

# DISTRICT GUIDING QUESTIONS

How will Croton-Harmon Schools develop into a future-driven school system?

How will we create opportunities for thoughtful risk taking by students and educators in the pursuit of joy, interest, and passion in our schools?

How will we promote meaningful connection and engagement with all members of our school community and nurture a supportive environment that actively works through an equity lens?

How will we identify and implement effective approaches to ensure connection and engagement with our school district's families whose first or primary language is other than English?
