**INDEPENDENT SCHOOL DISTRICT NO. 625
BOARD OF EDUCATION
SAINT PAUL PUBLIC SCHOOLS**

DATE: October 25, 2021

TOPIC: Permit for in-street pedestrian sign program

A. PERTINENT FACTS:

1. The SPPS Safe Routes to School program would like to partner with St. Paul Public Works to place four SPPS-owned in-street pedestrian crossing signs at intersections near schools approved by Public Works staff.
2. This is a new pilot program intended to provide SPPS the ability to respond to pedestrian safety concerns near schools. Signs are intended to improve driver compliance with stopping for pedestrians who cross streets to access schools.

This would be a pilot program for the 2021-2022 school year, with no signs placed during winter months. If successful, the program will continue in future years.

There is no cost for this program. SPPS already owns the signs, and St. Paul Public Works will issue a no-cost permit.

3. This project will meet the District strategic plan focus area(s) of Positive School and District Culture.
4. Requested by Mary Langworthy, Director, Health and Wellness, and Marcy Doud, Deputy Chief, Division of Schools.

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (designee) to agree to the terms and conditions of a St. Paul Public Works In-Street Pedestrian Crossing Sign Pilot Program Permit.
