

Selah School District #119

TO: Parent/Guardian
RE: Student Photographs/Names

The Selah School District may publish student names and photographs when reporting on student activities, to recognize student achievement and for public information purposes.

If you **do not want your child's photo and/or name published** please **return** the form below within two weeks after registering your child in the Selah School District or by September 15 of each school year. This form must be filled out annually, the original will be on file at your child's school and a copy will be forwarded to the Administration Office. If no form is on file it will be assumed that permission for release of photos, names and/or directory information has been granted.

NOTE:

- Keep in mind if you choose **NOT** to have your child's name and/or photo published—and your child is an award winner, honor roll member, or other honoree who is celebrated in print or video, we will **NOT** be able to publish a name or a picture, depending on your request.
- If you do not want your child's name and/or photo published, this will also include not publishing a photo or name reference in the school's yearbook.
- Your child may be photographed or videoed, though not identified on occasion, if the photograph or video is of a large group situation such as an assembly or team activity.
