

LCSD#2 COVID-19 District Case Dashboard

Last Update November 2, 2023 12:00 pm

Please note that only total case counts at a school will be provided. In order to protect personal student/staff health information, specifics such as class, grade level, or breakdown between students and staff will not be posted.

** Health officials have noted that the bulk of transmissions appear to be community level spread (after-school social and family interactions), as opposed to school spread transmissions. Mitigation practices will continue at schools, but we also rely on students, families and staff to adhere to County and State health orders outside of school.

**Current
Active Cases 1
District Total**

This dashboard does not update in real-time. The totals reflect the information available to the District at the time of the last update (listed above). Due to processing time, there may be a delay (particularly during weekends and school holidays) when a parent/guardian is notified of a positive case.

School	Active Cases
Albin Elementary	0
Burns Elementary	0
Burns Jr/Sr High	1
Carpenter Elementary	0
Pine Bluffs Elementary	0
Pine Bluffs Jr/Sr High	0
District Staff (<i>non campus</i>)	0

Active Cases: The number of District students and staff reported as testing positive. A case is considered "active" for 10 days from when it is reported, and the individual can return to school based on recommendations from the Centers for Disease Control.
