Welcome to the 2023-2024 School Year

Mark your calendar for our first networking event on November 1st from 3:45 – 5:00 pm, in our Boeing Presentation Center (BPC).

Do you know a colleague or friend who would like to become a mentor, bring them with you to our upcoming networking event!

Summer Student Updates

This summer our Green Energy Team took the RAHS solar car to PACCAR technical center in Mount Vernon for an endurance challenge. The team wanted to travel as far as possible in roughly seven and a half hours. To travel as efficiently as possible, the team had to make precise decisions on how fast to drive the car. In the end, the team found that the optimal speed to drive the car was approximately 69 km/h. WOW, way to go!! For more information, check out their webpage.

A mentor empowers a person to see a possible future and believes it can be obtained.
