The District's Future Direction

Enrollment Projections

DID YOU KNOW?

The SWL District is using a company called Cooperative Strategies for enrollment projections. Over the last three years their projections have had an accuracy rate of 99%.

***They are predicting the District to be close to 6,000 students by the 2031-2032 school year with a maximum enrollment of 7,038 students in 2,058.

PATASKALA SOUTH FORK

Pataskala South Fork Elementary on Watkins Rd. is under construction and will have a capacity of 800 students. It is set to open in the fall of 2025. Pataskala Elementary will be repurposed, with an advisory group currently working on plans for the building.
