

**THE  
HASTINGS  
ACADEMY**

Dear Parents and Carers,

As we approach the mid-point of this term, we're delighted to share some highlights from the past fortnight at The Hastings Academy.

**Open Evening Reminder:** On Thursday, 5th October, we'll be finishing our school day slightly earlier at 2:15 pm. This adjustment allows us to prepare for our Open Evening, where we welcome prospective students and their families to explore our school. If this causes you any issues please let your child's Head of Year know and we will make arrangements for them to remain in school until the usual time of 3.10pm.

**Ofsted Inspection:** You may already be aware that we underwent an Ofsted inspection this week. We extend our gratitude to all the parents and carers who supported us by meeting with the inspectors or completing the parent survey. The inspection was thorough and rigorous, reflecting our commitment to providing the best education for your children. Once the judgement and report has passed Ofsted's Quality Assurance process, we will promptly share this with you - we anticipate this to take around of 30 days.

We look forward to sharing the official report with you and continuing to work together to provide the best possible educational experience for our students.

Thank you for your ongoing support.

Warm regards,

Mr S. Addison  
Principal

Left: Y11 students leading some very competitive chess games in LGBTQI+ lunch club. Lovely to see our older students leading the way!

Above: Students preparing for their next D&D campaign.

There are loads of exciting clubs at THA, from D&D club to Netball to Writing club. It has been great seeing so many students getting stuck in this term.

Most of our clubs are open to all students unless otherwise stated, so if any of the above clubs interest you please do go along, or speak to the teacher running the club to find out more.

# Welcome!

This year we have welcomed many new faces to the academy, we have been delighted to have two new sencos, two apprentice MFL teachers, two apprentice Science teachers, amongst other teachers and staff members.

## **Welcome to everyone!**

Read the list to the right to see who is new and read on to find some interesting facts about our newbies!

Bruno Batista – Apprentice MFL  
Aline Caruano – Apprentice MFL  
Liam Wraith – Apprentice Science  
Ben Rowlinson – Apprentice Science  
Joe Saubolle – Apprentice Maths  
Rebecca Standen – English Teacher  
Fiona Bray- Senco  
Jay Dann-Finch-Senco

### **Changing Roles:**

Mandy Nash – Reception to Attendance Admin  
Kim Trigwell – Supply SEN TA to Cover Supervisor  
Sarah Williams – General cover to English Teacher

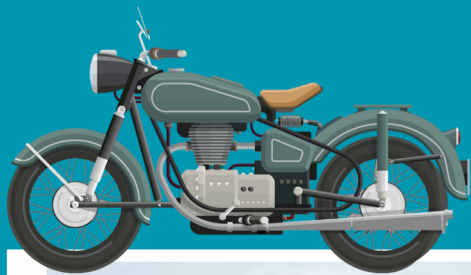

Fiachra Hughes and Kane Petty

Mr Hughes and Mr Petty are trainee PE teachers joining us from the University of Brighton, they will be with us until January 2024 and we are really excited to be welcoming them.

Mr Pettynis a star left back/defender and is interested in the way that The Hastings Academy mixes genders in sports, with all students playing together. Mr Hughes hails from Ireland where he plays hurling (a sport which looks like a cross between hockey and lacrosse). Mr Hughes is excited to try out some new sports which he hasn't played before like netball.

If you see either of them around the school don't forget to say hello!

Mr Saubolle

I am a Maths graduate of the Open University, father of 2 ginger girls, have a fox red Labrador retriever, a ginger kitten, I race an orange motorcycle that the 1066 kids are currently learning about while working on, and I am a race mechanic for a British Superbike Championship support class. I have spent 5 years in schools and previously led the automotive department of an alternative provision school that some of our current students attend. I am training as a Maths apprentice and looking forward to the wide variety of opportunities at The Hastings Academy.

## Mr Dann-Finch

This year we have two new sencos, Mr Dann-Finch and Miss Bray. They are both really excited to be starting at THA and getting to know everyone. Miss Bray will be the lead Senco for years 7-9, and Mr Dann-Finch will lead for year 9-11, with them both working with y9.

## Ms Bray

Both Miss Bray and Mr Finch are very friendly and keen to get to know you, so don't hesitate to pop by their offices or to request a meeting with them if you would like to discuss your/your child's special educational needs. Keep an eye on our newsletter for further information about the senco team and how they can help.

Richard Pringle has joined the academy team to provide bespoke interventions. We're so happy to have him here.

Miss Caruano has joined us as a MFL teacher specialising in French. Fun fact: She is a fast reader and can read up to 10 books per month !

# LIBRARY FILM NIGHT

FRIDAY 6TH OCT 3.10-5.10PM

The Library are gearing up for their termly film night, on Friday the 6th October after school the Library doors will open and a film voted in by the students will be enjoyed along with popcorn and drinks (Students are welcome to bring their own snacks too). In the past we have watched films like Matilda and The Hunger Games- all voted in by students. If there is a film you are keen to watch-

**Please go to the library to place your vote!**

# Student Leadership

This week we launched our student council helper scheme.

Each day a different pair of students from the school council came down to help out at the school office, running errands, helping to install displays and acting as friendly faces representing the school. They have had their very own welcome desk installed in the foyer to make themselves visible to our school visitors.

At the end of each day the students will receive a special certificate for their record.

So far the students have been really helpful, eagerly taking on dozens of helpful jobs around the school and making life really easy for everyone in the office. The students have been enthusiastic and an absolute pleasure to have around. Thank you to everyone who has helped to far!

In addition to the student helpers on reception, our student leaders can also be seen around the school helping out at other times of the day.

During break and lunch times senior students can be found on duty, ensuring that the corridors and lunch hall areas remain calm places and helping new students to find their ways to lessons.

They have made themselves instantly recognizable with purple vests for when they are on duty, and their very own royal blue polo shirts to ensure that they can be recognised at other times. See the photo of our head boy below to see an example of the new senior student uniform.

The Senior Students have also been helping out in different ways, lending their voices to our new academy phone answering machine and newsletters.

So far they have been absolute stars. Well done all!

# Tutor Lunches

Every day at 1pm the canteen buzzes with the sound of chatter and laughter. Our tutor lunches have been taking place, an opportunity for each of our tutor groups to break the ice and socialize with their new peers and tutors.

Part of the reason for these lunches- provided free by the school, was to give our children the opportunity to sit down and practice their table manners and social skills. Mr Collet gave a great talk during his tutor lunch about the importance of body-language when socializing. As you can see from the photo to the right- he made sure to emphasise how important eye contact is when communicating.

When your child has their tutor lunch, the food is provided free by the canteen, so there is no need to send them to school with a full packed lunch on this day. Just make sure you check the schedule!

## Schedule for upcoming tutor lunches:

2nd October – Year 9 RSM  
3rd October – Year 9 RST  
4th October – Year 9 VPE  
6th October – Year 10 TSM

9th October – Year 10 IRI  
10th October – Year 10 AEV  
11th October – Year 10 LCH  
12 October – Year 10 FMA  
13th October – Year 10 JEL

16th October – Year 11 GMC  
17th October – Year 11 SHA

### HALF TERM

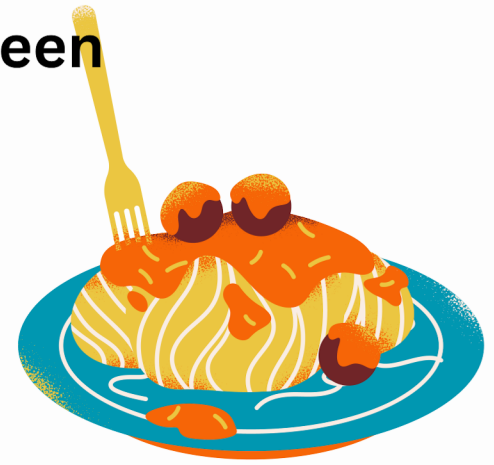

1st November – Year 11 JKE  
2nd November – Year 11 GBL  
3rd November – Year 11 KEA

# Flavours from the canteen

## Pizza:

Margherita  
Meat  
Vegetarian

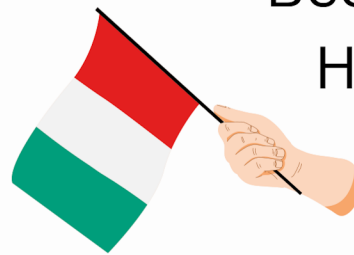

## Pasta:

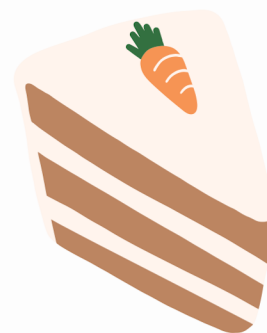

Beef Bolognaise  
Herby Tomato  
Carbonara

## Sides:

Dough balls  
Garlic and Herb Wedges  
Side Salad

Have a pasta with  
sauce and add a  
drink or cake for only  
£3!

## Sweet Treats

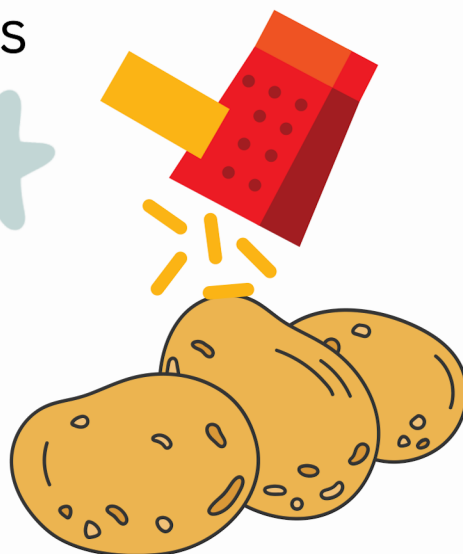

Oat Cookie  
Chocolate Brownie  
Fruit Flapjack  
Iced Bun  
Jam Doughnut  
Rice Crispy Cake  
Cornflake Cake  
Lemon Drizzle Cake  
Shortbread

## Jackets of all trades:

### Toppings:

Baked Beans  
Cheese  
Bolognaise  
Tuna Mayo

Side:  
Salad

Oreo	£1.00
Mini Biscuit Pack	£0.60
Homebakes	£1.06
Homebakes mini	£0.65

## Meal deals

**Main with a drink or homemade cake for £3**

# What Parents & Carers Need to Know about THE DANGERS OF VAPING

Data collected for ASH (Action on Smoking and Health) shows an increase in 11 to 17-year-olds experimenting with vaping: from 7.7% in 2022 to 11.6% in 2023. It's concerning that these age-restricted products are getting into the hands of under 18s as most contain nicotine, which can be detrimental to brain development and cause long-term addiction. Some schools have reported students having their focus in lessons affected by nicotine cravings; vaping in school toilets; and even trying vapes found in their local park. Raising awareness of the risks among young people could help to prevent these problems from escalating and reduce the number of young vapers.

## WHAT ARE THE RISKS?

### NICOTINE ADDICTION

Since they were initially developed to help people stop smoking, the vast majority of vape liquids contain nicotine. Not only is this a highly addictive stimulant, but it can also have detrimental effects on brain development in the under-25s. Nicotine can decrease the ability to pay attention, weaken impulse control, affect mood and increase the likelihood of substance addiction as an adult.

## WHAT IS VAPING?

Vapes contain a liquid (vape juice/e-liquid) that is heated by a battery and evaporates, creating a chemical vapour which the user inhales. They can be **disposable** (once the liquid or battery runs out, the vape is thrown away) or **rechargeable** (the user replaces the liquid and recharges the battery on demand). Most vape liquids contain nicotine and other chemicals.

### LACK OF AWARENESS

A proportion of young people tend to view vapes as harmless, mainly because of the products' appearance and the perception (often strengthened on social media) that "vaping is cool" and on trend. In many instances, young people don't fully appreciate the concept of addiction: that is, they aren't adequately aware of the risk of becoming hooked on nicotine before trying a vape.

### POTENTIAL TOXICITY

Many vape liquids have been found to contain 'heavy' metals such as lead, tin, nickel and (in some cases) mercury – all of which are toxic. These metals often take the form of tiny shards inside a device's liquid tank, which are then inhaled into the body. Some media reports have suggested these metals are particularly prevalent in illegally imported vapes which don't comply with UK regulations.

### UNCLEAR LONG-TERM CONSEQUENCES

The liquids in vapes also contain solvents, which can create carcinogens at the point of evaporation. Vapes were only introduced into the UK in 2005 – and, because of the relatively short timeframe involved, there is insufficient medical evidence to assess the long-term harms that regular inhalation of these chemical fluids might have on the human body.

### ATTRACTIVE PACKAGING

The packaging of many disposable vapes is very appealing to young people, frequently echoing the colours and flavours of the sweets or fizzy drinks they're used to buying. There's a relative lack of regulation around vape marketing, and vaping is often depicted positively on social media – which can lead young people to develop favourable views of vaping and overlook the possible harms.

### ENVIRONMENTAL EFFECTS

In the UK alone, around 1.3 million disposable vapes go to landfill every week. Due to such significant numbers of these products not being recycled, their components – a lithium battery and a chemical liquid – pose a toxic risk to the environment, the ecosystem and wildlife. Vapes are also predominantly made of plastic and metal; materials that, of course, do not naturally decompose.

### WIDER HEALTH CONCERNS

Studies are already showing a link between vaping and oral health problems such as tooth decay and gum disease. This is because vaping reduces the amount of saliva in the mouth, while increasing bacteria – resulting in bad breath and a build-up of plaque. There are also concerns that, in some users, vaping could lead to the development of asthma, a persistent cough and breathing difficulties.

### UNREGULATED VAPING PRODUCTS

The number of retailers willing to sell vapes to under-18s is a worry, as the chance of these products being unregulated (and therefore containing illegal chemicals and higher levels of nicotine) is high. A related concern is that the mechanisms inside unregulated products are unlikely to have been tested and safety checked – presenting a possible fire risk if the liquid and battery come into contact.

### SCARCE INFORMATION

The lack of information about the ingredients and potentially harmful chemicals in a vape is troubling. Some vape fluids (unregulated in the UK) contain traces of nuts, which can cause an allergic reaction or anaphylactic shock. To date, medical warnings aren't required on vape packaging – with only medical disclaimers being found on the websites of the various brands.

### VAGUE INGREDIENTS LISTS

Early research has suggested that the chemicals used to produce some strawberry and banana flavour e-liquids can kill cells in the blood vessels and heart. These ingredients aren't identified on the packaging, instead falling under the umbrella term 'natural and artificial flavourings'. Such vague listings mean that consumers aren't aware of the liquid's content so can't identify potential risks.

## Meet Our Expert

Run by the Cambridgeshire and Peterborough Healthy Schools Service (commissioned by Cambridgeshire County Council and Peterborough City Council), Catch Your Breath is a school-based project aimed at young people. Its goal is to embed a proactive, coordinated approach among both primary and secondary schools in discouraging smoking and vaping behaviours.

# CLASS+ Coffee & Chat Sessions

Come and join the CLASS+ team and other parents at one of our Coffee and Chat sessions. No need to book just turn up. These sessions are designed for parents who have an autistic child or a child on the autism pathway. We kindly ask that you don't bring small children to this session. There will be a short section on this session that will focus around the theme of autism and change.

**18 September, Westfield Primary School, 1:15pm to 2:45pm**

**20 September, St Thomas a Beckett Primary School, 9:00am to 10:30am**

**27 September, Peacehaven Community School, 9:15am to 10:45am**

**28 September, Willingdon Primary School, 9:15am to 10:45am**

**4 October, Robertsbridge Secondary School, 9:15am to 10:45am**

**19 October, Telscombe Academy, 1:15pm to 2:45pm**

***No need to book just turn up***

## Polite Notices

### Facebook

We have been made aware of some students gaining access to private parent's Facebook groups. Please be aware that news coming from online social media may not be coming from official sources and therefore potentially incorrect. Always refer to official Academy communications, and be mindful of rumours being spread on social media.

### Staff Interactions

When speaking to school staff please be mindful that we are all here to help you and your child. To promote a positive environment and set a good example for our students, please try to maintain a respectful tone when interacting with all staff members. Even when things become frustrating setting a constructive tone will help to resolve matters in a timely manner.

### Meetings

Please be aware that Head of Years and other teaching staff usually have a busy schedule, between teaching, pastoral care and other duties it is often difficult for them to be available at short notice. If you would like to discuss a matter with a HOY or other member of staff the best way to do this is to organise a meeting in advance. Parents/Carers arriving at the school without having arranged a meeting may have to wait a long time to be seen, or may risk wasting a journey if the required staff member is not available.

## Parking

Could parents picking up and dropping off children please refrain from parking on double yellow lines and in the disabled parking bay (unless holding a blue badge). Please also be aware of blocking the staff car-park and adhering to the one-way system. Please remember to be aware of pedestrians in and around the carpark, and if waiting for your child please be mindful of both the health of the pupils and the environment by switching off your engines.
