Next, the committee reviewed the Courageous Conversations agreements, and Seven Norms of Collaborative work to guide them in their journey. Members then continued discussion on four key questions to the work of the Equity Committee, including their hopes, strengths and skills that will assist in their hopes for the committee, what is necessary to bring their whole self into this work, and how to model grace, compassion, and concern for all Equity Committee member as we engage in this work. They then participated in a gallery-walk to review responses from other small groups and to identify common themes throughout all responses. Engagement through storytelling and movement will allow the group to think creatively about holistic solutions to this work, and a balance of creative thinking and deep conversations around equity in SPPS.

In closing, members were given the task to identify 3-5 inequities that exist in SPPS for discussion at the January 27, 2020 meeting.

  - 16 sites changed to later site
  - 28 sites had no change
- Grade comparison: October 1 trend compared to SY 2019-20
  - Kindergarten

Overall Enrollment: Projected Trend Compared to SY2019-20 October 1

Results suggest the change did not appear to impact the overall SY 19-20 enrollment

- Of the 24 sites that went to an earlier start
  - 15 had a declining trend; approximately half of their SY 19-20 enrollment continued to decline; the other half increased
  - The other schools that went to and earlier start; had declines in enrollment no matter the trend
- Of the 16 sites that went to a later start

Minutes of the Regular Meeting of the Board of Education, Dec. 17, 2019
Those that had a declining trend had approximately half SY 19-20 enrollment increase and half SY 19-20 enrollment decrease

- Of the 28 sites that had no change to the start time
  - Of those with a declining trend; the SY 19-20 enrollment continued the decline. Of those with an increasing trend; approximately half SY 19-20 enrollment continued the increasing trend and the other half decreased

Grade Comparison: October 1 trend compared to SY 2019-20
Results suggest the change could have impacted K Kindergarten (N=42)

- SY 19 20 Oct. 1 K enrollment is 2878 (K and SPK), 243 less than Oct. 1 SY 18 19 (3,121). This difference is the largest across grades; in the last four years before 2019 20 the K enrollment has been steady approximately 3100
- SY 19 20 Oct. 1 K projection was 2,878 (K and SPK), 168 less than REA projected (3,046). This difference is the largest across grades
- The ten schools that had the same or higher SY 19 20 K enrollment did not change the start time
- Of the 22 that started earlier, all had an SY 19 20 K enrollment that was lower than the seven year average

Continuation

- Trends were shown for continuation were shown
- Continuation at transitional grades above 70%
- Continuation from grades 8 to 9 remain the highest of the transitional grades
- Historical PreK to K continuation rates are very high at the district level; particularly for EC students in PreK classrooms and full day PreK; above 80%. Trend suggest approximately 80% of last year’s PreK is currently in K.

QUESTIONS/DISCUSSION:
• Board members had questions on how we are collecting information from families who are leaving the district.
• There were further questions on the way data was described in the numbers of buildings that were talked about in the overall enrollment, and their relation to start times and trends. Response: In the analysis, there were three categories to look at projected trends. It may have had a declining, increasing, or stable trend, or no pattern.
• They all had declines regardless of where they were beforehand. Of the ones with declines after start times, how many schools had a decline? 24 schools with change to earlier and how many of them had a decline. Response: That information will be provided.
• The numbers of schools that declines were clarified. It was overall even, and the numbers would be helpful.
• There was also further clarification on the projected and actual number of students enrolled, and methodology by REA.
• Director Brodrick requested clarification in looking at the demographics – it would be more revealing, particularly to find out who’s going to other options besides SPPS, and why, and think we might be able to find out more if in the charter school circle, - very interested in whether the demographic group when they enroll in a charter school, are they enrolling in a charter school which is segregated? Response: We know of the students - what charter schools do they attend. We do have the number of students at charter schools and ratios, meaning that we know where each student goes.
• Director Brodrick also noted concerns about charter school movement is that it has created segregated environments. One of the things that SPPS has prided themselves on throughout career and before, fact we were looking for inclusion and as much diversification in as many individual buildings as possible, and we were truly supporting concept and belief and philosophy of integrations. He would like to see the charter school movement has done for integration and diversity in individual schools in the city of St. Paul.
• On nonpublic and open enrollment – concern to see demographic disaggregation broken down by nonpublic versus open enrollment. We have the total number of kids opting to go to either nonpublic or open enrollment is 35 % white – interested to see percentage of white students going to private schools, as opposed to white kids going to neighboring districts. Particularly interesting because, anecdotally, I am talking to others who may fit into any of the demographics and they are sending their kids to neighboring districts. Like to find out whether number of families opting to choose to send their kids to suburban schools. Which relates back to the question which are who is leaving or choosing not to send kids to district, and why. Need more information to begin to answer that honestly and forthrightly. Response: We have heard that and can provide additional data.
• Director Schumacher noted that having the numbers attached to percentages is helpful to know, what that represents. What schools are they coming from, where are they going to, and at what grades is it happening? If kids are leaving one schools and showing up at a suburban school, what is it that is being offered? We have those information. It would also help us to understand how our parents, and if we could do it, know that trying to understand how that lines up with start times, and looking at a particular school and seeing decline, or unpredictable, and they’re going to a charter school getting picked up by buses or out of district, better understanding of impact. With the first year of start times, as we look to the future and understand how strategic plan may change as transportation becomes more equitable across regions, how we think about our different school areas and what start times look like and at some point, be able to offer true choice across different areas with start times that appeal to families. It would help to get different understandings, and see better picture of what’s happening and right-sizing as we understand more. And what we are able to offer and things never been able to compete.
• Curious about the percentage in our current school district are open enrolled. As parents shared at Public Comment that they open enroll into SPPS, and that information would also be helpful. Response: We can send that data as well.

• Director Marchese noted the observation of the demographics of students in SPPS is very similar to the demographics of students who attend charter schools. It’s important to recognize its neither disproportionately students who are white or students of color phenomena. It’s mirroring the enrollment of SPPS and that white families and families of color are making choices and that both white families and families of color are making choices in same percentages as they choose SPPS. Think that’s helpful, and for open enrollment to understand that. Sometimes heard framing of charter requests and need for charter choice framed around families of color because district isn’t serving their needs. Data is showing that it’s even with the similar amounts.

• Demographics of overall grade school age population, and total percentage of students, what are the demographics, because that ultimately is the real base we’re working from overall.

• Director Brodrick also noted that that there needs to be more details on the reasons why they are leaving or not attending, and reason may or may not have a connection to their particular demographic group that they belong to. Goes back to question of why are people choosing to go to charter schools. Still maintain that the overall percentages of demographics for charter versus SPPS is pretty similar. Don’t think charter system in general they were not working to gather to achieve a modicum of integration in their particular buildings, which we have been committed to since before 1954. Response. We will get back to Board with responses. Graphs were shown to compare demographics between charter schools and SPPS.

• In regards to the placement office survey, not familiar with the language test or bilingual test. Do parents know that there is a test when they come to enroll students? That is a long time for parents to wait, have we looked at other ways on how to take this test for new students? Response: Yes, we have that was a recent change with the last contract with SPFE, that we would primarily do that test at the center. As part of contract, do bulk of testing there and took on knowing it would increase time. Try to get through as quickly as possible, and try to have like languages to have the communication path. Multiple staff to help families. It does take time, about 45 minutes to an hour depending on language proficiency. Parents are told over the phone and via the letter, and we do remind them at the center to anticipate to be here at least an hour per child with the assessment. They also do hearing test, eye tests, and vaccinations. It is a full service program.

• On the exit survey, wondering have we taken into account how to catch immediate feedback? In the life of a lot of families, busy and active parents, and if send them a piece of mail – from the district, no longer a part of them. If on the phone find a students has left, and left because of certain reason, make immediate note. In going back to relational teachers know some kids aren’t returning, and can we catch that before it happens? Response: We do have some schools and admins that do that – if we they see 3-day or 7-day no show, those schools are actively advising staff to call families, and is there a reason why and ways to help. It does help in some schools. As we get into the swing of exit survey, and get the data closer to 15-day. At the district level, 15-day, technically no longer enrolled after 15 consecutive days. We are whenever a family comes in and is not able to make it work at a particular school, Director Williams and her team make provisions to keep student inside SPPS. We try to find a school within system where they will be happy.

• We capture that information for those students who leave, or families that we’ve tried everything. Do we keep track of that and add to the data? Response: Yes, we will, and look at that aggregately. If families are telling us they left because of a particular reason, but in the event that’s what they’re telling, data we will need to look at depending on aggregately and look at policy changes.

• We as board members hear from parents that aren’t happy with certain things, that can be solved maybe. I would think classroom teacher who has students they know have had conversations with parents that would indicate if a child wasn’t showing up and why, and some is kept at some schools. Would it be challenging to implement that as regular routine with students no longer at the schools. If kids are leaving, and maybe small percentage, think we’d know why they’re leaving. If we could capture that data, it would be helpful. Those are relationships to get honest answers, as opposed to other situations and not responding. Think that teacher would have some sense of dissatisfaction. If we could formalize that in some way could help us. Response: One is verification of attendance, and also the students who leave at all different times. one – can ask chief turner to report back on the standard
verification of enrollment and better standardize that. What do we signal as how many days, and it could be due to a lot of things. There are number of different scenarios – verification at those standards and outside of regular enrollment times.

- As a superintendent within the metropolitan area and suburban school, and now at an inner city district, what do you see as the answers to the two questions in terms of which families make those decisions and on what basis do they make them? Seeing certain suburban district are losing students to other suburban district. Response: A former colleague used 3 Ps – personal choice, proximity and perception, and any combination. Hope we can learn enough and begin to establish trends to codify in strategic plan and we do offer and how, and places and ask to give us a try. Begin to build momentum and support in that way. We also need to focus on students we have here and serve students here that are ours in incredible ways. It’s a “both-and” conversations and we also need to look at reasons why they’re leaving, and strengthen why they are staying as well.
  - Director Brodrick noted that absolutely right focus on kids that walk through our doors every morning, and focus on families that choose to send their kids to SPPS. Superintendent Gothard is absolutely right and glad reminded – focus on kids that choose to come to our schools and do best possible job for them.

- Chair Ellis noted that there would be quarterly updates, and appreciate that. Recommendations and when they come to the Board – are those recommendations for the Board to listen to and create policy or resolution to be done, or directive to superintendent and staff. Think that is a challenge in recommendations for the district. Response: Superintendent Gothard shared that it is his job to bring recommendations to the Board for consideration for strategic direction of the district. If at any time the board has feedback -can direct the superintendent to admin to bring back some next steps or thinking, or recommendation for the full Board to consider, and working in strategic plan for recommendations and how to take in various viewpoints and feedback, and think important to be consistent with communities.
  - Worried that give recommendation to the Board and Superintendent and Administration, and if those things aren’t done or not talked about timeline and next steps throughout process, you didn’t do what we recommended and why. Response: The first overall recommendations would be for Board to look at comprehensive plan in capacity and alignment – not in piecemeal, but to look at the overall plan and timeline.

- What is the timeframe for this, and if this will be comprehensive plan verses piece. What is the commitment for when we will have a comprehensive plan on this. Response: Like to present to Superintendent Leadership team, first quarter of 2020.

- Would there be an expectation by March or April with comprehensive plan? Response: Yes, we will have a timeline. Not the full plan. We need input from committees for the plan.

- The timeline by April was noted, and the plan going-forward. There may be phases and timelines for implementation, but not the whole scale of the plan, which will require input from parents and families and community. The timeline could establish the window of time for recommendations and set them as milestones, and accomplishments in engagement, and information gathering, and feasibility, and provide information along the way. The plan will be presented at a later date.

- It was also noted that in this process of trying to figure out at what point will the board receive recommendations that require action that will give us the kind of overview we need to make decisions on program configuration, building usage, attendance zones and indifferent factors. There is some urgency and want to see done well. Response: Wondering if Board entertain timeline in January or February to give time to react if going down right direction and make modifications prior to any recommendations of a plan in March or April. Believe come and in January board of ed and come with a timeline. There is nice a lot of background details to consider.

- Do think it’s also important to be attention and work to examine assignment areas. moved to a system 6-7 years ago and haven’t had study on impact of choices, how families making choices based on options, including transportation, and heard throughout the city who continue to ask questions why they do or do not have access to a program or transportation – what was the impact of choices and how did it impact enrollment.important to include, and hope that will be included.

- Director Marchese noted that the only other aspect or urgency – should feed into the reconfiguration of facilities plan, in making choices in buildings, making choices in renovation and usage that will flow from that. Makes it difficult to make long-term commitments on choices with buildings if not clear yet.
Longer we wait, the harder it is to know what those choices will be, and if don’t, impact physical renovation process.

- School Choice Fair is driver of things – do we give everyone list of things – what are you looking for in a school that could drive information? Response: The School Choice Fair it is January 25th. We are trying new location at the Union Depot downtown and it will be 9:30am-2:00pm, with ample parking, and we will be surveying families and choices and why.

- As noted in the timeline and timeline which suggests actual plan of action, I’d ask – we have been in a declining enrollment trend for multiple years. Do we see enrollment, but decline in enrollment of symptom of something that we need to correct? Response: Yes, but with details and empirical evidence and gathering information. Also getting multiple conversations in increasing enrollment, looking at building capacity use and look at scale to adequately staff and be sustainable. We can now look at who we are, students are and the programs offered, and make sure we can do that in a sustainable way. Building capacity is one. And continue to work to gain students, and can’t continue to operate buildings far under capacity when scraping by to offer what community wants, and it’s finding that balance.

- Board members noted this is the beginning of the discussion as we work to recognize enrollment trends and market share in SPPS, and address that we are providing for the students who do come to our schools. On the other hand, also determining reasons for the students who are not coming to our schools and working on and improving. We want to have as many kids come to SPPS and give them a great education. If there are people moving away, we also want to know why.

B. Facilities Master Plan External Review - Update on Implementation of Recommendations

Chief Turner then presented an update on the implementation of recommendations from the Facilities Master Plan External Review.

    ▪ “A new baseline”
• Renovate vs. Renew buildings BOE workshop

Renovate v. Renew: Strategic Evaluation
Multi-faceted strategic evaluation, not simple arithmetic formula:
• Financially prudent based on threshold of building’s replacement cost?
  o Must consider if building has useful life of 30 - 50 years
  o Will renovation meet needs of teaching and learning equivalent to new construction?
• Impact to families and school community
  o Relocating school disruptive to students, staff, families
  o Risk decreased enrollment whereby school program may never fully recover
• Urban districts have unique logistical constraints, lack of land
  o Right-size buildings on small parcels of land while still meeting 21st century learning needs
• Schools part of social fabric and identity of neighborhoods
• Environmental impact of tearing down and rebuilding

QUESTIONS/DISCUSSION:
• Clarification on slides 2 and 3 - because they work in correlations and total number of recommendations from FMP External Report. In slide 3, there is number of recommendation in progress? Response: This is a sample of the ones starting, not inclusive of all lists. Other recommendations working on – ones heard most often board interested in each month, there would be an FMP update and report every month in how implementing recommendations. These are ones most interest to the Board
• In the recommendations, are we looking at moving and all the recommendations and implementing them, or a point where we get an update on what are the recommendations we will be implementing, and those that administration will deem not doable. Is there a point to understand what accepted from report, and understand that. Response: Yes, these are recommendation believe we can implement to help with overall program. The board will have greater oversight and line of sight to the projects brought forward for approval. One is internal in recommendations guiding our work, and take that to build to recommendations utilizing those external review recommendations.
• Are there any recommendations in the report that we’re not going to move forward with? Response: This information presents all recommendations, and how and if they will be implemented. There are at least 1 that will not be implemented. In consideration – of the 52 total recommendations, how many are we not implementing is 1 right now. We also have 24 in considerations, which means
need more time to work through those and work with Jacobs if feasible and to implement in SPPS and
still under review. Hope in January more clarification on those under consideration and move. Those
5 in implementation that are in the works and already been implemented. In progress - it’s intended to
provide ongoing dashboard to how we are rolling with implementation of overall review.
• There was further discussion on the chart of recommendations from the team, and of those 16, 1 of the
recommendations have already implementation, 11 are in the process of being implementation, 4 of
them haven’t decided if best to implement in SPPS.
• For Board gate checks – began to implement and start that process, on projects to come, haven’t done
board gate check yet – these are with projects to come. FMP oversight committee agreed to accept,
but hasn’t been implemented yet because we don’t have official committee.
• There will be more regular reports to the Board on this area.
• Director Brodrick requested more information and summary on the recommendations on the review
team report, which have bene pulled out in this presentation to be further discussed. He also requested
a list of the recommendations by category, and their next steps in short form, in what we can do, or
have chosen not to implement, and if not, why we are not. Response: Behind each recommendations,
there is a project management schedule that shows each step to ensure it is implemented. That
information can be shared with the Board.
• Board is not requesting to be involved in details of how implement or not implement at particular
recommendation, but nice to know that we spent time, energy and money to have review team, and
gave recommendations and should have idea of which recommendations work on and which ones not
work on.
• Keep it simple for board members. Response: Duly noted and note of that for next month’s update.
• Director Schumacher requested more information onComo Senior High – that's one project that is still
being competed. How much would that cost, and then a better understanding of what happens if to the
other projects if we just say we want money for Como and to get money for that, and trying to. Everyone
agree process that the cart was before the horse, and now we have the opportunity to get horse in front
of cart. Do we take care of what we need to do right now with money at our disposal and put horse
before cart so we go through process to understand and this process informed before decision and
understand money. Or do we say we understand period of transition and if we don’t grab money right
now, it won’t be available for any of these projects and those ramifications, preference to put horse
before cart and start using process to inform us to look at AIM in particular. Also concerns that the
commitment to AIM and community feeling for that school and site and everything involved with that
school, and community feel we’re starting to really honor and respect of the things trying to get across
to us, and worried that if we say we’re not going to do AIM for a year and get the money, it also have
implications more that dollars and cents. It does come down to what money is available now, how long
is it available, and can we put horse before the cart now, after we’ve taken care of Como, or are there
things to make compelling case for doing the rest of it right now. Response: There are many options
in looking at this for the approval of the COP. In looking at the projects that were in the construction
phase and also ones upcoming in current fiscal year for design and predesign. Five listed are ones that
we were planning for this fiscal year and the ones planned. We do know that Como currently has a
little shy of $5M that has been spent for the COPs. We know there’s an immediate need to cover funds
for that expense. The District Service Facility and need for that because it’s currently underway, the
other 3 were planned for design or predesign in the year.
• In looking at $70M that’s available is available for our levy currently doing this evening, and built into a
schedule. We’d need to issue COPs until early next summer before that time period would expire. We
have this opportunity to issue, but again have market rates that are positive right now for interest and
opportunity to do bond refunding, and also GO bonds. It’s taking a full look at the market and combining
different opportunities with bond rating agencies. It's looking at cost savings when doing multiple things
at once. Opportunity to have 3 other schools on COPs doesn't harm anything. If we delay projects,
the funding would be available at any time for those projects and held in fund balance. At some point,
renovation and repair on buildings, there were letters to the commissioner as to plan what projects not
the plan to be done at those sites, and if there are needs in the building, that work could be done it’s
the timing that funding would be available as the Board would approve the release of funding based on
the process.
• As we’ve been thinking about the renovation versus replacement, it’s confusing that we have some significant projects where the decision making impacts the district finances relatively heavily. It was based on a FMP that goes back a period of time. We’ve now come to a place where we understand going through level setting of process. For those projects significant scope, why not put back through process and do with other projects. Why are we treating some significant expenditures and having them go forward as proposed and including them in revised process that we’ve been talking about and presented? Response: We can consider that. One of the reasons for AIM that a significant amount of work wasn’t for renovation, but also for building improvements to the structure to the building. We believe that building and its location physically - that would be a building regardless of where we go with FMP or aligned in capacity with programming needs, a a building that we’d need and want to maintain within fleet of sites and it is in a prime location. that one wouldn’t necessarily consider renovate versus new and put back in because of the work – it needs to be done regardless. There’s work that needs to be done beyond remodeling and structural things that need to do.

• Director Marchese also shared that it goes back to 1 – change in cost estimate that was shown in special meeting and included additional work and moment in time and replace vs renovate should be happening with board understanding decision making process. Also because of other conversations to have – it affects our ability to fund other choices down the line. Still having regular conversations around enrollment so that we’re making commitments where obviously in midst of renovations like Como and Humboldt. With the AIM building, we haven’t put a shovel in ground or opened a wall. Before incur expense, seems like develop systemic approach for those not at that point of construction, consider it in the same way. We may end up in same place, 90-100 day pause, why not include in 90-120 day pause, and help us to understand decisions and where fits into overall spectrum of projects and come back with reasons and what it will be used for, and why this building now versus later. Realize did approve based on different model, but don’t know what stock to put in that. Agreed need to pause and reset. There is a concept in law to wipe slate clean and start again, and hearing in recommendations, wiping slate clean and starting again. If that is the case, why keeping legacy decision alive? Response: Yes, think we’re saying the same thing but getting there differently. It was intention of administration to wipe slate clean with project in pre-design and beyond. AIM, Frost Lake, District Service Center, Washington Tech athletic field and those 5 schools in the design phase, spent significant amount of time with community and architects and to plan and design those. Yes, we learned through process to include additional contingencies, and initial estimates were off and increase those intention of admin based on COPs authority and other allocations, that those projects would continue, projects in pre-design and beyond, Cherokee and Ramsey, would move forward in full process of gate point checks we also felt in the timeline that we had, we had the opportunity secure funding now given COP and put that up in a reserve account, and once the Board looked at AIM, Bruce Vento, or overall plan on refresh vs build over, that the Board would feel that they had enough info to feel confident about both recommendations. - the data long with them prepared to share, come to conclusion of the due diligence has been done and looked at renovate vs tear down and rebuild, and align with COP sale. Trying to put something together for Board in next 30-45 days, with money from COP is coming in February and still have the time to say no, not comfortable moving forward with AIM and money stay held in the district to use for AIM moving forward, depending on timing and ability to do that. Intention and hope to be work there – talking about taking advantage of opportunity of COPs now given the goal and recommendation. Chief Baker also in support in Chief Turner, Jacobs the external consultant – highlight they pressed us on questions during their sessions a few weeks ago on build new vs renovate. conversations with them I and team provided them to rationale and reasons why to go down this road. We can specifically provide with that information on why we chose this route vs the other to get to the concerns.

• Concern is that asking this board to incur obligations on behalf of the district, and not giving information to help understand why we’re going to use funds in particular way. Not fair to make decision without complete information to understand and justify to community. Asked us to vote and issue certificates of participation through affirmative vote and haven’t provided specifics with discussion to renovate versus build new. How do I got back to the community and explain what I am voting for and what the community will receive as result of funding. No explanation to any of us, entire focus has been predicated on the desire to vote and affirm a sale of which we don’t have enough information. part of the agitations, and concerns about we don not have a budget that ties funding to specific projects, do not have explanation why now is opportunity, it seems there are projects already in process need to
pay for and make sense to move forward because we have to pay for them, for ones with significant funding and debt and take vote on it, don’t have information for tonight’s’ vote. Certificate of Participation is unique to city of Saint Paul and provides to not go to voters and we stand in the shoes of the voters whatever provide to us should be equalvail to provided to the community, and that hasn’t been provided, and why vote for it at that level. Help to understand how to explain to people. Response: We are asking for the money that we have authority. Not using until the Board feels confident with that. If Admin presents something within next 30 days if we do new vs renovate at AIM, if Board aligns with recommendation, continue to move forward with AIM. in the event board says no not ready to move forward, would have missed window in March. If not in March 2020, put off decision for at least a year. Every decision has long term impact and cost more money. Learned from previous experience, financially, feel good about 3 major projects a year – that’s where able to be successful. Examined going into this with 6 different projects - didn’t do that well. As we begin to backlog projects, find selves in position 10 year program, is now 15-20 years. Think main piece and intention was to receive resources if in fact we needed it. If we get past March and decided need money, missed window for it and put decision off for a year. AIM has been working hard at admin level, community level, and had a lot of support from community, and anticipating making improvements in building . It was not about increasing enrollment, but improving environment for instruction. Regardless if build new or renovate, feel community deserves opportunity improve learning experiences. Chief Schrul added that in order to finance FMP, have to have financing. A part of this $70M is setting forth future financing for projects we have opportunities during the year to finance for future projects, and the opportunity to have these 5 sites listed does not obligate the Board to spend on those 5. The two under construction are first 3 listed –the other 3 does not obligate board din any way. Finance needs to do what it needs to do to get funds for the FMP, and if we want to include to improve buildings and continue work. The market right and conditions and Baker Tilly has advised us is the market is in our favor to issue certificates of participation at this time that gives favorable interest rates that coming to at this event.

- There were also questions on waiting 2 months until more information is available to vote on sale of the Certificates of Participation.
- Director Marchese noted that this situation seems similar to the current state of the FMP, and the decisions that need to be made by the Board right now and the actions and information given to the Board to make them feel comfortable in speaking to the community on those decisions. It has to do with what does the Board need to know to make educated decision to how it exercises its discretion.
- Understand from financial standpoint, we have a few months; from design, we don’t. If we wait to February, we have missed window and can’t start for another year.
- Questions on the timing were addressed, and Chief Schrul provides the Board with scenarios with COPs and if we waited and did partially. The schedule for setting sale and receive of funds was reviewed. It’s a three month process to then go forward with the schedule. Whatever time period that would be, not get into any site not having that ability to have funds available.

CONSENT AGENDA ITEMS PULLED FOR SEPARATE CONSIDERATION:

This item was pulled for further information. Assistant Superintendent Andrew Collins and Anne McInerney provided more details to talk about the work in partnership with the city and rent supplement pilot program. Andrew Collins provided background details in launching at 6 of our schools. All agree that children have safe and stable housing to school success aims to serve lowest income families who bear highest cost burden and most at risk of losing housing. This program will provide each eligible family with $300 per month and wrap-around services for 3 years. Anne McInerney then provided context. We do appreciate city of Saint Paul and partners and funding available for families most in need. Our program with Project Reach has found that preventing homelessness is key piece. This is providing a resource for families that are in need, meet income guidelines, and child in 3rd grade or under, and already be on lease. Take in referrals and send to city on connecting and work with landlords on providing rent supplement. Chief Baker also shared that Anne, Andrew, and the City of Saint Paul and Mayor Carter share excitement to move forward in launching this.

Director Vanderwert noted she is excited about this work and has data to back it up in her previous experience and shared details with her experience and how it positively impacted the family and students. It makes a huge difference in school performance, and research on homelessness and impacts brains of young children and it is devastating. She congratulated staff on getting it started, and it will make a difference.

Director Foster also congratulated all those involved and thanked the Reach team in work and advocacy. Prevention is the key. Talk about how kids are show up or unable to show up and super excited and grateful that the city is standing on its sword and invest and support families. Thanks and thanks for keeping updated and all work of Project Reach is doing.

X. OLD BUSINESS

A. Policy Update
   T. THIRD READING: 510.03 - Class Rankings

Chief of Staff, Cedrick Baker, then presented the third reading of Policy 510.03 – Class Rankings.

510.03: Class Rankings
Why are updates being proposed?
- At the May 22, 2018 Board of Education meeting, the Student Engagement and Advancement Board (SEAB) presented on the inequities of the current policy.
- They recommended that SPPS, “Implement consistent recognition of academic achievement by updating policy 510.03.”
- They proposed for the district to:
- Celebrate academic success of more students
- Remove the verbiage, “the top ten students ranked by grade point average of each high school’s senior class will be identified and recognized in alphabetical order” from the current policy
- Develop consistent use and logic of weighted course material that supports a district-wide system for recognizing academic honors

**Changes to the policy include:**
- Removing “the top ten” verbiage (currently paragraph two)
- Adding this language (proposed paragraph two):
  - 2. Students will be recognized for academic achievement based on the Latin Honor system, using their weighted GPA.
    - High Honors with Distinction (Summa Cum Laude) — Cumulative GPA average of 4.000 and above
    - High Honors (Magna Cum Laude) — Cumulative GPA average of 3.75 to 3.99
    - Honors (Cum Laude) — Cumulative GPA average of 3.3 to 3.749

**Implications of proposed changes:**
- The District will no longer host the “Celebration of Excellence” which honored the top ten from each high school
  - The cost savings from no longer hosting the “Celebration of Excellence” will be used to buy cords and help to support individual high schools’ celebrations
  - High school principals have requested for Board members and Senior Leadership Team to have a presence/role at their school-level celebrations
- High schools that do not currently have the GPA cutoffs for honors, high honors, and high honors with distinction as stated in the proposed policy, will have to update their internal systems and practices and communicate those changes to students and families.
  - Because we are doing away with “top ten” - who have been acknowledged in newspapers historically - the District will need to find a new way to best recognize students publically that appeal to newspapers

**QUESTIONS/DISCUSSION:**
- SEAB Member Ali noted that the idea for this policy is also to encourage graduating students to take classes that they like, rather than classes that are weighted. The SEAB members who proposed this idea are now in college, and the current SEAB members encourage the Board to approve this policy change.

QUESTIONS/DISCUSSION:

- In talking about the people involved in the overall security and safety plans, how do our mental health workers and other support staff in schools fit into this? Response: Each school has a team of professionals with the primary person in the mental health, such as social workers, psychologists, or social worker, or counselor, are typically the key person to bring the team together. Other partners, including teachers and partners sit on that team to talk about how to improve the climate at the school. Some schools have students leading the team. All positions are active, but looks different at each building. It’s most important to let the school lead that work and allow them to decide their needs, and SEM fills in with infrastructure and their needs, as well as with our lead social work department.
- If there are incidents that the social worker or mental health professional, they can help with their part of the approach of the student in need of additional support, as well as the SRO? Response: Depending on the situation, the SROs are typically brought in as a point of reference for information, as well as to be able to be that link to the community, and bring forth other partners from other students and staff that may have information. They also come in and work with to provide the supports for the prevention piece. In many cases, SROs are available for informal drop-ins for our students, and students have become comfortable with their SROs and going to them for questions and feedback.
- Some have suggested social workers instead of SROs – speak to why recommending SROs? Response: This is not one or the other; it’s both-and. Seven SROs cannot prevent all of the crime or provide mental health of a social worker. There is a strong core team and looking to provide a whole
picture with social workers, psychologists, and counselors. They are a part of the vision. Rather than just safety and security, we need to talk about climate. They are – not instead of in the vision of this program.

- Director Xiong shared that she is excited about the social worker joining the SEM team in 2021, and to give perspective on responding to crisis and student mental health but also to and hoping that the trauma recovery with students and to also give perspective to staff who are responding to crisis in our school district, and exciting that the social worker is joining. Glad that is happening and need more perspective and expertise in mental health in how we respond to crises in the district and in society.

- Director Foster thanked Laurie Olson and SEM team – it’s nice to see a foundational process in where we are moving in supports. Again, agree there is work to do with Chief and Mayor and continue to struggle, and with quantitative and qualitative data. We are beginning to see qualitative data, and some students can attest to interactions that may have disrupted the prison pipeline because of SROs. There is still community work to happen. Struggled with the data collection that accurately reflects the totality of the population – not 1-2 schools and data flows. If be accurate about needs and purposes, hopeful that looking at regular process, and feedback coming from all parties involved moving forward.

- Movement is happening and work is being done. Excited about CSL and SSL process and talking about supports in mental health supports and ongoing process. Happy that were are getting more concrete, and concrete this is for community to engage and ask questions, and model schools with Como that we can pull data from those. Thanks for the work, still have work to do around this.

- Director Marchese echoed comments in the structure presented. he reiterated that it’s important to see the web of people involved with creating the kind of culture we want for our students. Also understanding of how SROs fit into as piece of puzzle and not outside and away form this. More we can do to knit this together so that students and adults in the building understand this is a team and operating as a team, with discrete responsibilities. We also worked hard about the role of SROs to play in building issues, and clarify the roles they do have and important of district staff in disciplinary circumstances and hope with differentiations with support staff, and for the CSLs and SSLs to be in the process.

- He raised in years past, and continues to be concerned and frustrated on the cost of the contract. In addition, know there is limited amount of leverage to influence that and know have tried numerous different ways. Encourage to continue to seek value for district in the cost – 90/10 is not split, it’s vendor relationship. We are not in vendor relationship with police- they are in our community and required to serve us. Recognize goodwill between police department and district is important, and having officers trained well and understand come to work with respectful and clear mindset is valuable, and not necessarily get that from a beat or street cop. Recognize value. He appreciates changes made to bring us to thins point and visions we have. There is a lot of work to do to collect data and information to use effectively to understand SROs, and staff are doing in context. Looking at all information to develop from students and their perceptions and from hard data from disciplinary interactions and data. We’re going to be dealing with that in different ways and the Equity Committee may bring up issues and be specific about initiatives to address those specifically.

- Director Xiong also noted that she wanted to be clear truly appreciates work of SROs and program. Believe police officers do not have a role in education, and unfortunate we’ve come to a point where we must do this in order to maintain safety and security for our local school communities. She sees them and need them, and come together as a whole community to support and navigate and give resources to support students to achieve.

- She also added to the piece about data. She does appreciate the team for next steps and see feedback from students, SROs and administration. That's key and crucial. She also added more details and pushed further. She appreciated the MN student survey, it’s important and useful and continue to use it to guide our work. Surveys 9th and 11th graders only, and we are a large school district to understand our student body. She looks forward to seeing this survey be available for all students in high school. She wants to see climate survey, and excited team to take the lead to define how that will look.

- Along with the incredible work that our SROs do, we are fortunate to have SROs to have great SROs who care and are passionate about students and to create initiatives to support and bring students. Examples were provided of initiatives.
• This work is also about people and many of our police officers and SROs live in the community and went to SPPS. We also need to have conversation about need for our SROs to humanize their work. In addition to that, she would also like to see two reports from SEM and to work in collaboration with the schools administrators and SROs – maybe introduction at beginning of school year and their work to create a positive climate for schools, and how to work together as a team to define that, and report at the end of year as reflection as to how that happened for the school year. We’ve been fortunate with SROs who get the work and enjoy working with kids and students, but every one and every SRO does it differently – on the board, love to hear the anecdotes and testimonies, and also important to have a report to understand how year has been across the board with all 7 SROs.

• She also asked that we follow-up on these 2 asks for SEM beginning with this SRO contract by proposing that we find time and directed staff.

• Director Xiong moved to come back in January with a resolution shared to direct administration to direct student climate survey and SRO report to the Board. She moved to approve the contract, and also recommend to come back in January to approve a resolution for the two proposals on the student climate survey and the SRO reports annually. It was noted by Chief Baker that the Board can give direction without a resolution, and come back to a future board meeting with the information requested. Chief Turner also clarified that we can with the Board’s direction, can certainly put together a survey feedback plan to present to the Board with more details without a resolutions, but by the Board’s directions, and is welcomed. Our next steps look differently at seeking feedback for students, and heard that the MN Student Survey should not be the only feedback that represents our student body. As a team, including with student climate team as SPPS achieves, climate, and one of the initiatives is and work we do around that in is in our strategic plan we are already doing work and we can move the timeline to present the plan to bring the SROs to talk at the beginning and end of year, love to put together as a team and work collaboratively with SPPD.

• There was further discussion on the contract, and amendment and direction to the superintendent to provide that information at a future meeting. Superintendent Gothard noted that we absolutely can do that. He also noted that it’s important to note that 7 individuals are not responsible for all of school climate – but it is all of us. All adults are responsible for meeting the needs of our students in the best way. Part of our strategic plan is a way to establish a regular way of measuring climate – with students being involved as well.
  o Director Xiong thanked him for his perspective, and reiterated that it is all our responsibility as community in ensuring to create school climate and environment that students need for well-rounded education. She rescinded her motion and moved to approve the contract.

• Director Brodick noted he supports the recommendations to make the contract. Also would be ready and willing to second Director Xiong’s two-part proposal after the contract is approved. Vice Chair Marchese also supported Director Xiong’s requests.

• Director Vanderwert also encouraged Reflective Practice for SROs as they are dealing with some of the toughest situations in our schools, and all security folks could benefit from this training. It was very valuable the first time, and gives them other tools for their toolkit outside their skills as police officers.

• Chair Ellis also added a few things. Every year we have this contract every year it has become more expensive, and trying to gauge what we as a district believe about our kids and having SROs in our schools. We talk about safety and security and felt like when we came to this contract, what other options are being presented instead of SROs. The conversation started to shift last year. That does not mean this is the right thing – this is a decision thinking about for a long time to come because don’t believe they belong in our school. She then shared her experiences in visiting high schools and with SROs, and conversations with them and our students how they felt and thought about having SROs. She saw in the interactions with SROs that they want to be in our buildings, and go through any training from this district to be in our schools with our kids and that speaks very well of them. Also felt warmth and connection between students and SROs and it was very relational. In talking about relationships with students from different schools and getting to know each other and build relationships, and that wouldn’t happen without our current SROs and honor and respect work they’re doing. We’ve talked about the money aspect, and 90/10 is not okay. The problem is that in hearing from 7 individuals from buildings, they want to be there, and don’t feel like respected in own police department because they want to work with kids. It’s the city’s job to invest in them and in this partnership and front money for contract. It’s important to add value to their work and that needs to
come from the city. She has great respect for SROs in buildings, and had reflections and hard conversations and her experience and how they positively impact our students. She thanked the SROs. She urged our next Exec Committee to be in dialogue with SPPS with our mayor and figure out the new way forward. She is assuming that this contract will be more money, and sitting here having conversations, with more data, but still money piece of contract. 90/10 will never be good enough.

- Director Xiong and staff clarified the timeline for Administration to bring back a report on the next steps to student climate survey and reports from SRO.

C. Resolution Providing For The Competitive Sale Of $65,880,000 Certificates Of Participation, Series 2020C

Resolution Providing For The Competitive Sale Of $65,880,000 Certificates Of Participation, Series 2020C

This resolution written for receiving proceeds of $70M, and accessing dollars authorized by MDE approval of facilities projects, or portion of authorized amounts and for projects previously listed.

- The Board requested information on the timing and if it possible for us to do this at a later data, and the impact of that, and also question of having 2 separate ones, for lesser amount now, and remainder 2 months from now? Response: Yes, you could change this amount, however we have not been in a position where it has been changed mid-stream. The resolution written at that amount because of market conditions based on sale date. If you did want lesser amount, it would be possible to come
back at later time and do remainder of $70M total. As it has been mentioned, we are in a very good interest rate environment now. Currently, market conditions are favorable. It would be possible to split issues. For the $70M debt service schedule on levy approved as well. If determined only wanted to do portion, match debt schedule number for that revised number, which whatever is issued later to match debt service in levy. In terms of financing, could split issue, could qualify – need to do revised resolution at organizational meeting to make sure all numbers are correct. Resolutions are effectively giving Baker Tilly, as advisors, the go ahead to start setting sale in process to get official statements – the number could be adjusted.

- Further clarification on the question on $70M, and says $65.8M. we’re in premium environment with bond sales, and interest rates at low point, investors will give premium for a bond. Investors will pay more for higher interest rate.

B.   Items for Future Agendas

C.   Board of Education Reports/Communications

• Director Vanderwert provided a report and her thoughts on the last four years, including how it has been such a privilege to serve St. Paul and St. Paul’s children over the last 4 years. It has been quite a ride with a lot of change and learning. She learned many things about education like how complex is our funding, how complex are our children with amazing talents and potential and how many challenges they have in their very young lives, how schools are expected to really attend to every aspect of a child’s life and how committed our community is to our schools as evidenced by the positive referendum vote. SPPS will be forever in her heart. She recapped the accomplishments of the Board, leadership, mindset, culture, and challenges for the future to lead to a more external mindset. She is leaving SPPS with a full heart, great memories, admiration for all of the amazing work that is being done in our city and with prayers for the culture change that we desire. Wishing you all the external mindset necessary to make that very important change.

• Director Schumacher also shared in agreement with Director Vanderwert in terms of the pride feel of having served on this district. He reiterated point about vision, a district cares deeply about kids and families and his experience as a board member for the past four years, thanking the Superintendent, staff, families, students, and his board colleagues. There is a lot we’ve done and resolutions around gun safety and sanctuary schools, tobacco use, and we’ve taken care of small things and large things. It’s important to remember things go on behind the scenes, with a hardworking and conscientious and collegial Board, and have deep respect for each other. The work of the board,
and spend many more hours, doing other things and knowing district and doing best we can to make right decisions for the best education for all our students.

II. AGENDA

A. Superintendent’s Announcements

Superintendent Gothard began the meeting by welcoming everyone and a special welcome to Board Director Allen and Kopp. He shared that an email was sent to all staff about a pilot of SPPS Achieves 2A in Positive School and District Culture, that aims to collect regular feedback from students, families and staff regarding their SPPS experiences. We also held a professional learning session on customer service, and he is pleased with engagement and sharing of this session. Initiative 2A is defining Positive School and District Culture as belonging, engaged and empowered and leading courageously. He is excited for this work.

He also shared an update on the Special Education Advisory Committee report-out. It was a good meeting learning about progress the SEAC community has made. He made special mention of Assistant Superintendent Marcy Doud, who has worked to cultivate trust and leadership with team. One item to note was that what the committee is asking for is what SPPS Achieves is seeking as well and is in alignment to the plan. We can accomplish this work together and to involve many voices, including members of the district and partners as well. The report will be posted on the SEAC website, and will also be shared with members of the Board.

B. Audit Report – Year Ended June 30, 2019

Superintendent Gothard then introduced Chief Finance Officer, Marie Schrul and thanked her and her team for their work. Chief Schrul went on to introduce the results of the FY19 audit, year ending June 30, 2019, and introduced Jackie Huegel and Aaron Nielson from MMKR. The Board has been seeing quarterly reports over the year with updated throughout the year, and this is the final year end audit and results of whole FY18-19.
Three reports were shared with the Board:
- Annual Financial Statement
- Special Purpose Report
- Management Report

Auditor's Role
- Opinion on financial statements
  - District audit
- Internal controls and compliance
  - Financial Statement Audit
  - Federal “Single Audit”
  - State Law and Regulations

District Audit
- Unmodified Opinion on Basic Financial Statements
- Internal Control and Compliance Reports
  - 2019-002 Internal Control Over Compliance with Federal Allowable Costs Requirements
  - 2019-003 Internal Control Over Compliance with Federal Procurement Requirements
  - 2019-004 Claims and Disbursements
  - 2019-005 Withholding Affidavit
  - 2019-006 Unclaimed Property Report

General Education Aid – Basic Formula Allowance
- The General Education Aid basic formula allowed, which is the largest funding source for the District from the State of Minnesota, was reviewed. For 2019, there was a 2.0% increase in funding.

State-Wide Fund Balance
- The state-wide unrestricted operating fund balance as a percentage of operating expenditures for SPPS versus state-wide was reviewed, with SPPS at 14.7% for FY2019. For FY2018, SPPS was at 15.8% compared to 20.0% as the state-wide average.

General Fund Financial Position
- The cash and investments, unrestricted fund balance, and annual expenditures of the General Fund were also presented, as well as the financial statement. In FY2109, the cash and investments was at $85.9M, unrestricted approximately $63.2M. For the most recent years, it has been a steady calculation. Drivers to 2010, 2011, and 2012 cash balances were also discussed. The components of the General Fund fund balance for the past 5 years were also reviewed. There is $37M in unassigned, which is 5.9% of the expenditures of the General Fund. It has been a steady around the same level, and compares to fund balance policy with goal of 5%.

Adjusted ADM and Pupil Units Served
- The Adjusted Daily Membership and pupil units served were shown and discussed, with the percentage change in ADM and pupil units served for the past ten years (estimated – not final for 2019 until well into the 2020 year). The estimated ADM is 35,938.

Change in Students Served
- The changes in ADM were also shown. The changes in 2015 were also discussed, there was a change in legislation in the weighting of students – there was not a loss of resources, but it was a mathematical calculation in how it occurred from 2014-2015.

Other Governmental Funds
- The other governmental funds for food service special revenue and community service special revenue funds were presented. Ending the 2019FY, the fund balance for the food service fund ended at 21%
and the community service fund at 12% - with a slight decrease in the food service fund noted for the past year including impacts from cold weather and snow days.

**District-Wide Statement of Net Position**
- A district-wide statement of net position was also presented. There are a few reconciliations. The top half trying to share from perspective of operating, individual funds and general fund – taken fund balances and how to compare to consolidated basis sin wrapping all together, and governmental fund accounting is different in that they don’t include capital assets or long term obligations, and captures at entity wide presentation. This is the big picture conversation items to take from governmental funds with a top line of comparing FY18 to FY9 decrease of $83m as anticipated with refunding bond, which reduced debt service fund, capital spending in construction fund, and those 2 areas are key changes. Also show other categories of conversation items. Changes in pensions and OPEB obligations which are driving unrestricted category were also noted and impacts to financial statements.
- Overall, the bottom line position change in increase $65M on an entity-wide presentation.

Comments on financial statements and details on individual governmental funds were also shared.

Chief Schrul highlighted the pages that were highlighted in quarterly reports. The 5.9% was highlighted, and our projections were close with that throughout the year. It’s about where we’re projecting revenue and expenditures, and also enrollment and monitoring those key pieces to the budget. The findings have action plans in place for many of the items. Some of them – like late payments, mindful that school is not in session. We do our best to ensure payments are paid in timely manner, and those disputed have documentation.

**QUESTIONS/DISCUSSION:**
- There was clarification on the dollars within the unassigned fund balance, which is $37M, and relates to 5.9% and where to find that information in the financial statements (page 18). The breakdown on the right side of the report, and focus on unassigned and that’s the $37M. The state does a different calculation, which can be confusing. The breakdown of those funds can be found in the financial statements.
- It was also highlighted that we have oscillated in eh same zone for the past few fiscal years.

**RECOMMENDED MOTION:** Mr. Marchese motions to accept the Audit Report for the Year Ended June 30, 2019 and related documents, and it was seconded by Ms. Xiong. It passed by acclaim.

**III. ADJOURNMENT**

It was motioned to adjourn the meeting at 4:56 p.m. The motion passed by acclaim.

**IV. WORK SESSION**

The Board then conducted a work session to discuss internal and external committee assignments, school area assignments, and the 2020 graduation schedule for board members.

Respectfully submitted,
Sarah Dahlke

Currently there are seven (7) TOSA Athletic Directors who report to the building principal.    As may be requested by the Purchaser, one or more term Bonds may be issued having mandatory sinking fund redemption and final maturity amounts conforming to the foregoing principal repayment schedule, and corresponding additions may be made to the provisions of the applicable Bond(s).

   (b) **Book Entry Only System.** The Depository Trust Company, a limited purpose trust company organized under the laws of the State of New York or any of its successors or its successors to its functions hereunder (the "Depository") will act as securities depository for the Bonds, and to this end:

   (i) The Bonds shall be initially issued and, so long as they remain in book entry form only (the "Book Entry Only Period"), shall at all times be in the form of a separate single fully
registered Bond for each maturity of the Bonds; and for purposes of complying with this requirement under paragraph 10 (with respect to registration, transfer and exchange) Authorized Denominations for any Bond shall be deemed to be limited during the Book Entry Only Period to the outstanding principal amount of that Bond.

(ii) Upon initial issuance, ownership of the Bonds shall be registered in a bond register maintained by U.S. Bank National Association, Saint Paul, Minnesota (the "Bond Registrar"), in the name of CEDE & CO., as the nominee (it or any nominee of the existing or a successor Depository, the "Nominee").

(iii) With respect to the Bonds neither the District nor the Bond Registrar shall have any responsibility or obligation to any broker, dealer, bank, or any other financial institution for which the Depository holds Bonds as securities depository (the "Participant") or the person for which a Participant holds an interest in the Bonds shown on the books and records of the Participant (the "Beneficial Owner"). Without limiting the immediately preceding sentence, neither the District, nor the Bond Registrar, shall have any such responsibility or obligation with respect to (A) the accuracy of the records of the Depository, the Nominee or any Participant with respect to any ownership interest in the Bonds, or (B) the delivery to any Participant, any Owner or any other person, other than the Depository, of any notice with respect to the Bonds, including any notice of redemption, or (C) the payment to any Participant, any Beneficial Owner or any other person, other than the Depository, of any amount with respect to the principal of or premium, if any, or interest on the Bonds, or (D) the consent given or other action taken by the Depository as the Registered Holder of any Bonds (the "Holder"). For purposes of securing the vote or consent of any Holder under this Resolution, the District may, however, rely upon an omnibus proxy under which the Depository assigns its consenting or voting rights to certain Participants to whose accounts the Bonds are credited on the record date identified in a listing attached to the omnibus proxy.

(iv) The District and the Bond Registrar may treat as and deem the Depository to be the absolute owner of the Bonds for the purpose of payment of the principal of and premium, if any, and interest on the Bonds, for the purpose of giving notices of redemption and other matters with respect to the Bonds, for the purpose of obtaining any consent or other action to be taken by Holders for the purpose of registering transfers with respect to such Bonds, and for all purpose whatsoever. The Bond Registrar, as paying agent hereunder, shall pay all principal of and premium, if any, and interest on the Bonds only to or upon the Holder of the Holders of the Bonds as shown on the register, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to the principal of and premium, if any, and interest on the Bonds to the extent of the sum or sums so paid.

(v) Upon delivery by the Depository to the Bond Registrar of written notice to the effect that the Depository has determined to substitute a new Nominee in place of the existing Nominee, and subject to the transfer provisions in paragraph 10 hereof (with respect to registration, transfer and exchange), references to the Nominee hereunder shall refer to such new Nominee.

(vi) So long as any Bond is registered in the name of a Nominee, all payments with respect to the principal of and premium, if any, and interest on such Bond and all notices with
respect to such Bond shall be made and given, respectively, by the Bond Registrar or District, as the case may be, to the Depository as provided in the Letter of Representations to the Depository required by the Depository as a condition to its acting as book-entry Depository for the Bonds (said Letter of Representations together with any replacement thereof or amendment or substitute thereto, including any standard procedures or policies referenced therein or applicable thereto respecting the procedures and other matters relating to the Depository's role as book-entry Depository for the Bonds, collectively hereinafter referred to as the "Letter of Representations").

(c) **Letter of Representations.** The provisions in the Letter of Representations are incorporated herein by reference and made a part of the resolution, and if and to the extent any such provisions are inconsistent with the other provisions of this resolution, the provisions in the Letter of Representations shall control.

3. **Purpose.** The Bonds shall provide funds to finance costs of the Projects. The total cost of the Projects, which shall include all costs enumerated in Minnesota Statutes, Section 475.65, is estimated to be at least equal to the amount of the Bonds. Work on the Projects shall proceed with due diligence to completion. The District covenants that it shall do all things and perform all acts required of it to assure that work on the Projects proceeds with due diligence to completion and that any and all permits and studies required under law for the Projects are obtained.

4. **Interest.** The Bonds shall bear interest payable semiannually on February 1 and August 1 of each year (each, an "Interest Payment Date"), commencing August 1, 2020, calculated on the basis of a 360-day year of twelve 30-day months, at the respective rates per annum set forth opposite the maturity years as follows:

As may be requested by the Purchaser, one or more term Bonds may be issued having mandatory sinking fund redemption and final maturity amounts conforming to the foregoing principal payment schedule, and corresponding additions may be made to the provisions of the applicable Bonds(s).

5. **Redemption.** Bonds maturing on February 1, 2029, and thereafter, shall be subject to redemption and prepayment at the option of the District on February 1, 2028 and on any date thereafter, at a price of par plus accrued interest. Redemption may be in whole or in
part of the Bonds subject to prepayment. If redemption is in part, the maturities and the principal amounts within each maturity to be redeemed shall be determined by the District; and if only part of the Bonds having a common maturity date are called for prepayment, the specific Bonds to be prepaid shall be chosen by lot by the Bond Registrar. Bonds or portions thereof called for redemption shall be due and payable on the redemption date, and interest thereon shall cease to accrue from and after the redemption date. Mailed notice of redemption shall be given to the paying agent and to each affected registered holder of the Bonds at least 30 days prior to the date fixed for redemption unless otherwise required by law.

To effect any partial redemption of Bonds having a common maturity date, the Bond Registrar, prior to giving notice of redemption, shall assign to each Bond having a common maturity date a distinctive number for each $5,000 of the principal amount of such Bond. The Bond Registrar shall then select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers so assigned to such Bonds, as many numbers as, at $5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Bonds to be redeemed shall be the Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of each such Bond of a denomination of more than $5,000 shall be redeemed as shall equal $5,000 for each number assigned to it and so selected. If a Bond is to be redeemed only in part, it shall be surrendered to the Bond Registrar (with, if the District or Bond Registrar so requires, a written instrument of transfer in form satisfactory to the District and Bond Registrar duly executed by the Holder thereof or the Holder's attorney duly authorized in writing) and the District shall execute (if necessary) and the Bond Registrar shall authenticate and deliver to the Holder of the Bond, without service charge, a new Bond or Bonds having the same stated maturity and interest rate and of any Authorized Denomination or Denominations, as requested by the Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Bond so surrendered.

6. **Bond Registrar.** U.S. Bank National Association, in Saint Paul, Minnesota, is appointed to act as bond registrar and transfer agent with respect to the Bonds (the "Bond Registrar"), and shall do so unless and until a successor Bond Registrar is duly appointed, all pursuant to any contract the District and Bond Registrar shall execute which is consistent herewith. The Bond Registrar shall also serve as paying agent unless and until a successor paying agent is duly appointed. Principal and interest on the Bonds shall be paid to the registered holders (or record holders) of the Bonds in the manner set forth in the Form of Bond set forth in paragraph 7 and in paragraph 12 of this resolution, with respect to interest payment and record date.

7. **Form of Bond.** The Bonds, together with the Bond Registrar's Certificate of Authentication, the form of Assignment and the registration information thereon, shall be in substantially the following form:

Certificates of Authentication on different Bonds need not be signed by the same person. The Bond Registrar shall authenticate the signatures of officers of the District on each Bond by execution of the Certificate of Authentication on the Bond and by inserting as the date of registration in the space provided the date on which the Bond is authenticated, except that for purposes of delivering the original Bonds to the Purchaser, the Bond Registrar shall insert as a date of registration the date of original issue, which date is February 20, 2020. At the option of the Holder, Bonds may be exchanged for Bonds of any authorized denomination or denominations of a like aggregate principal amount and stated maturity, upon surrender of the Bonds to be exchanged at the principal office of the Bond Registrar. Whenever any Bonds are so surrendered for exchange, the District shall execute (if necessary), and the Bond Registrar shall authenticate, insert the date of registration of, and deliver the Bonds which the Holder making the exchange is entitled to receive.

All Bonds surrendered upon any exchange or transfer provided for in this resolution shall be promptly cancelled by the Bond Registrar and thereafter disposed of as directed by the District.
All Bonds delivered in exchange for or upon transfer of Bonds shall be valid general obligations of the District evidencing the same debt, and entitled to the same benefits under this resolution, as the Bonds surrendered for such exchange or transfer.

Every Bond presented or surrendered for transfer or exchange shall be duly endorsed or be accompanied by a written instrument of transfer, in form satisfactory to the Bond Registrar, duly executed by the Holder thereof or his, her or its attorney duly authorized in writing.

The Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with the transfer or exchange of any Bond and any legal or unusual costs regarding transfers and lost Bonds.

Transfers shall also be subject to reasonable regulations of the District contained in any agreement with the Bond Registrar, including regulations which permit the Bond Registrar to close its transfer books between record dates and payment dates. The Treasurer is hereby authorized to negotiate and execute the terms of said agreement.

14. Delivery; Application of Proceeds. The Bonds when so prepared and executed shall be delivered by the Treasurer to the Purchaser upon receipt of the purchase price, and the Purchaser shall not be obliged to see to the proper application thereof.

15. Fund and Accounts. There is hereby created a special fund to be designated the "General Obligation School Building Bonds, Series 2020A Fund" (the "Fund") to be administered and maintained by the District as a bookkeeping account separate and apart from
all other funds maintained in the official financial records of the District. The Fund and its accounts shall each be maintained in the manner herein specified until all of the Bonds herein authorized and the interest thereon shall have been fully paid. There shall be maintained and created in the Fund two (2) separate accounts, to be designated the "Capital Account" and "Debt Service Account", respectively.

(a) **Capital Account.** To the Capital Account there shall be credited the proceeds of the Bonds less capitalized interest, if any, and any amount paid for the Bonds in excess of the minimum bid. From the Capital Account there shall be paid all costs of issuing the Bonds and all costs and expenses of the Projects, including all costs incurred and to be incurred of the kind authorized in Minnesota Statutes, Section 475.65; and the moneys in said account shall be used for no other purpose except as otherwise provided by law; provided that the proceeds of the Bonds may also be used to the extent necessary to pay interest on the Bonds due prior to the anticipated date of commencement of the collection of taxes herein levied. The proceeds of the Bonds shall be used to fund the Projects.

(b) **Debt Service Account.** There is hereby created a Debt Service Account and there is irrevocably appropriated thereto: (i) any premium received on the sale of the Bonds; (ii) the collections of all taxes herein or hereafter levied for the payment of the Bonds and interest thereon; (iii) all funds remaining in the Capital Account after the payment of all costs of the Projects; (iv) all investment earnings on funds held in the Debt Service Account; and (v) any and all other moneys which are properly available and are appropriated by the governing body of the District to the Debt Service Account. The Debt Service Account shall be used solely to pay the principal and interest of the Bonds and any other general obligation certificates of the District hereafter issued by the District and made payable from said account as provided by law.

The moneys in the Debt Service Account shall be used solely to pay the principal of and interest on the Bonds or any other bonds hereafter issued and made payable from the Fund. No portion of the proceeds of the Bonds shall be used directly or indirectly to acquire higher yielding investments or to replace funds which were used directly or indirectly to acquire higher yielding investments, except (i) for a reasonable temporary period until such proceeds are needed for the purpose for which the Bonds were issued, and (ii) in addition to the above, in an amount not greater than the lesser of five percent (5%) of the proceeds of the Bonds or $100,000. To this effect, any proceeds of the Bonds and any sums from time to time held in the Fund (or any other District account which will be used to pay principal and interest to become due on the Bonds) in excess of amounts which under the applicable federal arbitrage regulations may be invested without regard as to yield shall not be invested in excess of the applicable yield restrictions imposed by the arbitrage regulations on such investments after taking into account any applicable "temporary periods" or "minor portion" made available under the federal arbitrage regulations. In addition, the proceeds of the Bonds and money in the Fund shall not be invested in obligations or deposits issued by, guaranteed by or insured by the United States or any agency or instrumentality thereof if and to the extent that such investment would cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Internal Revenue Code of 1986, as amended (the "Code").
16. **Tax Levy; Coverage Test.** To provide monies for the payment of principal and interest on the Bonds there is hereby levied upon all of the taxable property in the District a direct annual ad valorem tax which shall be spread upon the tax rolls and collected with and as part of, other general property taxes in said District for the years and in the amounts as follows:

Said tax levies are such that if collected in full they, together with estimated collections of investment earnings and other revenues herein pledged for the payment of the Bonds, will, if collected when due, produce at least five percent (5%) in excess of the amount needed to meet when due the principal and interest payments on the Bonds. The tax levies shall be irrepealable so long as any of the Bonds are outstanding and unpaid, provided that the District reserves the right and power to reduce the levies in the manner and to the extent permitted by Minnesota Statutes, Section 475.61, Subdivision 3.

17. **General Obligation Pledge.** For the prompt and full payment of the principal of and interest on the Bonds as the same respectively become due, the full faith, credit and taxing powers of the District shall be and are hereby irrevocably pledged. If the balance in the Debt Service Account is ever insufficient to pay all principal and interest then due on the Bonds and any other bonds payable therefrom, the deficiency shall be promptly paid out of any other funds of the District which are available for such purpose, and such other funds may be reimbursed with or without interest from the Debt Service Account when a sufficient balance is available therein.
18. Compliance with Reimbursement Bond Regulations. The provisions of this paragraph are intended to establish and provide for the District's compliance with United States Treasury Regulations Section 1.150-2 (the "Reimbursement Regulations") applicable to the "reimbursement proceeds" of the Bonds, being those portions thereof which will be used by the District to reimburse itself for any expenditure which the District paid or will have paid prior to the closing date (a "Reimbursement Expenditure").

The District hereby certifies and/or covenants as follows:

(a) It shall not seek payment for a Reimbursement Expense from proceeds of the Bonds unless, not later than 60 days after the date of payment of a Reimbursement Expenditure, the District (or person designated to do so on behalf of the District) has made or will have made a written declaration of the District's official intent (a "Declaration") which effectively (i) states the District's reasonable expectation to reimburse itself for the payment of the Reimbursement Expenditure out of the proceeds of the Bonds; (ii) gives a general and functional description of the Projects for which the Reimbursement Expenditure is paid; and (iii) states the maximum principal amount of the Bonds expected to be issued by the District for the purpose of financing the Projects; provided, however, that no such Declaration shall necessarily have been made with respect to: (i) "preliminary expenditures" for the Projects, defined in the Reimbursement Regulations to include engineering or architectural, surveying and soil testing expenses and similar prefatory costs, which in the aggregate do not exceed 20% of the "issue price" of the Bonds, and (ii) a de minimis amount of Reimbursement Expenditures not in excess of the lessor of $100,000 or 5% of the proceeds of the Bonds.

(b) Any such Reimbursement Expenditure shall be a capital expenditure or a cost of issuance of the Bonds or any of the other types of expenditures described in Section 1.150-2(d)(3) of the Reimbursement Regulations.

(c) The "reimbursement allocation" described in the Reimbursement Regulations for each Reimbursement Expenditure shall and will be made forthwith following (but not prior to) the issuance of the Bonds and in all events within the period ending on the date which is the later of three years after payment of the Reimbursement Expenditure or one year after the date on which the Projects to which the Reimbursement Expenditure relates is first placed in service.

(d) Each such reimbursement allocation will be made in a writing that evidences the District's use of Bond proceeds to reimburse the Reimbursement Expenditure and, if made within 30 days after the Bonds are issued, shall be treated as made on the day the Bonds are issued.

Provided, however, that the District may take action contrary to any of the foregoing covenants in this paragraph 25 upon receipt of an opinion of its Bond Counsel for the Bonds stating in effect that such action will not impair the tax-exempt status of the Bonds.

19. Certificate of County Auditor. The Clerk is hereby directed to file a certified copy of this resolution with the County Auditor of Ramsey County, Minnesota, together with such other information as they shall require, and to obtain the County Auditor’s Certificate
that the Bonds have been entered in the County Auditor’s Bond Register, and that the tax levies required by law for the Bonds have been made.

20. **State Credit Enhancement Program.** The District hereby ratifies and confirms its covenant in the resolution adopted December 17, 2019, obligating itself to notify the Commissioner of Education of a potential default in payment of the Bonds and to use the provisions of Minnesota Statutes, Section 126C.55 to guarantee the payment of principal and interest on the Bonds. The Chair and Clerk are hereby authorized and directed to enter into an agreement with the paying agent for the Bonds or any department of the State of Minnesota required by the provisions of Minnesota Statutes Section 126C.55.

21. **Records and Certificates.** The officers of the District are hereby authorized and directed to prepare and furnish to the Purchaser, and to the attorneys approving the legality of the issuance of the Bonds, certified copies of all proceedings and records of the District relating to the Bonds and to the financial condition and affairs of the District, and such other affidavits, certificates and information as are required to show the facts relating to the legality and marketability of the Bonds as the same appear from the books and records under their custody and control or as otherwise known to them, and all such certified copies, certificates and affidavits, including any heretofore furnished, shall be deemed representations of the District as to the facts recited therein.

22. **Negative Covenant as to Use of Proceeds and Project.** The District hereby covenants not to use the proceeds of the Bonds, or to cause or permit them to be used, in such a manner as to cause the Bonds to be “private activity bonds” within the meaning of Sections 103 and 141 through 150 of the Code.

23. **Investment Limitations; Rebate.** The District shall comply with requirements necessary under the Code to establish and maintain the exclusion from gross income under Section 103 of the Code of the interest on the Bonds, including without limitation (i) requirements relating to temporary periods for investments, (ii) limitations on amounts invested at a yield greater than the yield on the Bonds, and (iii) the rebate of excess investment earnings to the United States. The District expects to satisfy the eighteen month expenditure exemption for gross proceeds of the Bonds as provided in Section 1.148-7(d)(1) of the Regulations.

24. **Defeasance.** When all Bonds have been discharged as provided in this paragraph, all pledges, covenants and other rights granted by this resolution to the registered holders of the Bonds shall, to the extent permitted by law, cease. The District may discharge its obligations with respect to any Bonds which are due on any date by irrevocably depositing with the Bond Registrar on or before that date a sum sufficient for the payment thereof in full; or if any Bond should not be paid when due, it may nevertheless be discharged by depositing with the Bond Registrar a sum sufficient for the payment thereof in full with interest accrued to the date of such deposit. The District may also at any time discharge its obligations with respect to any Bonds, subject to the provisions of law now or hereafter authorizing and regulating such action, by depositing irrevocably in escrow, with a suitable banking institution qualified by law as an escrow agent for this purpose, cash or securities described in Minnesota Statutes, Section 475.67, Subdivision 8, bearing interest payable at such times and at such rates and maturing on such
dates as shall be required, subject to sale and/or reinvestment, to pay all amounts to become due thereon to maturity or, if notice of redemption as herein required has been duly provided for, to such earlier redemption date.

25. **No Designation of Qualified Tax-Exempt Obligation.** The Bonds shall not be designated by the Issuer as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3) of the Code.

26. **Continuing Disclosure.** The District is the sole obligated person with respect to the Bonds. The District hereby agrees, in accordance with the provisions of Rule 15c2-12 (the "Rule"), promulgated by the Securities and Exchange Commission (the "Commission") pursuant to the Securities Exchange Act of 1934, as amended, and a Continuing Disclosure Undertaking (the "Undertaking") hereinafter described to:

(a) Provide or cause to be provided to the Municipal Securities Rulemaking Board (the "MSRB") by filing at www.emma.msrb.org in accordance with the Rule, certain annual financial information and operating data in accordance with the Undertaking. The District reserves the right to modify from time to time the terms of the Undertaking as provided therein.

(b) Provide or cause to be provided to the MSRB notice of the occurrence of certain events with respect to the Bonds in not more than ten (10) business days after the occurrence of the event, in accordance with the Undertaking.

(c) Provide or cause to be provided to the MSRB notice of a failure by the District to provide the annual financial information with respect to the District described in the Undertaking, in not more than ten (10) business days following such amendment.

(d) The District agrees that its covenants pursuant to the Rule set forth in this paragraph and in the Undertaking is intended to be for the benefit of the Holders of the Bonds and shall be enforceable on behalf of such Holders; provided that the right to enforce the provisions of these covenants shall be limited to a right to obtain specific enforcement of the District's obligations under the covenants.

The Chair and Clerk of the District, or any other officer of the District authorized to act in their place (the "Officers") are hereby authorized and directed to execute on behalf of the District the Undertaking in substantially the form presented to the School Board subject to such modifications thereof or additions thereto as are (i) consistent with the requirements under the Rule, (ii) required by the Purchaser of the Bonds, and (iii) acceptable to the Officers.

27. **Severability.** If any section, paragraph or provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this resolution.

28. **Headings.** Headings in this resolution are included for convenience of reference only and are not a part hereof, and shall not limit or define the meaning of any provision hereof.

As may be requested by the Purchaser, one or more term Bonds may be issued having mandatory sinking fund redemption and final maturity amounts conforming to the foregoing principal repayment schedule, and corresponding additions may be made to the provisions of the applicable Bond(s).

(b) **Book Entry Only System.** The Depository Trust Company, a limited purpose trust company organized under the laws of the State of New York or any of its successors or its successors to its functions hereunder (the "Depository") will act as securities depository for the Bonds, and to this end:

(i) The Bonds shall be initially issued and, so long as they remain in book entry form only (the "Book Entry Only Period"), shall at all times be in the form of a separate single fully registered Bond for each maturity of the Bonds; and for purposes of complying with this requirement under paragraph 10 (with respect to registration, transfer and exchange) Authorized Denominations for any Bond shall be deemed to be limited during the Book Entry Only Period to the outstanding principal amount of that Bond.

(ii) Upon initial issuance, ownership of the Bonds shall be registered in a bond register maintained by U.S. Bank National Association, Saint Paul, Minnesota (the "Bond Registrar"), in the name of CEDE & CO., as the nominee (it or any nominee of the existing or a successor Depository, the "Nominee").

(iii) With respect to the Bonds neither the District nor the Bond Registrar shall have any responsibility or obligation to any broker, dealer, bank, or any other financial institution for which the Depository holds Bonds as securities depository (the "Participant") or the person for which a Participant holds an interest in the Bonds shown on the books and records of the Participant (the "Beneficial Owner"). Without limiting the immediately preceding sentence, neither the District, nor the Bond Registrar, shall have any such responsibility or obligation with respect to (A) the accuracy of the records of the Depository, the Nominee or any Participant with respect to any ownership interest in the Bonds, or (B) the delivery to any Participant, any Owner or any other person, other than the Depository, of any notice with respect to the Bonds, including any notice of redemption, or (C) the payment to any Participant, any Beneficial Owner or any other person, other than the Depository, of any amount with respect to the principal of or premium, if any, or interest
on the Bonds, or (D) the consent given or other action taken by the Depository as the Registered
Holder of any Bonds (the "Holder"). For purposes of securing the vote or consent of any Holder
under this Resolution, the District may, however, rely upon an omnibus proxy under which the
Depository assigns its consenting or voting rights to certain Participants to whose accounts the
Bonds are credited on the record date identified in a listing attached to the omnibus proxy.

(iv) The District and the Bond Registrar may treat as and deem the Depository to be the
absolute owner of the Bonds for the purpose of payment of the principal of and premium, if any,
and interest on the Bonds, for the purpose of giving notices of redemption and other matters with
respect to the Bonds, for the purpose of obtaining any consent or other action to be taken by
Holders for the purpose of registering transfers with respect to such Bonds, and for all purpose
whatsoever. The Bond Registrar, as paying agent hereunder, shall pay all principal of and
premium, if any, and interest on the Bonds only to or upon the Holder of the Holders of the Bonds
as shown on the register, and all such payments shall be valid and effective to fully satisfy and
discharge the District's obligations with respect to the principal of and premium, if any, and interest
on the Bonds to the extent of the sum or sums so paid.

(v) Upon delivery by the Depository to the Bond Registrar of written notice to the
effect that the Depository has determined to substitute a new Nominee in place of the existing
Nominee, and subject to the transfer provisions in paragraph 10 hereof (with respect to registration,
transfer and exchange), references to the Nominee hereunder shall refer to such new Nominee.

(vi) So long as any Bond is registered in the name of a Nominee, all payments with
respect to the principal of and premium, if any, and interest on such Bond and all notices with
respect to such Bond shall be made and given, respectively, by the Bond Registrar or District, as
the case may be, to the Depository as provided in the Letter of Representations to the Depository
required by the Depository as a condition to its acting as book-entry Depository for the Bonds
(said Letter of Representations together with any replacement thereof or amendment or substitute
thereto, including any standard procedures or policies referenced therein or applicable thereto
respecting the procedures and other matters relating to the Depository's role as book-entry
Depository for the Bonds, collectively hereinafter referred to as the "Letter of Representations").

(c) Letter of Representations. The provisions in the Letter of Representations
are incorporated herein by reference and made a part of the resolution, and if and to the extent
any such provisions are inconsistent with the other provisions of this resolution, the provisions in
the Letter of Representations shall control.

3. Purpose; Refunding Findings. The Bonds shall provide funds for a current
refunding of the Refunded Bonds (the "Refunding"). It is hereby found, determined and declared
that the Refunding is pursuant to Minnesota Statutes, Section 475.67, Subdivision 13; and that the
Refunding on the Call Date shall result in a reduction of the present value of (i) the dollar amount
of the debt service to the District from a total dollar amount of $5,596,453.24 for the Prior 2010B
Bonds to a total dollar amount of $5,181,201.39 for the Bonds refunding the Series 2010B Bonds,
and (ii) the dollar amount of the debt service to the District from a total dollar amount of
$5,416,668.78 for the Prior 2011C Bonds to a total dollar amount of $5,250,386.11 for the Bonds
refunding the Series 2011C Bonds, all computed in accordance with the provisions of Minnesota
Statutes, Section 475.67, Subdivision 12. Accordingly, the dollar amount of such present value of
the debt service for the Bonds refunding the Series 2010B Bonds, and the dollar amount of such
present value of the debt service for the Bonds refunding the Series 2010B Bonds, are each lower by at least three percent of the dollar amount of such present value of the debt service for the Prior 2010B Bonds and the Prior 2011C Bonds, respectively, as required in Minnesota Statutes, Section 475.67, Subdivision 12.

4. **Interest.** The Bonds shall bear interest payable semiannually on February 1 and August 1 of each year (each, an "Interest Payment Date"), commencing August 1, 2020, calculated on the basis of a 360-day year of twelve 30-day months, at the respective rates per annum set forth opposite the maturity years as follows:

5. **Redemption.** Bonds maturing on February 1, 2029, and thereafter, shall be subject to redemption and prepayment at the option of the District on February 1, 2028 and on any date thereafter, at a price of par plus accrued interest. Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the maturities and the principal amounts within each maturity to be redeemed shall be determined by the District; and if only part of the Bonds having a common maturity date are called for prepayment, the specific Bonds to be prepaid shall be chosen by lot by the Bond Registrar. Bonds or portions thereof called for redemption shall be due and payable on the redemption date, and interest thereon shall cease to accrue from and after the redemption date. Mailed notice of redemption shall be given to the paying agent and to each affected registered holder of the Bonds at least 30 days prior to the date fixed for redemption unless otherwise required by law.

To effect any partial redemption of Bonds having a common maturity date, the Bond Registrar, prior to giving notice of redemption, shall assign to each Bond having a common maturity date a distinctive number for each $5,000 of the principal amount of such Bond. The Bond Registrar shall then select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers so assigned to such Bonds, as many numbers as, at $5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Bonds to be redeemed shall be the Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of each such Bond of a denomination of more than $5,000 shall be redeemed as shall equal $5,000 for each number assigned to it and so selected. If a Bond is to be redeemed only in part, it shall be surrendered to the Bond Registrar (with, if the District or
6. **Bond Registrar.** U.S. Bank National Association, in Saint Paul, Minnesota, is appointed to act as bond registrar and transfer agent with respect to the Bonds (the "Bond Registrar"), and shall do so unless and until a successor Bond Registrar is duly appointed, all pursuant to any contract the District and Bond Registrar shall execute which is consistent herewith. The Bond Registrar shall also serve as paying agent unless and until a successor paying agent is duly appointed. Principal and interest on the Bonds shall be paid to the registered holders (or record holders) of the Bonds in the manner set forth in the form of Bond and paragraph 12 of this resolution, with respect to interest payment and record date.

7. **Form of Bond.** The Bonds, together with the Bond Registrar's Certificate of Authentication, the form of Assignment and the registration information thereon, shall be in substantially the following form:

REGISTERED OWNER: CEDE & CO.

PRINCIPAL AMOUNT: _______________________________ DOLLARS

KNOW ALL PERSONS BY THESE PRESENTS that the Independent School District Number 625, Saint Paul, Minnesota (the "Issuer"), certifies that it is indebted and for value received promises to pay to the registered owner specified above, or registered assigns, in the manner hereinafter set forth, the principal amount specified above, unless called for earlier redemption, on the maturity date specified above, and to pay interest thereon semiannually on February 1 and August 1 of each year (each, an "Interest Payment Date"), commencing August 1, 2020, at the rate per annum specified above (calculated on the basis of a 360-day year of twelve 30-day months) until the principal sum is paid or has been provided for. This Bond will bear interest from the most recent Interest Payment Date to which interest has been paid or, if no interest has been paid, from the date of original issue hereof. The principal of and premium, if any, on this Bond are payable upon presentation and surrender hereof at the principal office of U.S. Bank National Association, in Saint Paul, Minnesota (the "Bond Registrar"), acting as paying agent, or any successor paying agent duly appointed by the Issuer. Interest on this Bond will be paid on each Interest Payment Date by check or draft mailed to the person in whose name this Bond is registered (the "Holder" or "Bondholder") on the registration books of the Issuer maintained by the Bond Registrar and at the address appearing thereon at the close of business on the fifteenth day of the calendar month next preceding such Interest Payment Date (the "Regular Record Date"). Any interest not so timely paid shall cease to be payable to the person who is the Holder hereof as of the Regular Record Date, and shall be payable to the person who is the Holder hereof at the close of business on a date (the "Special Record Date") fixed by the Bond Registrar whenever money becomes available for payment of the defaulted interest. Notice of the Special Record Date shall be given to Bondholders not less than ten days prior to the Special Record Date. The principal of and premium, if any, and interest on this Bond are payable in lawful money of the United States of America.
Optional Redemption. All Bonds of this issue (the "Bonds") maturing on February 1, 2029, and thereafter, are subject to redemption and prepayment at the option of the Issuer on February 1, 2028 and on any date thereafter, at a price of par plus accrued interest. Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the maturities and the principal amounts within each maturity to be redeemed shall be determined by the Issuer; and if only part of the Bonds having a common maturity date are called for prepayment, the specific Bonds to be prepaid shall be chosen by lot by the Bond Registrar. Bonds or portions thereof called for redemption shall be due and payable on the redemption date, and interest thereon shall cease to accrue from and after the redemption date. Mailed notice of redemption shall be given to the Bond Registrar and to each affected Holder of the Bonds at least 30 days prior to the date fixed for redemption.

All Bonds so called for redemption will cease to bear interest on the specified redemption date, provided funds for their redemption have been duly deposited.

Selection of Bonds for Redemption; Partial Redemption. To effect any partial redemption of Bonds having a common maturity date, the Bond Registrar, prior to giving notice of redemption, shall assign to each Bond having a common maturity date a distinctive number for each $5,000 of the principal amount of such Bond. The Bond Registrar shall then select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers assigned to the Bonds, as many numbers as, at $5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Bonds to be redeemed shall be the Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of such Bond of a denomination of more than $5,000 shall be redeemed as shall equal $5,000 for each number assigned to it and so selected. If a Bond is to be redeemed only in part, it shall be surrendered to the Bond Registrar (with, if the Issuer or Bond Registrar so requires, a written instrument of transfer in form satisfactory to the Issuer and Bond Registrar duly executed by the Holder thereof or the Holder's attorney duly authorized in writing) and the Issuer shall execute (if necessary) and the Bond Registrar shall authenticate and deliver to the Holder of the Bond, without service charge, a new Bond or Bonds having the same stated maturity and interest rate and of any Authorized Denomination or Denominations, as requested by the Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Bond so surrendered.

Issuance; Purpose; General Obligation. This Bond is one of an issue in the total principal amount of $8,810,000, all of like date of original issue and tenor, except as to number, maturity, interest rate and denomination, which Bond has been issued pursuant to and in full conformity with the Constitution and laws of the State of Minnesota and pursuant to a resolution adopted by the School Board of the Issuer on January 21, 2020 (the "Resolution"), for the purpose of providing funds sufficient for a current refunding on April 15, 2020 (the "Call Date") of the Issuer's (i) Taxable General Obligation School Building Bonds, Series 2010B (Build America Bonds – Direct Pay), dated November 7, 2010, and (ii) General Obligation School Building Refunding Bonds, Series 2011C, dated August 15, 2011, which mature on and after February 1, 2021. This Bond is payable out of the Debt Service Account. This Bond constitutes a general obligation of the Issuer, and to provide moneys for the prompt and full payment of its principal, premium, if any, and interest when the same become due, the full faith and credit and taxing powers of the Issuer have been and are hereby irrevocably pledged. In addition, the Issuer has covenanted
and obligated itself to use the provisions of Minnesota Statutes, Section 126C.55 to guarantee the payment of the principal and interest on the Bonds due.

**Denominations; Exchange; Resolution.** The Bonds are issuable solely as fully registered bonds in the denominations of $5,000 and integral multiples thereof of a single maturity and are exchangeable for fully registered Bonds of other authorized denominations in equal aggregate principal amounts at the principal office of the Bond Registrar, but only in the manner and subject to the limitations provided in the Resolution. Reference is hereby made to the Resolution for a description of the rights and duties of the Bond Registrar. Copies of the Resolution are on file in the principal office of the Bond Registrar.

**Transfer.** This Bond is transferable by the Holder in person or by his, her or its attorney duly authorized in writing at the principal office of the Bond Registrar upon presentation and surrender hereof to the Bond Registrar, all subject to the terms and conditions provided in the Resolution and to reasonable regulations of the Issuer contained in any agreement with the Bond Registrar. Thereupon the Issuer shall execute and the Bond Registrar shall authenticate and deliver, in exchange for this Bond, one or more new fully registered Bonds in the name of the transferee (but not registered in blank or to "bearer" or similar designation), of an authorized denomination or denominations, in aggregate principal amount equal to the principal amount of this Bond, of the same maturity and bearing interest at the same rate.

**Fees upon Transfer or Loss.** The Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with the transfer or exchange of this Bond and any legal or unusual costs regarding transfers and lost Bonds.

**Treatment of Registered Owners.** The Issuer and Bond Registrar may treat the person in whose name this Bond is registered as the owner hereof for the purpose of receiving payment as herein provided (except as otherwise provided herein with respect to the Record Date) and for all other purposes, whether or not this Bond shall be overdue, and neither the Issuer nor the Bond Registrar shall be affected by notice to the contrary.

**No Designation of Qualified Tax-Exempt Obligation.** This Bond has not been designated by the Issuer as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

**Authentication.** This Bond shall not be valid or become obligatory for any purpose or be entitled to any security unless the Certificate of Authentication hereon shall have been executed by the Bond Registrar.

IT IS HEREBY CERTIFIED AND RECITED that all acts, conditions and things required by the Constitution and laws of the State of Minnesota to be done, to happen and to be performed, precedent to and in the issuance of this Bond, have been done, have happened and have been performed, in regular and due form, time and manner as required by law, and that this Bond, together with all other debts of the Issuer outstanding on the date of original issue hereof and the date of its issuance and delivery to the original purchaser, does not exceed any constitutional or statutory limitation of indebtedness.
IN WITNESS WHEREOF, the Independent School District Number 625, Saint Paul, Minnesota, by its School Board has caused this Bond to be executed on its behalf by the facsimile signatures of its Chair and its Clerk.

8. **Execution.** The Bonds shall be in typewritten form, shall be executed on behalf of the District by the signatures of its Chair and Clerk, and shall be sealed with the seal of the District; provided, as permitted by law, both signatures may be photocopied facsimiles and the corporate seal may be omitted. In the event of disability or resignation or other absence of either such officer, the Bonds may be signed by the manual or facsimile signature of that officer who may act on behalf of such absent or disabled officer. In case either such officer whose signature or facsimile of whose signature shall appear on the Bonds cease to be such officer before the delivery of the Bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he or she had remained in office until delivery.

9. **Authentication.** No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this resolution unless a Certificate of Authentication on such Bond, substantially in the form hereinabove set forth, shall have been duly executed by an authorized representative of the Bond Registrar. Certificates of Authentication on different Bonds need not be signed by the same person. The Bond Registrar shall authenticate the signatures of officers of the District on each Bond by execution of the Certificate of Authentication on the Bond and by inserting as the date of registration in the space provided the date on which the Bond is authenticated, except that for purposes of delivering the original Bonds to the Purchaser, the Bond Registrar shall insert as a date of registration the date of original issue, which date is February 20, 2020. The Certificate of Authentication so executed on each Bond shall be conclusive evidence that it has been authenticated and delivered under this resolution.

10. **Registration; Transfer; Exchange.** The District will cause to be kept at the principal office of the Bond Registrar a bond register in which, subject to such reasonable regulations as the Bond Registrar may prescribe, the Bond Registrar shall provide for the registration of Bonds and the registration of transfers of Bonds entitled to be registered or transferred as herein provided.

   Upon surrender for transfer of any Bond at the principal office of the Bond Registrar, the District shall execute (if necessary), and the Bond Registrar shall authenticate, insert the date of registration (as provided in paragraph 9 with respect to authentication) of, and deliver, in the name of the designated transferee or transferees, one or more new Bonds of any authorized denomination or denominations of a like aggregate principal amount, having the same stated maturity and interest rate, as requested by the transferor; provided, however, that no Bond may be registered in blank or in the name of "bearer" or similar designation.

   At the option of the Holder, Bonds may be exchanged for Bonds of any authorized denomination or denominations of a like aggregate principal amount and stated maturity, upon surrender of the Bonds to be exchanged at the principal office of the Bond Registrar. Whenever any Bonds are so surrendered for exchange, the District shall execute (if necessary), and the Bond Registrar shall authenticate, insert the date of registration of, and deliver the Bonds which the Holder making the exchange is entitled to receive.

   All Bonds surrendered upon any exchange or transfer provided for in this resolution shall be promptly cancelled by the Bond Registrar and thereafter disposed of as directed by the District.
All Bonds delivered in exchange for or upon transfer of Bonds shall be valid general obligations of the District evidencing the same debt, and entitled to the same benefits under this resolution, as the Bonds surrendered for such exchange or transfer.

Every Bond presented or surrendered for transfer or exchange shall be duly endorsed or be accompanied by a written instrument of transfer, in form satisfactory to the Bond Registrar, duly executed by the Holder thereof or his, her or its attorney duly authorized in writing.

The Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with the transfer or exchange of any Bond and any legal or unusual costs regarding transfers and lost Bonds.

Transfers shall also be subject to reasonable regulations of the District contained in any agreement with the Bond Registrar, including regulations which permit the Bond Registrar to close its transfer books between record dates and payment dates. The Treasurer is hereby authorized to negotiate and execute the terms of said agreement.

11. Rights Upon Transfer or Exchange. Each Bond delivered upon transfer of or in exchange for or in lieu of any other Bond shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other Bond.

12. Interest Payment; Record Date. Interest on any Bond shall be paid on each Interest Payment Date by check or draft mailed to the person in whose name the Bond is registered (the "Holder") on the registration books of the District maintained by the Bond Registrar and at the address appearing thereon at the close of business on the fifteenth (15th) day of the calendar month next preceding such Interest Payment Date (the "Regular Record Date"). Any such interest not so timely paid shall cease to be payable to the person who is the Holder thereof as of the Regular Record Date, and shall be payable to the person who is the Holder thereof at the close of business on a date (the "Special Record Date") fixed by the Bond Registrar whenever money becomes available for payment of the defaulted interest. Notice of the Special Record Date shall be given by the Bond Registrar to the Holders not less than ten (10) days prior to the Special Record Date.

13. Treatment of Registered Owner. The District and Bond Registrar may treat the person in whose name any Bond is registered as the owner of such Bond for the purpose of receiving payment of principal of and premium, if any, and interest (subject to the payment provisions in paragraph 12 above with respect to interest payment and record date) on, such Bond and for all other purposes whatsoever whether or not such Bond shall be overdue, and neither the District nor the Bond Registrar shall be affected by notice to the contrary.

14. Delivery; Application of Proceeds. The Bonds when so prepared and executed shall be delivered by the Treasurer to the Purchaser upon receipt of the purchase price, and the Purchaser shall not be obliged to see to the proper application thereof.

15. Fund and Accounts. There is hereby created a special fund to be designated the "General Obligation Refunding Bonds, Series 2020B Fund" (the "Fund") to be administered and maintained by the District as a bookkeeping account separate and apart from all other funds maintained in the official financial records of the District. The Fund and its accounts shall each
be maintained in the manner herein specified until all of the Bonds herein authorized and the interest thereon shall have been fully paid. There shall be maintained and created in the Fund two (2) separate accounts, to be designated the "Payment Account" and "Debt Service Account".

(a) Payment Account. The proceeds of the Bonds shall be deposited in the Payment Account. On or prior to the Call Date, the Treasurer shall transfer $9,864,486.46 of the proceeds of the Bonds from the Payment Account to the paying agent for the Prior Bonds. This amount is sufficient to pay the principal and interest due on the Refunded Bonds. The remainder of the monies in the Payment Account shall be used to pay the costs of issuance of the Bonds. Any monies remaining in the Payment Account after payment of all costs of issuance and payment of the Refunded Bonds shall be transferred to the Debt Service Account.

(b) Debt Service Account. To the Debt Service Account there is hereby pledged and irrevocably appropriated and there shall be credited: (i) after the Call Date, any balance remaining in the Debt Service Accounts created for the Prior Bonds; (ii) any premium received on the sale of the Bonds; (iii) all investment earnings on funds in the Debt Service Account; (iv) all taxes herein levied for the payment of the Bonds and any taxes hereafter levied for the payment of the Bonds in the event the monies herein pledged are insufficient for the payment thereof; (v) all funds remaining in the Payment Account after completion of the Refunding and payments of the costs thereof; and (vi) any and all other moneys which are properly available and are appropriated by the governing body of the District to the Debt Service Account. The amount of any surplus remaining in the Debt Service Account when the Bonds and interest thereon are paid shall be used consistent with Minnesota Statutes, Section 475.61, Subdivision 4.

The moneys in the Debt Service Account shall be used solely to pay the principal of and interest on the Bonds or any other bonds hereafter issued and made payable from the Fund. No portion of the proceeds of the Bonds shall be used directly or indirectly to acquire higher yielding investments or to replace funds which were used directly or indirectly to acquire higher yielding investments, except (i) for a reasonable temporary period until such proceeds are needed for the purpose for which the Bonds were issued, and (ii) in addition to the above, in an amount not greater than the lesser of five percent (5%) of the proceeds of the Bonds or $100,000. To this effect, any proceeds of the Bonds and any sums from time to time held in the Fund (or any other District account which will be used to pay principal and interest to become due on the Bonds) in excess of amounts which under the applicable federal arbitrage regulations may be invested without regard as to yield shall not be invested in excess of the applicable yield restrictions imposed by the arbitrage regulations on such investments after taking into account any applicable "temporary periods" or "minor portion" made available under the federal arbitrage regulations. In addition, the proceeds of the Bonds and money in the Fund shall not be invested in obligations or deposits issued by, guaranteed by or insured by the United States or any agency or instrumentality thereof if and to the extent that such investment would cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Internal Revenue Code of 1986, as amended (the "Code").

16. Tax Levy; Cancellation of Certain Levies Relating to the Refunded Bonds; Coverage Test. To provide monies for the payment of principal and interest on the Bonds there is hereby levied upon all of the taxable property in the District a direct annual ad valorem tax which
shall be spread upon the tax rolls and collected with and as part of, other general property taxes in said District for the years and in the amounts as follows:

The tax levies are such that if collected in full they, together with estimated collections of investment earnings and other revenues herein pledged for the payment of the Bonds will, if collected when due, produce at least five percent in excess of the amount needed to meet when due the principal and interest payments on the Bonds.

The tax levies shall be irrepealable so long as any of said Bonds are outstanding and unpaid, provided that the District reserves the right and power to reduce the levies in the manner and to the extent permitted by Minnesota Statutes, Section 475.61, Subdivision 3.

Upon payment of the Prior Bonds, the uncollected taxes levied in the Prior Resolutions authorizing the issuance of the Prior Bonds, which are not needed to pay the Prior Bonds as a result of the Refunding, shall be canceled.

17. **General Obligation Pledge.** For the prompt and full payment of the principal of and interest on the Bonds as the same respectively become due, the full faith, credit and taxing powers of the District shall be and are hereby irrevocably pledged. If the balance in the Payment Account or Debt Service Account is ever insufficient to pay all principal and interest then due on the Bonds and any other bonds payable therefrom, the deficiency shall be promptly paid out of any other funds of the District which are available for such purpose, and such other funds may be reimbursed with or without interest from the Payment Account or Debt Service Account when a sufficient balance is available therein.

18. **Redemption of Prior Bonds.** The Prior Bonds shall be redeemed and prepaid on the Call Date in accordance with the terms and conditions set forth in the Notices of Call for Redemption, attached hereto as Exhibit A, which terms and conditions are hereby approved and incorporated herein by reference.
19. **Prior Bonds; Security.** Until retirement of the Prior Bonds, all provisions theretofore made for the security thereof shall be observed by the District and all of its officers and agents.

20. **Supplemental Resolution.** The Prior Resolutions are hereby supplemented to the extent necessary to give effect to the provisions of this resolution.

21. **Certificate of Registration and Tax Levy.** A certified copy of this resolution is hereby directed to be filed with the County Auditor of Ramsey County, together with such other information as the County Auditor shall require and there shall be obtained from the County Auditor a certificate that the Bonds have been entered in the County Auditor's Bond Register and that the tax levy required by law have been made.

22. **State Credit Enhancement Program.** The District hereby ratifies and confirms its covenant in the resolution adopted December 17, 2019, obligating itself to notify the Commissioner of Education of a potential default in payment of the Bonds and to use the provisions of Minnesota Statutes, Section 126C.55 to guarantee the payment of principal and interest on the Bonds. The Chair and Clerk are hereby authorized and directed to enter into an agreement with the paying agent for the Bonds or any department of the State of Minnesota required by the provisions of Minnesota Statutes Section 126C.55.

23. **Records and Certificates.** The officers of the District are hereby authorized and directed to prepare and furnish to the Purchaser, and to the attorneys approving the legality of the issuance of the Bonds, certified copies of all proceedings and records of the District relating to the Bonds and to the financial condition and affairs of the District, and such other affidavits, certificates and information as are required to show the facts relating to the legality and marketability of the Bonds as the same appear from the books and records under their custody and control or as otherwise known to them, and all such certified copies, certificates and affidavits, including any heretofore furnished, shall be deemed representations of the District as to the facts recited therein.

24. **Negative Covenant as to Use of Proceeds and Project.** The District hereby covenants not to use the proceeds of the Bonds or to use the facilities refinanced by the Bonds (the "Project"), or to cause or permit them to be used, or to enter into any deferred payment arrangements for the cost of the Project, in such a manner as to cause the Bonds to be "private activity bonds" within the meaning of Sections 103 and 141 through 150 of the Code.

25. **Investment Limitations; Rebate.** The District shall comply with requirements necessary under the Code to establish and maintain the exclusion from gross income under Section 103 of the Code of the interest on the Bonds, including without limitation (a) requirements relating to temporary periods for investments, (b) limitations on amounts invested at a yield greater than the yield on the Bonds, and (c) the rebate of excess investment earnings to the United States.

26. **Defeasance.** When all Bonds have been discharged as provided in this paragraph, all pledges, covenants and other rights granted by this resolution to the registered holders of the Bonds shall, to the extent permitted by law, cease. The District may discharge its
obligations with respect to any Bonds which are due on any date by irrevocably depositing with the Bond Registrar on or before that date a sum sufficient for the payment thereof in full; or if any Bond should not be paid when due, it may nevertheless be discharged by depositing with the Bond Registrar a sum sufficient for the payment thereof in full with interest accrued to the date of such deposit. The District may also at any time discharge its obligations with respect to any Bonds, subject to the provisions of law now or hereafter authorizing and regulating such action, by depositing irrevocably in escrow, with a suitable banking institution qualified by law as an escrow agent for this purpose, cash or securities described in Minnesota Statutes, Section 475.67, Subdivision 8, bearing interest payable at such times and at such rates and maturing on such dates as shall be required, subject to sale and/or reinvestment, to pay all amounts to become due thereon to maturity or, if notice of redemption as herein required has been duly provided for, to such earlier redemption date.

27. No Designation of Qualified Tax-Exempt Obligation. The Bonds shall not be designated by the Issuer as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3) of the Code.

28. Continuing Disclosure. The District is the sole obligated person with respect to the Bonds. The District hereby agrees, in accordance with the provisions of Rule 15c2-12 (the "Rule"), promulgated by the Securities and Exchange Commission (the "Commission") pursuant to the Securities Exchange Act of 1934, as amended, and a Continuing Disclosure Undertaking (the "Undertaking") hereinafter described to:

The District reserves the right to modify from time to time the terms of the Undertaking as provided therein.

(b) Provide or cause to be provided to the MSRB notice of the occurrence of certain events with respect to the Bonds in not more than ten (10) business days after the occurrence of the event, in accordance with the Undertaking.

(c) Provide or cause to be provided to the MSRB notice of a failure by the District to provide the annual financial information with respect to the District described in the Undertaking, in not more than ten (10) business days following such occurrence.

(d) The District agrees that its covenants pursuant to the Rule set forth in this paragraph and in the Undertaking is intended to be for the benefit of the Holders of the Bonds and shall be enforceable on behalf of such Holders; provided that the right to enforce the provisions of these covenants shall be limited to a right to obtain specific enforcement of the District's obligations under the covenants.

The Chair and Clerk of the District, or any other officer of the District authorized to act in their place (the "Officers") are hereby authorized and directed to execute on behalf of the District the Undertaking in substantially the form presented to the School Board subject to such modifications thereof or additions thereto as are (i) consistent with the requirements under the Rule, (ii) required by the Purchaser of the Bonds, and (iii) acceptable to the Officers.
