

AIM Institute™ for Learning & Research

AIM Technical Requirements

Participants

Personal devices must be able to run one of the major modern browser versions. Generally, this breaks down
this list of devices.

- Mac running MacOS 10.13 (High Sierra) or newer
- iPad or iPhone running iOS 9 or newer
- PC running Windows 8.1 or 10
- Android OS version 7 or newer

These devices will be able to run one of the major modern web browsers below, which may need to be updated on your device.

- Chrome 72 or newer
- Firefox 64 or newer
- Safari 11.1 or newer
- Edge 17 or newer
- IE 11

Additional Basic Needs

- Enrollees and tech department in each participating school should "**whitelist**" the following email address so that emails from the system do not get sent to your spam folder: **pathwaysupport@aimpa.org**
- Ability to connect to good WIFI
- Charger and an outlet or external battery pack to plug into

Security/Privacy

- Our privacy policy is linked in the bottom right of the home page of <http://www.aimpathwaysonline.org/>.
