## **Lebanon** **After-School Program**

### **About the Boys & Girls Clubs of the Greater Santiam:**

Here at the club, staff are devoted to helping elementary school children develop their social, emotional, and academic skills to excel at home, in school, and beyond. Every day our buildings fill up with hundreds of children participating in hands-on fun activities that are teaching them how to be great and give back to the world they live in. Our members know all about having fun with a purpose, from fun fitness activities and nutrition classes to science experiments and art lessons.
