

# INTERESTED IN AN EXCITING CAREER IN STEM?

Lutheran North Academy, in conjunction with Quiddity, is offering a Mentorship Program to introduce students to the rewarding and diverse career opportunities in Science, Technology, Engineering, and Mathematics. Students will have the opportunity to work alongside engineering professionals to complete and present a project at the end of the program. This project will be submitted to the Texas Department of Transportation (TxDOT) for judging.

Scholarships will be available through the Program.  
These students will be selected for their passion for engineering  
and success of their project.

## WHERE:

Lutheran North Academy Cafeteria

## WHEN:

Sessions will occur on each of the dates  
below from 6 PM to 8 PM.

- October 26, 2023
- November 9, 2023
- December 6, 2023
- January 17, 2024
- February 15, 2024
- March 21, 2024
- April 11, 2024
- May 2, 2024
- May 4, 2024
- May 9, 2024
- May 10, 2024

Please be prepared to attend each session. There is NO COST to participate.  
Quiddity will provide dinner at each session.

## WHAT:

A free mentorship program designed  
to introduce aspiring engineers to the  
world of STEM

## WHY:

One of the pillars of the Quiddity  
Foundation is Developing Opportunity.  
Quiddity wants to cultivate young minds  
and the future of the engineering world.
