

Homework hour gives students the opportunity to work on their written homework and/or study for tests under the supervision of a teacher from the Notre Dame faculty. A teacher is available to help answer student questions and guide them in organization, time management, and study skills. Volunteer peer tutors are also often available. Our goal is to help lighten the load for students and their families when they go home. Students attending and volunteering may bring a light snack and water in case they get hungry.

First Grade's Helping Hands

This year, Mrs. Hopper has tasked each grade to complete a service project of their choice. First grade students will be creating friendly greetings in school to send to children in Maui who have become homeless due to the wildfires. Each first grade student is also being challenged to complete chores at home to earn money to send book bundles to those children in the shelters.

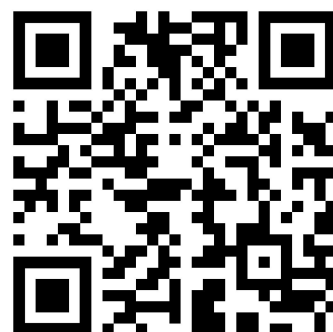

While all first graders are being asked to participate, students in all grades are invited to participate as well! Let's work together to spread some joy! Please read below for ways you can help!

- ★ **Send greetings!** In addition to losing their homes, students in Maui also lost their schools in the fires. The teachers of the schools in Maui have been reaching out to teachers worldwide and asking for cards, pictures, or friendly messages that they will hand deliver to their students in shelters. If you would like to send greetings, please return them to Mrs. Boyle by September 22.
- ★ **Earn money and send in a donation!** Complete some extra chores at home to earn money. Send your cash donation to Mrs. Boyle by September 15 and PaperPie will match 50% of each donation and ship book bundles to the children in the shelters.
- ★ **Purchase books for your family with a matched 50% donation!** You can also order books for your own family and PaperPie will match your order with a 50% donation towards book bundles for the children in Maui. Orders must be received by September 15. You can follow the QR code below to shop.
