district five
OF LEXINGTON & RICHLAND COUNTIES

Minutes/April 9, 2012

The Board of Trustees of School District Five of Lexington and Richland Counties met at Dutch Fork High School with the following members present:

Mr. Robert Gantt, Chairman
Mrs. Beth Hutchison-Watson, Vice Chairman
Mrs. Ellen Baumgardner, Secretary
Mrs. Jan Hammond
Mrs. Kim Murphy
Mr. Jim Turner
Mr. Ed White
Dr. Stephen Hefner, District Superintendent

The following staff were in attendance:

Ms. Helen Anderson, Chief Instructional Services Officer
Dr. Angela Bain, Chief Human Resource Services Officer
Dr. Karl Fulmer, Chief Financial Services Officer
Mr. Michael Harris, Director of Student Services
Mr. Keith McAlister, Director of New Design and Construction
Mr. Buddy Price, Director of Office of Community Services

Chairman Robert Gantt called the meeting to order and gave welcoming remarks.

The Invocation was given by Reverend Charles Daniels, Progressive Church. The Pledge of Allegiance was led by Salome Bowes, a senior at Dutch Fork High School.

The School Board Spotlight was led by Robert Gantt and Jan Hammond.

During the superintendent's report, Dr. Hefner gave an update on Vision 2015.

During the public participation time, Jay Downs spoke regarding synthetic turf; Tracey Hagerty and Allison Layton spoke regarding an auditorium at Chapin High School; and Craig Young spoke regarding town hall meetings, live streaming and publishing budgets.

Kim Murphy

I would like to go on the record that my reason for opposing the Capital Projects Budget is that Board Policy FB Bonding / Establishment of Capital Improvements Committee (attached) was not followed. In addition, I requested a copy of the 5-year Capital Projects Budget that was approved by the Board several years ago ~~that~~ which established funding priorities in advance of this meeting so that I could see which projects were put on hold in order to construct other projects or provide other equipment. And even more importantly, we have not been provided with an accounting of Bond Referendum ~~funds~~ funds as well as Capital Improvement funds.

Item "For The Record" requested by **Kim Murphy** for attachment to the Minutes.

Attachment 1 is included with the minutes of the 4-9-12 meeting, at the request of Board member Kim Murphy pursuant to S.C. Code Ann. §30-4-80(a)(4) and Board Policy BEDG. The Board majority did not approve, disapprove, or otherwise act upon the contents of this attachment.

Policy FB Bonding/Establishment of Capital Improvements »Committee«

A capital improvements review »committee« will be established to recommend priorities for the funding of capital projects in School District Five of Lexington and Richland Counties. The »committee« will consist of administrators appointed by the district superintendent to serve for a period of one fiscal year.

The Capital Improvements Review »Committee«

The »committee« will review all pending capital improvement projects, establish priorities, and make recommendations to the Board.

The »committee« is charged with the following.

To study the amount and nature of existing bond obligations and the capability of the district to fulfill such obligations based on current and projected revenues.

To estimate the impact of proposed bond issues on debt service requirements.

To consult with bond counsel to gain in-depth knowledge of capital management in order to make recommendations to the school board.

New Projects

To assist School District Five of Lexington and Richland Counties in carrying out its responsibilities, the district superintendent, when requesting any funds for use in the financing of any permanent improvement project, shall provide to the Board, after review by the Capital Improvement »Committee« the following:

A complete description of the proposed project.

A statement of justification for the project.

The estimated total cost of the project.

An estimate of any future annual operating cost associated with the project.

A proposed plan of financing the project.

Attachment 2 is included with the minutes of the 4-9-12 meeting, at the request of Board member Kim Murphy pursuant to S.C. Code Ann. §30-4-90(a)(4) and Board Policy BEDG. The Board majority did not approve, disapprove, or otherwise act upon the contents of this attachment.

The proceeds of any issue of bonds shall be used in School District Five of Lexington and Richland Counties for, but not limited to, the following purposes:

The purchase of real property for school purposes

The construction of new school buildings

The repair or improvement of existing school buildings

Fixed and movable equipment for schools operated by the school district

Fixed equipment - such as boilers, chillers, pumps, etc., i.e., equipment that becomes a fixed part of the building

movable equipment - any item which is non-consumable, non-expendable in nature such as classroom furniture and office equipment

Adopted 8/23/82

Item **"For The Record"** requested by **Kim Murphy** for attachment to the Minutes.

Attachment 3 is included with the minutes of the 4-9-12 meeting, at the request of Board member Kim Murphy pursuant to S.C. Code Ann. §30-4-90(a)(4) and Board Policy BEDG. The Board majority did not approve, disapprove, or otherwise act upon the contents of this attachment.

CHAPIN HIGH SCHOOL

Approved Renovation Plans (attached to this document)
Building capacity reduced from 1,700 students to 1,300 students

(Teacher assignment based on actual staff serving the school's 1,300-student enrollment for 2010-2011.)

Contact Kim Murphy at movingmountainskwm@gmail.com for more information or enlarged plans.

Lexington-Richland District 5 has reduced the proposed capacity of Chapin High School. The attached renovation plans, as approved by the Dept. of Education and that are currently under construction will only accommodate 1,300 students (and even less if new programs or electives are added), instead of the 1,700 student-capacity advertised in the 2008 Bond Referendum and there will be a student rezoning to move students out of Chapin High to the new high school.

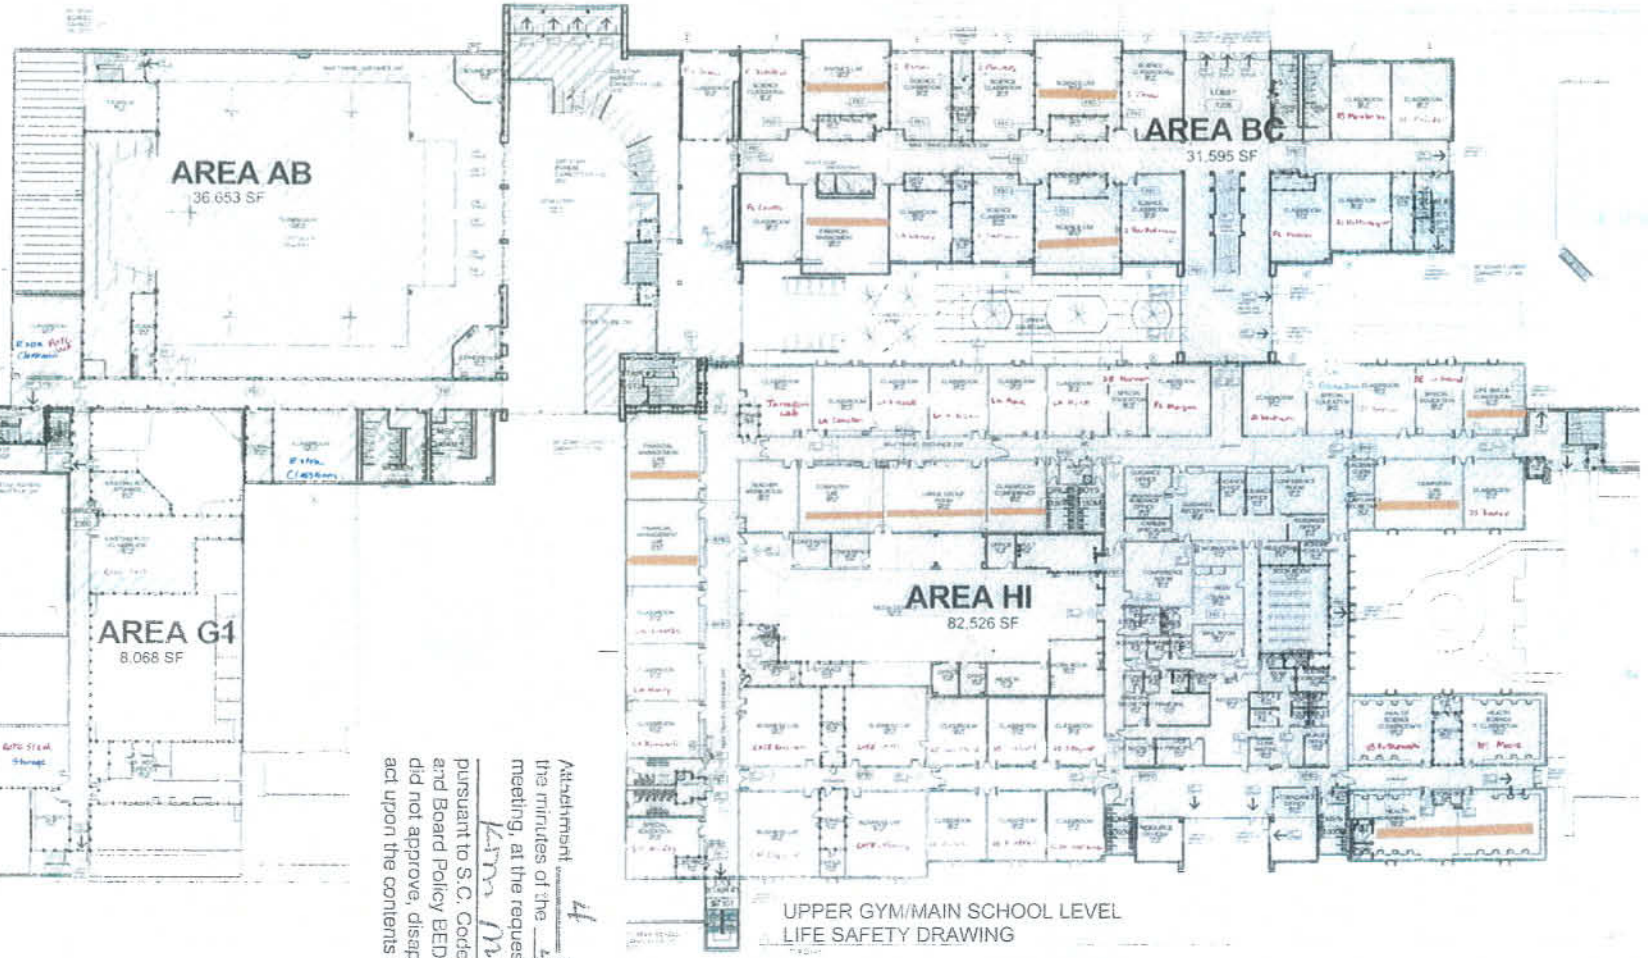

If no more programs or electives are added to the school, the plans show that upon completion of it when all teachers are relocated out of the portable classrooms and placed into permanent classrooms inside the renovated school, there will only be ***one vacant classroom***. How will one additional classroom over and above what is required to serve its current student enrollment of 1,300 students educate 400 more students in the core subjects of English, Math, Social Studies, Foreign Language and District 5's standard electives?

Parents, community members, District 5 staff, and voters should be informed of the significant reduction in capacity and the impact it will have on whether or not a new high school should be built in the Chapin attendance area and all should have the opportunity for input.

Information: (The number of core classrooms determines the capacity of the school.)

- The drawings are actual plans from Lexington-Richland District 5.
- In 2008, the voters approved expanding Chapin High School to educate 1,700 students – 400 more students than the current enrollment of approximately 1,300 students.
- Teacher placement is for illustrative purposes only. No actual teacher assignment has been approved. However, teachers have been logically placed on the plan – Art teacher in an Art room, Science teacher in a Science room, etc.
- Original plans advertised in the referendum showed a new three-story academic wing. Following the Nov. 2008 referendum vote, the third floor was removed from the drawings, the number of classrooms and Science Labs were reduced, and the auditorium and dance studio dropped from the Master Plan. A 10,000 sq ft. field house was added.
- The bar (orange) placed on rooms indicate a space that is shared by more than one teacher, i.e. a computer or Science lab and will be used for functions other than fore subjects. These rooms do not count toward capacity.
- The plans will only add on 24 classroom-type teaching stations. However, there are currently 22 portable units housing 22 classroom-type teaching stations. (An additional portable is used for Art, which will be relocated to an Art room.) (As of 2012, additional portables have been added due to interior renovations.)
- The number of Science Labs has been reduced to ***less*** than the number currently available at the school.
- The Principal desires more programs at the school. The only way additional programs can be added is to place them in classrooms needed for core subjects – English, Math, Social Studies, etc and further reduce capacity.
- McKibben Demographics projects that the current Chapin High School attendance area will only increase to 1,550 students in the next 10 years. (This is prior to any attendance line adjustments and student rezoning to the new high school to be constructed in the rural northeast side of the Chapin attendance area.)
- The principal has stated that the school is currently under-staffed. However, current plans only allow for one more teacher – there is only one extra classroom. (The attached plan shows two extra classrooms, however, after one existing JRROTC room is to be converted to storage and the program will be relocated to a new teaching station. That will leave only one additional classroom to accommodate 400 more students.)
- The only way the renovated school will hold more students is to increase student/teacher ratio or keep portables.

For th Record 4/9/12

I am submitting this document prepared by Abil Ross and his staff. This is a document created by professionals. It is not made by unsubstantiated fact ~~with~~ NO credibility of a person with

The statements Ms Murphy submitted and testified in court to are created by herself and a high school student

The district should adopt this statement I am submitting to be the accurate accounting of the student program capacity at Chapin High

Ellen Baumgardner

Attachment 8 is included with the minutes of the 4-9-12 meeting, at the request of Board member Ellen Baumgardner pursuant to S.C. Code Ann. §30-4-90(a)(4) and Board Policy BEDG. The Board majority did not approve, disapprove, or otherwise act upon the contents of this attachment.

Item "For The Record" requested by **Ellen Baumgardner** for attachment to the Minutes.

Item "For The Record" requested by **Ellen Baumgardner** for attachment to the Minutes.

March 26
Ellen Baumgardner

The attached document was created by Principal Phil Ross and his teaching staff. Each teacher is assigned a proper teaching station (e.g. Band teacher in band room, Physical Ed in Gym.)

After this process was completed. There are 12 empty classrooms to accomodate up to 1700 student

This was designed by professional educators to meet the needs for Chapin High and in the future

~~This was Art designed by~~

These documents show the flawed agenda by an uneducated non-professional Board member trying to give the public mis-information

Attachment 9 is included with the minutes of the 4-9-12 meeting, at the request of Board member Ellen Baumgardner pursuant to S.C. Code Ann. §30-4-90(a)(4) and Board Policy BEDG. The Board majority did not approve, disapprove, or otherwise act upon the contents of this attachment.
