BF 32993 Acknowledgement of Good Work Provided by Students

Alex Le, a senior at Como Park Senior High School, received the Legion of Valor Bronze Cross award through the Como Park Marine Corps JROTC. The Bronze Cross is an elite honor earned annually by just six exceptional individuals from over 8,000 JROTC cadets across the entire world.
Le’s accomplishments in JROTC began during his freshman year and increased over time to include not just higher rank and distinction within the program, but also excellence in challenging academic coursework, extracurricular activities, and community service.

Le is a top student at Como Park Senior High. He has led a Como Park High Knowledge Bowl team to the national JROTC finals in Washington D.C., three times, and has earned AP scholar status, and is a member of the National Honor Society with distinction. He has also earned multiple accolades, ran track and field, Nordic skiing, swimming, tennis and had leadership roles in several service projects within the community in addition to JROTC and school initiatives. Also, Le completed the Commander Naval Air Force Pilot Scholarship program this past summer at the Delaware State University, Dover.

The proclamation for the Legion of Valor Bronze Cross ceremony included roughly 40 other awards, achievements, and accomplishments. Le’s resume is extensive, and his uniform is highly decorated. But the quality most admired by both instructors and fellow cadets is Le’s determination.

The support Le has received from the Como Park MCJROTC, his teachers, and his parents Thephong Le and Danglan Nguyen will serve as a springboard as he pursues his Armed Forces Academy and college experiences. Alex Le has plans to study aeronautical engineering. The goal is to use the skills and commitment to excellence he’s developed as a compass for succeeding in the military or college, career, and life.

BF 32995 Acknowledgement of Good Work Provided by Outstanding District Donors

In recognition of National Homelessness Awareness Month, Project REACH would like to lift up several donors and their ongoing support of the students in SPPS who are experiencing homelessness. Because of their generosity, students have winter coats, boots, food, supplies, beds and other needed items to reduce the barriers getting our students to school and ready for their day. The support they have given has allowed our students and their families to better access school and exhale for the first time in a long time. On behalf of the over 650 identified students experiencing homelessness in SPPS today, we are incredibly grateful!

VI. COMMITTEE REPORTS

A. Minutes of the Committee of the Board Meeting of November 1, 2022

At the Committee of the Board Meeting on November 1, 2022, Superintendent Gothard welcomed everyone to the meeting and shared details on the celebration of the first Karen language class.

The first presentation focused on the 2023 Legislative Agenda. Discussion from the Board included details on building a strong presentation at the capitol as a community, common interests amongst legislators, the importance of relationships in our legislative work, and willingness from board members to help in legislative efforts.

Next, an update from the department of Security and Emergency Management was provided. This presentation sparked further requests for information on school emergency plans, data for the stop school violence grants, and the importance of everyone’s participation in “active supervision” to keep our students, staff, families, and buildings safe.

Finally, Chair Vue and Vice Chair Kopp presented an introduction to Student Outcomes Focused Governance, and a report out from the Council of the Great City Schools Annual Fall Conference. Superintendent Gothard began by sharing details of this time at the conference, including task force meetings, and the executive meeting, as well as the topics presented by SPPS. He noted that one of the great aspects of the conference is the ability to connect with other urban districts across the country. The fundamentals of student outcomes focused governance were also shared, as well as next steps. From this presentation, board members then requested examples of items that would not be student outcomes focused, and personal experiences with the training. Further information was also provided on the
information provided at the meeting and the full manual of information from the Council of Great City Schools. Hesitation on this work was noted by some, and the need for further discussion in terms of limiting or narrowing the work of the Board, as well as in regards to the cost of the contract. Further discussion also involved the ways to tailor this work to SPPS, and that this work is based on the community, students, and profile of our district.

MOTION: Director Kopp moved that the Board accept the report of the Committee of the Board Meeting of November 1, 2022, and approve the recommended motions and minutes of that meeting as published. The motion was seconded by Director Foster.

The motion was approved by roll call vote:

- Director Henderson: Yes
- Director Ward: Yes
- Director Vue: Yes
- Director Allen: Yes
- Director Kopp: Yes
- Director Ellis: Yes
- Director Foster: Yes

VII. SUPERINTENDENT’S REPORT

Superintendent Gothard then introduced the reports for the meeting, which are related, but two different approaches to enrollment - one is an update on the work of the enrollment committee, and the other is an update on current enrollment.

He then welcomed Maggie Brueken, Project Manager, and Jackie Turner, Chief of Staff and Operations to present the Enrollment and Retention Committee Update.

A. Enrollment and Retention Committee Update

The presentation included details on the Enrollment and Retention Committee, including that it is a partnership between the Board of Education, Administration, and SPFE. The committee structure was reviewed, as well as the overall project goal for SPPS, SPFE and the Board of Education to jointly develop a student recruitment and retention plan to increase enrollment at under-enrolled elementary schools. We will meet the overall goal through a phased approach. The phases were also shared, with details and timeline of each phase. The progress of the committee so far was also reviewed. Strategies within Phase 1 were also discussed, including a brand awareness campaign, and district council outreach. Next steps were also shared, including the launch of Phase 2 in November/December 2022, with further details on this phase, including school selection and sustainability of the project.

The full presentation can be found in the BoardBook.

QUESTIONS/DISCUSSION:

- Director Ward noted he is excited for this work, and there have been conversations about this from different parts of the community, including with families. SPFE has also been very vocal in addressing enrollment in an intentional way. He then noted that he presented a proposal to create an enrollment committee, and Chief Turner then reviewed the current work on this topic, and the work started from there. He believes this is an amazing and collaborative effort from SPPS communities with the Board, Administration, and SPFE.
- Director Henderson requested more information on the work with the district councils. Response: This idea came from a visioning session, and we saw the need for community engagement and outreach, and meeting our community where they are and live. Director Ward provided details on the work of the district councils as it relates to his current full-time job. The councils work to cultivate relationships with the communities they serve, and this is one way to utilize existing relationships and to try to ensure communities are aware of events and news that the governmental organizations who serve them. Director Henderson noted she is excited about the ways we can build relationships in other places, and the data of the number of folks who interact with each district council.

- Director Vue requested information on our definition of “stabilization”, and the criteria. Response: We do have outcome measurements related to different phases of the plan, and are able to establish looking at trends. One of the outcomes for Phase 1 measurements around stabilization includes that the number of students enrolled in 2022-23 does not decrease more than 1.5% the following school year. We are looking at trends from the past few years to ensure our goal is reachable as well.

- Director Ellis requested information on the criteria used for under enrolled schools, and determining that they are under enrolled. Response: More information can be provided, but there will be goal setting based on schools and their student population and numbers, with goals for each phase, and individual schools will build out metrics.

- Director Ward requested information on the decisions around which schools are selected in this process, and the criteria for marking them as under enrolled. Response: One of the criteria is physical space within the building, as well as looking within each neighborhood and determining the opportunities for growth.

- Director Ellis noted that she believes schools will feel uneasy if they are targeted as “under enrolled”. They may be nervous about future potential school closings, and we need to get them to a place of trust, especially after the Envision SPPS process of the previous year. There will be messages to community that may make them nervous about their schools, especially if the terms “under enrolled” and “stabilize” are used, and both intended and unintended messages will be conveyed through that. Response: That is a valid point, and will note that as we support schools. For the schools that are under enrolled, there will be a plan to be able to provide resources in human resources, financial services, personalized supports, and analyze data on reasons students may have left the school and other information. We are excited to offer a tailor-made full service model of supports. While we are not in the position to offer this opportunity to all schools, there has not been a shortage of interest from schools, and we will be able to offer this to 5-7 schools.

- Director Ellis noted there is the providing additional support and resources, but we will not be able to do so for every school in the district, which sounds confusing and inequitable. Language is important and actions are important. Chief Turner noted this committee focuses on recruitment and enrollment, not academics. She noted there are some buildings who are at capacity because of Envision SPPS, such as Phalen Lake. We will be working with schools with physical space to accommodate more students.

- It was noted that we are being intentional with efforts and build the baseline if it is successful with targeted supports and additional supports. Schools are willing to make configurations work at their schools to see themselves grow. Administration and families are excited to work with the process to increase enrollment. We need to be intentional and follow up with families, including school tours, and calling families to encourage them. We hope to learn and expand to multiple schools, with 7 as the maximum currently.

- Director Kopp noted that it has been a joy to serve on the planning committee, and there have been difficult conversations; schools are personal and we want them to be good, full of joy and learning spaces, which yield rich ideas and directions. It has been a good experience. Regarding
resources, specifically around marketing, she reflected on her experiences, and the value of a professional marketing role to understand the landscape, and we cannot expect schools to have this expertise. That role will be able to tell everyone about the greatness of that school community, and we hope to learn from this process, and apply it to sustainability going forward. She also appreciates the sensitivity about schools who may be under the microscope, and that language does matter, and that we continue to lift them up, and be mindful of folks in the schools who may be aware their school feel under enrolled. She also thanked Director Ward for his work on the steering committee, as well as Ms. Brueken.

- Director Ward noted that the concerns are important, and while he was not on the Board during the Envision process, he did pay close attention to it, and knew the community felt hurt by it, regardless of the outcomes and trends. He understands that any process where schools are selected as “needing help,” it may bring up memories, and at the same time, this is the kind of process we need to ensure we are giving our schools the best chance to ensure we don’t go through the Envision process again. Conversations were thoughtful, and while all were not in agreement all the time, everyone came forward with this best possible solution with the resources we have for schools to address this trend. He also thanked Director Kopp and the planning committee.

B. School Year 2022-23 Enrollment Overview

Next Superintendent Gothard welcomed Dr. Stacey Gray Akyea, Chief Strategy Officer, and Kara Arzamendia, Director of Research, Evaluation and Assessment to present information on the SY2022-23 Enrollment Overview. The presentation included information on the total number of students enrolled, which is 32,969 in PK/VPK-12, as well as K-12 enrollment of 31,888 compared to the projected enrollment of 31,883, and the state funded enrollment of 32,149. Details were also shared on the Fall to Projected Comparison, schools with higher than projected enrollment and schools with lower than projected enrollment. Enrollment trends were also reviewed, including K-12 enrollment from SY68-69 to SY22-23 and timelines and significant events within that time frame and trends in district enrollment by grade for SY19-20 to SY22-23. Details on market share were also discussed, including that in SY21-22 SPPS enrolled 61% of the 52,685 school age children who live in Saint Paul, as well as that approximately 20,000 students enroll outside of SPPS each year with more students enrolling in charter schools, followed by nonpublic schools and then other public districts outside of SPPS. Demographics of students who attend schools outside of SPPS were also reviewed as well as trends. Continuation details were also shared, including that the continuation rate for all grades PK-12 has been at or above 85%, with further figures and trends including trends around continuation for PK to K, continuation for Grade 5 to Grade 6, and continuation data for Grade 8 to Grade 9. Details on the schools affected by Envision SPPS were also shared, including the enrollment details of students in those schools that were impacted by Envision SPPS.

The full presentation can be found in the BoardBook.

QUESTIONS/DISCUSSION:
- Director Foster noted her appreciation for the detailed presentation.
- Director Vue requested more information on the projected enrollment figures, and how they align with previous years. Response: We are generally within 1.5% from projected enrollment on October 1. This year, we are coming in above the projected enrollment, but are still within the 1.5% of projected.
- Director Foster requested clarification on information contained within the presentation, which was other public schools with SPPS from the Envision slides. Response: This indicated another SPPS school site, and the individual school was not listed as it may have been 1-2 schools or students, smaller numbers, and to maintain privacy and for easy interpretation, they have been categorized.
as “other SPPS school buildings”. Director Foster then encouraged the ease of information and transparency in this work for clear understanding.

IX. OLD BUSINESS

Director Ward then introduced the below items. He noted the Board has been discussing these items since the beginning of this year, and it is exciting to put money where our values are. He recapped the process to determine what it would look like to divest from fossil fuels, and in conversation with the Board and Director Allen suggested the Board add a resolution preventing the investment in private prisons as well as divestment from fossil fuels. The Policy Work Group then worked through these suggestions, including the effects, and determination in two separate resolutions.

The first is a resolution preventing investment in private prisons, and the best we can do as an organization to serve our students, and there is also economic power in the ways in which we invest and use our power to cultivate the kind of world we want to build for our students and working towards a future our students deserve. This resolution specifically references the importance that funds go not go to organizations that operate private prisons. There are mass problems with mass incarceration, and the United States has 25% of the world's prison population, but 5% of the population. It is one of the most heavily incarcerated populations in the world, and our BIPOC members are targeted disproportionately. In trying to build the world we believe in for our students, this resolution shows that we do not currently invest in private prisons, and will also prevent any future investments in private prisons. This is exciting and we can be a leader on this issue.

B. Adopting a Saint Paul Public Schools Resolution Mandating the Divestment of and Preventing Further Investment in Fossil Fuels

**BF 33017** Adopting a Saint Paul Public Schools Resolution Mandating the Divestment of and Preventing Further Investment in Fossil Fuels

**DISCUSSION/QUESTIONS:**
- Director Ward noted that climate change is a threat, and that the continuation of continuing to burn and extract fossil fuels without meaningful transitions further harms the planet, and creates less
health environments for our students. This is another way to align our money with our values, and this resolution would change where we invest our dollars.

- In speaking with our bank, they indicated that about $9M would be moved as a result of this resolution because those funds are invested in fossil fuels and portfolios that include fossil fuels.
- He noted excitement in seeing the community come out to support this resolution and emails that have steadily arrived from community members. It is saying that our values and those of the school district align with the health and safety of our students, and this is exciting it it is bringing folks together.
- It was also noted that if both resolutions pass, SPPS will be the first school district in the country to pass either issue, and it is exciting to be a leader on these issues.

X. NEW BUSINESS
A. Action on Contract of the Superintendent

Chair Vue then introduced this item.

At the August Committee of the Board meeting, there was consensus among board members to begin the process of renewal of Superintendent Gothard’s contract. At that time, the board noted Dr. Gothard’s inclusion of systemic equity in his strategic plan, investments in improving communication across language groups, his public advocacy for school funding and district wide efforts to meet students in their classroom settings.

With his strategic plan SPPS Achieves, major capital project SPPS Builds, and ARP investment strategies in place, Superintendent Gothard is expected to work with the board in developing monitoring systems for student outcomes, evaluate implementation of culturally relevant instruction and implement tools of community engagement that are culturally responsive.

DISCUSSION/QUESTIONS:

- Director Vue reflected on his experience at the Council of the Great City Schools conference and seeing Superintendent Gothard talking with a former superintendent of SPPS, and in thinking about how far SPPS has come in that time, and where SPPS is going with Superintendent Gothard as its leader. The renewals of the superintendent contract is less about past production, and more about future returns. As Chair, that is what is important to focus on - working in the present to shape the future of SPPS.
- Director Kopp thanked Director Vue and her colleagues for the thoughtful engagement during this process. She noted that in August 2022, following robust discussion, the Board publicly shared the evaluation summary, and based on the 6 areas, rated the superintendent overall to be highly effective, as well as successes and key areas for growth. The Board unanimously agreed to pursue contract negotiations. One of the most important responsibilities of the Board is the hiring and evaluation of the superintendent, and this contract is underpinned primarily by the desire for continuity in 2+ years of disrupted learning. There is belief in the superintendent on the current progress and current initiatives, and to lead SPPS to a bright and beautiful future.

BF 33019 Action on Contract of the Superintendent

MOTION: Director Vue moved to approve the contract of the superintendent. Director Ellis seconded the motion.

The motion was approved by roll call vote:

- Director Henderson: Yes
- Director Ward: Yes
- Director Vue: Yes
- Director Allen: Yes
- Director Kopp: Yes
- Director Ellis: Yes
- Director Foster: Yes

Superintendent Gothard thanked the Chair and Vice Chair, and Board for this process. He thanked them for their approval, and restated his commitment to the children, families, 6000 staff, and to the Board of Education. As he told the original Board that hired him, the process for SPPS takes time, and that was before the pandemic. The challenges continue to be numerous, and he thanked his senior leaders and
staff for their ongoing support to SPPS Achieves. He stated to the community, and to the Board of Education, that he is grateful to continue leading SPPS and for the opportunity to do so, and for the support.

IV. OLD BUSINESS

A. Pay22 Levy: Presentation of Proposal

Superintendent Gothard then welcomed Tom Sager, Chief Executive of Financial Services, and Lisa Rider, Controller, to present.

The basic information of school levy authority was reviewed. The District Revenues and Expenditures Budget for FY 2022 and FY 2023 were also presented. Information was then shared, including graphs, on all funds: revenue by source, all funds: expenditure by fund, 2022-23 General Fund revenue sources equaling $719,228,924, and 2022-23 General Fund expenditures equaling $719,228,924. Information on the determination of property tax was also reviewed, including state legislature, taxing jurisdictions, and county assessor. Major factors impacting property taxes were reviewed, as well as factor impacting the Saint Paul levy, and factors impacting school levies. The major levy categories of Operating, Pension/OPEB/Contractual, Facilities, and Community Service were also shared. Figures were then shown for the levy recap including the difference in levy categories from the certified Pay22 levy and the SPPS proposed Pay23 levy ceiling with a percent change of -0.87%. Estimated impacts to home market values, apartment market values, and commercial market values, assuming an increase in market value for each were shared, with the average estimated changes at -0.87% and the impacts to property taxes. The Pay23 levy calendar was also reviewed, with the Board scheduled to act on the certification of the Pay23 levy at the December 13 regular meeting, and certification sent to Ramsey County by December 30.
QUESTIONS/DISCUSSION:
- Director Ward requested information on the implications of setting the maximum. Mr. Sager noted that if we do underlevy, there is a possibility of losing state aid with the local levies. For different funding sources received from the State, the expectation from the State is that we levy the full amount to do our part in being fiscally responsible, and if not, we could lose those funding streams.

IV. SUPERINTENDENT’S ANNOUNCEMENTS

Superintendent Gothard noted that with the Truth in Taxation Hearing at 6:00 p.m. and time certain, that
he does not have announcements for this meeting.

V. INCLUSIVE SCHOOL CALENDAR PROCESS

Superintendent Gothard then welcomed Craig Anderson, Executive Director, Office of Teaching and
Learning, to present the Inclusive School Calendar Process. He noted that Administration will be bringing
forward two years of calendars, and it was heard loud and clear for additional engagement on the
calendar process, and to find ways to be more inclusive with days of observance, and how to embrace community feedback. Mr. Anderson also thanked SPFE for their role in this work as well.

Topics included in the presentation included the history of the calendar process, which included representatives from SPFE, SPPS administration and one parent met to develop the annual calendar recommendations to the Board. Next the call for inclusivity was reviewed, and that many districts have made changes to the school calendar to include days off for Eid, Yom Kippur and Rosh Hashanah; our SPPS community has expressed interest in more family engagement and staff input in the calendar process. The realities for SPPS were also shared. The MN state statute that clarifies the length of the school year and hours of instructions was also presented. The details of the 2022 calendar process were also discussed. Options for the calendars regarding spring break, winter break, and the end of the school year were also presented. PAC engagement details were shared, as well as meeting with bargaining groups. Data from survey responses from staff and families was shown, with the majority within both groups preferring a two-week winter break, one week of spring break, and the school year ending around June 11. The recommendation includes the approval of 2 years of calendars following Option #1: 2 weeks at winter break / 1 week at spring break; recognize cultural celebrations when possible (Rosh Hashanah, Yom Kippur and Eid); work to eliminate interruptions in the first three and last three weeks of the school year; and utilize e-learning days for inclement weather, when appropriate. This is scheduled to be voted upon by the Board at the Regular Meeting on December 13th. The proposed calendars for the 2023-2024, and 2024-2025 school years were also discussed.

The full presentation can be found in the BoardBook.

**QUESTIONS/DISCUSSION:**

- **Director Ward** requested information on recognizing cultural celebrations when possible. Response: There may be no school on that day, but staff will have professional development, with one example as Yom Kippur. Other holidays and days of observance may also occur on weekends or a day of a break. In 2024-2025, October 3 is Rosh Hashanah, which will be a professional learning day.
- How does it work for staff who may observe that holiday? Response: Contractually, they use a personal day to have that time off; one example is Good Friday, which is staff development. The same is true for Rosh Hashanah last year, where students did not have schools, but staff had two more days to prepare for students at the beginning of the school year.
- Clarification on the balance of interruptions of school time was also provided.
- More details were also provided on e-learning days. There are no digital learning days, as parents were very vocal about not appreciating digital learning days. E-learning days are used for inclement weather which appropriate, or for emergency purposes. We also will have school on Election Day.
- **Director Ward** also requested further information on e-learning days as opposed to snow days. Superintendent Gorthard provided clarification on the use of e-learning days and their relation to scheduled breaks or days within the week. If we know of a strong winter system, schools do a great job of preparing students.
- Information was also requested on the expectations for preparation for an e-learning day, and what we expect of teachers and students. Response: Notifications are sent to staff, and letting them know to remind students to take their device home, and articulating preparedness steps to have in place, as well as posting in Schoology and Seesaw, and sharing with staff on the expectations to ensure students are engaged in learning.
Further discussion and details were provided on e-learning days and the process for calling an e-learning day when the weather is inclement.

Director Vue requested further details on the work to eliminate disruptions the first 3 weeks of school and the last 3 weeks of school. Superintendent Gothard noted that SY25-26 has some challenges, and waiting to allow more time to determine the calendar. Some holidays follow the lunar calendar, and move throughout the year, with examples provided. We want students and families to have a solid start and end to the school year, and will take more time to map out the SY25-26 for those holidays that may fall within those windows of the school year and adjust.

Director Ellis requested information on support for families and connectivity for e-learning days. We work with families to ensure we are sharing district resources and resources from our partners for a level of connectivity throughout the school year.

Vice Chair Kopp reminded board members that the approval of the calendars will be coming before the Board at the next Regular Meeting, and encouraged them to reach out with questions.

VI. STUDENT OUTCOMES FOCUSED GOVERNANCE: CONTRACT AND BUDGET REVIEW

Vice Chair Kopp then presented the proposed budget and contract for Student Outcomes Focused Governance, as a continuation from the November Committee of the Board discussion. Proposed costs were reviewed for leadership training and support, subject matter experts, coaching support, and other expenses were shared, with the total budget not to exceed $35,000.

The full presentation can be found in the BoardBook.

QUESTIONS/DISCUSSION:

- Where are these funds coming from? Response: ARP funding for professional development.
- Where are we in the process of deciding whether to go forward or not? Response: That is a conversation we will continue to have, and the opportunity to discuss is at the Committee of the Board meetings, and trying to gauge interest in going forward.
- Director Ward also noted questions of where we are at the moment in this work, and if the ask is to consider buying into the next steps of SOFG. Response: In terms of signing the contract, that will not be until January at the earliest. At this point, we are still determining board interest in going forward.
- Director Ward noted it seems like the decision has been made with the review of committees and practices, and dates on the calendar for the training, and wants to ensure he knows where we are at in the process.
- Director Allen noted that there are four board seats up for election in 2023, and the possibility of needing to redo the training depending on the results.
- She also noted questions on the ongoing monthly coaching and what that includes. Response: The coaching is determined by our needs in the contract and what we decide. She also noted the annual training opportunities available to board members and aligning our funding with our priorities and values. There is also an allocation per board member in the Board budget for professional development that could be used. More information was requested on that amount per board member.
- Director Ellis noted that with those allocated funds within the Board budget for PD, there may not be additional dollars for any other type of professional development other than PD from the Council of the Great City Schools for SOFG.
- Director Henderson requested information on contract information for other districts.
• Director Ward noted that this seems like a lot of money for what it is, and that we already pay membership dues to CGCS, and that the individual training is $3500 per person, which feels like a lot. He then shared his personal view of the training, and wondered if there are other governance trainings or team building programs that are a more reasonable cost. Director Kopp noted in comparison to our half-day of facilitators at the previous board retreats, that it is comparable, but is more drawn-out and more hours that the retreat training. Further information from Director Ward was requested on the coaching, and the rationale for coaching ourselves. This budget is laid out for if we need the funds and to ensure they are available. We do foresee the initial $20,000 for the training, but after that we can evaluate as a Board on next steps.
• What is the plan for consensus? Response: One option is a vote on the contract, which does take time to put into place with both SPPS and CGCS, and the earliest would be in January.
• Vice Chair Kopp also noted that we implement the framework and what it looks like - and the training gives a better understanding of the framework. While she is hoping to proceed with this work and in a greater capacity to understand what it is and to practice it. She understands the hesitancy and is glad to have the conversation for community members to hear. It is important to do this work together and the fate of this is up for us to determine.
• Director Henderson noted it is concerning in being asked to do this and we are not always community-facing with talking about this work. Since we can't clearly define the impact, that's concerning and has hesitancy of asking the Board to implement this work when we can't clearly define it. Director Vue related his experience in this work in learning about the IEP process and the importance of goals and measurements throughout the year, and evaluating the progress as a parent. We will be going to the community to ask them what they see as important, and talk about goals, outcomes and performance as a place to start, and then adjust as needed.
• Director Allen noted concerns about the goals in SOFG and the loopholes historically used to meet those goals. Director Kopp noted there are guardrails in place that say “the superintendent cannot do this to attain a goal.” Guardrails are protection of values that may not be passed to achieve the goal. Guardrails can also be adjusted, and the process for interim guardrails was shared with a regular cadence for review at board meetings. The process for removing a guardrail or changing was also discussed.
• Data used in the determination of goals was also discussed, with the Board being able to decide the data - it does not need to be test scores, and we can develop our own metric.
• Director Ward noted his concerns on the narrowing of focus with 3-5 goals and guardrails and the limit of the work of the Board. Another concern of his is voting on the contract in January, which means the Board will be voting to move forward prior to speaking to this topic in a public-facing way. There are a few community members at this meeting, but it is not live streamed. It seems like this is a big decision how to structure the Board’s work and we need to invite community to help us to shape it.

VII. STUDENT OUTCOMES FOCUSED GOVERNANCE: COMMITTEE/SUBCOMMITTEE/WORK GROUP REVIEW

Next Vice Chair Kopp led the Board through a discussion on committee and subcommittee work in preparation for the work session at the January 3 Committee of the Board Meeting. The relation to this presentation to SOFG is a discussion on the Board’s use of time for this work. The internal, external, and those groups by policy/statute were reviewed, and discussion around the purpose of each, as well as future steps. Recommendations were also shared, including a plan to meet in January 2023 to set a meeting schedule and identify priorities for the upcoming year for internal work groups; if this is new commitment, consider checking in with board members who have previously participated to learn more
about the organization and develop process for notifying alternates for external assignments for external work groups. Next steps include preparing for the January 3rd work session by reviewing all available internal and external assignments and reflection on interests and availability. Policies related to this work were also shared.

The full presentation can be found in the BoardBook.

QUESTIONS/DISCUSSION:

- Regarding the Evaluation Work Group, Director Henderson noted it will be important to provide updates on the timeline, and monitoring. Director Ward is also interested in the process, and the value in reporting to the community.
- Director Ward noted the review of the board budget is important, and believes it will be important for the treasurer to be involved in the Board Governance and Operations group. He also noted interest in further review of line items within the board budget, and it is important to retain this group. Director Ellis noted that there is little change in the board budget year over year, except for SEAB funding changes.
- There was also a review of the Equity Committee and new strategic plan focus area of Systemic Equity.
- Director Ellis noted a review of the cost of memberships and timeline for dues, as well as cost benefits. She also noted a short description of each external group will be helpful.

MOTION: Director Kopp moved to recess the meeting until after the adjournment of the Special Meeting regarding the Pay23 Levy and Truth in Taxation Hearing. Director Ward seconded the motion. It passed by acclaim.

The meeting recessed at 5:44 p.m.

The meet was then reconvened at 6:48 p.m.

VIII. SPPS ADMINISTRATIVE RESPONSE TO THE 2021-2022 LATINO CONSENT DECREE (LCD) PARENT ADVISORY COUNCIL (PAC) ANNUAL REPORT TO THE SUPERINTENDENT AND BOARD OF EDUCATION

Superintendent Gothard then welcomed staff to present the SPPS Administrative Response to the 2021-2022 LCD PAC Annual Report. The Latino Consent Decree and its history were shared. Required services under the LCD were also shared, as well as responsible parties for the LCD. Demographics of students were also presented. The LCD action plan and staff involved were discussed, and include the Spanish Language Assessment, Student Plan, Coordination of the LCD, Staffing, and Family Engagement. Details on the timeline were also shown for Phase 1 and Phase 2. Background details on each portion of the action plan were also discussed. The process includes Identification, Assessment, Language Proficiency Levels, Category, and Student Plan. Each are of the plan was then discussed, with details of each area. The full report can also be found in the BoardBook.

The full presentation can be found in the BoardBook.

QUESTIONS/DISCUSSION:

- Members of the LCD PAC requested information on the language assessment program, as well as the timeline for implementation, and use in the future.
• Members of the PAC also requested information on the student plan area of focus, and staff who will be able to review or edit the LCD tab in Campus, as well as informing staff about the custom tab and it's information.
• Members of the PAC also requested information about counselors meeting with elementary students, and personalized learning plans.
• Concerns were also noted about the language assessment being administered upon enrollment at Student Placement and that it may become a long day for families with assessments.
• Members of the PAC requested information on the language assessment being used to guide content areas.
• Members of the PAC also requested information on the number of social workers available to help our students. Clarification was also requested on the commitment to hiring 5LCD teachers for the 2023-24 school year, and the relation to the available teaching positions.
• Information was requested on how to make SPPS and the LCD teaching position attractive to candidates. There needs to be balance of placement of teachers throughout the district as well.
• Board members also asked families about their experience with Xello, and Campus. Families noted that Campus is helpful, but they are not familiar with Xello. One parent also shared his experience with his student in monitoring and discussing from information in Campus.
• Board members also requested information on the identification, needs assessment and language proficiency, and at what point a student is identified to need EL services, with information provided on the home language questionnaire provided at Student Placement. Further discussion also focused on other assessments for students throughout their education. All EL students receive the Tier 1 supports automatically. Further details were also provided on the range of EL services for students, and where there may be barriers.
• More information was requested on the connection between Xello and Campus - there is not a current link between the two apps, but there is a family portal in Xello, and we are working to get information to families on that.
• The important of Parent Academy was also noted, especially for questions in navigating Campus and Xello.
• Mr. Matamoros thanked the PAC, as well as Ms. Brueken with the timeline, and noted that the conversation does not stop here, and the District is committed to regular meetings and dive deeper into these areas. Chief Turner thanked the families and staff for joining on this journey, and noted the work of the Innovation Office to implement these items with fidelity, and is excited for the progress made. She also thanked the Board for their support in this work.

IX. ADJOURNMENT

Director Kopp moved to adjourn the meeting. Director Henderson seconded the motion. It passed by acclaim.

The meeting adjourned at 8:22 p.m.

For clarity and to facilitate research, these minutes reflect the order of the original Agenda and not necessarily the time during the meeting the items were discussed.

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (designee) to approve the changes made to Policy 534.00 Unpaid Meal Charges.
534.00 UNPAID MEAL CHARGES

I. PURPOSE

Saint Paul Public Schools (SPPS) believes that well-nourished students are better equipped to learn. The purpose of this policy is to ensure that students receive healthy and nutritious meals through the SPPS Child Nutrition Program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to minimize identification of students with insufficient funds, eliminate stigmatization of students who are unable to pay for school meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

A. Each year, all families should complete an Application for Education Benefits/Free or Reduced Priced Meals.
   1. Families that receive a letter prior to September 1st confirming that they are directly certified to receive free meal benefits do not need to complete an application.
   2. The application will be made available to families in multiple ways such as by mail and/or electronic distribution prior to the start of the school year, at the school's main office, Nutrition Services' website, and by request to Nutrition Services.
   3. Families seeking assistance in completing the application may contact Nutrition Services or the school's main office.

B. Funds can be added to a student’s meal account using cash, check, credit card, or debit card. The process for making payments can be found on the SPPS Nutrition Services website or by inquiring at the school's main office.

C. All students will be provided a meal per the scheduled menu regardless of meal account status.
   1. The district is not legally required to serve meals to students who do not qualify for free or reduced-price meals when their meal account has a negative balance. However, SPPS believes it is in the best interest of the entire school community when every student receives a nutritious meal.
   2. Students who have been determined eligible for free or reduced-price meals, including students enrolled in the Community Eligibility Provision, will be provided a reimbursable meal even if the student has a negative account balance.
   3. Full pay students who have money “in hand” to pay for the current meal will be provided a meal even if the student has a negative account balance.
   4. If a student has a negative account balance, the response process as
described in Section IV below will be carried out. If the parent/guardian fails to pay the unpaid meal charges after reasonable attempts have been made through this process, the student may receive an alternative meal.

5. Alternative meals must be served in a discrete and respectful manner.

6. No ala carte items will be sold to students unless there is sufficient funds in the student’s meal account to cover the costs of the items.

D. Under no circumstances may a meal be taken away from a student after the student has received it.

III. NOTIFICATION OF LOW OR NEGATIVE ACCOUNT BALANCES

A. The following steps are taken to notify parents/guardians when a student’s account balance is low or negative:

1. For elementary school students, when the account has reached a negative balance of approximately two lunch meal charges, a notice will be given to the student’s teacher to be sent home in the student’s backpack.

2. For all SPPS students,
   i. When the account has reached a low balance of approximately five lunch charges, an automated phone call will be sent to the parent or guardian.
   ii. When the account has reached a negative balance of approximately five lunch meal charges, the Office of Nutrition Services will mail a letter to the parent or guardian in a discrete, non-identifiable manner.
   iii. When the account balance has reached approximately ten lunch meal charges, the school’s principal will be notified. School staff will then engage with the parent or guardian to evaluate their needs, provide assistance, and request payment.

B. Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program, including, but not limited to, dumping meals, withdrawing a meal that has been served, announcing or listing students’ names publicly, or affixing stickers, stamps, or pins.

IV. UNPAID MEAL CHARGES

A. Efforts for payment of negative student meal account balances will not demean or stigmatize any student.

B. The district will make reasonable efforts to communicate with families to resolve unpaid charges. Families will be encouraged to apply for free and reduced-price meals for their children. Families who have previously completed an application, but have since faced significant changes, such as birth of a child, income changes, etc. may reapply. Families who are experiencing difficulty paying for lunch may contact Nutrition Services to set up a payment plan.
C. The school district will make reasonable efforts to collect unpaid meal charges; however, when efforts do not result in payment, the unpaid meal charges will be charged back to the school to cover the unpaid charges from the school's budget.

D. The district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.

E. SPPS will not impose any other restriction prohibited under Minnesota Statutes section 123B.37 due to unpaid student meal balances. SPPS will not limit a student’s participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to an unpaid student meal balance.

V. COMMUNICATION OF POLICY

TOPIC: Resolution Authorizing the Saint Paul Public Schools Participation in the MN Trust Local Government Investment Pool

A. PERTINENT FACTS:

1. School districts in Minnesota use two primary depositories to receive revenue from such sources as state aid payments, proceeds from bond sales, and federal funds. The Minnesota School District Liquid Asset Fund is one such depository. This depository is the one currently being used by the Saint Paul Public Schools. This fund is managed by PFM.

2. MN Trust is an additional approved depository to receive the district's sources of revenue, and provide financial and investment services. The fund is managed by PMA Financial Network. There are currently over 200 (of roughly 335) Minnesota public school districts participating in the MN Trust Fund.

3. Minnesota school districts are allowed to be members of both funds. The resolution entering into this agreement does not obligate the district to use these services; however, it does provide additional and alternative options for financial planning and services.

4. This project will meet the District Strategic Plan Focus Area of Program Evaluation and Resource Allocation.

5. This item is submitted by Tom Sager, Executive Chief of Financial Services.

B. RECOMMENDATION:

The administration recommends approval of the resolution authorizing the agreement with MN Trust and PMA Financial Network, Inc.

Examples of those projects include flooring, mechanical, roofing, and fire safety system replacements.

(b) Book Entry Only System. The Depository Trust Company, a limited purpose trust company organized under the laws of the State of New York or any of its successors or its successors to its functions hereunder (the "Depository") will act as securities depository for the Bonds, and to this end:

(i) The Bonds shall be initially issued and, so long as they remain in book entry form only (the "Book Entry Only Period"), shall at all times be in the form of a separate single fully registered Bond for each maturity of the Bonds; and for purposes of complying with this requirement under paragraph 10 (with respect to registration, transfer and exchange) Authorized Denominations for any Bond shall be deemed to be limited during the Book Entry Only Period to the outstanding principal amount of that Bond.
(ii) Upon initial issuance, ownership of the Bonds shall be registered in a bond register maintained by U.S. Bank Trust Company, National Association, Saint Paul, Minnesota (the "Bond Registrar"), in the name of CEDE & CO., as the nominee (it or any nominee of the existing or a successor Depository, the "Nominee").

(iii) With respect to the Bonds neither the District nor the Bond Registrar shall have any responsibility or obligation to any broker, dealer, bank, or any other financial institution for which the Depository holds Bonds as securities depository (the "Participant") or the person for which a Participant holds an interest in the Bonds shown on the books and records of the Participant (the "Beneficial Owner"). Without limiting the immediately preceding sentence, neither the District, nor the Bond Registrar, shall have any such responsibility or obligation with respect to (A) the accuracy of the records of the Depository, the Nominee or any Participant with respect to any ownership interest in the Bonds, or (B) the delivery to any Participant, any Owner or any other person, other than the Depository, of any notice with respect to the Bonds, including any notice of redemption, or (C) the payment to any Participant, any Beneficial Owner or any other person, other than the Depository, of any amount with respect to the principal of or premium, if any, or interest on the Bonds, or (D) the consent given or other action taken by the Depository as the Registered Holder of any Bonds (the "Holder"). For purposes of securing the vote or consent of any Holder under this Resolution, the District may, however, rely upon an omnibus proxy under which the Depository assigns its consenting or voting rights to certain Participants to whose accounts the Bonds are credited on the record date identified in a listing attached to the omnibus proxy.

(iv) The District and the Bond Registrar may treat as and deem the Depository to be the absolute owner of the Bonds for the purpose of payment of the principal of and premium, if any, and interest on the Bonds, for the purpose of giving notices of redemption and other matters with respect to the Bonds, for the purpose of obtaining any consent or other action to be taken by Holders for the purpose of registering transfers with respect to such Bonds, and for all purpose whatsoever. The Bond Registrar, as paying agent hereunder, shall pay all principal of and premium, if any, and interest on the Bonds only to or upon the Holder of the Holders of the Bonds as shown on the register, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to the principal of and premium, if any, and interest on the Bonds to the extent of the sum or sums so paid.

(v) Upon delivery by the Depository to the Bond Registrar of written notice to the effect that the Depository has determined to substitute a new Nominee in place of the existing Nominee, and subject to the transfer provisions in paragraph 10 hereof (with respect to registration, transfer and exchange), references to the Nominee hereunder shall refer to such new Nominee.

(vi) So long as any Bond is registered in the name of a Nominee, all payments with respect to the principal of and premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, by the Bond Registrar or District, as the case may be, to the Depository as provided in the Letter of Representations to the Depository required by the Depository as a condition to its acting as book-entry Depository for the Bonds (said Letter of Representations together with any replacement thereof or amendment or substitute thereto, including any standard procedures or policies referenced therein or applicable thereto respecting the procedures and other matters relating to the Depository's role as book-entry Depository for the Bonds, collectively hereinafter referred to as the "Letter of Representations").
(c) **Letter of Representations.** The provisions in the Letter of Representations are incorporated herein by reference and made a part of the resolution, and if and to the extent any such provisions are inconsistent with the other provisions of this resolution, the provisions in the Letter of Representations shall control.

3. **Purpose.** The Bonds shall provide funds to finance costs of the Projects. The total cost of the Projects, which shall include all costs enumerated in the Act, is estimated to be at least equal to the amount of the Bonds. Work on the Projects shall proceed with due diligence to completion. The District covenants that it shall do all things and perform all acts required of it to assure that work on the Projects proceeds with due diligence to completion and that any and all permits and studies required under law for the Projects are obtained.

4. **Interest.** The Bonds shall bear interest payable semiannually on February 1 and August 1 of each year (each, an "Interest Payment Date"), commencing August 1, 2023, calculated on the basis of a 360-day year of twelve 30-day months, at the respective rates per annum set forth opposite the maturity years as follows:

5. **Redemption.** Bonds maturing on February 1, 2034, and thereafter, shall be subject to redemption and prepayment at the option of the District on February 1, 2033 and on any date thereafter, at a price of par plus accrued interest. Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the maturities and the principal amounts within each maturity to be redeemed shall be determined by the District; and if only part of the Bonds having a common maturity date are called for prepayment, the specific Bonds to be prepaid shall be chosen by lot by the Bond Registrar. Bonds or portions thereof called for redemption shall be due and payable on the redemption date, and interest thereon shall cease to accrue from and after the redemption date. Mailed notice of redemption shall be given to the paying agent and to each affected registered holder of the Bonds at least 30 days prior to the date fixed for redemption unless otherwise required by law.

To effect any partial redemption of Bonds having a common maturity date, the Bond Registrar, prior to giving notice of redemption, shall assign to each Bond having a common maturity date a distinctive number for each $5,000 of the principal amount of such Bond. The Bond Registrar shall then select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers so assigned to such Bonds, as many numbers as, at $5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Bonds to be
redeemed shall be the Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of each such Bond of a denomination of more than $5,000 shall be redeemed as shall equal $5,000 for each number assigned to it and so selected. If a Bond is to be redeemed only in part, it shall be surrendered to the Bond Registrar (with, if the District or Bond Registrar so requires, a written instrument of transfer in form satisfactory to the District and Bond Registrar duly executed by the Holder thereof or the Holder's attorney duly authorized in writing) and the District shall execute (if necessary) and the Bond Registrar shall authenticate and deliver to the Holder of the Bond, without service charge, a new Bond or Bonds having the same stated maturity and interest rate and of any Authorized Denomination or Denominations, as requested by the Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Bond so surrendered.

6. **Bond Registrar.** U.S. Bank Trust Company, National Association, in Saint Paul, Minnesota, is appointed to act as bond registrar and transfer agent with respect to the Bonds (the "Bond Registrar"), and shall do so unless and until a successor Bond Registrar is duly appointed, all pursuant to any contract the District and Bond Registrar shall execute which is consistent herewith. The Bond Registrar shall also serve as paying agent unless and until a successor paying agent is duly appointed. Principal and interest on the Bonds shall be paid to the registered holders (or record holders) of the Bonds in the manner set forth in the Form of Bond set forth in paragraph 7 and in paragraph 12 of this resolution, with respect to interest payment and record date.

7. **Form of Bonds.** The Bonds, together with the Bond Registrar's Certificate of Authentication, the form of Assignment and the registration information thereon, shall be in substantially the following form:

Mailed notice of redemption shall be given to the Bond Registrar and to each affected Holder of the Bonds at least 30 days prior to the date fixed for redemption.

All Bonds so called for redemption will cease to bear interest on the specified redemption date, provided funds for their redemption have been duly deposited.

Selection of Bonds for Redemption; Partial Redemption. To effect any partial redemption of Bonds having a common maturity date, the Bond Registrar, prior to giving notice of redemption, shall assign to each Bond having a common maturity date a distinctive number for each $5,000 of the principal amount of such Bond. The Bond Registrar shall then select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers assigned to the Bonds, as many numbers as, at $5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Bonds to be redeemed shall be the Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of such Bond of a denomination of more than $5,000 shall be redeemed as shall equal $5,000 for each number assigned to it and so selected. If a Bond is to be redeemed only in part, it shall be surrendered to the Bond Registrar (with, if the Issuer or Bond Registrar so requires, a written instrument of transfer in form satisfactory to the Issuer and Bond Registrar duly executed by the Holder thereof or the Holder's attorney duly authorized in writing) and the Issuer shall execute (if necessary) and the Bond Registrar shall authenticate and deliver to the Holder of the Bond, without service charge, a new Bond or Bonds having the same stated maturity and interest rate and of any Authorized Denomination or Denominations, as requested by the Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Bond so surrendered.

The Issuer and Bond Registrar may treat the person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided (except as otherwise provided herein with respect to the Record Date) and for all other purposes, whether or not this Bond shall be overdue, and neither the Issuer nor the Bond Registrar shall be affected by notice to the contrary.

No Designation of Qualified Tax-Exempt Obligation. This Bond has not been designated by the Issuer as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

8. **Execution.** The Bonds shall be in typewritten form, shall be executed on behalf of the District by the signatures of its Chair and Clerk, and shall be sealed with the seal of the District; provided, as permitted by law, both signatures may be photocopied facsimiles and the corporate seal may be omitted. In the event of disability or resignation or other absence of either such officer, the Bonds may be signed by the manual or facsimile signature of that officer who may act on behalf of such absent or disabled officer. In case either such officer whose signature or facsimile of whose signature shall appear on the Bonds shall cease to be such officer before the delivery of the Bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he or she had remained in office until delivery.

9. **Authentication.** No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this resolution unless a Certificate of Authentication on such Bond, substantially in the form hereinabove set forth, shall have been duly executed by an authorized representative of the Bond Registrar. Certificates of Authentication on different Bonds need not be signed by the same person. The Bond Registrar shall authenticate the signatures of officers of the District on each Bond by execution of the Certificate of Authentication on the Bond and by inserting as the date of registration in the space provided the date on which the Bond is authenticated, except that for purposes of delivering the original Bonds to the Purchaser, the Bond Registrar shall insert as a date of registration the date of original issue, which date is December 28, 2022. The Certificate of Authentication so executed on each Bond shall be conclusive evidence that it has been authenticated and delivered under this resolution.

10. **Registration; Transfer; Exchange.** The District will cause to be kept at the principal office of the Bond Registrar a bond register in which, subject to such reasonable regulations as the Bond Registrar may prescribe, the Bond Registrar shall provide for the registration of Bonds and the registration of transfers of Bonds entitled to be registered or transferred as herein provided.

Upon surrender for transfer of any Bond at the principal office of the Bond Registrar, the District shall execute (if necessary), and the Bond Registrar shall authenticate, insert the date of registration (as provided in paragraph 9 with respect to authentication) of, and deliver, in the name of the designated transferee or transferees, one or more new Bonds of any authorized denomination or denominations of a like aggregate principal amount, having the same stated maturity and interest rate, as requested by the transferor; provided, however, that no Bond may be registered in blank or in the name of "bearer" or similar designation.

At the option of the Holder, Bonds may be exchanged for Bonds of any authorized denomination or denominations of a like aggregate principal amount and stated maturity, upon surrender of the Bonds to be exchanged at the principal office of the Bond Registrar. Whenever any Bonds are so surrendered for exchange, the District shall execute (if necessary), and the Bond Registrar shall authenticate, insert the date of registration of, and deliver the Bonds which the Holder making the exchange is entitled to receive.

All Bonds surrendered upon any exchange or transfer provided for in this resolution shall be promptly cancelled by the Bond Registrar and thereafter disposed of as directed by the District.
All Bonds delivered in exchange for or upon transfer of Bonds shall be valid general obligations of the District evidencing the same debt, and entitled to the same benefits under this resolution, as the Bonds surrendered for such exchange or transfer.

Every Bond presented or surrendered for transfer or exchange shall be duly endorsed or be accompanied by a written instrument of transfer, in form satisfactory to the Bond Registrar, duly executed by the Holder thereof or his, her or its attorney duly authorized in writing.

The Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with the transfer or exchange of any Bond and any legal or unusual costs regarding transfers and lost Bonds.

Transfers shall also be subject to reasonable regulations of the District contained in any agreement with the Bond Registrar, including regulations which permit the Bond Registrar to close its transfer books between record dates and payment dates. The Treasurer is hereby authorized to negotiate and execute the terms of said agreement.

11. Rights Upon Transfer or Exchange. Each Bond delivered upon transfer of or in exchange for or in lieu of any other Bond shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other Bond.

12. Interest Payment; Record Date. Interest on any Bond shall be paid on each Interest Payment Date by check or draft mailed to the person in whose name the Bond is registered (the "Holder") on the registration books of the District maintained by the Bond Registrar and at the address appearing thereon at the close of business on the fifteenth (15th) day of the calendar month next preceding such Interest Payment Date (the "Regular Record Date"). Any such interest not so timely paid shall cease to be payable to the person who is the Holder thereof as of the Regular Record Date, and shall be payable to the person who is the Holder thereof at the close of business on a date (the "Special Record Date") fixed by the Bond Registrar whenever money becomes available for payment of the defaulted interest. Notice of the Special Record Date shall be given by the Bond Registrar to the Holders not less than ten (10) days prior to the Special Record Date.

13. Treatment of Registered Owner. The District and Bond Registrar may treat the person in whose name any Bond is registered as the owner of such Bond for the purpose of receiving payment of principal of and premium, if any, and interest (subject to the payment provisions in paragraph 12 above with respect to interest payment and record date) on, such Bond and for all other purposes whatsoever whether or not such Bond shall be overdue, and neither the District nor the Bond Registrar shall be affected by notice to the contrary.

14. Delivery; Application of Proceeds. The Bonds when so prepared and executed shall be delivered by the Treasurer to the Purchaser upon receipt of the purchase price, and the Purchaser shall not be obliged to see to the proper application thereof.

15. Fund and Accounts. There is hereby created a special fund to be designated the "General Obligation Facilities Maintenance Bonds, Series 2022E Fund" (the "Fund") to be administered and maintained by the District as a bookkeeping account separate and apart from all other funds maintained in the official financial records of the District. The Fund and its accounts shall each be maintained in the manner herein specified until all of the Bonds herein authorized
and the interest thereon shall have been fully paid. There shall be maintained and created in the Fund two (2) separate accounts, to be designated the "Capital Account" and "Debt Service Account", respectively.

(a) Capital Account. To the Capital Account there shall be credited the proceeds of the Bonds less capitalized interest, if any, and any amount paid for the Bonds in excess of the minimum bid. From the Capital Account there shall be paid all costs of issuing the Bonds and all costs and expenses of the Projects, including all costs incurred and to be incurred of the kind authorized by the Act; and the moneys in said account shall be used for no other purpose except as otherwise provided by law; provided that the proceeds of the Bonds may also be used to the extent necessary to pay interest on the Bonds due prior to the anticipated date of commencement of the collection of taxes herein levied. The proceeds of the Bonds shall be used to fund the Projects.

(b) Debt Service Account. There is hereby created a Debt Service Account and there is irrevocably appropriated thereto: (i) the collections of all taxes herein or hereafter levied for the payment of the Bonds and interest thereon; (ii) all funds remaining in the Capital Account after the payment of all costs of the Projects; (iii) all investment earnings on funds held in the Debt Service Account; and (iv) any and all other moneys which are properly available and are appropriated by the governing body of the District to the Debt Service Account. The Debt Service Account shall be used solely to pay the principal and interest of the Bonds and any other general obligation certificates of the District hereafter issued by the District and made payable from said account as provided by law.

The moneys in the Debt Service Account shall be used solely to pay the principal of and interest on the Bonds or any other bonds hereafter issued and made payable from the Fund. No portion of the proceeds of the Bonds shall be used directly or indirectly to acquire higher yielding investments or to replace funds which were used directly or indirectly to acquire higher yielding investments, except (i) for a reasonable temporary period until such proceeds are needed for the purpose for which the Bonds were issued, and (ii) in addition to the above, in an amount not greater than the lesser of five percent (5%) of the proceeds of the Bonds or $100,000. To this effect, any proceeds of the Bonds and any sums from time to time held in the Fund (or any other District account which will be used to pay principal and interest to become due on the Bonds) in excess of amounts which under the applicable federal arbitrage regulations may be invested without regard as to yield shall not be invested in excess of the applicable yield restrictions imposed by the arbitrage regulations on such investments after taking into account any applicable "temporary periods" or "minor portion" made available under the federal arbitrage regulations. In addition, the proceeds of the Bonds and money in the Fund shall not be invested in obligations or deposits issued by, guaranteed by or insured by the United States or any agency or instrumentality thereof if and to the extent that such investment would cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Internal Revenue Code of 1986, as amended (the "Code").

16. Tax Levy; Coverage Test; Levy Reductions. To provide monies for the payment of principal and interest on the Bonds there is hereby levied upon all of the taxable property in the District a direct annual ad valorem tax which shall be spread upon the tax rolls and collected with and as part of, other general property taxes in said District for the years and in the amounts as follows:

Said tax levies are such that if collected in full they, together with estimated collections of investment earnings and other revenues herein pledged for the payment of the Bonds, will, if collected when due, produce at least five percent (5%) in excess of the amount needed to meet when due the principal and interest payments on the Bonds. The tax levies shall be irrepealable so long as any of the Bonds are outstanding and unpaid, provided that the District reserves the right and power to reduce the levies in the manner and to the extent permitted by Minnesota Statutes, Section 475.61, Subdivision 3.

If the District's debt service revenue required to pay principal and interest on its facilities maintenance bonds issued pursuant to Minnesota Statutes, Section 123B.595 for any fiscal year exceeds the District's authorized long-term facilities maintenance revenue for the same fiscal year, the District's authorized general fund levy for that same fiscal year must be reduced by the amount of the excess.

17. **General Obligation Pledge.** For the prompt and full payment of the principal of and interest on the Bonds as the same respectively become due, the full faith, credit and taxing powers of the District shall be and are hereby irrevocably pledged. If the balance in the Debt Service Account is ever insufficient to pay all principal and interest then due on the Bonds and any other bonds payable therefrom, the deficiency shall be promptly paid out of any other funds of the District which are available for such purpose, and such other funds may be reimbursed with or without interest from the Debt Service Account when a sufficient balance is available therein.

18. **Compliance with Reimbursement Bond Regulations.** The provisions of this paragraph are intended to establish and provide for the District's compliance with United States Treasury Regulations Section 1.150-2 (the "Reimbursement Regulations") applicable to the
"reimbursement proceeds" of the Bonds, being those portions thereof which will be used by the District to reimburse itself for any expenditure which the District paid or will have paid prior to the closing date (a "Reimbursement Expenditure").

The District hereby certifies and/or covenants as follows:

(a) It shall not seek payment for a Reimbursement Expense from proceeds of the Bonds unless, not later than 60 days after the date of payment of a Reimbursement Expenditure, the District (or person designated to do so on behalf of the District) has made or will have made a written declaration of the District's official intent (a "Declaration") which effectively (i) states the District's reasonable expectation to reimburse itself for the payment of the Reimbursement Expenditure out of the proceeds of the Bonds; (ii) gives a general and functional description of the Projects for which the Reimbursement Expenditure is paid; provided, however, that no such Declaration shall necessarily have been made with respect to: (i) "preliminary expenditures" for the Projects, defined in the Reimbursement Regulations to include engineering or architectural, surveying and soil testing expenses and similar prefatory costs, which in the aggregate do not exceed 20% of the "issue price" of the Bonds, and (ii) a de minimis amount of Reimbursement Expenditures not in excess of the lessor of $100,000 or 5% of the proceeds of the Bonds.

(b) Any such Reimbursement Expenditure shall be a capital expenditure or a cost of issuance of the Bonds or any of the other types of expenditures described in Section 1.150-2(d)(3) of the Reimbursement Regulations.

(c) The "reimbursement allocation" described in the Reimbursement Regulations for each Reimbursement Expenditure shall and will be made forthwith following (but not prior to) the issuance of the Bonds and in all events within the period ending on the date which is the later of three years after payment of the Reimbursement Expenditure or one year after the date on which the Projects to which the Reimbursement Expenditure relates is first placed in service.

(d) Each such reimbursement allocation will be made in a writing that evidences the District's use of Bond proceeds to reimburse the Reimbursement Expenditure and, if made within 30 days after the Bonds are issued, shall be treated as made on the day the Bonds are issued.

Provided, however, that the District may take action contrary to any of the foregoing covenants in this paragraph 18 upon receipt of an opinion of its Bond Counsel for the Bonds stating in effect that such action will not impair the tax-exempt status of the Bonds.

19. Certificate of County Auditor. The Clerk is hereby directed to file a certified copy of this resolution with the County Auditor of Ramsey County, Minnesota, together with such other information as they shall require, and to obtain the County Auditor's Certificate that the Bonds have been entered in the County Auditor's Bond Register, and that the tax levies required by law for the Bonds have been made.

20. State Credit Enhancement Program; Facilities Maintenance Bonding.
(a) The District hereby ratifies and affirms its covenant in the Parameters Resolution, obligating itself to notify the Commissioner of Education of a potential default in payment of the Bonds and to use the provisions of Minnesota Statutes, Section 126C.55 to guarantee the payment of principal and interest on the Bonds. The Chair and Clerk are hereby authorized and directed to enter into an agreement with the paying agent for the Bonds or any department of the State of Minnesota required by the provisions of Minnesota Statutes Section 126C.55.

(b) Furthermore, the District hereby ratifies and confirms its covenant in the Parameters Resolution, obligating itself to comply with the provisions of Minnesota Statutes, Section 123B.595, and any continuing obligations specified therein, including the requirements relating to annually updating its ten-year facility plan, submitting its facility maintenance plan to the Commissioner annually or as otherwise required, and accounting as required thereunder.

21. Records and Certificates. The officers of the District are hereby authorized and directed to prepare and furnish to the Purchaser, and to the attorneys approving the legality of the issuance of the Bonds, certified copies of all proceedings and records of the District relating to the Bonds and to the financial condition and affairs of the District, and such other affidavits, certificates and information as are required to show the facts relating to the legality and marketability of the Bonds as the same appear from the books and records under their custody and control or as otherwise known to them, and all such certified copies, certificates and affidavits, including any heretofore furnished, shall be deemed representations of the District as to the facts recited therein.

22. Negative Covenant as to Use of Proceeds and Project. The District hereby covenants not to use the proceeds of the Bonds, or to cause or permit them to be used, in such a manner as to cause the Bonds to be “private activity bonds” within the meaning of Sections 103 and 141 through 150 of the Code.

23. Investment Limitations; Rebate. The District shall comply with requirements necessary under the Code to establish and maintain the exclusion from gross income under Section 103 of the Code of the interest on the Bonds, including without limitation (i) requirements relating to temporary periods for investments, (ii) limitations on amounts invested at a yield greater than the yield on the Bonds, and (iii) the rebate of excess investment earnings to the United States. The District expects to satisfy the eighteen-month expenditure exemption for gross proceeds of the Bonds as provided in Section 1.148-7(d)(1) of the Regulations.

24. Defeasance. When all Bonds have been discharged as provided in this paragraph, all pledges, covenants and other rights granted by this resolution to the registered holders of the Bonds shall, to the extent permitted by law, cease. The District may discharge its obligations with respect to any Bonds which are due on any date by irrevocably depositing with the Bond Registrar on or before that date a sum sufficient for the payment thereof in full; or if any Bond should not be paid when due, it may nevertheless be discharged by depositing with the Bond Registrar a sum sufficient for the payment thereof in full with interest accrued to the date of such deposit. The District may also at any time discharge its obligations with respect to any Bonds, subject to the provisions of law now or hereafter authorizing and regulating such action, by depositing irrevocably in escrow, with a suitable banking institution qualified by law as an escrow agent for this purpose, cash or securities described in Minnesota Statutes, Section 475.67, Subdivision 8, bearing interest payable at such times and at such rates and maturing on such dates.
as shall be required, subject to sale and/or reinvestment, to pay all amounts to become due thereon to maturity or, if notice of redemption as herein required has been duly provided for, to such earlier redemption date.

25. **No Designation of Qualified Tax-Exempt Obligation.** The Bonds shall not be designated by the Issuer as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3) of the Code.

26. **Continuing Disclosure.** The District is the sole obligated person with respect to the Bonds. The District hereby agrees, in accordance with the provisions of Rule 15c2-12 (the "Rule"), promulgated by the Securities and Exchange Commission (the "Commission") pursuant to the Securities Exchange Act of 1934, as amended, and a Continuing Disclosure Undertaking (the "Undertaking") hereinafter described to:

   (a) Provide or cause to be provided to the Municipal Securities Rulemaking Board (the "MSRB") by filing at www.emma.msrb.org in accordance with the Rule, certain annual financial information and operating data in accordance with the Undertaking. The District reserves the right to modify from time to time the terms of the Undertaking as provided therein.

   (b) Provide or cause to be provided to the MSRB notice of the occurrence of certain events with respect to the Bonds in not more than ten (10) business days after the occurrence of the event, in accordance with the Undertaking.

   (c) Provide or cause to be provided to the MSRB notice of a failure by the District to provide the annual financial information with respect to the District described in the Undertaking, in not more than ten (10) business days following such amendment.

   (d) The District agrees that its covenants pursuant to the Rule set forth in this paragraph and in the Undertaking is intended to be for the benefit of the Holders of the Bonds and shall be enforceable on behalf of such Holders; provided that the right to enforce the provisions of these covenants shall be limited to a right to obtain specific enforcement of the District's obligations under the covenants.

The Chair and Clerk of the District, or any other officer of the District authorized to act in their place (the "Officers") are hereby authorized and directed to execute on behalf of the District the Undertaking in substantially the form presented to the School Board subject to such modifications thereof or additions thereto as are (i) consistent with the requirements under the Rule, (ii) required by the Purchaser of the Bonds, and (iii) acceptable to the Officers.

27. **Severability.** If any section, paragraph or provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this resolution.

28. **Headings.** Headings in this resolution are included for convenience of reference only and are not a part hereof, and shall not limit or define the meaning of any provision hereof.
