about any of the above information may be sent to your assigned CCP advisor at aspiegel1@csc.edu

STUDENT QUESTIONNAIRE

Any student wishing to enroll in any college course under the College Credit Plus program must complete this questionnaire.

A student eligible to participate in College Credit Plus and admitted to a college/university will enroll in actual college courses, which *may* include "mature subject matter" as defined in Ohio Revised Code 3365.035.

Circle one choice in response to each question:

1. Do you possess the necessary social and emotional maturity to participate in the College Credit Plus program?

Choose **"yes"** or **"no"**

2. Are you ready to accept the responsibility and independence that a college classroom demands? Choose **"yes"** or **"no"**

Students must submit separate forms for each semester in which they intend to enroll in courses AND a new form for each schedule change

Please send completed forms to Amber Spiegel at CSCC (aspiegel1@csc.edu).

How to Search for Classes

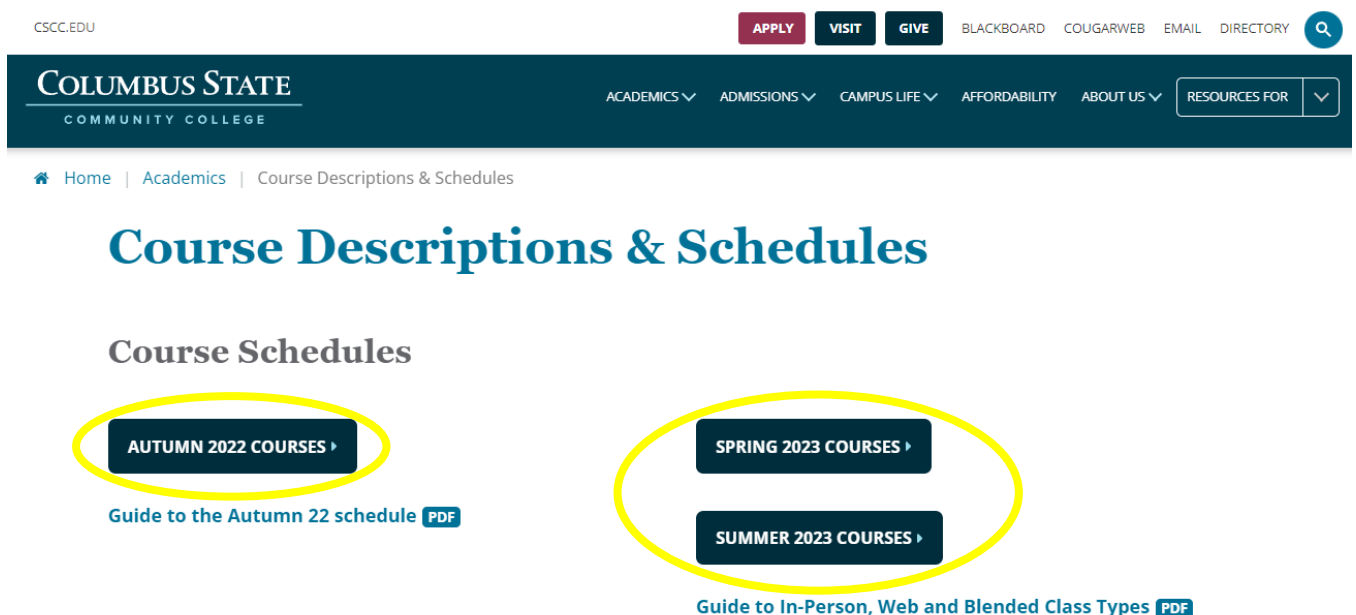

1. Visit www.csc.edu and click on **ACADEMICS**

2. Select **Course Schedule and Descriptions**

3. Click the link for your chosen semester

- When viewing the search menu for your chosen semester, use the **Subject Search drop-down menu (1)** to select a course subject. You can search for all courses within a specific subject, or you can enter the **Course Number (2)** to search for a specific course. Below the subject and course area, you will see search and location options. Be sure to check “show distance learning” under **Options (3)** if you want to search for online courses. If you do not wish to see courses offered at a certain location, simply uncheck the box next to it in the **location search options (4)**.

College Building Blocks: Which block is right for me?

The College Building Blocks are a series of suggested courses based on popular degree or career paths. Students can use the blocks as a guide as they begin exploring their College Credit Plus options. The College Building Blocks give students the flexibility to choose courses that best fit their needs and create individualized 15 - 30 hour college pathways.

To ensure the transferability of courses, students can refer to the Transfer Assurance Guides (TAG) and the Ohio Transfer Module (OTM). TAG** and OTM** courses are approved by the Ohio Legislature to transfer to any in-state, public institution. Courses may transfer out of state and to private colleges but are not guaranteed to transfer by the state.

Columbus State also offers many lucrative career and technical degree opportunities for students who may not feel that traditional 4-year programs best fit their educational and career goals. Some career and technical programs do have age restrictions that exclude students in CCP from gaining admission. Students should meet with their Columbus State CCP advisor prior to choosing career and technical courses to ensure their eligibility as well as match their educational and career goals.

Below are several popular degree “blocks” and their suggested courses. These interest areas do not encompass all potential degrees. If students do not see their anticipated degree area, a CSCC advisor can help determine which path may best suit their goals.

Students must meet course prerequisites for all courses listed in the College Building Blocks.

**Students should speak with their CCP advisor to determine which MATH sequence is appropriate for their degree. MATH requirements vary by 4 year school and education specialization; students should speak with their CCP advisor prior to registering for MATH courses.*

***The Computer Science department offers several certificates that can be completed while students participate in CCP. The transferability of those courses may be limited. However, the certificates are useful in the industry. Students who are interested in obtaining a CSCI certificate should speak with their CCP advisor about which certificate is right for them.*

^This track is designed for students who plan to transfer and are unsure of their major, or whose major falls outside of the other blocks listed. Students choosing this block have the flexibility to choose from a variety of courses on the TAG and OTM guides.
