

A top-down view of a wooden desk. In the top left, there is a small potted plant with green grass-like leaves. Next to it is a white computer keyboard with keys for Caps Lock, A, Z, Shift, Ctrl, and Alt visible. A black paperclip is in the center. A black pen with silver accents lies next to a black spiral-bound notebook with a white lined page. A dark grey curved shape with a thin green line separates the desk image from the text on the right.
