- Progress on parent engagement for student learning, including training in PowerSchool and supporting technology. 5E
 - Reviewed 5E parent results and came up with our own analysis.
 - Communication, Access, Connectedness, and Parent Involvement:
 - communication on point
 - parents feel valued and connected as much as they want to/can be
 - happy with admin
 - Parent Satisfaction, Parent/Student Interaction, Parent/Teacher Interaction, Parent Involvement :
 - Parents satisfied with Holmes and engaged with their student at home
 - Parent involvement is still a challenge.
 - School Safety, Teacher Trust, Quality of School Facilities, School Outreach
 - Positive communication between school and parents and overall happiness with the teachers and staff
 - Need to improve the safety and bullying and emotional support with that.
 - Brandon Comfort answered specific questions about the 3E's - The district holds the 5E's up to the same as the academic performance – it's very important to the district.

- Deambox
 - doing better but 40% of students are still not participating
 - 36% of students are doing 5 or more per
 - Need to discuss in next meeting for more involvement from parents and kids.

Agenda items for March

- Work on ways to get parents more involved with volunteering and how to better notify about volunteering opportunities.
- Continue to review 3E engagement.
