**New London, CT:** On a beautiful evening filled with hope, inspiration, and the spirit of unity, the Dr. Martin Luther King, Jr., Scholarship Trust Fund celebrated the outstanding achievements and contributions of local students. The event, held at a Mystic Marriot, was an opportunity to recognize and support these young scholars who embody the principles of Dr. Martin Luther King, Jr.

Among the distinguished recipients, Lexi Collins, a senior at Waterford High School, the daughter of our very own Associate Principal, Mrs. Collins, was honored for her exceptional dedication to academic excellence and her positive impact on the school community.

In addition to Lexi, our very own 8th-grade student nominees, Zariah Bonneau and Nailah Thompson, were celebrated for their remarkable achievements and the significant contributions they've made to our school. These talented young individuals have been selected for their commitment to embodying the values of Dr. Martin Luther King, Jr., and they are destined for bright futures.

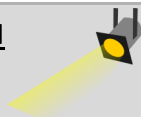

The heartwarming evening saw these remarkable students, along with their families, come together to celebrate their successes and dreams. High school seniors delivered moving speeches, sharing their aspirations and the impact of the Dr. Martin Luther King, Jr. Scholarship Trust Fund on their educational journeys.

The highlight of the evening was the presentation of scholarship awards to these outstanding seniors, symbolizing the community's investment in their future. The evening served as a testament to the power of education and the belief that, together, we can continue to make strides towards a brighter and more inclusive future.

The Dr. Martin Luther King, Jr. Scholarship Trust Fund remains committed to recognizing and supporting students who carry forward Dr. King's vision of a just and equitable society. We are immensely proud of our recipients and look forward to witnessing their continued growth and success.

As we celebrate the achievements of these extraordinary students, we are reminded that the dream of Dr. Martin Luther King, Jr. lives on through the young leaders who will shape our future.
