1. OVERVIEW

eSchoolData is pleased to announce version 11.3.0 of the eSD® Student Management System. This release includes a few enhancement items as well as minor bug fixes.

For more information, please review this release notice for additional details regarding build highlights, product enhancements, minor enhancements & fixes, and security updates for this version of the eSD® Student Management System.

2. RELEASE HIGHLIGHTS

- **SSO for Student Portal-** With this release, users will be able to enable SSO for the Student portal. New settings have been added to the Microsoft and Google partner pages to allow districts to specify allowable domains for the SSO process.
- **Gradebook Template Copy-** With this release, users will be able to make copies of existing gradebook templates at the building level. A new Save-As button has been added to the Gradebook Template setup to allow districts to make copies of any existing building-level templates and will no longer be required to create brand new templates each time.

3. PRODUCT ENHANCEMENTS

GURU
GURU > Configuration > API Explorer The One Roster Users endpoint has been updated to include guardian details in the agents entity.
REPORTS
PA Only Reports > Exports > PA State Reporting: Student Fact Reports > Exports > PA State Reporting: Student Fact with Student Name The PIMS State Reporting display name has been updated from "Student Fact" to "Student Fact for Act16".
STUDENT PROFILE
Student > Profile > Health A new section has been added to the screenings for tracking Sudden Cardiac Arrest risk assessments.
SYSTEM
