Name of activity (and pertinent details)                  Continue in high school?

List below any academic honors or awards you received in seventh or eighth grades.
Personal Statement

The written portion of this application enables you to demonstrate your ability to organize your thoughts and express yourself verbally. It also enables The Academy’s faculty to learn about you in a more personal, detailed manner. With these twin purposes in mind, respond to the topic below in a personal statement of 300-500 words, word-processed and double-spaced, in a clean and readable 12-point font.

Though you must, of course, include your personal statement with the rest of your completed application, you do not need to include this sheet. Title your writing simply “Personal Statement of [Your Name].” At the end, please sign your name in handwriting.

Topic and Guidelines

In The Academy’s program packet and on its website, the “Questions and Answers” section begins with the following:

Q: What traits do successful Academy applicants possess?
A: Successful Academy applicants tend to enjoy challenges; take academic risks; read willingly and enthusiastically; want to excel in a world language; care more about learning than about earning grades; take responsibility for their learning; recognize that most ideas and issues are not black-and-white; enjoy sharing ideas with others; respect and value a diversity of backgrounds and viewpoints; enjoy creative, problem-based projects with open-ended outcomes; understand that confusion is often part of real learning.

With these traits in mind, identify several traits you believe you possess, and one trait you would like to acquire. Conclude with a brief explanation as to why you think The Academy will be a valuable experience for you. Do not feel compelled to address all the traits; instead provide vivid details about two, three, or four of the traits. Provide specific details from your educational experiences so far in your life.
