Your doctors, hospitals, and health plan work together to make exceptional health care easy to get. That means you'll have peace of mind knowing care for your total health is there when and where you need it – from your doctor's office to your living room. "I really appreciate the coordination of care. Every doctor and specialist can access my records, and I don't have to waste valuable time repeating medical histories."

—Lisa, Kaiser Permanente member

Care centered around you

Care at Kaiser Permanente isn't one-size-fits-all. Our physician-led teams work together to make sure the care you get is tailored to your needs. Your care team is all part of the same network, making it easy to share information, see your health history, and deliver high-quality, personalized care – when and where you need it.

Your healthy place should reflect who you are

We believe your story, background, and values are as important as your health history. To help deliver care that's sensitive to your culture, ethnicity, and lifestyle, we:

- Hire doctors and staff who speak more than one language
- Offer phone interpretation services in more than 150 languages
- Improved health outcomes among diverse populations for conditions like high blood pressure, diabetes, and colon cancer¹

Get seamless care with the help of your electronic health record

Share your health history and any concerns with your personal doctor.

Your doctor coordinates your care, so you don't have to worry about where to go or who to call next.

Future care teams have a full picture of your health history – without you having to repeat your story.

With your health records in hand, your care team knows your needs in the moment and reminds you to schedule checkups and tests. Plus, you can view your records 24/7.
