BID FORM

NAME OF BIDDER: Avidex Industries LLC

The undersigned, hereby declare that we have carefully examined the location of the proposed Work, and have read and examined the Contract Documents, including all plans, specifications, and all addenda, if any, for the following Project:

Bid # 104-24 Newport Harbor High School Theater Technology Systems Upgrade Project

A. BID SCHEDULE

We hereby propose to furnish all labor, materials, equipment, tools, transportation, and services, and to discharge all duties and obligations necessary and required to perform and complete the Project for the following TOTAL BID PRICE:

BASE BID	TOTAL BID PRICE FROM EXHIBIT A PAGE 1 (IN WRITTEN FORM)	TOTAL BID PRICE FROM EXHIBIT A PAGE 1 BID PRICE (IN NUMBERS)
TOTAL BID PRICE	one million eight hundred fifty eight thousand three hundred seventy dollars & 00/100	1,858,370.00

In case of discrepancy between the written price and the numerical price, the written price shall prevail.

The undersigned agrees that this Bid Form constitutes a firm offer to the District which cannot be withdrawn for the number of calendar days indicated in the Notice Inviting Bids from and after the bid opening, or until a Contract for the Work is fully executed by the District and a third party, whichever is earlier.

The successful bidder hereby agrees to sign the contract and furnish the necessary bonds and certificates of insurance within ten (10) working days after the District provides the successful bidder with the Notice of Award.

Upon receipt of the signed contract and other required documents, the contract will be executed by the District, after which the District will prepare a letter giving Contractor Notice to Proceed. The official starting date shall be the date of the Notice to Proceed, unless otherwise specified. The undersigned agrees to begin the Work within ten (10) working days of the date of the Notice to Proceed, unless otherwise specified.

The undersigned has examined the location of the proposed work and is familiar with the Drawings and Specifications and the local conditions at the place where work is to be done.

BID SCHEDULE

- 12 -

If awarded the contract, the undersigned agrees that there shall be paid by the undersigned and by all subcontractors to all laborers, workers and mechanics employed in the execution of such contract no less than the prevailing wage rate within Orange County for each craft, classification, or type of worker needed to complete the Work contemplated by this contract as established by the Director of the Department of Industrial Relations. A copy of the prevailing rate of per diem wages are on file at the District's Administration Office and shall be made available to interested parties upon request.

Enclosed find cash, bidder's bond, or cashier's or certified check No. NA from the NA Bank in the amount of 10%, which is not less than ten percent (10%) of this bid, payable to Newport-Mesa Unified School District as bid security and which is given as a guarantee that the undersigned will enter into a contract and provide the necessary bonds and certificates of insurance if awarded the Work.

The bidder furthermore agrees that in case of bidder's default in executing said contract and furnishing required bonds and certificates of insurance, the cash, bidder's bond, or cashier's or certified check accompanying this proposal and the money payable thereon shall become and shall remain the property of the Newport-Mesa Unified School District.

Bidder is an individual _____, or corporation X, or partnership _____, organized under the laws of the State of California.

Bidder confirms license(s) required by California State Contractor's License Law for the performance of the subject project are in full effect and proper order. The following are the Bidder's applicable license number(s), with their expiration date(s) and class of license(s):

981651, C7 & C10, exp 3-31-2025

If the Bidder is a joint venture, each member of the joint venture must include the required licensing information.

Sureties that will furnish the Faithful Performance Bond and the Labor and Material Payment Bond, in the form specified herein, in an amount equal to one hundred percent (100%) of the contract price within ten (10) working days from the date the District provides the successful bidder the Notice of Award. Sureties must meet all of the State of California bonding requirements, as defined in California Code of Civil Procedure Section 995.120 and must be authorized by the State of California.

The insurance company or companies to provide the insurance required in the contract documents must have a Financial Strength Rating of not less than "A-" and a Financial Size Category of not less than "Class VII" according to the latest Best Key Rating Guide. At the sole discretion of the District, the District may waive the Financial Strength Rating and the Financial Size Category classifications for Workers' Compensation insurance.

BID SCHEDULE

- 13 -

The undersigned acknowledges receipt, understanding and full consideration of the following addenda to the Contract Documents.

Addenda No. 1

Addenda No. 2

Addenda No. _____

1. Attached is the required bid security in the amount of not less than 10% of the Total Bid Price.
2. Attached is the completed Contractor's Certificate Regarding Workers' Compensation form.
3. Attached is the completed Iran Contracting Act Certificate form.
4. Attached is the completed Public Works Contractor Registration Certification form.
5. Attached is the completed Designation of Subcontractors form.
6. Attached is the completed Information Required of Bidders form.
7. Attached is the Asbestos-Free Material Certification.
8. Attached is the Recycled Content Certification.
9. Attached is the Contractor & Subcontractor Fingerprinting Requirements form.
10. Attached is the Drug-Free Workplace Certificate.
11. Attached is the Contractor's Certificate Regarding Alcoholic Beverage and Tobacco-Free Campus Policy.
12. Attached is the fully executed Non-Collusion Declaration form.

I hereby certify under penalty of perjury under the laws of the State of California, that all of the information submitted in connection with this Bid and all of the representations made herein are true and correct.

**CONTRACTOR'S CERTIFICATE REGARDING
WORKERS' COMPENSATION**

I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this Contract.

Dated 10-2-2023

**CONTRACTOR'S CERTIFICATE REGARDING
WORKERS COMPENSATION**

**IRAN CONTRACTING ACT CERTIFICATION
(Public Contract Code section 2200 et seq.)**

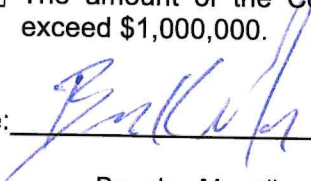

As required by California Public Contract Code Section 2204, the Contractor certifies subject to penalty for perjury that the option checked below relating to the Contractor's status in regard to the Iran Contracting Act of 2010 (Public Contract Code Section 2200 et seq.) is true and correct:

☒ The Contractor is not:

- (1) identified on the current list of person and entities engaged in investment activities in Iran prepared by the California Department of General Services in accordance with subdivision (b) of Public Contract Code Section 2203; or
- (2) a financial instruction that extends, for 45 days or more, credit in the amount of \$20,000,000 or more to any other person or entity identified on the current list of persons and entities engaging in investment activities in Iran prepared by the California Department of General Services in accordance with subdivision (b) of Public Contract Code Section 2203, if that person or entity uses or will use the credit to provide goods or services in the energy sector in Iran.

☐ The District has exempted the Contractor from the requirements of the Iran Contracting Act of 2010 after making a public finding that, absent the exemption, the District will be unable to obtain the goods and/or services to be provided pursuant to the Contract.

☐ The amount of the Contract payable to the Contractor for the Project does not exceed \$1,000,000.

Signature: 

Printed Name: Brandon Morrell

Title: General Manager

Firm Name: Avidex Industries LLC

Date: 10-2-2023

Note: In accordance with Public Contract Code Section 2205, false certification of this form shall be reported to the California Attorney General and may result in civil penalties equal to the greater of \$250,000 or twice the Contract amount, termination of the Contract and/or ineligibility to bid on contracts for three years.

IRAN CONTRACTING ACT CERTIFICATION

PUBLIC WORKS CONTRACTOR REGISTRATION CERTIFICATION

If this bid is due on or after March 1, 2015, then pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. See <http://www.dir.ca.gov/Public-Works/PublicWorks.html> for additional information.

No bid will be accepted, nor any contract entered into without proof of the contractor's and subcontractors' current registration with the Department of Industrial Relations to perform public work.

Bidder hereby certifies that it is aware of the registration requirements set forth in Labor Code sections 1725.5 and 1771.1 and is currently registered as a contractor with the Department of Industrial Relations.

Name of Bidder: Avidex Industries LLC

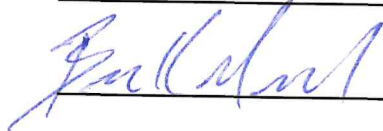

DIR Registration Number: 1000004292

Bidder further acknowledges:

1. Bidder shall maintain a current DIR registration for the duration of the project.
2. Bidder shall include the requirements of Labor Code sections 1725.5 and 1771.1 in its contract with subcontractors and ensure that all subcontractors are registered at the time of bid opening and maintain registration status for the duration of the project.
3. Failure to submit this form or comply with any of the above requirements may result in a finding that the bid is non-responsive.

DESIGNATION OF SUBCONTRACTORS

In compliance with the Subletting and Subcontracting Fair Practices Act of the Public Contract Code of the State of California, each bidder shall set forth below: (a) the name and the location of the place of business, (b) CSLB contractor license number, (c) DIR registration number, and (d) the portion of the work which will be done by each subcontractor who will perform work or labor or render service to the Contractor in or about the construction of the work in an amount in excess of one-half of one percent (1/2%) of the Contractor's Total Bid Price. Notwithstanding the foregoing, if the work involves the construction of streets and highways, then the Contractor shall list each subcontractor who will perform work or labor or render service to Contractor in or about the work in an amount in excess of one-half of one percent (1/2%) of the Contractor's Total Bid Price. No additional time shall be granted to provide the below requested information.

If no subcontractor is specified, for a portion of the work, or if more than one subcontractor is specified for the same portion of Work, to be performed under the Contract in excess of one-half of one percent (1/2%) of the Contractor's Total Bid Price or \$10,000, whichever is greater if the work involves streets or highways, then the Contractor shall be deemed to have agreed that it is fully qualified to perform that Work, and that it shall perform that portion itself.

INFORMATION REQUIRED OF BIDDERS

K-12

Owner: Corona-Norco USD

Address: 280 Clark Ave.
Norco, CA
Contact: Jose Rivera
Phone: 951-255-3006
email: jrivera@cnusd.k12.ca.us

Owner: Palm Springs Unified School District

Address: 650 S. Paseo Dorotea
Palm Springs, CA
Contact: Kelly Williams
Phone: 760-992-3200
email: kwilliams@psusd.us

Owner: Lake Elsinore Unified School District

Address: 545 Chaney St.
Lake Elsinore, CA
Contact: J.R. Rea
Phone: 951-253-7025
email: jf.rea@leusd.k12.ca.us

Owner: Downey Unified School District

Address: 11627 Brookshire Ave.
Downey, CA 90241
Contact: Chris Nezzar
Phone: 562-469-6500

Owner: Murrieta Valley Unified School District

Address: 41870 McAlby Court
Murrieta, CA 92562
Contact: Jonathan Pratt
Phone: 951-696-1600
email: jpratt@murrieta.k12.ca.us

Owner: Desert Sands Unified School District

Address: 47950 Dune Palms Road
La Quinta, CA 92253
Contact: Chuck King
Phone: 760-771-8579
email: Chuck.king@dsusd.us

Owner: William S Hart Union High School District

Address: 21380 Centre Pointe Pkwy
Santa Clarita, CA 91350

Contact: John Carrino

Phone: 661-259-0033

email: jcarrino@hartdistrict.org

Owner: San Dieguito Union High School District

Address: 710 Encinitas Blvd.
Encinitas, CA 92024

Contact: Mike Coy

Phone: 760-753-6437

email: mike.coy@sduhsd.net

CITY / COUNTY

Owner: South Coast Air Quality Managment District

Address: 21865 Copley Drive
Diamond Bar, CA 91765

Contact: Anthony Tang

Phone: 909-396-2866

email: atang@aqmd.gov

Owner: City of Pasadena

Address: 117 E. Colorado Blvd, 3rd Floor
Pasadena, CA 91105

Contact: Randall Hendon

email: rhendon@cityofpasadena.net

Phone: 626-744-4220

Owner: City of Irvine

Address: 1 Civic Center Plaza
Irvine, CA 92606

Contact: Tom Macduff

email: tmacduff@ci.irvine.ca.us

Phone: 949-724-6216

Owner: City of West Hollywood

Address: 8300 Santa Monica Blvd.
West Hollywood, CA 90069

Contact: Helen Collins

Phone: 323-848-6895

email: hcollins@weho.org

Higher Education

Owner: University of California, Irvine

Address: Irvine, CA
Contact: Corey Flood
Phone: 714-456-6983
email: flood@uci.edu

Owner: Coast Community College District

Address: 1370 Adams Avenue
Costa Mesa, CA 92626
Contact: Kevin Harrison
Phone: 714-895-8983
email: kharrison@gwc.cccd.edu

Owner: University of California, San Diego

Address: San Diego, CA
Contact: Dean Olsen
Phone: 858-246-0088

Owner: Rancho Santiago Community College District

Address: 1530 West 17th Street
Santa Ana, CA 92706
EC A-C Electric Company
2921 Hangar Way
Bakersfield, CA 93308
Phone 661-410-0000

D. EXPERIENCE AND TECHNICAL QUALIFICATIONS QUESTIONNAIRE

Personnel:

The Bidder shall identify the key personnel to be assigned to this project in a management, construction supervision or engineering capacity.

1. List each person's job title, name and percent of time to be allocated to this project:

**SEE ATTACHED RESUMES Section 4

2. Summarize each person's specialized education:

3. List each person's years of construction experience relevant to the project:

4. Summarize such experience:

Bidder agrees that personnel named in this Bid will remain on this Project until completion of all relevant Work, unless substituted by personnel of equivalent experience and qualifications approved in advance by the District.

Changes Occurring Since Prequalification

If the District conducted a prequalification and if any substantive changes have occurred since Bidder submitted its prequalification package for this Project, Bidder shall list them below. If none are listed, Bidder certifies that no substantive changes have occurred.

NA

INFORMATION REQUIRED OF BIDDERS

Additional Bidder's Statements:

If the Bidder feels that there is additional information which has not been included in the questionnaire above, and which would contribute to the qualification review, it may add that information in a statement here or on an attached sheet, appropriately marked:

E. VERIFICATION AND EXECUTION

These Bid Forms shall be executed only by a duly authorized official of the Bidder:

I declare under penalty of perjury under the laws of the State of California that the foregoing information is true and correct:

ASBESTOS-FREE MATERIALS CERTIFICATION

The undersigned declares that he or she is the person who executed the bid for the #104-24 _____ (hereinafter referred to as the "Project"), and submitted it to the **NEWPORT-MESA UNIFIED SCHOOL DISTRICT** (hereinafter referred to as the "District") on behalf of **Avidex Industries LLC** (hereinafter referred to as the "Contractor").

To the best of my knowledge, information and belief, in completing the Contractor's Work for the Project, no material furnished, installed or incorporated into the Project will contain, or in itself be composed of, any materials listed by the federal or state EPA or federal or state health agencies as a hazardous material.

Any disputes involving the question of whether or not material installed with asbestos-containing equipment is settled by electron microscopy; the cost of any such tests shall be paid by the Contractor.

All work or materials installed by the Contractor which is found to contain asbestos, or work or material installed with asbestos-containing equipment, will be immediately rejected and this work shall be removed and replaced by the Contractor at no additional cost to the District.

Decontamination and removal of work found to contain asbestos, or work installed with asbestos-containing equipment shall be done only under supervision of a qualified consultant, knowledgeable in the field of asbestos abatement and accredited by the Environmental Protection Agency.

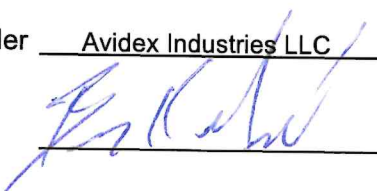

The ASBESTOS REMOVAL CONTRACTOR shall be an EPA accredited contractor qualified in the removal of asbestos and shall be chosen and approved by the Asbestos Consultant who shall have sole discretion and final determination in this matter.

The asbestos consultant shall be chosen and approved by the Architect or the District who shall have sole discretion and final determination in this matter. The work will be not accepted until asbestos contamination is reduced to levels deemed acceptable by the Asbestos Consultant.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on this 2nd day of October, 2023 at Lake Forest, CA.

CONTRACTOR & SUBCONTRACTOR FINGERPRINTING REQUIREMENTS

DRUG-FREE WORKPLACE CERTIFICATION

This Drug-Free Workplace Certification form is part of the Contract made by and between the **NEWPORT-MESA UNIFIED SCHOOL DISTRICT** (hereinafter referred to as the "District") and avidex Industries LLC

referred to as the "Contractor") for the 104-24 Project (hereinafter referred to as the "Project"). This form is required from all successful bidders pursuant to the Drug-Free Workplace Act of 1990 (Government Code Section 8350 et seq.) The Drug-Free Workplace Act of 1990 requires that every person or organization awarded a contract or grant for procurement of any property or service from any State agency must certify that it will provide a drug-free workplace by doing certain specified acts. In addition, the Act provides that each contract or grant awarded by a State agency may be subject to suspension of payments or termination, and the contractor or grantee may be subject to debarment from future contracting, if the contracting agency determines that specified acts have occurred.

Pursuant to Government Code Section 8355, every person or organization awarded a contract or grant from a State agency shall certify that it will provide a drug-free workplace by doing all of the following:

- A. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited in their workplace and specifying actions which will be taken against employees for violations of the prohibition.
- B. Establishing a drug-free awareness program to inform employees about all of the following:
 - 1. The dangers of drug abuse in the workplace.
 - 2. The person's or organization's policy of maintaining a drug-free workplace.
 - 3. The availability of drug counseling, rehabilitation and employee-assistance programs; and
 - 4. The penalties that may be imposed upon employees for drug abuse violations.
- C. Requiring that each employee engaged in the performance of the contract or grant be given a copy of the statement required by subdivision "A," and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

I, the undersigned, agree to fulfill the terms and requirements of the Drug-Free Workplace Act as it now exists or may hereinafter be amended. Particularly, I shall

DRUG FREE WORKPLACE CERTIFICATION

abide by Government Code Section 8355 when performing the Contract for the Project by:

- A. Publishing a statement notifying employees concerning the prohibition of controlled substance at my workplace.
- B. Establishing a drug-free awareness program; and
- C. Requiring that each employee engaged in the performance of the contract be given a copy of the statement required by Section 8355(a) and agree to abide by the terms of that statement.

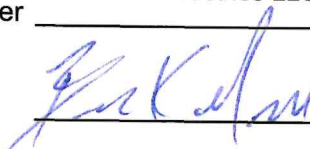

I also understand that if the District determines that I have either: (a) made a false certification herein; or (b) violated this certification by failing to carry out the requirements of Section 8355, the Contract awarded herein is subject to termination, suspension of payments, or both. I further understand that if I violate the terms of the Drug-Free Workplace Act of 1990, I may be subject to debarment in accordance with the requirements of the Act.

I acknowledge that I am aware of the provisions of Government Code Section 8350 et seq., and hereby certify that I will adhere to the requirements of the Drug-Free Workplace Act of 1990.

NON-COLLUSION DECLARATION

The undersigned declares:

I am the General Manager of Avidex Industries LLC, the party making the foregoing Bid.

The Bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The Bid is genuine and not collusive or sham. The Bidder has not directly or indirectly induced or solicited any other Bidder to put in a false or sham bid. The Bidder has not directly or indirectly colluded, conspired, connived, or agreed with any Bidder or anyone else to put in a sham bid, or to refrain from bidding. The Bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the Bid Price of the Bidder or any other Bidder, or to fix any overhead, profit, or cost element of the Bid Price, or of that of any other Bidder. All statements contained in the Bid are true. The Bidder has not, directly or indirectly, submitted his or her Bid Price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a Bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the Bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct, and that this declaration is executed on 10-2-2023 [date], at Lake Forest [city], CA [state].

Exhibit B - QUALIFIED INSTALLERS/INTEGRATORS LIST – REQUIRED AT THE TIME OF BID

The Specifications contain minimum qualifications to provide support to this project. Bidder must provide information for each of the items listed. This is not related to or in place of the Designated Subcontractors List. It is likely that one or more providers will be listed on both forms. This form is not a substitution for any other form(s) required in these documents.

The District reserves the right to request additional information and proof of qualifications post-bid. If requested, Bidder shall provide additional information including the required lists of projects, and/or other reasonable proof satisfactory to the District within 3 working days of the request, including references from projects similar in scope and complexity. Failure to provide qualified installers/ integrators or references to the satisfaction of the District will be cause for the Bid to be rejected as non-responsive.

Where names are required, it is understood that a substitution of staff may be needed. Any substitution of the named individuals or firms will require re-validation of mandatory qualifications.

Specification Reference & Short Description	Firm or Person Meeting this Requirement	CA License# or Certification Information as Applicable
Company history – Minimum 10 years in business.	Avidex Industries LLC	981651
Minimum 7 years of experience with procurement, design, assembly, installation and support of systems of similar or greater magnitude and complexity to those identified in this bid.	Ken Brown, Project Engineer	
Project Experience – Minimum 10 system integration projects within the last 10 years (sound, video presentation).	Angel Garcia, Project Manager	
Name of C-7 contractor or staff member(s) proposed.	Scott Randolph Kirchof	981651
Name of C-10 contractor, subcontractor or staff member(s) proposed.	Scott Randolph Kirchof	981651

MANUFACTURER AUTHORIZED AND CERTIFIED: Proposer shall certify that it currently is a Manufacturer-Authorized Partner for all proposed systems/equipment that has the certification/specialization level required by Manufacturer(s) to support product sale, product pricing, product installation and ongoing product support in the southern California geographic area in accordance with the applicable Manufacturer certification/specialization requirements. The contractor selected for this project must adhere to manufacturer specified engineering, installation and testing procedures and utilize the authorized manufacturer components and distribution channels in provisioning this project.

Exhibit C – LIST OF CERTIFICATIONS

PROPOSER shall attest to the following that it can provide the requested certifications. District reserves the right to request additional information and proof of qualifications, licenses and certifications POST BID. Bidders shall provide information within 3 working days of the request.

C-7 License (Yes/No)	YES
C-10 License (Yes/No)	YES
DSP Certification (Yes/No)	YES
Control System Certification (Yes/No)	YES
Yamaha Installation Certification (Yes/No)	YES
Yamaha Certified Dealer (Yes/No)	YES

BID BOND

The makers of this bond are, Avidex Industries, LLC
_____, as Principal, and Hartford Fire Insurance Company
_____, as Surety and are held and firmly bound unto the
NEWPORT-MESA UNIFIED SCHOOL DISTRICT, hereinafter called the District, in the penal
sum of TEN PERCENT (10%) OF THE TOTAL BID PRICE of the Principal submitted to District
for the work described below, for the payment of which sum in lawful money of the United
States, well and truly to be made, we bind ourselves, our heirs, executors, administrators,
successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that whereas the Principal has submitted the accompanying bid dated October 19, 20 23, for **BID # 104-24 NHHS Theater Technology Systems Upgrade Project.**

If the Principal does not withdraw its bid within the time specified in the Contract Documents; and if the Principal is awarded the Contract and provides all documents to the District as required by the Contract Documents; then this obligation shall be null and void. Otherwise, this bond will remain in full force and effect.

Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract Documents shall in affect its obligation under this bond, and Surety does hereby waive notice of any such changes.

In the event a lawsuit is brought upon this bond by the District and judgment is recovered, the Surety shall pay all litigation expenses incurred by the District in such suit, including reasonable attorneys' fees, court costs, expert witness fees and expenses.

IN WITNESS WHEREOF, the above-bound parties have executed this instrument under their several seals this 2nd day of October, 2023, the name and corporate seal of each corporation.

INSTRUCTIONS FOR COMPLETING THIS FORM

Any acknowledgment completed in California must contain verbiage exactly as appears above in the notary section or a separate acknowledgment form must be properly completed and attached to that document. The only exception is if a document is to be recorded outside of California. In such instances, any alternative acknowledgment verbiage as may be printed on such a document so long as the verbiage does not require the notary to do something that is illegal for a notary in California (i.e. certifying the authorized capacity of the signer). Please check the document carefully for proper notarial wording and attach this form if required.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. ~~he/she/they~~, is /are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
 - ❖ Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
 - ❖ Indicate title or type of attached document, number of pages and date.
 - ❖ Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document

Company Overview

Avidex is passionate about delivering innovative AV solutions enabling organizations and enterprises to collaborate, create, and share ideas through the most state-of-the-art audiovisual and unified communication technologies.

Avidex is an award-winning team of AV industry experts, specializing in the design and integration of custom audiovisual solutions. Our strength lies in our ability to listen to and understand the unique needs and goals of each client. Our team of professionals consists of experienced, creative problem-solvers that have designed and integrated thousands of innovative audiovisual and communication solutions. All of our solutions incorporate a broad range of technologies that empower our clients to effectively communicate their message both internally and externally. We strive to provide everyone who walks through your doors with an unforgettable audiovisual experience. By building scalable, standardized, and serviceable solutions, Avidex will help your organization be more competitive, improve your operational efficiency, and deliver amazing results.

In 2003 the owners of Proline Audio Visual and Electronic Image Systems combined resources to create Avidex. Since then, Avidex has evolved into the preeminent integrator of audiovisual solutions and related services, with projects throughout the US and various global locations. Avidex is a PSNI Global Alliance affiliate, and the 8th largest AV integrator in the U.S. and a subsidiary of ITOCHU International, Inc., a Fortune Global 500 corporation.

From digital signage to large scale video walls, video conferencing, or presentation systems, we create reliable, standardizable, and user-friendly environments that increase productivity, innovation, and collaboration.

Core capabilities:

Organization and Leadership

Avidex is a leading provider of audiovisual and unified communication solutions offering full design, installation, integration, training, and support services for a wide range of collaborative solutions. Our executive leadership and the hundreds of dedicated Avidex employees make up our industry-leading team. We have the commitment, background, and knowledge to provide our customers with the best possible audiovisual solution experience.

Jeff Davis, CEO

Jeff Davis, President & Chief Operating Officer, joined Avidex in July of 2018. Before joining Avidex, Jeff served as Chief Operating Officer for global AV integrator AVI-SPL, where he was responsible for providing overall direction and guidance to maximize growth and profitability for the organization. Jeff brings over 20 years of leadership experience to Avidex, having held numerous executive roles at leading public, private, and PE backed companies, including Stanley Black & Decker and Tyco/ADT. He is passionate about developing people and organizations to take them "to the next level." He has extensive experience in managing the restructuring of sales and operations organizations and is highly effective at integrating processes and establishing shared understanding and values. Jeff specializes in post-acquisition integrations, growth strategies, and overall business transformation. During his career, he has developed multiple programs to drive sales and operational excellence.

Lance Bowers, COO

Lance Bowers brings over 20 years of sales, operations, and business leadership to the Avidex team. Before joining Avidex Lance served as the Senior Vice President, West for a leading global AV systems integrator. He was responsible for all sales, operations, and service activities for a team of over 500 employees, across multiple states with significant annual revenue. Before that Lance held various leadership roles with leading market players in the security industry including Kratos, Stanley, and Tyco/ADT. Lance is a natural leader who excels in team building, consistent growth and has a passion for knowledge. Lance has obtained numerous leadership certifications, including Digital Transformation from Stanford University, as well as being a University of Texas Longhorn.

Brandon Morrell, MBA, General Manager, Southern California

Brandon Morrell brings 3 decades of audiovisual and technology experience to his role as General Manager of the Avidex Southern California branch. Brandon has been with Avidex, and previously Digital Networks Group, for over 27 years. He has been involved in voice, data, and video communications for the span of his career and continues to provide leadership and oversight of technical system design, project management, and finance functions. Brandon brings not only business acumen but a deep understanding of technology to his role. He is also a key account manager specializing in relationship and business development with our contractor partners. Brandon received his BS from California Lutheran University and an MBA from the University of Southern California's Marshall School of Business.

Mike Procopio, General Manager, Raleigh, NC /Southeast

Mike is an experienced leader who brings 25 years of expertise in account management, service delivery, and project management to the Avidex team. By combining these skills with a robust IT and AV background, he serves as a trusted advisor in a rapidly evolving technological landscape. Mike is committed to building lasting relationships through excellence and believes there's no better way to do so than by providing a solution tailored to meet a client's needs.

Our Approach

Consistent, thorough, and transparent communication is critical and foundational to the Avidex design and implementation process. Following well-established design/integration practices, Avidex works to fulfill your needs during every phase of the design, procurement, integration, and post-installation support. Our PMP certified Project Managers follow proven industry standards to oversee your entire project from start to completion, including defining the work, building and managing the implementation plan, providing customer communications and facilitating status meetings, managing risk, overseeing project documentation, ensuring the quality of workmanship, and keeping an eye on the daily project metrics to ensure that project completion dates and cut overs are met. Your dedicated Project Manager will work closely with your project team to deliver your project on time, on budget and to ensure clear communication throughout the life of the project. Throughout the design and integration process, we provide coordination, meeting attendance, regular communication on status/action issues, and strive to deliver the highest quality customer service and experience.

Phases of Integration

Design/Integration Workflow

Avidex offers the most talented and knowledgeable staff in the industry. Our experienced sales, design, engineering, project management, integration, and support teams provide our customers with the highest quality of audiovisual solutions and services. Following well-established design/integration practices, Avidex works to fulfill your needs during every phase of the design, procurement, integration, and post-installation support. Throughout the design and integration process, we provide coordination, meeting attendance, regular communication on status/action issues, and strive to deliver the highest quality of customer service. The Avidex design/build process includes distinct phases that deliver excellence in integrated solutions.

Programming (needs analysis)

In the Programming phase, Avidex works to understand the requirements of your organization. We start with interviews with all key personnel from your organization. This information aids us in understanding your core business, as well as the technical, logistical, capital needs, communications obstacles, and future technology growth goals. We explore all possible options and develop the design concept that best meets your objectives, both short and long term. An Audiovisual Programming Report will be produced based on the requirements communicated during the interviews. The Programming Report will describe each of the audiovisual systems in the project. Also, the report will include an estimated budget. This budget reflects the anticipated equipment and integration costs to accomplish the capabilities described in the report.

Infrastructure Design

During the Infrastructure Design phase of the project, we work with the architectural and engineering teams to ensure that the building infrastructure is appropriate for the installation of the audiovisual systems developed in the programming phase. We meet with the design team to develop the correct approach to achieve the desired audiovisual systems environment. We participate in all necessary aspects of the design effort and make recommendations for audiovisual systems integration with the architectural and engineering design teams. Our work product will include a summary of infrastructure requirements, including acoustical, electrical, and lighting criteria. Also included will be facilities drawings illustrating audiovisual device locations, electrical drawings

reflecting the power pathways and conduit requirements, and any associated details needed for the construction of audiovisual elements. Over the life of your project, we continually review the programming report and budget. If technology changes or design elements require adjustments, these updates are incorporated into the final design.

Systems Design

In the Systems Design phase, we finalize the equipment required to accomplish the documented audiovisual capabilities. Typically, some time has passed since the project's inception and beginning the actual systems design phase. We meet with the client and review any technology changes that should be considered before equipment selections are made.

We produce audiovisual systems drawings showing the interconnection of all audiovisual devices. A functional specification is prepared to describe the operational capabilities of the audiovisual systems. An equipment list is prepared, which details every piece of equipment required to complete the audiovisual systems. The prepared equipment list is a stand-alone specification that can be bid. We work with the client and the GCCM to determine the best possible procurement process for the equipment.

Integration

The Integration phase encompasses Avidex coordinating the integration of the audiovisual systems. This phase of the project features both in-shop and site integration tasks. Avidex factory-trained, industry-certified technicians will fabricate, install, field test, and commission systems, while at the same time, our project managers monitor project schedules and costs, progress reports, and manage technology changes as they occur. Following the installation, our experts provide training and documentation on the proper operation of systems, to assure comfort with the technologies installed.

Control Systems Programming

The programmer is given the Control System design and the touch panel screen concept. The programmer works with the designer to develop the program, which is based on the system design and touch panel submittal. The programmer develops the control program, loads it into the control system, and tests all aspects of the program to prove it's operational to the design specifications. The programmer will work with the lead installer to solve any equipment control issues. When programming is complete, the programmer, designer, and customer will meet to sign off on the control system.

Testing and Commissioning

Before scheduling the final acceptance, the designer and lead installer will perform complete system testing to include the following items:

1. Video Systems will be tested and documented for proper signal levels and operation with measurement tools as well as observing the display device(s). All video paths are tested from the origination of the signal to the display device. Any discrepancies are corrected before final acceptance.
2. Audio Systems will be tested and documented for proper signal levels and operation using measurement tools and listening to the sound produced. All audio is examined from the origination of the signal to the speakers or audio destination. Assure that each piece of equipment in the audio path is performing at or above the manufacturer's published specifications. Correct any discrepancies found relating to signal

quality before final acceptance. Sound System Equalization will be set during the audio system testing using the appropriate test equipment. Control System operation is confirmed during this phase of the job. A final test of control system operation is performed before final acceptance and signed off by the designer. This sign off will be given to the customer in the final documentation. A test report is generated and given to the customer in the final documentation covering each item.

Documentation

In the Documentation phase, Avidex takes all of the approved concepts and puts them into the facilities and technical documents required by Avidex and others, to properly build the AV systems and infrastructure needed. Systems engineering and CAD are involved in this phase. Throughout the design and implementation process, Avidex provides coordination and attendance in meetings, regular communication on status and action, and strives to provide the highest quality of customer service.

Our work product for each phase includes written reports, cost estimates, and illustrated design drawings detailing architectural, electrical, and systems requirements. Avidex provides documents to define the functional, performance, and installation requirements for the audiovisual systems, which include specifications, equipment schedules, and details required that clarify intent.

Training

After installation, Avidex provides customized professional systems training classes on the proper operation of the system, to assure comfort with the installed technologies. Training packages are available at various levels to meet the specific needs of the job requirements. Sessions are designed with the "End-User" audience in mind - executive management, system operators, administrative and technical support, or facilities managers. Advanced courses for 'technical staff' or 'train the trainer' programs for support personnel are designed to fit your specific project requirements.

360° Service™ & Support | Managed Services

Avidex offers a comprehensive service, support, and managed services portfolio with an array of solutions designed to provide your organization with superior technical support and customer service. Our 360° Support Agreements offer the highest level of support coverage for our local, national, and global customers. Our service agreements include reactive and proactive support level commitments, expedited equipment repair, and an out-of-manufacturer warranty strategy. With remote monitoring and problem resolution capabilities, our 360° Service and Support options provide worry-free, managed services.

The Avidex 360° Service team consists of technicians, engineers, administrators, and managers all working together to provide you and your organization with the best possible customer support. Utilizing state-of-the-art remote management, analytics tools, and customer/ticket management, the 360° Service team ensures a truly professional and reliable service experience.

360° Coverage	Essential	Advanced	Elite
Help Desk Support Availability	8x5*	24x7	24x7

New System Warranty - 360° Service Solutions

Avidex 360° Service enhances the new systems' warranty coverage with proactive support services for worry-free operation. Avidex warrants the integrated system(s) furnished are free of defects in workmanship and materials for a period of one year from the date of acceptance or date of first beneficial use whichever occurs first. Remedy for such defects during the warranty period shall be provided at no additional expense to the client and shall be handled as expeditiously as is feasible during regular business hours and days of operation.

Under this warranty, Avidex will troubleshoot, uninstall and reinstall any equipment within the Avidex audiovisual system except for the cost to service and/or repair Client Furnished Equipment or equipment out of manufacturer's warranty. Avidex will broker and process the repair of that equipment at the standard Avidex rate.

Avidex reserves the right to charge for a service visit at standard Avidex service time and material rates (minimum of 2 hours onsite plus travel) if a service call results in a No Fault Found (NFF) or No Trouble Found (NTF) during a dispatched site visit.

360° Service Help Desk

The Avidex Help Desk consists of a dedicated, full-time team of certified technicians and service professionals. Our Help Desk is available via a dedicated toll-free number to report and request technical support for the integrated equipment. The Avidex 360° Service Helpdesk is available Monday – Friday 8:00 AM to 5:00 PM or twenty-four hours per day, seven days per week, depending on your selected service level. The 360° Service help desk team provides time and material quotes, schedules onsite support visits, and creates preventive maintenance documentation and deliverables for customer review. We also work closely with all manufacturers for timely repair and advance component replacement and escalates performance issues to the appropriate personnel within Avidex, ensuring service tickets are resolved quickly, accurately, and to your satisfaction.

Field Support Group

The Avidex Field Support Group consists of the best factory-trained and certified technicians, engineers, and design engineers available. This group is responsible for resolving your audiovisual problems in the field. Working closely with the 360° Help Desk, the Field Support Group provides onsite troubleshooting, problem resolution, and customer training. This group also performs all preventive maintenance and systems certification.

On-Site Dedicated Support Specialists

Avidex provides full-time, part-time, or hourly Onsite Technical Support Specialists who can help with the day-to-day operation, maintenance, and coordination of your existing integrated systems. This group specializes in providing immediate customer support, training, troubleshooting, and problem resolution for all types of presentation and conferencing systems. From state-of-the-art customer briefing centers to campus-wide classroom maintenance programs, Avidex has the solutions to fit your organization's needs.

On-Site Service

Keep your audiovisual systems in optimum working condition and avoid unnecessary downtime with an Avidex 360° On-site Support

AV EQUIPMENT SUPPORT

- Proactively troubleshoot, diagnose, and resolve audiovisual system issues
- Provide on-site repair or manage the RMA process
- Conduct periodic preventive maintenance
- Check-in/out AV production equipment
- Set-up and break down AV equipment for meetings and events

TRAINING & END-USER SUPPORT

- Consult with your internal users to best support their meeting/presentation needs
- Conduct AV operational training for your staff
- Provide AV meeting operation/support

ANALYTICS & REPORTING

- Maintain system data and provide usage reporting and analytics
- Conduct periodic business reviews

Management Team

Brandon Morrell, MBA, General Manager, Southern California

Brandon Morrell brings 3 decades of audiovisual and technology experience to his role as General Manager of the Avidex Southern California branch. Brandon has been with Avidex, and previously Digital Networks Group, for over 27 years. He has been involved in voice, data, and video communications for the span of his career and continues to provide leadership and oversight of technical system design, project management, and finance functions. Brandon brings not only business acumen but a deep understanding of technology to his role. He is also a key account manager specializing in relationship and business development with our contractor partners. Brandon received his BS from California Lutheran University and an MBA from the University of Southern California's Marshall School of Business.

Bob Crellin, Director of Sales

With over 23 years of experience in AV and RF technologies Bob has held positions as an Account Executive, Regional Sales Manager and is presently the Sales Director of Avidex. Bob's primary role is to provide guidance and support to over a dozen Account Executives and ensures client satisfaction is paramount. Since technology is ever changing Bob also interacts with our manufacturing partners and makes sure our Account Executives are up to date on the newest products. Bob has a Bachelor of Arts degree from Cal State Fullerton. In addition Bob serves on the Board of Directors for Cal State University Fullerton's Alumni Board and is a member of the Association of California School Administrators.

Brian Bodnar, Director of Operations

As the Director of Operations at Avidex, Brian brings a wealth of experience and a relentless commitment to excellence in audiovisual integration. His journey in the AV industry began with a passion for cutting-edge technology and a desire to create immersive and seamless AV experiences. Over the years, he has honed his skills and expertise, ascending through the ranks from a technician to his current role as Director of Operations. Brian has consistently demonstrated the ability to lead teams to success and has a proven track record of fostering a culture of innovation, where creativity and technical prowess converge to deliver state-of-the-art AV solutions for clients across various industries. He plays a pivotal role in facilitating the execution of projects from inception to completion and has an innate ability to streamline processes, optimize resource allocation, and meet deadlines with precision. Brian understands that in the AV integration world, time is of the essence, and excels in delivering on time and within budget. He believes that exceptional service is at the heart of every successful project and has built enduring client relationships by consistently exceeding expectations and tailoring solutions to meet unique AV needs. Brian's dedication to client satisfaction is evident in the numerous long-term partnerships Avidex has forged.

Michael Reshaw, Project Manager Technical Services

After graduating the valedictorian of his class at Expression College in Emeryville with a BA in Audio Technology, Tim spent a few years in live event production and audiovisual installation and engineering. Tim then came to Avidex with one dream, to be a control systems programmer. After five years of working in the trenches as an onsite support technician, a field support engineer, and a systems field engineer he was given the chance to realize his dream of becoming a control systems programmer and hasn't looked back since. In his over nine years with Avidex he not only passed his CTS, he also obtained certifications from some of the industry's top manufactures including (not limited to) Crestron, Extron, AMX, Biamp, QSC, BSS, Kramer, Shure, Poly, ClearOne, and Audinate. As a programmer Tim has obtained his Crestron Master Certification which he has leveled it up to Silver, as well as obtaining Extron Control Professional and Extron Authorized Programmer certifications. When not programming you will most likely find him riding his mountain bicycle up and down the west coast in search of the perfect single track.

Matt Naughton, Project Manager

Matt Naughton went to Michigan State University, earning his B.A. in Media Arts Technology with minors in Electronic Technology and Minority Political Science. From there he moved to Southern California to focus on broadcast production and engineering which evolved to implementing immersive AV experiences for companies such as Microsoft. Matt was hired in to the Avidex family four years ago to specialize in large-format LED walls and LCD video walls. He is now a Project Manager who specializes in defense contractor work and high-level AV jobs.

Mike Hurt, Project Manager

Mike has over 24 years of experience in the technology integration industry, spending eleven of those with Avidex. He has worked six years as Lead Technician and five years as Project Manager. Mike has been trained as a fiber optic installer and designer, holding certifications from Corning, Extron and Fiber Systems International. He has also been trained by Fluke, Ortronics, Panduit and Leviton. Mike is a member of the Electrical Technicians Association. His most notable project was a \$1 million audio-visual installation at Raytheon.

Adam Benda, Project Manager

Adam has been part of the Avidex team for the past 18 years. Adam has held various roles throughout the years including technician, sr. technician, programmer, and for the last 4 years as our dedicated Project Manager for UCI Projects. These include projects for departments including the Medical Center, School of Engineering, School of Business, and School of Law, just to name a few. He has been an integral part of our continued success at UCI through his thorough understanding of the ever-changing AV technology, AV installation practices, and excellent customer relation skills. Adam holds various industry certification including RCCD, ICIA CTS, and Extron's AV Associate, as well as Extron Control Programming Specialist.

Project Management Team

Nick Mirabella, Project Manager

Nick is reaching his 10 Year Anniversary with Avidex, this coming October. Nick started as a Field Technician and has worked his way into the Project Manager Position. Nick has his AV Associates, GC3 and Configurable Control Solutions Certification with Extron and is also a Digital Media Certified Technician and Engineer 4k with Crestron. He is currently studying for his CTS with InfoComm International to further his education in the AV Industry. Notable projects that Nick has managed for Avidex are Corona/Norco USD, Downey USD, Santa Ana USD, Bassett USD, Clovis USD and many others.

Chad Barker, Project Manager

Chad came to Avidex with over 12 years of construction experience in the public work sector. He worked on some high-end A/V projects such as UCSfD's Telemedicine and School of Business, Palomar Community College Performing Arts Theatre, UCLA's Medical Simulation Center and SCAQMD. Chad obtained his Extron AVA, XTP Systems for Techs Cert and Crestron DMC-T. Chad has since led the charge on multiple projects including UCI's Student Center and School of Business, Sonoma State's Student Center, San Ramon City Hall and Mazda.

Steve Ventura, Project Manager

Project Manager During his tenure with Avidex, Steve has progressed from Technician to Lead Technician, to Project Foreman, and on to Project Manager. He takes pride in his work and instills trust and integrity to his team. He believes in leading by example. Working his way through the various roles within Avidex further enhanced his ability to identify and mitigate issues, while seeing projects to completion. Notable jobs include a large scale paging project, in which he spearheaded the installation of the initial site, earning the trust of the customer to continue installations on 58 additional schools. He also lead his team at the Whittier UHSD where he completed over 400 rooms. He has completed several surveillance projects including the ROTC. Steve's contributions to his projects enforces our stance that, customer satisfaction and quality of service are the embodiment of Avidex.

Ken Brown – Project Engineer

Ken has been in AV for nearly 15 years as a Technical Trainer, Sales Engineer, and Design Engineer. As a technical expert and enthusiast, he has provided relevant solutions for organizations as their preferred Trusted Advisor. He has provided hundreds of presentations to a multitude of Corporate, Higher Education, and Government entities. His experience in AV control, IP over AV, and IT has assisted organizations such as Disney, Naval Pacific Fleet Command, and USC. He holds certifications from industry organizations like Harman, Extron, and NSCA. He earned his bachelor's degree in Information and Computer Science at UC Irvine and his MBA from the University of Southern California.

Al Martinez, CTS, DMC-E, DMC-D, Senior A/V Applications Engineer

Al has been an A/V systems design engineer and senior project manager for the past 14 years. With extensive systems design experience specifically directed to the public sector, Al has provided solutions for many major clients including Clark Construction, Tutor Saliba, Turner Construction, Matt Construction and Hensel Phelps, to list a few. Al's systems integration expertise included the design and implementation of complex A/V systems, video teleconferencing deployments, auditoriums, and major university systems. Al has worked on large-scale projects for the GAP, Warner Brothers Studio Stores, Nike Factory Stores and Citicorp. As a graduate of Phoenix Institute of Technology, Al holds certifications from AMX, Christie, Crestron and Biamp.

Ted Milhaven, RCDD, CTS, Senior Design Engineer & Estimator

Ted is a Registered Communications Distribution Designer (RCDD) who has attained the status of exceptional excellence in the field. The RCDD designation is recognized industry wide as indicating expertise in design of structured cabling systems for voice, data, and video distribution. Ted has engineered structured cabling projects for over 5 years. He has received various vendor training and certifications including Avaya Systimax, Corning, Axix, Ortronics, Panduit, Leviton and Extron.

Matthew Kessler, CTS-I, CTS, DMC-E4K, DMC-T4K, DMC-D4K, XTP-E, Integrated Systems Engineer

Matthew has been a part of the Avidex family for over ten years. In 2007, he began his journey in the industry as a field installer working projects involving structured cabling solutions, CATV, CCTV, and small classroom AV systems. Over the years he has grown more and more interested in the AV industry expanding his knowledge base through certification programs and field experience with higher end AV system integration as well as leading crews in the field. In early 2015, Matthew advanced into an engineering roll working primarily with our in-house Strategic Sales Group as a hybrid engineer for AV and Structured Cabling projects alike. Noteworthy projects include LAPD Training Facility, San Ramon City Hall, Vallecitos Water District, California State University Long Beach and Romoland School District.

Erik Noble, Project Estimator, CTS-D

Erik leads the Estimation team for Avidex and monitors the submittal process for the Strategic Sales team projects. Erik started in the AV industry 5 years ago as a manufacturer representative in Southern California and Arizona for several top-tier companies including: Barco, Casio, Stewart Filmscreen, and Vaddio. Previously Erik worked as an Underwriter evaluating contract accuracy. Erik graduated from UCLA with a B.S. in Cognitive Science with a Specialization in Computing. Certifications: AVIXA Certified Technology Specialist – Design, Audinate Dante - Level 3, Extron XTP Engineer. Shure Integrated Systems - Level 1, Bose ControlSpace Designer – Level 2, Biamp TesiraForte.

Mitch Giffin, SSG Project Engineer, CTS-D

Mitch started in the Commercial AV Industry 20 years ago working for a small design/build integrator where he gained familiarity with many of the aspects of AV system design and integration, as well as knowledge of the major equipment manufacturers (Extron, Crestron, Biamp, Samsung, Shure, etc). After moving to the product development side at one of those manufacturers, he realized he enjoyed the integration side more, leading to Mitch joining the SSG Team at Avidex in early 2019. Mitch graduated with a B.S. in Electrical Engineering from Bradley University and a master's in engineering management (MEM) from Case Western Reserve University. Certifications: AVIXA CTS – D, Extron AV Associate, Dante Audinate Level 1, Shure Integrated Systems Level 1

George Lamothe, Project Engineer

MCSE, NAV Specialist, AV Associate, Extron Control Professional, Integrated Systems Engineer George has been a part of the Avidex family for over 15 years. He began his career at Avidex as a Network Engineer then migrated to a Lead Service Technician working on a variety of Network and AV systems. Later George transitioned to a new role as Sales Engineer working exclusively on the design and integration of surveillance systems for both corporate and educational institutions. George has worked on a variety surveillance projects throughout Los Angeles, Orange, Riverside and San Bernardino counties. Noteworthy projects include University of California, Irvine (The Cove), Westminster and Huntington Beach SD surveillance, Virgin Galactic, Raytheon, Doheny Eye Institute and Boeing Space and Communication.

Dwayne Young, DMC-E, Systems Programmer

Dwayne has worked in the AV industry for 13 years. He started as an installation technician, then moved into system design (engineering) and then specialized in control system programming. He has since worked exclusively as a programmer in the industry both as an independent programming contractor and with other large AV integration firms. Dwayne joined Avidex in 2006. Dwayne is certified as an Extron, AMX and Crestron advanced systems Programmer.

Jaime Casas, Lead Technician-Foreman

Jaime has over 20 years of structured cabling and 15 years of audio/visual installation experience. He has worked as a Lead Technician-Foreman at Avidex for over 20 years. Jaime is a state certified Voice-Data-Video (VDV) electrician, has studied Premise Cabling Installation and Telecommunications at Community Career Development Inc., and is certified in Bicsi standards. Other certifications include Extron AV Associate, Tier 1-copper training, Mohawk, Ortronics and Panduit. He has been involved in a wide range of projects, many with a multi-million-dollar scope. Notable installations include CSU San Bernardino, Yorba Linda School District, Temecula School District, Murietta Vista High School, and the Extron Main Office, just to name a few.

Kevin Shannon, Lead Technician

Kevin began with Avidex over 4 years ago, quickly rising to lead technician. His electronics background was easily integrated into the company and Kevin has become an essential resource for large scale AV and data projects. Certified by Extron and Crestron for structural cabling, hardware integration, fiber optics, programming, and troubleshooting; Kevin has extensive experience with these manufacturers and others including, but not limited to; Biamp, Shure, Mackie, QSC, Panduit, and Leviton. Kevin's many data and audio/visual projects include Desert Sands USD, Palm Springs USD, Val Verde USD, Moreno Valley USD, Eisenhower Medical Center, Coachella Valley Water District, as well as Sunnylands Estates and Gardens.

Bill Downing, Commissioning Engineer

Bill has been in the audiovisual industry for 6 years. He came to Avidex 2 years ago as a LEAD AV Technician. Bill has a bachelor's degree in Cinema Broadcasting from Vanguard University. He has been instrumental in numerous AV installations where his experience played a major role obtaining the highest level of customer satisfaction from clients including Western University, Screen Actors Guild, Medimpact Healthcare Systems, Inc., Cardinal Health Medical Systems., Arcadia USD, & Poway USD.

Diane Bujakowski, Service Coordinator

Diane's background in a variety of disciplines in the AV and other field technical service industries over the years provides her with a great understanding of customer service values, priorities and communication critical to her role as Service Coordinator. Our primary representative for customer care issues, Diane places a high value on our customers and their individual support needs

Ken Vo, Integrated AV Systems Commissioning Engineer

Ken has been in the AV industry for over 10 years. After working at Avidex for a number of years in our installation group, Ken advanced to become a senior AV technician before becoming a Field Service Technician. Ken's broad experience as an AV technician provides Avidex customers with timely diagnosis and repair efforts when time is of the essence.

Mike Sisk, CTS, Integrated Systems Engineer

Mike has been in the AV industry for over 8 years. Mike had also worked as a senior AV installation technician using a wide variety of technologies before joining our Services Group as a Field Service Technician. Mike's expertise with troubleshooting and diagnostic skills stem from his many years of installation work and customer support efforts.

Dwayne Young, DMC-E, Systems Programmer

Dwayne has worked in the AV industry for 13 years. He started as an installation technician, then moved into system design (engineering) and then specialized in control system programming. He has since worked exclusively as a programmer in the industry both as an independent programming contractor and with other large AV integration firms. Dwayne joined Avidex in 2006. Dwayne is certified as an Extron, AMX and Crestron advanced systems programmer.

Note: Avidex's field service & support technicians receive continual professional development and training in the newest advancements in AV and related technology. They travel in fully stocked service trucks linked to our GPS system to expedite logistical support and provide a more responsive customer service experience.
