ARP/ESSER III Stakeholders Meeting

Glascock County School System

March 10, 2023

Comprehensive American Rescue Plan – Glascock County School System

Funding Sources	Amount	
ARP/ESSER III Allocation:	$824,258.00	
Investment	**Description**	**Desired Outcome(s)**
Interrupted Learning & Learning Acceleration	Programming, resources, and human capital support to ensure that interrupted learning is effectively addressed and that student learning is accelerated when any gaps present as a result of interrupted learning.	Student growth and on-grade level or above performance is the expectation. With interruptions in learning from Covid-19, we know that some students or groups of students may need additional support, tools, and resources in order to maintain the expected growth.
Safety Upgrades to Facilities	Needed enhancements to school structures/learning environments to ensure a safe, secure, and stable experience for students and teachers and prioritize wellness.	Renovations/improvements to the K-12 facility to reduce virus transmission and student exposure to environmental health hazards (antibacterial carpet, tile, and resilient flooring; aseptic countertops; infrared sinks, toilets/urinals, and water fountains; toilet partitions and doors)
Continuity of Services	Support for school operational programs due to Covid-19 expenses.	

Supporting Transparency & Accountability

Grant	Period	Amount Expended	Use of Funds Summary
ESSER III - ARP	FY22: 7/01/21-6/30/22	$106,145.88	Expenditures include: (1) Summer 2022 learning; (2) school designed acceleration/intervention strategies and associated professional learning; and (3) system level salaries supporting accountability and student success monitoring.

- Access to ESSER information via Federal Programs
- Periodic site updates planned quarterly
