School Goals

The SHHS vision for readiness is for all students to demonstrate courage, dedication, and preparedness. We work to open our minds to new perspectives with the confidence to do the right thing. We work hard to achieve goals, serve our community, and build skills of resilience to meet life's challenges. We invest in quality professional learning to ensure students receive academic and behavioral interventions to be successful. We develop and sustain programs to foster a positive climate, culture, safe and orderly environment. We strive for a comprehensive high school experience that prepares students for many postsecondary options.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

SHHS is committed to creating a safe and welcoming environment by promoting the district values of Belonging: Welcoming, honoring, and integrating diverse perspectives and individuals; and Community: Cultivating meaningful partnerships, effective communication, and sincere compassion. Our use of restorative practice, including community circles and de-escalation, help our school community form positive relationships with peers, staff, and families. Our staff receives training to ensure well-managed classrooms, communicates available school-based health supports, and enforces a clear, fair disciplinary policy.
