# AGENDA

- ❖ Importance of 10th Grade
- ❖ Post-secondary options: overview and preparation
- ❖ Career Exploration
- ❖ Join College Rep Information Session

LETS GET STARTED

# Class of 2026

## What should 10th graders be doing?

Students should be getting involved in activities that are meaningful to them / build positive connections

Doing their best in their classes - sophomore year grades count towards the A-G GPA for UC/CSU's

Thinking and exploring potential career options and potential classes that align with those career options

If students do not know what they would like to do yet (very normal), make sure you continue to take A-G classes to keep options open

Reaching out to teachers and working with them if they need help in their classes - take advantage of tutorials and after school tutoring in Students for Success
