Health teacher(s) from each building
- x Community Members (13):
  - x Parents from across buildings
  - x Board Member
  - x Students
  - x Health Professionals
  - x Clergy

# The Process

- x **November 9, 2021** - RHAC met to establish goals for the year; update dated materials for currently approved curriculum
- x **December/January** - RH teachers review and select updated materials for recommendation
- x **February 2, 2022** - RHAC met to review recommended updates
  - x All recommendations passed unanimously
- x **February 23/March 2** - Public Hearings
- x **March 14/April 11** - Recommendations presented to Board of Education for review & approval

# The Updates

- x New resources recommended in 4th-8th grade
  - x Recommended resources address our currently approved curriculum with no additions of topics or concepts
- x Recommendation to add spring maturation lesson for 4th grade boys - addresses same standards as girls
- x 6th-8th grade scope & sequence revised to reflect new resources, streamline instruction, and eliminate redundancy
- x No updates or changes at high school level

# Family Preview & Opt Out Option

- x Families notified 2 weeks prior to reproductive health lessons with guidelines for preview & opting out
- x Full materials available upon request
- x Families may opt out of individual lessons or entire unit
