"Our commitment is to partner with our families and community to empower Jackson-Milton students to be lifelong learners by promoting and maintaining high standards and expectations"

Dear Elementary Blue Jay Families,

Beginning Monday, October 30th, we will have construction on the next phase of our stadium renovation, adding the bleachers and a press box. For this reason the car rider drop-off and pick-up driveway will be closed. We are sorry for this inconvenience but this is totally out of our control.

In order to accommodate the car riders that are being dropped off and picked up, we will be utilizing the service road that comes from behind our high school, around the back of our new stadium and ends up in our current elementary car rider line. Please enter the driveway between the high school and the library and follow the signage.

We ask that you please be mindful of your speed when traveling this way, as you will be going directly through our high school student parking lot. Especially in the afternoon, there will be students in the parking lot and it is very important that everyone remains safe.

We are also asking that during this time if you are picking up a car rider in the afternoon that you do not arrive prior to 3:00 PM to allow the majority of our high school students to be able to exit the parking lot.

If you are bringing a student to Before Care, please use the elementary main driveway (look for the big parking lot) and go around the back thru the exit gate and loop around for drop-off and exit out the same way you came in. Please be mindful of others doing the same thing.

This should last approximately 3 weeks and we will keep everyone posted on the progress. We are sorry for any inconvenience this may cause but thank you in advance for your patience and understanding as we are doing great things in Blue Jay country.

Yours,

Dr. Holly Welch
Principal
