## **STUDENT BEHAVIOR CODE**

In order to maintain an appropriate educational climate, it may be necessary to apply disciplinary sanctions to students, including their removal from the learning environment. These sanctions will occur only for good cause and in accordance with applicable state and federal law.

The following regulations are designed to protect all members of the educational community in the exercising of their rights and responsibilities. These regulations are effective during the following times and places:

- On school grounds before, during or after school hours.
- On school grounds at any other time when the school is being used by a school group.
- Off the school grounds at any school and/or school-related activity, function, or event.
- On a school bus or other school vehicle (including school bus safety rules).
- At any time or in any place (including off school grounds and during non-school hours) where student conduct has a direct effect on the school's ability to maintain an orderly and safe learning environment.

Students and parents are encouraged to become familiar with the rules and regulations contained in this booklet.

If you have any questions, please talk with your building level administrator or call the District Hearing Officer.

In determining whether a student has violated the Discipline Code, the principal or his/her designee will consider all the facts and circumstances of the particular situation and may consider, but will not be limited to, verbal and/or written statements of admission; witness statements from others; video surveillance, et al.

### General Procedures for School Suspension of Students with Disabilities

## **GENERAL PROCEDURES FOR SCHOOL SUSPENSION OF STUDENTS WITH DISABILITIES:**

Violations of the discipline code by students with disabilities may be dealt with according to the consequences specified in the code when the behavioral violation is not related to the student's disability as determined by the Individualized Education Program (IEP) Team or Individual Accommodations Plan (IAP) Team. Any suspension or combination of suspensions which exceeds 10 days is considered a change in placement and may occur only when the appropriate procedures are followed according to the Special Education Discipline Procedures.

For students whose behavioral violations are determined by the IEP/IAP committee to be directly related to the student's disability, any suspension or combination of suspensions which exceeds 10 days is considered a change in placement and may occur only when the appropriate procedures are followed according to the Special Education Discipline Procedures. In such cases, the IEP/IAP committee will determine appropriate behavioral interventions and/or consider the appropriateness of the student's educational placement and need for a change in placement.

Yearly crisis prevention training is provided to designated staff at each school. Staff become certified in interventions through the Crisis Prevention Institute (CPI). Emphasis is on early intervention and nonphysical methods for preventing or managing disruptive behavior. CPI training includes techniques to safely remove staff and others from a dangerous situation. Written time-out and restraint procedures/guidelines are available at all schools in the District.

Administrators dealing with suspension offenses by students with disabilities will consult the office of special services regarding the suspension of students with disabilities.

The Office of Transportation will assign suspensions from riding the school bus or in other school vehicles. Inappropriate behavior (Category I, II, and III) on a bus or in a school vehicle will also involve school assigned consequences. Category IV offenses may also include bus suspensions and/or school assigned consequences.

No student will be removed from the bus until a transportation supervisor has made direct contact with the student's parent or guardian. Transportation Supervisors will coordinate with the student's assigned school so as not to exceed 10 days out of school suspension.

Bus suspensions are appealed to the Transportation Coordinator only. A written request which list reasons or justification for appeal must be sent to the District Transportation Office to the attention of the Transportation Coordinator. Request must be received within (3) school days and may be faxed to 803-732-8091.

These meetings may also be held for each student that has accumulated at least one Category II level offense, two Category III level offenses, and anytime during five-ten Category IV level offenses. ## APPENDIX C

### HARASSMENT, INTIMIDATION OR BULLYING

#### Code JICFAA Issued 3/11

Purpose: To establish the basic structure for maintaining a safe, positive environment for students and staff that is free from harassment, intimidation or bullying.

School District Five of Lexington and Richland Counties prohibits any acts of harassment, intimidation or bullying of a student by students, staff and third parties which interferes with or disrupts a student's ability to learn and the school's responsibility to educate its students in a safe and orderly environment, whether such acts occur in a classroom, on school premises, on a school bus or other school-related vehicle, at an official school bus stop, at a school-sponsored activity or event whether or not it is held on school premises, or at another program or function where the school is responsible for the student.

For purposes of this policy, harassment, intimidation or bullying is defined by the District as a gesture, a written, verbal, physical or sexual act, or electronic communication, to include cyber bullying (which is the use of cell phones, instant messaging, email, chat rooms or social networking sites such as Face Book, My Space and Twitter) that is reasonably perceived to have the effect of either of the following.

- Harming a student physically or emotionally or damaging a student's property or placing a student in reasonable fear of personal harm or property damage
- Insulting or demeaning a student or group of students causing substantial disruption in, or substantial interference with, the orderly operation of the school

Any student who believes that he/she has been subjected to harassment, intimidation or bullying in violation of this policy is encouraged to file a complaint in accordance with procedures established by the District. Complaints will be investigated promptly, thoroughly and confidentially. All school employees are required to report alleged violations of this policy to the principal or his/her designee. Reports by students or employees may be made anonymously, although disciplinary action will not be taken against any person solely on the basis of an anonymous report.

The District prohibits retaliation or reprisal in any form against a student or employee who has filed a complaint or report of harassment, intimidation or bullying. However, the District prohibits any person from falsely accusing another of harassment, intimidation or bullying.

The board expects students to conduct themselves in an orderly, courteous, dignified and respectful manner. Students and employees have a responsibility to know and respect the policies, rules and regulations of the school and district. Any student who is found to have engaged in the prohibited actions as outlined in this policy will be subject to disciplinary action in accordance with the district's student behavior code. Any employee who violates this policy will be subject to disciplinary action. The district also may refer any individual who has violated this policy to law enforcement officials. The district will take any other appropriate steps to correct or rectify the situation.

## **HARASSMENT, INTIMIDATION OR BULLYING (continued):**

The superintendent or his/her designee will be responsible for ensuring notice of this policy is provided to students, staff, parents/legal guardians, volunteers and members of the community, including its applicability to all areas of the school environment as outlined in this policy.

The superintendent or his/her designee will also ensure that a process is established for discussing the contents of this policy with students.

The District's procedures for responding to incidents of bullying, harassment, and/or intimidation are as follows:

1. Any student or parent or guardian of a student who believes that the student has been bullied, harassed or intimidated in violation of District policy will immediately report such conduct to a teacher, administrator, or other school official. The report may be oral or in writing.
2. Any school employee who observes an incident of bullying, harassment or intimidation of a student will immediately report the incident to the appropriate building administrator. (Principal, Assistant Principal, etc.)
3. A school employee who receives a report of bullying, harassment or intimidation will immediately forward the report to the appropriate building administrator. (Principal, Assistant Principal, etc.)
4. Anyone employed by the school district is to report any known or reported incidents of bullying, harassment or intimidation of any student, faculty or other district employee to the appropriate school or district administrator.
5. An administrator will promptly and thoroughly investigate all such reports and upon completion of that investigation, will notify the parents/legal guardians of all affected students that corrective action has been taken by the school.
6. Corrective action may include the student perpetrator being disciplined in accordance with the Student Behavior Code, as well as being required to complete program(s) regarding conflict resolution, anger management, and/or social interaction skills.
7. In any disciplinary incident in which safety is a concern, a student may be temporarily suspended from the bus pending the result of a full investigation.

Investigations will normally be completed within 3 school days. No student will be removed from the bus until a transportation supervisor has made direct contact with the student's parent/guardian. Students will have the right to appeal bus suspensions to the Transportation Coordinator. (See Chapter 4)

8. When an out-of-school suspension and school bus suspension are adjudicated for an incident the school bus suspension will begin after the completion of the out-of-school suspension.

## **APPENDIX D**

### **SECRET SOCIETIES/GANG ACTIVITY JICF:**

School District Five of Lexington and Richland Counties will maintain conditions on school property and at school-sponsored events in order to ensure as safe an environment as possible for students and staff in accordance with law and the standards set by the School District Five Board of Trustees. In establishing such standards, the Board prohibits the presence and activities of gangs on or near school property and at school-sponsored events.

The Board defines a gang as any non-school sponsored group, possibly of secret and/or exclusive membership, whose purpose or practices include the commission of illegal acts, the violation of school rules, the establishment of territory or "turf," or any other action which threatens the safety or welfare of others. In prohibiting the presence and activities of gangs, the Board makes the following findings.

- Gangs which initiate or advocate activities which threaten the safety and well-being of persons or their possessions anywhere on or near school property or at school-sponsored events are harmful to the educational purposes of the district.
- Gang incidents involving recruitment, initiation, hazing, wearing of colors or other gang indicators, threats and intimidation, fighting or establishment of "turf or territory" on school property or at any school-sponsored event are likely to cause intimidation or fear, bodily danger, physical harm, or personal degradation or disgrace resulting in physical and mental harm to students.
- The use of hand signals and the presence of any apparel, jewelry, accessory, book or manner of grooming which, by virtue of its color, arrangement, trademark, symbol or any other attribute, denotes membership in a gang creates a clear and present danger of the commission of unlawful acts on school premises, the violation of school regulations, or the substantial disruption of the orderly operation of the school and is prohibited. In determining whether or not a student is in violation of the prohibition on the wearing/display of a gang-related item, the district will maintain, in all of its school offices, an example of potential gang indicators including symbols, hand signals, graffiti, and clothing/accessories. In providing these examples for students and parents, the Board acknowledges that not all potential gang indicators actually connote actual membership in a gang.
- If the district determines that a student has initiated or participated in a gang or a secret society as stipulated above, that student will be disciplined in a manner which may include, but will not be limited to, detention, removal from extracurricular activities, suspension and/or expulsion, and referral to law enforcement, dependent upon the circumstances of the particular offense. The district also reserves the right to prohibit any student from wearing/displaying any article of clothing or accessory which the district has determined to be a gang indicator.

## **APPENDIX E**

### **STUDENT DRESS JICA-R**

The following regulations on student dress shall apply in all elementary schools and shall be administered uniformly throughout the district.

The Administration will make final judgment on the appropriateness of dress and reserves the right to prohibit students from wearing any article of clothing or accessory which may foreseeable result in the disruption of the school environment.

Individual schools may have more specific and restrictive dress codes if recommended by the School Administration and the School Improvement Council and approved by the superintendent or his/her designee.

1. Clothing and/or hair should not be so extreme or inappropriate to the school setting as to disrupt the educational process. Therefore, clothing deemed distracting, revealing, overly suggestive or otherwise disruptive shall not be permitted. This includes bare midriffs, halter/tank tops, see-through shirts/tops/blouses and bike shorts.
2. No vulgar, obscene or otherwise inappropriate symbols, language or wording will be permitted on clothing or accessories.

9. Pants must be worn at the natural waistline and undergarments are not to be visible.
10. Hats may be worn at the school bus stop or while on the bus during periods of cold weather. Hats must conform to all of the above requirements and must be removed before entering the building.

## **APPENDIX F**

### **CELL PHONES / COMMUNICATION DEVICES JICJ:**

**Purpose:** To establish the basic structure for student possession/use of cell phones/communications devices in the schools of the district.

Possession of a wireless communication device (WCD) by a student is a privilege that may be forfeited by any student who fails to abide by the terms and provisions of this policy, or otherwise engages in misuse of this privilege.

A “wireless communication device” is a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor. The following devices are examples of WCDs: cellular and wireless telephones, pagers/beepers, personal digital assistants (PDAs), BlackBerries/Smartphones, WiFi-enabled or broadband access devices, two-way radios or video broadcasting devices, and other devices that allow a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information. Students may not use WCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school. “Students may use WCDs while riding to and from school on a school bus or other vehicle provided by the Board or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher and/or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.”

Students are prohibited from using WCDs to capture, record or transmit the words (i.e. audio) and/or images (i.e. pictures, video) of any student, staff member or other person in the school or while attending a school-related activity without express prior notice and explicit consent for the capture, recording or transmission of such words or images. Using a WCD to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal.

Students are prohibited from using WCD's to take pictures or record video/audio in locker rooms, bathrooms, or on school buses or other district vehicles. The use of WCD's to take pictures or record video/audio is also prohibited in classrooms, unless deemed appropriate by the teacher and used for educational/instructional purposes only.

Students are prohibited from using a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy JICFAA – Harassment, Intimidation or Bullying.

Students are also prohibited from using a WCD to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their WCDs to receive such information.

## **CELL PHONES / COMMUNICATION DEVICES (Continued)**

Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity (e.g. child pornography). Discipline will be imposed in a progressive manner based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the WCD is confiscated, it will be released/returned to the student's parent/guardian only after the student complies with any other disciplinary consequences that are imposed. Any WCD confiscated by District staff will be marked in a removable manner with the student's name and held in a secure location in the school building until it is retrieved by the parent/guardian. WCDs in District custody will not be searched or otherwise tampered with unless school officials reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance to Policy JIH – Student Interrogations, Searches and Arrests. If multiple offenses occur, a student may lose his/her privilege to bring a WCD to school for the remainder of the semester.

Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, damages, or vandalism to WCDs brought onto its property, or the unauthorized use of such devices.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

Students may use school phones to contact parents/guardians during the school day with permission of the administration.

## **CELL PHONES / COMMUNICATION DEVICES (Continued)**

### **Elementary School:**

(Start and end of school will be denoted by the start and end bell).

### **Middle School:**

**HAZING:** To pursue by requiring unnecessary or disagreeable work; by banter, ridicule, or criticism; or to play abusive and humiliating tricks on someone by way of initiation.

**HEALTH CODE VIOLATIONS:** For the purpose of this policy, the following are considered health code violations: Deliberate spitting on or at another person or his/her food or beverage. Deliberate urination or defecation in a public or inappropriate location and other such health code violations will be considered as prohibited. (See Category II)

**HONOR CODE:** The expectation of the student to demonstrate integrity and individual responsibility, personally and academically, to maintain a fair and honest environment.

**INDECENT EXPOSURE:** To willfully expose one's private body parts to view of others.

**INHALANT:** An aromatic hydrocarbon or other such substance used for the purpose of intoxication, or inebriation. Examples of inhalants include, but are not limited to, gasoline, magic markers, glue, whiteout or nitrous oxide.

**LYNCHING:** Any act of violence inflicted by a mob upon the body of another person and from which death does not result.

**MOB:** A "mob" is defined for the purpose of this article as the assemblage of two or more persons, without color or authority of law, for the purpose and with the intent of committing an act of violence upon the person of another.

**PERSONAL PROPERTY:** For the purposes of this policy, all property that is not owned by the district/school is considered personal property.

## **GLOSSARY (continued):**

**PHYSICAL ASSAULT:** *Intentionally* Knowingly recklessly *having the intent to cause* bodily injury to another person. This does not include in the elementary school a temper tantrum by a child or incidental bodily contact. The principal or his/her designee at the elementary school will make a determination as to whether physical assault has occurred.

**POSSESSION:** Being in a student's locker, purse, gym bag, backpack, or other item carried by or belonging to the student, on the student's person, or in a car driven by or occupied by the student or items found in a car parked on school property or at a school sponsored activity. In determining whether a student intentionally or knowingly possessed an item, the principal or his/her designee will consider all the facts and circumstances of the particular incident.

**PROHIBITED WEAPON:** Knife with a blade over two inches long, a blackjack, a dirk (a stabbing knife such as a switchblade), a metal pipe or pole, metal knuckles, razor, razor blade, martial arts throwing star, BB gun, pellet gun, or any other deadly weapon usually used to inflict personal injury. To determine the length of a knife blade, it will be measured from the tip to where the blade and handle (casing) meet. Box cutters and utility knives containing blades are also prohibited on school/district property.

When a weapon is found in a student's possession, it is up to the school principal to determine if the student's possession was knowing or intentional. If the student maintains that he or she did not knowingly have possession, and the explanation is credible to the administrator, the student will not be suspended. If the student's explanation is not deemed credible by the principal, policy requires secondary students to be suspended with a recommendation for expulsion.

Students who realize they have accidentally brought a weapon to school should go immediately to a teacher or administrator and turn the item in. If it is clear the student turned the item in immediately upon discovery, the student may not be suspended. Students who delay turning in such an item, or who turn in an item only after having been discovered, may be suspended with a recommendation for expulsion.

South Carolina Law requires the school to notify local law enforcement officials when a gun, or knife with a blade in excess of two inches, is found in the possession of a student. Law enforcement officials determine if a student is to be charged and taken into custody. (See SC 16-23-430.)

**REPLICA GUN:** A device which appears to be an operable firearm and is presented as being a real gun, but which lacks the ability to expel a projectile. Replica guns do not include obvious toy guns.

**SEARCHES:** School administrators have the right to search a student's purse, gym bag, backpack, and any other item carried or possessed by a student, as well as the student's person, pockets, or car upon reasonable suspicion. Metal detectors may be used in accordance with Board policy.

## **GLOSSARY (continued):**

Searches of school property, including lockers and desks, may be conducted in accordance with Board policy. Canine searches are also routinely conducted in accordance with Board policy.

**SEXTING:** The act of sending sexually explicit messages or photos electronically, primarily between cell phones or internet.

**SEXUAL ASSAULT:** Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent. This definition includes forcible rape, forcible sodomy or forcible rape with an object.

**SEXUAL HARASSMENT:** Unwelcome sexual advances, sexual gestures, requests for sexual favors, and other verbal or physical conduct of a sexual nature where there is a pattern of harassing behavior or a single significant incident. Such conduct interferes with the student's education or creates an intimidating, hostile, offensive school environment. Sexual harassment may include but is not limited to: verbal harassment, including sexually offensive comments or slurs; physical harassment, physical interference with movement or work; or visual harassment such as sexually offensive cartoons, drawings, or posters. Sexual harassment is prohibited against members of the same sex as well as against members of the opposite sex.

**SIMPLE ASSAULT:** *The intentional injury of another person that does not result in the level of injury of a physical assault. In considering whether a simple assault has occurred, the principal or his/her designee will determine the level of injury and the facts and circumstances of the incident*

**TRESPASSING:** Being on any district property or school campus at an unreasonable hour when not involved in a school activity, when school is out, or present on the campus of a school not enrolled in without school administration or district level authorization. Unreasonable hours in this context include, but are not limited to, after 11:00 p.m. when the school facility is not in use for an approved activity, at any time on school holidays, during summer break, and weekends or at any time someone is found inside a fenced in area that is posted with no trespassing signs. Students who are on suspended or expelled status **may will** also be considered as trespassers if they do not have prior express school administration or district level authorization to be on school grounds.

**UNDER THE INFLUENCE:** In determining whether a student is under the influence of alcohol, inhalants or controlled substances, the student's appearance/manner, his/her behavior and/or the presence of an alcohol/ drug odor, or statements made by the student as to consumption may be considered. Because any consumption of alcohol or drugs by a minor is illegal, any consumption, without regard to amount, of alcohol or drugs/controlled substances/inhalants will constitute under the influence for the purpose of this policy. Law enforcement and/or the school nurse will assist building administrators in making the determination of whether a student is under the influence.

**Vandalism:** Intentionally or recklessly causing damage to or defacing school or personal property, or such action causing disruption to the educational process and/or school activities.

Proposed Revisions to Board Policy – JLCEE “Concussions and Student Athletes”.

Add as new Policy JLCEE “Concussions and Student Athletes”,  
Add as new Policy JLCEE-R “Concussions and Student Athletes”,  
Add as new Policy JLCEE-E “Concussions and Student Athletes”

**Recommendation:**

The administration recommends that the proposed revisions proceed to Second and Final Reading.

## CONCUSSIONS AND STUDENT ATHLETES

Code **JLCEE** Issued **MODEL/13**

---

**Purpose:** To establish the basic structure for the identification, management and return to play of student athletes with suspected concussions.

The board recognizes that concussions may be serious and potentially life threatening and that such injury may result in serious consequences later in life if managed improperly. The board is committed to practices that reduce the potential for short-term or long-term effects from such injuries.

### **Recognition and management**

If a coach, athletic trainer, game official or physician suspects that a student athlete under their control has sustained a concussion or brain injury in a practice or in an athletic competition, the student athlete must be removed from practice or competition at that time.

A student athlete who has been removed from play may return to play if, as a result of evaluating the student athlete on site, the athletic trainer, physician, physician assistant (pursuant to scope of practice guidelines) or nurse practitioner (pursuant to a written protocol) determines in his/her best professional judgment that the student athlete does not have any signs or symptoms of a concussion or brain injury.

A student athlete who has been removed from play and evaluated and who is suspected of having a concussion or brain injury may not return to play until he/she has received written medical clearance by a physician.

### **Teacher notification**

A concussion can interfere with school, work, sleep and social interactions. Many athletes who have a concussion will have difficulty in school with short and long-term memory, concentration and organization. Teaching staff should be made aware of a concussed student in order to provide an appropriate learning plan until symptoms clear. The athletic director will be responsible for notifying teachers of the presence of a concussed athlete in the classroom.

### **Concussion management plan**

The district will utilize guidelines and procedures developed by the South Carolina Department of Health and Environmental Control and the South Carolina Department of Education and other pertinent information to develop and implement a comprehensive and practical concussion management plan for identifying and managing sports-related concussions. The district will utilize this plan to inform and educate coaches, student athletes and their parents/legal guardians of the nature and risk of concussions, including the dangers associated with continuing to play after a concussion.

## PAGE 2 - JLCEE - CONCUSSIONS AND STUDENT ATHLETES

### Information to parents/legal guardians

The district annually will distribute the concussion information sheet JLCEE-E to all coaches, volunteers, student athletes and their parents/legal guardians. The concussion information sheet will provide information on the nature and risk of concussion and brain injury and on the risks associated with continuing to play after a concussion or brain injury.

The parent/legal guardian's receipt of the information sheet will be documented in writing or by electronic means before the student athlete is permitted to participate in an athletic competition or practice.

For purposes of this policy, student athlete as defined in state law includes cheerleaders.

- A. S.C. Code of Laws, 1976, as amended:
  - 1. Section 59-63-75, et seq. - Concussions and student athletes.

## **CONCUSSIONS AND STUDENT ATHLETES**

Code **JLCEE-R** Issued **MODEL/13**

---

### **Definition**

As defined by the Centers for Disease Control and Prevention, a concussion is a type of traumatic brain injury caused by a bump, blow or jolt to the head, face or neck that can change the way the brain normally works. Concussions can also occur from a blow to the body that causes the head to move rapidly back and forth. Most concussions occur without loss of consciousness. Proper management is essential to the immediate safety and long-term future of the injured individual. A concussion can be difficult to diagnose, and failing to recognize the signs and symptoms in a timely fashion can have dire consequences.

### **Signs of concussion**

The following signs of a concussion in a student athlete may be observed by a coach, athletic trainer, game official, school/team physician, school nurse or physical therapist.

- appears dazed, stunned or disoriented; demonstrates decreased alertness
- forgets plays or demonstrates short-term memory difficulty
- slurs words
- exhibits difficulties with balance or coordination
- answers questions slowly or inaccurately
- exhibits seizures or vomiting
- changes in level of consciousness

### **Symptoms of concussion**

The following symptoms of a concussion may be reported by the student athlete to a coach, athletic trainer, game official, school/team physician, school nurse or physical therapist.

- headache
- nausea
- balance problems or dizziness

- double vision or changes in vision

## **PAGE 2 - JLCEE-R - CONCUSSIONS AND STUDENT ATHLETES**

- sensitivity to light or sound/noise
- feeling sluggish or foggy
- difficulty with concentration and short-term memory
- sleep disturbance
- irritability or changes in personality and behavior

### **Concussion management**

#### *Evaluation*

If a coach, athletic trainer, game official or physician suspects that a student athlete, under the control of the coach, athletic trainer, game official or physician, has sustained a concussion or brain injury in a practice or in an athletic competition, the student athlete will be removed from practice or competition at that time.

- A student athlete displaying signs or symptoms of concussion will be evaluated by a healthcare provider as outlined in state law (physician, athletic trainer, nurse practitioner or physician assistant).
- If no approved healthcare provider is available, the student athlete will not be returned to participation until evaluation by an approved healthcare provider can be conducted.
- A healthcare provider must use a standardized concussion assessment instrument.

#### *Return to play (RTP)*

A student athlete who has been removed from play may return to play if, as a result of evaluating the student athlete on site, the athletic trainer, physician, physician assistant (pursuant to scope of practice guidelines) or nurse practitioner (pursuant to a written protocol) determines in his/her best professional judgment that the student athlete does not have any signs or symptoms of a concussion or brain injury.

A student athlete who has been removed from play and evaluated and who is suspected of having a concussion or brain injury may not RTP until the student athlete has received written medical clearance by a physician.

Any student athlete determined to be concussed may not RTP on the same day of injury.

The parent/legal guardian of a student athlete determined to be concussed will be contacted and counseled regarding management of the injury.

A student athlete who has been cleared to RTP must obtain from his/her physician an appropriate graduated RTP protocol as well as any specific instructions concerning classroom work.

## **CONCUSSIONS AND STUDENT ATHLETES**

### **Fact Sheet for Parents/Legal Guardians and Student Athletes**

*Note: Parents/Legal guardians and student athletes are required to read and sign this form. Return this form to the appropriate team coach.*

#### **WHAT IS A CONCUSSION?**

A concussion is a brain injury that is caused by a bump or blow to the head. It can change the way your brain normally works. It can occur during practices or games in any sport. Even a “ding,” “getting your bell rung” or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven’t been knocked out. You can’t see a concussion. Signs and symptoms of a concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

#### **Parent/Legal guardian’s responsibility**

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion.

- appears dazed, stunned or disoriented; demonstrates decreased alertness
- experiences short-term memory difficulty
- forgets an instruction
- is unsure of game, score or opponent
- moves clumsily
- answers questions slowly or slurs words
- loses consciousness (even briefly)
- shows behavior or personality changes
- can’t recall events prior to being hit or falling
- can’t recall events after being hit or falling
- experiences seizures or vomiting

Every sport is different, but there are steps your child can take to protect him/herself from concussion.

- Ensure that your son/daughter follows his/her coach’s rules for safety and the rules of the sport.
- Encourage your son/daughter to practice good sportsmanship at all times.
- Make sure he/she wears the right protective equipment for the activity (such as helmets, padding, shin guards, and eye and mouth guards). Protective equipment should fit properly, be well maintained, and be worn consistently and correctly.
- Learn the signs and symptoms of a concussion.

**What should a parent/legal guardian do if he/she thinks their child has a concussion?**

- Seek medical attention right away. A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports. Notify your child's coach if you think your child has a concussion.
- Keep your child out of play. Concussions take time to heal. Don't let your child return to play until a health care professional says it's OK. Children who return to play too soon - while the brain is still healing - risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.
- Tell your child's coach about any recent concussion in ANY sport or activity. Your child's coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

### **Student athlete**

*What are the symptoms of a concussion?*

- headache or "pressure" in head
- nausea or vomiting
- balance problems or dizziness
- double or blurry vision
- bothered by light
- bothered by noise
- feeling sluggish, hazy, foggy or groggy
- difficulty paying attention
- memory problems
- confusion
- does not "feel right"

*What should a student athlete do if he/she thinks they have a concussion?*

- **Tell your coaches and your parents.** Never ignore a bump or blow to the head even if you feel fine. Also, tell your coach if one of your teammates might have a concussion.
- **Get a medical checkup.** A doctor or health care professional can tell you if you have a concussion and when you are OK to return to play.
- **Give yourself time to get better.** If you have had a concussion, your brain needs time to heal. While your brain is still healing, you are much more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.
- **It is better to miss one game than the whole season.**

Re: 2014-15 School Board Meeting Schedule

---

Attached is a proposed 2014-15 meeting schedule for the school board. Every attempt is made to hold meetings on the second and fourth Mondays of each month, as required by school board policy. However, this year several exceptions need to be made to deconflict the Board meetings with holidays and the school calendar. Only one meeting is scheduled for July and August. Memorial Day, Thanksgiving and Christmas holidays also required a deviation from the normal schedule.

This proposed schedule will be on the agenda for approval on April 7, 2014.

Thank you and please let me know if you have any questions.
