

**ERA ISD
DISTRICT OF INNOVATION PLAN
2021-2026**

The Era Independent School District (EISD) is exercising authority created by passage of House Bill 1842 of the 84th Legislative Session, as set forth in Texas Education Code, Chapter 12A. HB 1842 allows a traditional public school to exercise greater local control, and utilize the exemptions in Education Law that are currently offered to charter schools. We feel this is a great opportunity for our local district to create a plan based on the needs of our students and community.

Beginning with the start of the 2021-2022 school year, EISD will exercise this authority to exempt itself from the following state requirements for a five-year period running through the conclusion of the 2025-2026 school year, including: **Uniform school start date, required length of school day.**

INNOVATION PLAN

1. SCHOOL START DATE

EISD Board Policy: EB(LEGAL)

EXEMPTION FROM:

- TEC §25.0811 FIRST DAY OF INSTRUCTION

CURRENT LAW

State law currently prohibits school districts from starting class before the fourth Monday in August, unless they are year-round districts.

PROPOSED INNOVATION

To best serve the students of Era ISD, we propose to create a school calendar which serves the needs of our local community. We propose moving the mandatory start date earlier than the fourth Monday. Waiting to start classes until the fourth Monday in August forces semesters to be significantly unequal in length, with second semester being approximately four weeks longer than the first semester. Flexibility to begin instruction earlier in August will enable our district to better balance instruction time in each semester as well as making an effort to end our first semester prior to Winter Break. The primary goals of this change to create greater flexibility in the District Calendar are to improve the overall district attendance rate, to improve student success on state and local assessments, and to allow for greater opportunity for meaningful staff development throughout the school year.

2. NUMBER OF CONTRACT DAYS FOR TEACHERS

EISD Board Policy: DCB (Legal), DCB (Local)

EXEMPTION FROM:

- TEC §21.401 MINIMUM SERVICE REQUIRED

CURRENT LAW

Current education law in Chapter 21 requires a teacher who is on a 10-month contract to work an equivalent of 187 days.

PROPOSED INNOVATION

In an attempt to align the teacher days to the 75,600 minutes required of students, the district would have the option to reduce the amount of contract days with no effect on teacher salaries. Teacher contract days will be reflected on the board approved District Calendar. This proposal has potential to increase the daily rate the district pays teachers and should enhance teacher recruitment, retention and morale.

3. PROBATIONARY CONTRACTS

EISD Board Policy: DCA (Legal)

EXEMPTION FROM:

- TEC §21.102 TEACHER EMPLOYMENT CONTRACTS

CURRENT LAW

Under current guidelines, probationary periods for newly hired teachers who have been in public education for at least five of the previous eight years cannot exceed one year. This limited period is insufficient in some cases to fully determine the teacher's effectiveness in the classroom.

PROPOSED INNOVATION

Relief from Texas Education Code 21.102 will permit the District the option to issue a probationary contract for a period of up to three years maximum for experienced teachers, counselors, librarians or nurses newly hired in Era ISD. This will allow the district more time to thoroughly assess an employee's effectiveness.

4. CERTIFICATION

EISD Board Policy: DBA (LEGAL),DBA (LOCAL),DK (LEGAL), DK (LOCAL), DK (EXHIBIT)

EXEMPTION FROM:

- TEC §21.003 CERTIFICATION REQUIRED
- TEC §21.053 PRESENTATION AND RECORDING OF CERTIFICATES
- TEC §21.057 PARENTAL NOTIFICATION

CURRENT LAW

TEC §21.003(a) states that a person may not be employed as a teacher by a school district unless the person holds an appropriate certificate or permit issued by the appropriate state agency. In the event a district cannot locate a certified teacher for a position or a teacher is teaching subject outside of their certification, the district must request emergency certification from the Texas Education Agency and/or State Board of Educator Certification. This system is burdensome and does not take into account the unique financial and/or instructional needs of the district.

TEC §21.053 requires a teacher to present his or her certificate to the District before their employment contract will be binding, and prohibits the District from paying an educator as a teacher if the educator does not hold a valid certificate at the time.

TEC §21.057 requires that the District provide written notice to parents if an inappropriately or uncertified teacher is assigned to a classroom for more than 30 consecutive instructional days.

PROPOSED INNOVATION

By claiming exemption from Sec. 21.003 the district shall have the right to recruit individuals from certain trades, industries, and vocations with industry knowledge and real world experience and consider qualifications based on experience, industry certification, etc. District leadership including principals, CTE administrators, human resource department members, etc. shall determine whether it is in the best interest of its students to certify individuals based on these factors. Further, the district shall establish local criteria for training and locally certifying individuals rather than adhere strictly to mandates outlined in Sec. 21.053. In doing so, parental notification of "inappropriately certified or uncertified teachers" under Sec. 21.057 would no longer be necessary. Regardless of whether any adjustments or changes are made to the certification laws, Era ISD believes this issue to be a local decision as opposed to a state mandate.

The district will maintain its current expectations for employee certification and will make every attempt to hire individuals with appropriate certifications for the position in question. However, when that is not reasonably possible, the district will have the flexibility to hire individuals who are knowledgeable in the area and equipped to effectively perform the duties of the position in question. Era ISD would like the ability to locally certify teachers in areas of high demand, to better meet the educational needs of our students. These areas would include but are not limited to CTE and languages other than English. **Special Education and Bilingual teachers will continue to be required to hold a standard teaching certificate.** Once hired, where applicable, the district will encourage teachers to obtain their appropriate certification. This flexibility will allow the District to hire individuals who best meet the needs of the students and provide the content knowledge our students need to enter an increasingly innovative world.

5. TRANSFER STUDENT RESTRICTIONS

EISD Board Policy: FDA (Local)

EXEMPTION FROM:

- TEC §25.036 TRANSFER OF STUDENT

CURRENT LAW

A district may choose to accept, as transfers, students who are not entitled to enroll in the district. Under TEC 25.036, a transfer is interpreted to be for a period of one school year.

PROPOSED INNOVATION

Era ISD maintains a transfer policy under FDA (Local) requiring nonresident students wishing to transfer to file a transfer application each school year. In approving transfer requests, the availability of space and instructional staff, availability of programs and services, the student's disciplinary history records, work habits, and attendance records are also evaluated. Transfer students are expected to follow the attendance requirements, rules and regulations of the District. The District has interpreted this code as establishing the acceptance of a transfer as a one-year commitment. The District is seeking to eliminate the provision of a one-year commitment in accepting transfer applicants. On rare occasions, student behavior warrants suspension (in or out of school), placement in a disciplinary alternative program, or expulsion. In addition, student attendance may fall below the TEA truancy standard. In these rare cases, Era ISD seeks exemption from the one-year transfer commitment. Nonresident students who have been accepted as inter-district transfer may have such transfer status revoked by the Superintendent at any time during the year if the student is assigned discipline consequences of suspension (in or out of school), placement in a disciplinary alternative program, or expulsion. Students who have been placed on probation and are not meeting the requirements of their probation may also have their transfer status revoked by the Superintendent at any time. In addition, students not meeting the State's 90% attendance standard may also be subject to immediate revocation of the transfer status.
