DATE: May 17, 2016

TOPIC: Acknowledgement of Good Work Provided by Outstanding District Employees

A. PERTINENT FACTS:

1. **Vernon Simmons**, School Resource Officer at **Johnson Senior High School**, started with the Saint Paul Police department on 4/2/1990 and his first assignment was patrolling the Highland neighborhood. In January of 1993, Vern became an SRO and started working in the schools. Very quickly, Vern became an integral part of the school team. Vern spend 22 of his 26-year police career as an SRO at Johnson High School where he wore many hats. He was an SRO, Basketball Coach, Role Model, Mentor and friend to many students and staff over the years. SRO Simmons exemplifies what it means to be an officer in a school. His example of how to be an SRO will set the standard for many years to come. We congratulate him on his retirement. He will be truly missed.

2. **Mike McCollor**, Principal of **Washington Technology Magnet** and **Micheal Thompson**, Principal of **Johnson Senior High Schools** for receiving the 2015-16 Star of Innovation Award from the **Minnesota Association of Secondary School Principals (MASSP)**. This award is sponsored by Horace Mann Educators Corporation and is designed to recognize MASSP member schools statewide for the development and support of an exemplary and innovative education program in their school. Johnson won a Gold Star for their student leadership program and Washington won a Silver Star for their Genius Squad.

B. RECOMMENDATION:

The recommendation is that the Board of Education recognizes the staff acknowledged above for their contributions and outstanding work.
A. PERTINENT FACTS:

1. Mike Newman from Travelers for his commitment to serving the students in Saint Paul Public Schools. SPPS AVID would like to express heartfelt appreciation for Mike’s commitment and dedication to supporting AVID students, teachers, staff and families for the past 11 years. Mike has been a champion for AVID students, by visiting classrooms, hosting AVID’s annual Career Day and Senior Celebration at Travelers, by coordinating supply drives, helping students get scholarships and by even helping students land internships in college. Mike always asks about the students and teachers and what their needs are and understands the value of showing someone appreciation for their work. Mike will be sorely missed, but his vision and dedication has allowed AVID to grow to reaching more than 1,700 students in SPPS, and for that the SPPS AVID community will forever remain grateful.

Mike has also been a great partner to the following programs: Como Park Academy of Finance, Humboldt Academy of Information Technology, Youth Career Connect Grant and the Office of College and Career Readiness. The Board would like to extend their best wishes for your retirement.

2. Dick Streeper, Retired 3M PhD Chemist, for being a close friend and ally of our Eastside schools for the last 13 years through a 3M partnership. At Johnson and Harding High Schools he has provided direct and powerful connections to their important 3M partners every week in all those years. He has been instrumental in helping Johnson create real-world curricula in their science, aerospace and engineering classrooms. He’s been at the center of crafting and implementing their highly successful e-mentoring program--utilizing 3M employees-- as a part of our grade 11 Frameworks course. In addition, Dick has been a steadfast supporter of our teachers, providing materials and resources for enhancing all of our STEM programs.

At the Middle schools Dick has set up mentors as well as promoted science fairs, coordinated judges and worked on the east side summer STEM camp. At elementary buildings he has helped coordinate 3M wizard program, family science nights and judges for science fairs. He has also recruited students for the weeklong high school STEM camp at Michigan Tech, and built up the SEED program that places SPPS 11-12 graders with a chemist at the University of Minnesota to do research in one of their Chemistry labs.

3. Transforming Central Committee for their continued good work in improving the site at Central High School. The group’s mission statement says “Transforming Central; students + environment + community is a community effort to reshape the urban landscape of Saint Paul Central High school in order to improve students’ daily experience, address the environmental impacts of our campus, and connect with the vibrant community that embraces the school.” This summer a major part of the project will happen with Phase One in time for the 150th celebration for Central this fall. The Board would like to recognize the following committee members for their time and effort: Principal Mary Mackbee, Trinh Tranberg, Deb Ahlquist, Beth Black, Amber Buckner, Patricia Eaves, Craig Davies, Sally Gagne,
Kris Hageman, Lisa Heyman, Ann Hobbie, Margaret Jones, Julie Marckel, Dana Murdoch, Maggie O’Reilly, Jeff Risberg and Nina Tuttle.

B. RECOMMENDATION:

The recommendation is that the Board of Education recognizes the partners acknowledged above for their contributions and outstanding work.
I. CALL TO ORDER

The meeting was called to order at 6:39 p.m.

II. ROLL CALL

PRESENT: Mr. Marchese, Ms. Ellis, Mr. Brodrick, Mr. Vue, Ms. Vanderwert, Mr.
Schumacher, Ms. O'Connell, Superintendent Silva, Ms. Cameron, General Counsel, Ms. Polsfuss, Assistant Clerk

III. APPROVAL OF THE ORDER OF THE MAIN AGENDA

MOTION: Ms. O'Connell moved approval of the Order of the Main Agenda. The
motion was seconded by Ms. Vanderwert.

The motion was approved with the following roll call vote:

    Mr. Marchese  Yes
    Ms. Ellis  Yes
    Mr. Brodrick  Yes
    Mr. Vue  Yes
    Ms. Vanderwert  Yes
    Mr. Schumacher  Yes
    Ms. O'Connell  Yes

IV. RECOGNITIONS

BF 30415  Acknowledgement of Accomplishments of SPPS Students
Fue Xiong, a senior at Central High School, has been recognized for winning Chipotle’s
Cultivating Thought national essay contest. His 300-word essay is printed on the restaurant
chain’s cups and bags and earned him a $20,000 scholarship. He has been accepted to the
University of Minnesota College of Liberal Arts.

BF 30416  Acknowledgement of Good Work Provided by Outstanding District Employees
1. The Minnesota Elementary School Principals’ Association (MESPA) recognized Catherine
Rich, principal of Phalen Lake Hmong Magnet, with the 2016 MESPA Division Leadership
Achievement Award. The award honors principals whose exemplary leadership and
sustained efforts have made noteworthy contributions to the operation of effective school
learning programs — improving education, their communities, and their profession
2. The Saint Paul Public Schools has received the Minnesota Department of Education
2016 School Finance Award: The Minnesota Department of Education (MDE) released its
list of school districts that received the 2016 School Finance Award, in which Saint Paul
Public Schools made the list. Each year, MDE reviews each school district for criteria in the
following areas: timely submission of financial data, compliance with MN statutes, presence
of select indicators of fiscal health, and accuracy in financial reporting. The Finance team is
pleased to share this great news with the Board, the District and the community.
3. The Fund for Teachers fellowships have been announced. These individuals and teams
received a total of $37,734 to undertake their fellowships. Congratulations to the following
teachers: Julie Elliott, who will travel to Scotland to research how natural environments
Brad Ollmann, who will explore Latin dance and percussion in Mexico, Guatemala and Colombia; See Vang, Leigh Vang and Kethkeo Vichaiyarath, who will research current living conditions of the Hmong people in Laos, Vietnam and Thailand; Bethany McGraw and Charlotte Landreau, who will explore the impacts of conflicts on indigenous groups in Thailand and Cambodia; Charlotte Sivanich, who will study mindfulness in Amsterdam and attend a math conference in Hungary; and Amber Glawe, who will travel to Guatemala to learn self control strategies for struggling learners and deepen her Spanish language proficiency.

The Fund for Teachers supports educators’ efforts to develop skills, knowledge and confidence that impact student achievement. By trusting teachers to design unique fellowships, Fund for Teachers grants validate teachers’ professionalism and leadership, as well. Since 2001, Fund for Teachers has invested $22 million in nearly 6,000 teachers, transforming grants into growth for teachers and their students.

4. Jesse Buetow, a 5th grade teacher at Randolph Heights, was recently chosen for the 2016 Lead PBS LearningMedia Digital Innovator program. They choose one representative from each state. The PBS LearningMedia Digital Innovators program is a yearlong, free professional program designed to foster and reward a community of highly engaged, tech-savvy K-12 educators who are effectively using digital media and technology in classrooms to further student engagement and achievement. In addition to representing his state in Denver in June at the PBS Digital Summit and one day at the International Society for Technology Education Conference, he will be invited to join hundreds of Local Digital Innovators from across the country for exclusive access to all affiliated virtual events and trainings and the potential to partner with PBS in-person at specific education events back in our community.

Ms. O’Connell  Yes
A. SSSC 2.0 Monitoring: Programs & Pathways

Staff provided the VisionCard Excellent PK-12 Programs with Connected Pathways. This card falls into the area of Alignment and overlooks four areas:

1. School Readiness
   - Childcare Partnerships - Vision is at least one in each area. Distribution of childcare providers using the SPPS early childhood workshop model ins SY 15-16 is Stable.
   - Early Childhood Readiness Screening - Vision is 1,224. This is currently at Progress.
   - Early Childhood Family Education Participation Proportionality ratio by race - Vision is >75%. American Indian is at 1.09, Asian at 0.70, Hispanic 1.22, Black 0.50 and White 1.69.

2. Continued Enrollment
   - Continued enrollment in SPPS - % of students staying enrolled across transition grades - Vision is >85%. PK to K 81% SY 15-16, 84% SY 14-15. 5 to 6 79% SY 15-16, 81% SY 14-15 and 8 to 9 83% SY 15-16, 84% SY 14-15.
   - Continued enrollment in pathway - % of students staying enrolled across transition grades. Community 52% 5 to 6 and 70% 8 to 9. Specialized Programs: 60% 5 to 6 and 57% 8 to 9 (this was broken down further in the data via programs).

3. School Choice
   - On time Kindergarten applications (2016 School Choice Process) - % of total projected seats (including PK continuing to K). Vision if >70%. This area is at Vision with 94% in 2015 and 2016.
   - Kindergarten Choice - % of families applying in 2016 that received first or second choice school for Kindergarten. Vision is >85%. This is at Vision with 86% (down from 89% in 2015). 80% received their first choice, 6% their second choice.

1,228 Family Feedback Exit Surveys were sent out in Quarters 1 and 2. 80 responses have been received back as of 4/16/16.

4. Out of School Learning
   - Percent of SPPS students participating in Sprockets activities in SY 14-15 is at 44%, up from 41% in SY 13-14.
   - Attendance rate of students enrolled in Extended Day Learning (K-12) in SY 14-15 is 43%, down from 76% in SY 13-14.
   - Attendance rate of students enrolled in S Term (K-12) in Summer 2015. Vision is >80%. This is at Vision with 95%, up from 83% for Summer 2014.

The metric spotlighted from the Programs and Pathways VisionCard was Early Childhood Readiness Screening. During last school year, 1,015 three-year olds were screened. this is a 22% increase from the previous school year. SPPS is targeting three-year olds because the earlier SPPS is able to identify and address concern areas for children, the better prepared they will be for Kindergarten.

Several practices have been improved within early childhood screening in collaboration with Generation Next:

1. Greater collaboration
• a process map has been developed as part of United Way Women's Giving Grant that has helped clarify roles and define work flow.
• The group (which includes ECFE, ECSE, OEL, Student Health & Wellness) now meet together on a regular basis
• This is being done in order to screen more children even while SPPS has fewer resources.

2. There have been equipment upgrades
3. Data system supports have been improved so that now when children are screened, there is an electronic health record uploaded to Campus. This is important because it allows SPPS to collect and report more accurate data on who has been screened and who has been missed. This has been a collaborative effort between REA, Technology Services and OTL.
4. SPPS is always looking for additional ways to get into the community to screen children. It already screens at 19 city childcare centers, community events such as the Mr. Roger's event, Meet Your Neighbor and the School Choice Fair.

QUESTIONS/DISCUSSION:
• What happens after screening if a child is identified with special needs?  Response: When a child does not pass a particular part of the screening the child is referred to Special Ed or to a health care provider for follow-up on the area(s) of concern. Adults are also referred to ECFE and early learning.
• Head Start screens all 3 and 4 year olds in its programs. The data is complicated to share and SPPS and Head Start are working with United Way to find a way to integrate records.

School Choice Season 2016 was the other area highlighted. The Chief Engagement Officer reviewed the Admissions Priority chart with Board members so they were aware of how priorities are assigned to enrollments. Admission priorities are to keep families together, encourage enrollment in their community school and maintaining school choice.

The 2016 Lottery was completed March 31st. There were 6,245 on-time participants, 2,616 reserved seats and 1,260 late applications of which 737 have been placed. For the Kindergarten Lottery there were 1,772 participants (on time and late). 79% of the students placed received their first choice, 86% of the students were placed; 256 were not able to be placed because their schools of choice were full. The majority applied for six schools (St. Anthony Park, JJ Hill, Randolph Heights, Expo, Nokomis North and Horace Mann.

The Grade 1-12 lottery had 4,086 students participating. 60% received their first or second choice school. 2,616 reserved seats were utilized.

The Continued Enrollment in SPPS - % of students staying enrolled across transition grades showed the following results for 2015-16. PreK to K 81% (84% in 14-15), Fifth to Sixth Grad 79% (81% in 14-15) and Eight to Ninth 83% (84% in 14-15). Vision level is >85%. Staff presented a chart showing Continued Enrollment in Pathways - % of students staying enrolled across transition grades. Data was broken out into Community schools 5 to 6 and 8 to 9 and Specialized Programs 5 to 6 and 8 to 9.

PreK had 1,647 students enrolled, 77% of them were placed leaving 371 students on the waiting list.

Schools with waiting lists with the most significant numbers are JJ Hill (107), St. Anthony Park (89), Nokomis (111), Capitol Hill (473), Farnsworth (66), Highland Park Middle (118), Open (137), Central (114), Washington (262) and Highland Park Senior (118). If a family wants to maximize the possibility of their student attending school with the same classmates from K-12 they should consider the recommended Community School Pathway (the natural pathway for students to take if they want to attend school in their general community or neighborhood.)
Reflecting St. Paul was established to help integrate schools. Schools that are at 20% or below the district poverty average are the schools qualifying for this program. Schools requested with no available seats were: Capitol Hill, Chelsea, Expo, Groveland, Horace Mann, Jie Ming, JH Hill, L’Etoile, Randolph Heights and St. Anthony Park. There were 296 available seats, 209 applicants, 120 were placed with 42% of seats filled (last year there were 325 seats and 98% were filled). Placement will hold seats releasing some to be filled in June and additional seats in August. Held seats are 25% of available seats at grade level after siblings are placed and families within the community assigned.

Placement has 500+ late applications they are working on. Phone calls are being made to the applicants and site-based outreach is being done. There are also 40 additional Kindergarten applications. The District will continue to manage incoming applications; those on the waiting list, walk-ins, online and paper applications on an on-going basis.

QUESTIONS/DISCUSSION

- What was the process for middle and high school? Response: SPPS conducted a survey and parents and staff did not feel the School Choice Fair model fit at the secondary level. Families want more in-depth information about and experience of secondary school sites. Schools are now offering open houses so families and their students can see and experience the school site as they make their decisions.

- So, compared to last year did, more students and families show up? Response: Student Placement and high school staff were at all open houses to address questions and offer information. There was improvement in overall attendance. Middle and high school principals felt the open houses were a benefit for showing off the school sites and their offerings.

- What is the retention mark being aimed for? Response: Around 80%. SPPS still loses about 20% at transitions.

- Concern was expressed about the 20% going somewhere else. Why are students leaving? Response: The Waiting List tells us that if every family could get into their school of choice they would stay in the district. The "in demand" schools need to be able to increase supply at their sites, that would increase retention rates (Highland, Open, Washington, etc). Unfortunately most of the "in demand" sites are at full capacity.

- A Board member commented the SSSC was designed to offer excellent options across the city. It appears SPPS cannot accommodate demand unless it brings other programs and schools to that "in demand" level making those schools places where families want their students to go. We need to increase capacity/desirability in schools beyond those in high demand. Response: When a district has the school choice process in place there is choice. The District can build programs and offerings equal to other schools but ultimately it is the parent’s choice. SPPS is monitoring whether students, after they have chosen a program, are staying with the pathways chosen. It is not about numbers entirely, SPPS rates of retention are higher than most systems with choice offerings. Market share is not going to change, parents who typically choose private and parochial will continue to do so. The change occurs between public and charter. The biggest area of growth is at the earlier grades when families enter the system. Many factors influence choices and SPPS does make an effort to encourage families but ultimately it is the parents who choose the program.

- How can SPPS build programs from successful programs to keep students within the district and not go outside. Response: Parents are always evaluating other options available, it is an annual, on-going process.

- Concern was expressed that the Board is not seeing increasing enrollment. Families are making other choices, what are they and why. How and what can be integrated into programs to capture more families? Response: The SSSC is based on addressing that. Immersion and magnet program were created to address desires for programs. Regional magnets were developed because of demand. SPPS is now in the process of gathering feedback as families transition out of the district to try to pinpoint specific reasons why they are leaving.

- Does SPPS understand why Kindergarten parents feel they have to be in the in demand schools, what are they looking for? Response: SPPS does everything it can to...
encourage parents to consider other options. Academics, achievement, demographics (an environment where the child looks like others) is what families want to feel welcome. Start time and close to home are other factors. Families that support diverse schools tend to choose magnet schools. SPPS can use all the tools it has available to create environments but not all sites get the number of students they need to continue a program and then again some programs can be redesigned into very successful programs. Parents also decide on other factors such as reputation, academic results and concentration of poverty.

- All SPPS schools have made progress, there have been some amazing changes (ie. Washington) and the FMP is a part of this as well offering better facilities. Recognizing there are many factors why schools are chosen and given all the conversations around the city, SPPS still has good retention rates – parents see the schools are working. A lot of things have been put in place to improve things over the past few years.

- There is still some inequity within the district as well. SPPS has been trying to get high poverty families to attend SPPS schools, is that goal being achieved? How have the schools been marketed to families so SPPS can take advantage of opportunities? Response: Reflecting St. Paul numbers were high last year (325 seats honored, 95%). As capacity changes within identified schools some come off the list as their diversity increases. Highland elementary came off this year as it now has diversity. Families that did not come in early will not miss an opportunity to be part of Reflecting St. Paul as SPPS is holding seats to accommodate late comers.

- Staff commented, in a choice system, St Paul led the way in the country in terms of offering good choices. Concern was expressed about helping struggling schools to be schools of choice for their community. SPPS has taken schools and built them up to improve their reputation and we want to be sure to continue to do that, helping struggling schools to be stronger. Much of a school's reputation is based on perceptions which may not be accurate. There is a need to give schools time and assistance to change perceptions about the school, that will make the community stronger as well.

- Does SPPS have adequate capacity? Has class size ranges impacted capacity for waiting lists? Response: Yes. As an example, modifying class sizes at Expo which has six sections of kindergarten, the class size reduction was 4. Times that by 6 resulted in 24 fewer seats at Expo for Kindergarten. It has definitely had an impact at the schools.

- Does SPPS have capacity to accommodate all students in the city that might come in? Response: Yes. Capacity in the right schools? Maybe - SPPS needs to make every school the right school, make all schools schools of choice. Currently there is a mismatch of where families want to go and where seats are available.

- Concern was expressed about looking at options in Area E, the over subscription at one school and under capacity at another that exists within Area E. A Board member suggested involving the community in Area E to enable staff, community, administration to collectively look at options in the total area and use this as a chance to engage, to learn what is working, what is not, about concerns and having enough stakeholders to use this as a planning process to find where to go with options in that area. The question was asked, does that sound feasible? Can that be done to expand the reach within the community? Response: I like the idea but not in only in the one area, we would need to formalize the concept across all areas. That would allow the different areas to decide what are the most important areas to work on together. A Board member stated class size is important to student learning, she hoped for more one to one with teachers. She went on to say she liked having conversations about schools within the areas - what do parents want, communities might value having the opportunity to have larger conversations around that. It was suggested that a couple Board members and some staff plan/explore around the idea, flesh it out more and bring it back to the COB in June.

- Another Board member stated SPPS needs to see how best to make neighborhood schools attractive to their neighborhood community.

- A Board member stated there is a need to get clarity around Galtier and Hamline that is based on data and trends within that area, enrollment loss and gain and the impact. Staff indicated they had isolated Galtier and Hamline based on their proximity and issues within those two schools.
• Communities want to have strong schools in their neighborhood.
• A Board member stated he liked the idea of looking at areas citywide but the process needs more development before moving forward. The Superintendent could work with staff to flesh out next steps. Response: Administration is always open to explore other possibilities. The Superintendent noted that maintaining a small school means SPPS has to have a minimum amount of money to make the school viable and that means funding is taken away from other schools. It is a decision the Board needs to make soon on how they want the dollars allocated and to consider ways for area involvement along with Galtier issues.
• A Board member suggested Board members and staff work to bring ideas to a COB on how and where to start. Reporting at the June COB was suggested. Director Marchese expressed willingness to work with the Chief Engagement Officer to flesh out an area wide planning process to be implemented down the road. Enrollment options, analyze data, etc.
• Staff indicated SPPS will continue to move forward with Hamline and Galtier conversations. May 19 is the next meeting.
• A Board member stated SPPS needs to promote all SPPS schools.

B. FY 17 Budget Update
The CFO indicated the purpose of the presentation was to provide an update to the Board on the FY 2016-17 General Fund budget. She reviewed the SSSC 2.0 goals and focus areas along with the 2016-17 budget guidelines.

The FY 2016-17 General Fund revenue is projected to decrease by $4.6 million (Comp Ed and Enrollment). The budget meets required contractual obligations. All school do not receive the same amount of money per pupil because some school funding is categorical (it has specific criteria on its spending), funding for CompEd and Title I follow the students on a one year delay (previous year's October 1 count) and higher poverty schools have greater access to categorical dollars than lower poverty sites. School enrollment affects the dollars allocated.

Other influencing factors include third quarter projections that impact fiscal year end fund balance, enrollment fluctuations impact revenue, class size and building capacity, contractual settlements impact expenditure levels, legislative adjustments impact revenue, previous year's October 1 free and reduced lunch count impacts revenue, and bond ratings have an impact on financing and interest rates.

All staffing categories are based on established criteria for each school. Schools also receive a non-salary amount for supplies and an extra-curricular allocation depending on what kind of site they are.

The CFO then reviewed the budget adoption calendar and the schedule for community engagement meetings. She noted April 29 is a hard deadline for HR as most contracts have a May 1 communication date for layoffs, etc. It is also necessary in order to align staffing for the following year.

QUESTIONS/DISCUSSIONS

• The CFO stated there was a perception that if the funding is not put into OPEB retirees would not receive their benefits. She stated OPEB and benefits are unrelated issues, health benefits are not going away.

• The School Service budget increase – is every other department making cuts to allow for transportation? Response: Yes. Transportation costs have increased state-wide and are impacting most school districts. All other budgets have received reductions and inflationary reductions across the board. There is about a $2.1 million increase for transportation balanced by the inflation reduction of $2.6 million.

• A Board member asked if there was any other way to achieve the $7.5 reduction in job embedded PD. What impact will the reduction have on programs? Response: For the past four years SPPS has been able to provide an additional 50 minutes of time during the day for teachers to have PD during the day, it is best practice. In elementary this added additional science prep/specialists plus 50 minutes of PLC time. Most schools have now added science into their rotation – art/music, phy. ed. and science, some with theater, dance. It will be a reduction in staffing.

• A Board member stated he was concerned about the $7.5 reduction for job-embedded PD at non-priority elementary, K-8 and 6-8 sites being a reduction borne by the schools. It seems contrary to where SPPS is trying to concentrate resources. He felt Administration may have to go into the admin budgets more deeply to get this amount. Response: Staff indicated job embedded PD, specialty classes and electives have been going on for a long time and schools are putting funding toward support specialists and electives.

• SPPS is facing hard times and needs to choose its priorities to be sure teachers get what they need. Administration stated it was not in favor of reducing admin further. To have a successful district strong leaders are needed so there is a definite need to retain strong leaders particularly in addressing the achievement issue. As far as the budget reduction recommendation on job embedded PD, SPPS is one of the only districts in the state that currently provides job embedded PD in the way it is done here. Other districts utilize Title I or QComp resources. Job embed PD was directly tied to providing specialists in science – increasing science instruction. Provision of specialists and electives was being done prior to job-embedded PD and will continue to be. The amount of time for science instruction, art and music in rotation may change but it will still be there. The budget commits to contractual obligations such as class size, additional staffing (counselors, nurses, librarians, etc); all those come with a cost. PD was the only cut not related to enrollment or contractual obligation associated with the budget. PD is a luxury SPPS cannot afford at this time and added reductions elsewhere would impact contractual items. The SPPS budget is mostly personnel costs.

• The original idea of job-embedded PD tied to electives was a way to implement it. When Administration did not cut it last year, the cost was a loss of a lot of support staff. Schools will not be losing all electives, there will be a scaling back of electives but adding additional support staff. SPPS has also added $3 million to offset the worst of $7.5
reduction so that amount is mitigated to some degree. It has come to the point of the least worst decisions in regard to the budget.

- The chair noted SPPS will have to think about what do this year and how it will shape what happens next year. It needs to consider how to deliver the kind of education kids need in ways that are sustainable. This budget is part of an on-going process.
- Staff/personnel is 86% of the SPPS budget. Administrative staff is critical to the functioning of the district and needs to be maintained at a functional level. Staff noted SPPS is the largest employer in the City of St. Paul.
- A director noted SPPS needs to be sure the community understands that in a district this large administration is being cut but must not be cut to a point where it is not longer functional.
- What does the Board need to get their job done? They were elected to make the hard decisions for the entire district. Do we need additional community meetings for input? What does the Board need to feel comfortable in what needs to be done. Feedback on process as it moves into the future? Another Board member stated people may not see the bigger picture affecting the entire district, just their own little piece of it. There has been a lot of input on the budget in general over the past months (and years), there does not seem to be any benefit of having more input sessions right now. The Board needs to make the hard decisions. Input from community is important coming into process but the budget is at the point now where additional input might not be helpful. The Board will need to discuss how the process might be done differently next year however.
- The Superintendent stated probably the most beneficial thing the Board, staff and the community can do now is to advocate with their legislative representatives to use the State surplus to benefit the children of Minnesota's education. Every school district in the state needs funding to continue their educational efforts.

**X. OLD BUSINESS** - None

**XI. NEW BUSINESS**

A. **Facilities Master Plan Update**

The Director of Facilities provided a brief review of the FMP process stating it was a 10-year strategic plan that addresses facility improvements equitably, efficiently and cost-effectively. It is student-centered and addresses 21st century learning needs.

The FMP 5-year implementation plan is based off of Board resolutions passed in November and December of 2015.

- Five-Year Facilities Maintenance and Capital Implementation Plan
- Long-Term Facilities Maintenance and Improvement Investments
- Criteria for the Prioritization of Facility Improvements for SPPS, District 625, to Create 21st Century Schools.

The Plan covers FY 2017 through 2021 and will be updated every year with the assistance of the FMP Committee. It sets strategic direction but does not provide funding. Actions taken at this meeting will adopt the five-year implementation plan and the list of proposed school facility work scopes. Actions that will occur in August will determine the financial commitment to the 5-year plan: levy amount set for FY 2018, levy ceiling includes more than just facilities, bonds sold in May; levy process is September thru December. In April of 2017 the Board will be asked to review and approve the next 5-year rolling facility plan.

The total facilities investment for 2017-2021 is approximately $484 million and includes new construction, major repair/replacement, abatement and renovation.
SPPS has two funding options: (1) Pay-As-You-Go using Long Term Facilities Revenue (LTFR) - levy and (2) issue General Obligation Bonds and Certificates of Participation - levy. SPPS has special legislative bonding authority which was granted by the legislature in 1989. SPPS can issue bonds without voter approval which it has conservatively done since. SPPS is anticipating using both funding options of continuing LTFR revenue (facilities levy) with GO bonds and Certificates of Participation (debt levy). SPPS will be very conscious of the timing of the funding and the taxpayer impact.

Building construction funds are used to maintain, improve, remodel buildings and land. By law, they cannot be used for other funding categories. Increases to the Building Construction Funds do not decrease the General Fund. Building Construction Funds are funds from bond sales, capital loans or Long Term Facilities Maintenance Revenue (including levies). SPPS has used bonds every year since 1994 to pay for facilities.

Next steps involve communications and engagement such as:
- FMP website as a clearinghouse for information regarding the FMP process
- May-June meetings with the Mayor, District Councils, PACs
- Start new middle school design planning and engagement efforts
- Development of project-specific communications (started six months ahead of design process)
- Working with regulatory agencies, city, county, watershed districts, etc.
- March-April 2017 reconvene FMP Committee to review rolling 5-year plan and update as necessary per criteria.

QUESTIONS/DISCUSSION:
- Any progress on finding a place for River East? Response: Not at this point.

BF 30435  Motion Regarding Jie Ming and River East

MOTION: Ms. O'Connell moved the Board of Education approve (a) Saint Paul Public Schools relocating the River East Elementary and Secondary program from the Homecroft building, at 1845 Sheridan Ave, to another suitable site by the start of the 2017-2018 school year, and (b) That Saint Paul Public Schools relocate Jie Ming Mandarin Immersion Academy from the Hamline Elementary building, at 1599 Englewood Ave., to the Homecroft building, at 1845 Sheridan Ave, beginning with the 2017-2018 school year. Ms. Vanderwert seconded the motion.

The motion was approved with the following roll call vote:

Ms. Ellis  Yes
Mr. Brodrick  Yes
Mr. Vue  Yes
Ms. Vanderwert  Yes
Mr. Schumacher  Yes
Ms. O'Connell  Yes

BF 30436  Motion to Adopt the RESOLUTION on Construction of a New Middle School in Area A

QUESTIONS/DISCUSSION:
- Concern was expressed about the costs of an extra building and increasing the District's footprint. Granted it would be an important investment on the East Side but she was concerned that by increasing the number of buildings would SPPS actually see enrollment growth, can it sustain growth?
- A Board member stated she believed the District has children currently in its schools who will be needing room to go to middle school. Additionally, the East side needs investment. SPPS has a number of buildings it wants to improve but having a new building might lead to elimination of an old building. It might even be created as a K-8.
A Board member stated he had questioned if it is prudent to spend money on a new building but has been convinced that the investment will be better on the East Side and will be good for SPPS. The enrollment projection is for existing kids that will need space in middle school.

A Board member stated she thinks SPPS needs to upgrade its image and send a message to kids that they are important.

A Director indicated he was torn about building on the East Side, he is struggling with the fact that SPPS’s reputation is not good right now and is it fiscally responsible when the district is $15 million in the red.

The Chair stated that ultimately one needs to look at the process that has been done and it was a very comprehensive process. When you have a process that has been well done you need to support the conclusion offered. There is excitement felt about this project and what this might lead to with councils, the city, etc. We need to have confidence in the process as we move forward.

MOTION: Mr. Schumacher moved the Board of Education adopt the Resolution “Construction of a New Middle School in Area A.” Ms. O’Connell seconded the motion.

RESOLUTION - Construction of a New Middle School in Area A

WHEREAS, Saint Paul Public Schools (SPPS) has engaged in an extensive planning process to develop a 10-year Facilities Master Plan (FMP) to ensure school buildings and facilities are able to meet the 21st century learning needs of Saint Paul students; and

WHEREAS, as part of the FMP planning process, demographic analyses of housing, birth and enrollment patterns in Saint Paul were conducted;

WHEREAS, SPPS projects there will not be enough space for students currently in grades 2, 3, and 4 when they reach middle school; and

WHEREAS, SPPS projects an increase in enrollment in SPPS and that SPPS will be short approximately 500 student seats in grades 6, 7, and 8 by 2019-2020 and at least 700 student seats by 2024-2025; and

WHEREAS, SPPS has further determined that students on the East Side of Saint Paul in Area A will need a middle school option in the near future; and

WHEREAS, Area A does not have a comprehensive middle school option aligned with its elementary academic pathway; and

WHEREAS, the new middle school is estimated to cost approximately $65-$70 million to build and have a $1.5M annual operating budget; and

WHEREAS, the Board of Education has the authority to locate and acquire necessary sites for schoolhouses and to erect schoolhouses on sites acquired, pursuant to Minnesota Statutes section 123B.51, subdivision 1;

NOW, THEREFORE, BE IT RESOLVED by the Board of Education of Independent School District No. 625 as follows: Construction of a new middle school building in Area A is necessary and serves a public purpose; Acquisition of a site is necessary for the construction of a new middle school in Area A; and Administration is authorized and directed to take all appropriate steps to locate and investigate potential sites for the construction of a new middle school in Area A and is directed to report back to the Board with administration’s findings and recommendations on potential sites and acquisition costs.

BF 30437 Motion to Adopt the RESOLUTION on the 2016 Five-Year Facilities
Maintenance and Capital Implementation Plan, Covering Fiscal Years 2017-2012

Minutes of the Board of Education Meeting of April 26, 2016
We are approving a five year plan? Will it be able to be changed? Response: Years 17 and 18 will be in the design phase soon but projects beyond that may change over time. Remember, it will come back for approval every year.

I want to be sure there is flexibility as work moves forward on the plan – I am concerned about programs which may need resources, facilities, etc. at a time when they do not appear on the plan. Response: That will be taken into account.

Will the Board weigh in on paying for particular projects? Response: The Board has "power of purse strings"; long-term the Board passed the prioritization with alignment to programming and is adopting a five year implementation structure – if there are a series of issues that come up, the FMP Committee can address the plan. The Board will have, at the least, annual input as it approves the rolling plan every year.

If I sign off tonight does that include the addition at St. Anthony Park? The Board has given permission to start the design process on that. It does start construction in 2017. It was prioritized in December so we could do proper design work. There will be further opportunities to look at projects. The issue with St. Anthony Park is it needs classroom space for the 17-18 school year because they have more students coming up than there is current space for. Keep in mind other reasons for the St. Anthony Park expansion K-5 is also a priority. The St. Anthony Park project does not correlate to Galtier or other schools in area E. The project is not done until resources have been committed and contracts signed.

What might prompt moving projects up? Safety? Response: Absolutely, balancing factors, safety is not taken lightly. If SPPS can capitalize on partnerships or grant opportunities that might also bring about reprioritization of projects. There is also the need to balance year to year cash flow and to balance impacts on taxpayers. There will be shifts and flexibility within the process.

MOTION: Ms. O'Connell moved the Board of Education adopt the Resolution “2016 Five-Year Facilities Maintenance and Capital Implementation Plan, Covering Fiscal Years 2017-2021”. The motion was seconded by Ms. Vanderwert.

RESOLUTION: 2016 Five-Year Facilities Maintenance and Capital Implementation Plan, Covering Fiscal Years 2017-2021

WHEREAS, on December 15, 2015, the Board of Education (BOE) established a rolling Five-Year Facilities Maintenance and Capital Implementation Plan (hereinafter “Five-Year Plan”) to implement the approved 10-year Facilities Master Plan (FMP) and otherwise meet the strategic facility needs for the District; and

WHEREAS, the BOE has resolved to approve a rolling Five-Year Plan annually; and

WHEREAS, District administration has developed a 2016 Five-Year Facilities Maintenance and Capital Implementation Plan, covering Fiscal Years 2017-2021, with the involvement of a broad cross-section of District stakeholders and the guidance of the FMP Committee; and

WHEREAS, District administration proposes that the BOE approve the 2016 Five-Year Facilities Maintenance and Capital Implementation Plan, covering Fiscal Years 2017-2021, as reflected in Attachment A; and

WHEREAS, the Board of Education will have continued input into the planning and budgeting process to implement specific projects in the 2016 Five-Year Facilities Maintenance and Capital Implementation Plan, covering Fiscal Years 2017-2021;

NOW, THEREFORE, BE IT RESOLVED that the Board of Education of Independent School District No. 625 herewith: Commits to and approves the 2016 Five-Year Facilities Maintenance and Capital Implementation Plan, covering Fiscal Years 2017-2021, as reflected in the 2016 Five-Year Facilities Maintenance and Capital Implementation Plan, subject to the Board's future funding of specific projects.

Resolution Providing for the Competitive Negotiated Sale of $15,000,000 General Obligation School Building Bonds, Series 2016A

**BF 30439**  
Resolution Providing for the Competitive Negotiated Sale of $37,635,000 General Obligation School Building Refunding Bonds, Series 2016B

The representative from Springstead stated these resolutions authorize Springstead to go out for bids and define terms of the offers. She indicated there would be a net savings of $3.9 million with the refundings, a 9% savings. The winners will be the taxpayers. Springstead has combined the issues in order to save SPPS money. There will be a rating call with Standard and Poors and Moody's on June 1. Bids will be received June 21 and once verified, resolutions of sale will be completed for the Board's approval. If interest rates or bond markets begin to change the sale can be stopped or the refunding pulled. Springstead wants to maximize savings received on the sale.

I. CALL TO ORDER

The meeting was called to order at 4:07 p.m.

II. AGENDA

A. Future of the Student Engagement and Advancement Board (SEAB)

The SEAB representatives asked that SEAB be added to the Board Charter by the fall, that a student seat at school board meetings be added. They indicated they would have one student sit at board meetings prepared to speak on issues on behalf of SEAB. When legislation is changed, SEAB will help create the process of electing a student Board member. Their last request was that SEAB be involved in the Superintendent hiring process and host own interviews.

The group requested they meet three times a month. The need to meet more frequently is to maintain momentum on their projects and it would allow for more efficiency and thoroughness in their work. This would require an increased financial investment by the Board and Administration.

The SEAB facilitator's primary role is supporting authentic youth voice. They asked to be able to replace their facilitator if SEAB believes they do not support the group. Any re-hire would involve SEAB members. SEAB would provide written evaluations for facilitators as part of their annual evaluation.

They asked that, for each project, a Board member serve as liaison to SEAB. This would ensure there is communication between the Board and SEAB. The Board liaison should be interested in the project and dedicated to a productive outcome. The Board can recommend members to work on the project. Once SEAB has completed the project, the Board Liaison will work with Board administration to keep SEAB updated with progress. The Board Administrator would be asked to prepare monthly updates to SEAB on the progress of past projects.

In their initial project, SEAB felt it had insufficient information. There needs to be a new process for Board/Administration to propose projects and have the projects to SEAB facilitators each year by August 15. They would like to have included in the project recommendation the following:
The general topic

The proposed research question

How would SEAB answer the research question

Who are the decision makers in the District/Board

Does the decision maker want to work with SEAB and in what capacity

What is the deadline for completion

Relative to the proposed research question, SEAB sees its role is to: inform, consult, involve, collaborate and/or empower.

Finally, which Board member will serve as liaison for this project.

QUESTIONS/DISCUSSION

• How does SEAB form as a group, how is it structured?  Response:  SEAB is currently talking about its internal structure. Applications and posters have been prepared and sent out asking for applications. SEAB wants to make the application accessible to all students. The Board will be involved in interviewing candidates.

• Would it be helpful to have a more formalized structure in the schools?  Response:  We are looking into having a trickle down democracy, we have consider the student councils as channels toward SEAB so there is a direct connection to all schools. The challenges include communicating with the schools, the structure of Student Councils at schools varies as to responsibilities, SEAB does not have access to some communication areas to reach all students. SEAB has placed a link on all student iPods. Need to improve communication in schools.

• Is there any other support the District can provide?  Response:  SEAB has considered voting with iPads around issues, etc. In future that would boost engagement.

• Could SEAB have a parallel process to that of Board to get on the committee?

• How do you see the rotating member on school board structured?  Response:  It shouldn't be just one student but an opportunity for all student. The person would be part of internal structuring, SEAB will set up a protocol to schedule when students get to be the Board rep.

• Have you considered ways to prepare prior to the Board meetings and debriefing afterward?  Response:  That would all be part of the structure, SEAB meets frequently so there would be time to debrief.

• The SEAB Board position – how would you help those coming to the Board develop relationships with Board members?  Response:  That would be Jackie Allen's role.

• I like idea of putting something in Board Policy as the Board does not have a charter. The Board encourages student engagement through SEAB. In order for it to change though we would have to change policy. Does that fit with adding it to the charter?  Response:  Yes, it would be a collaborative effort for revising the policy.

• The rotating Board SEAB representative, it seems there might be greater benefit in being able to have the student representative be there for two or three months consistently in order to understand what is going on and the Board process. Representation might be project related.

• If students have concerns how would they be involved.?  How can their ideas be brought forward?  Response:  SEAB has added a SEAB website app to student iPads. Students can go the website and fill out a form, communicate directly with SEAB if they have permission from school counselors or SEAB members. One SEAB member is in charge of communication, direct messaging, etc.

• I like the annual process of thinking about what SEAB wants to do and when Board has projects that it might want to propose.  Is August the right time?  Response:  The Board can do planning to incorporate SEAB into its process.

• The rotation of members, I like the idea of having a student voice on the Board. Have you looked at other models on how other districts do this?  Response:  The goal is to have a SEAB member on the Board. The rotating idea has been put forward but SEAB is not solid on the model at this time. Minneapolis has one sitting student member with no vote, they do not have the equivalent of SEAB.

• A Board member noted that having someone consistently there and aware of issues, would lessen the learning curve for the individual which if there is rotation has to be
repeated each time the representative changes. If there is good communication and feedback with the Board and a clear way information flows from the Board student representative, that could maximize how one person does it. Having multiple representatives might lead to a lack of consistency and may not result in a stronger voice. SEAB has to consider what will maximize the impact of student voice.

- How will the application process work in future? How will you reach students not in student government? How will you reach those students who stand outside normal processes/interactions? SEAB needs to engage more than just high school students, it needs to engage at other levels (middle school, etc.)

- The inform, consult, involve, collaborate, empower – how does that work relative to projects? Response: It is what position the Board wants SEAB to take on a particular project. Staff went on to say it is an engagement spectrum. It allows for clarity around the Board's direction to SEAB about where in the spectrum the Board wants SEAB to position themselves for different projects.

- How many projects does SEAB imagine doing in a year? What is your capacity? Response: Four per year but it will depend on the size of the projects. The early date for submission of project suggestions allows SEAB to plan for an entire year which is beneficial. It is an advantage in that it gives SEAB time to think about what it wants to do and to engage students.

- What is the timeline for the Board to act on recommendations/feedback? Response: It would vary from project to project. That would be negotiated with the projects.

- When the Board set up SEAB it wanted to get as broad a voice as possible. That there are representatives of students who might not be engaged in student government. If someone comes on SEAB as sophomore what is the assumption of term? Response: SEAB needs to think about terms, etc. SEAB will do an annual review process of how it is doing as a committee and as individuals. If members continue on as SEAB representatives they can help new members get acclimated and continue with the same goals.

- Membership in SEAB, I want to be sure there is representation from each school or broadly across the district. That there are representatives of students who might not be engaged in student government. If someone comes on SEAB as sophomore what is the assumption of term? Response: SEAB needs to think about terms, etc. SEAB will do an annual review process of how it is doing as a committee and as individuals. If members continue on as SEAB representatives they can help new members get acclimated and continue with the same goals.

- The project selection date of 8/15, is that too early, what about mid-September? Response: SEAB wants a reasonably early selection of projects so they can decide on what projects they want to do, allow time for planning and student engagement.

- There will be things during the school year where the Board or Administration want input. There might be teams looking at issues (i.e., school start times) when they want SEAB input. Response: SEAB could engage at multiple points but it would not be a project. The addition of a liaison position from the Board to SEAB would be beneficial, particularly in these instances. SEAB wants to be involved in issues the Board feels are relevant.

The Chair stated we haven't addressed all point brought up, this is on-going process and there is Board commitment to make this work for everyone. The Board wants to take advantage of the creativity and engagement brought to this by SEAB to date.

**B. Legislative Update**

The Legislative Liaison stated both House and Senate have passed omnibus bills. The Conference Committee will soon begin to sort out the process since the bills do not line up. Targets must be set and agreed by the Governor, the House and Senate before any real negotiations take place. The last day for passing bills is May 22 up to midnight. Sine Die is May 23 and involves mostly retirement speeches. The Governor has 14 days to sign or pocket veto bills or do line item vetoes.
Even year sessions involve a supplemental budget but focus is on bonding. Tax and transportation are still in conference committee. All members are up for re-election in 2016. Many retirements have already been announced. The House target is zero for education and HHS. Using capital loan repayment and other MDE cuts for one time funding. Technically since there is a surplus, they have already met their constitutional obligation.

This is how the entities currently stand:

*One-time capital loan repayment.

Targeted three things on the SPPS legislative agenda.

- **Voluntary PreK** - included in Governor and Senate bill
  
  The Senate would phase in Voluntary PreK. Funding would be distributed between four areas of the state, Minneapolis and St. Paul (10% for Kindergartners). Rank order of schools based on free/reduced lunch and on presence or absence of 3 and 4 star programs. It allows for mixed delivery. There were $18, $24, $31 million and added pre-K facilities grants made by the Governor last week.

- **Special Education** - no funding, includes SPPS amendment for medical assistance (MA). Ongoing meetings with the Governor’s office regarding MA mental health and free care provisions.

- **Teacher Development and Evaluation** - several provisions for teacher recruitment in both bills, including "grow your own."
  
  This includes multiple teacher recruitment, loan forgiveness, grow your own, CIS, National Certification, scholarship, stipend for student teachers and CUE. The Senate and Governor have a one time TD&E funding on a per license teacher ($10 million). The QComp Cap would be lifted and tails funded (Senate) - $9.8 million in FY 17 and $42 million in FY 18-19. $260 per ADM if district levies $91 per ADM. There are also teacher-governed school grants ($500K).

- **Other Support Services**
  
  - Grants for support staff ($13 million) - matching grant with phase out (Senate and now Governor)
  - Full Service Community Schools ($2.2 million)
  - Increase in American Indian Aid ($3 million)
  - Parent Home Visiting grants (House and Senate)
  - After school learning community grants ($500K)
  - Reading Corp increases ($3 million)
  - Generation Connect Aid ($431K) for connectivity
  - School linked mental health grants in HHS and E-12
  - ABE-GED and other grants

- **Other Policy Provisions**
  
  - Teacher licensing task force, plus other teacher licensing provisions
  - Student discipline task force
o College and career ready test scores (MCA) - no remediation allowed
o Civics test (House requires, Senate permissive)
o Additional reports by Board for Location Equity Revenue (House)
o Extracurricular participation for full time on-line students (House)
o Requires negotiation of unrequested leave (House)

- Transportation
  o Senate still working on transit (sales tax and cash) and many projects in bonding bill
  o Conference Committee meeting this week
  o House $600 million bonding includes transportation
  o House and Met Council - general dispute with several counties over development
  o If final bill includes local option county tax, it will not fund transit in Ramsey

- Other Issues
  o Election bills - part of omnibus election bill (House - appointment and election at next regularly scheduled November election - recall provision included. Senate - appointment and election in November following appointment, unless within 90 days of November date)
  o Pension - increases for TRA, SPTRFA, MSRS still on hold. No funding secured for employer portion. There is disagreement about contribution rates.

QUESTIONS/DISCUSSION:
- Do you have a sense of if there is any hope for additional dollars for St. Paul. Response: I am worried there may not be a bill at all, it is a 50/50 shot. The Governor and Senate don't want to spend the surplus on tax cuts. Inflation has been taken out of forecast. The House bill has no on-going money. SPPS would be eligible for grants and may get some. I am hoping we can get grow your own. There may be one time TDE money. It would all be about the same as in 2011. There is on-going money in the Senate - voluntary Pre-K, TDE, connectivity aid. QComp - small pots of on-going money The Senate is the only one with money in the tails.
- Are there particular legislators the Board should be contacting? Response: Really all of them to keep the pressure on.

C. Budget Update

The CFO indicated the purpose of the presentation was to provide an update to the Board on the FY 2016-17 General Fund budget. She reviewed the SSSC 2.0 goals and focus areas along with the 2016-17 budget guidelines.

The FY 2016-17 General Fund revenue is projected to decrease by $4.6 million (Comp Ed and Enrollment). The budget meets required contractual obligations. All school do not receive the same amount of money per pupil because some school funding is categorical (it has specific criteria on its spending), funding for CompEd and Title I follow the students on a one year delay (previous year's October 1 count) and higher poverty schools have greater access to categorical dollars than lower poverty sites. School enrollment affects the dollars allocated.

Other influencing factors include third quarter projections that impact fiscal year end fund balance, enrollment fluctuations impact revenue, class size and building capacity, contractual settlements impact expenditure levels, legislative adjustments impact revenue, previous year's October 1 free and reduced lunch count impacts revenue, and bond ratings have an impact on financing and interest rates.

All staffing categories are based on established criteria for each school. Schools also receive a non-salary amount for supplies and an extra-curricular allocation depending on what kind of site they are.

The CFO then reviewed the budget adoption calendar and the schedule for community engagement meetings. She noted April 29 is a hard deadline for HR as most contracts have a May 1 communication date for layoffs, etc. It is also necessary in order to align staffing for the following year.

QUESTIONS/DISCUSSION:

- What about the Free and Reduced Community Eligibility Program? Response: 40 schools receive meals at no cost, all schools receive free breakfast. This cannot be used with compensatory revenue. Schools must take applications for free and reduced meals. Students often qualify because of other benefits. The number of completed applications and information from MDE drive the funds. The key message to families is to fill out the application even if they do not qualify.
- What percentage of applications are completed? Response: Some schools 100%, some fewer. SPPS needs to get schools to get every application completed and submitted.
- Explain the $3 million to job embedded cuts – how are schools impacted? Response: Administration asked the Assistant Superintendents what schools needed to fulfill contract obligations (music, art, phy. ed, science). Dollars were reallocated to some schools so they could meet the contract criteria. Staffing adjustments were made to meet classroom needs. These adjustments are usually done in the fall but because of where SPPS is now it needed to see that students are getting everything SPPS committed to contractually.
- Is there any wiggle room left? Response: Very little.
- What does this mean relative to FTEs? Response: We don’t have the answer yet, we are optimistic about the number of cuts against vacancies. We are in better shape than
last year. Schools have learned to run lean. We are reducing PARAs now though not as significant as last year.

- A Board member asked if the Board could get a better idea of what staffing changes will be across different levels of staff. He stated overall patterns would be helpful. Response: Administration stated they would be using some closed Board meeting time to talk about school readiness impacts in addition to negotiations.

- What is the timeline? Response: Budgets were due in last Friday. HR is monitoring positions and balancing that. The Assistant Superintendents have compiled data for all schools as to what positions were cut with the initial budget and implications regarding the specialist areas. The majority of schools did not have to impact science to any great degree. Middle grades are looking at implications for elective offerings; they may keep content but make changes in structure. Some schools were able to keep their seven period days.

- Will the changes schools are making to make the best of the situation have any impact relative to what is needed to support those programs? Response: There will be some changes at school sites. Administration has made sure programming specifics at schools have been met (i.e., Aerospace, etc.) and that contractual obligations have been met. Most schools have been able to prioritize with parent input.

- At the end of the day, what does that mean for ongoing programs? Response: Administration will have to assess that as we move toward the final budget. Schools interested in restorative practices have reflected that in the staffing they kept. Six schools are working on restorative practices. As the District expands its contractual negotiations it needs to be mindful there may be opportunities added funding and push for it. QComp would be an additional revenue opportunity for SPPS.

- Proposals are due, has staff voted? Response: Yes, they have already voted – Union leadership will confirm the 75% level was met at all schools who applied. Was staff asked prior to writing the proposal? Yes, SPFT staff, not all staff. The foundation was that restorative practices need to be building wide.

- In order to help with scenario planning for smaller conversations should the Board arrive at some number to recommend cutting to give more to schools? Does the Board want to come back about cuts – what tradeoffs might be. Where would cuts be in other parts of the budget if we don’t want to reduce staff? Response: If, for example, we cut facilities, we would be cutting custodians, plumbers, etc. We may gain more ed assistants but would change the degree of work for remaining facility staff. 86% of the SPPS budget is personnel in some shape or form. We are up against a timeline, the challenge is no new revenue, we can make different decision about tradeoffs but staffing notifications have a limited timeline for meeting contractual notification of staff. The Board member expressed concern about how to manage expectations around what can be done within the existing timeline.

- A Board member stated the central idea is to be working toward a sustainable fiscal picture for the future, the Board has to point toward that understanding, that is the reality. Some of the nice things SPPS has been able to do may fall by the wayside as SPPS is no longer able to afford them.

- A Board member stated that when SPPS gets into the next budget cycle it will be his 16th as a Board member. The Board is now in a position where it is trying to do damage control. That is where we are at, we have to make substantial cuts that are not good. SPPS may have to move to an austerity program – there may come a time when it cannot do some programs. We need to look at zero based budgeting, an austerity program, may even have to talk about wage freezes. We need to start thinking about next year. We need to make the real, very hard decisions.

- It was noted the Board budget has gone up so the Board needs to consider looking at some areas where it can cut.

- How does not contributing to OPEB now impact us? Response: Administration has been looking at this for a long term. As more people retire the obligation will grow. As a district SPPS can levy to pay costs into the future. SPPS has an actuarial study every two years to establish its obligation which it is mitigating through the trust in order to pay off its obligations in the future. A one or two year delay will not make a difference but over the long term it would have a definite impact.

E.  Standing Item: SSSC 2.0 Update - No Report

F.  Work Session

1. Policy Input
   - **Student Surveys (PPRA)**
     This policy is required under Federal Law. The Board discussed how this would impact the various surveys conducted in the District. Staff indicated they would like to bring this forward for its first reading at the May Board meeting.

   **RECOMMENDED MOTION:** Ms. O’Connell moved the Committee of the Board recommend the Board of Education bring Policy 520.00 Student Surveys to the May 17 Board of Education meeting for its first reading. Mr. Schumacher seconded the motion.

   The motion passed.

   - **Use of Social Media**
     Staff indicated this was a proposal for a new policy. There is no MSBA model policy on this but there are some very good examples of ones being used in the area and nationally.

     There was discussion on whether this should be a policy or something else. The Assistant General Counsels provided input from the legal perspective and HR provided input from their position.

     Staff indicated the Policy Work Group could continue to refine the policy as they would like to bring it to the May Board meeting for its first reading. This would allow sufficient time for the development of professional development training for teachers returning in the fall.

     The consensus was for the Work Group to continue development of the policy with a report back at the June COB meeting.

   - **Policy 506.00 Student Discipline**
     Staff indicated this was an existing policy but that there is a need to make it stronger and clearer. She indicated she was looking for Board input around their beliefs about discipline. The procedure piece for this policy is the Rights and Responsibilities Handbook.

     Staff indicated they were in the process of doing the annual review of R & R Handbook. After in-depth engagement with staff, SPFT, principal, SEAB and the PACS, major themes brought to light will be shared with the Board at the June 7 COB.

     The Policy Work Group feels the current policy is more about control than a learning opportunity. They asked for guidance around the purpose of discipline in order to do further work on the draft policy they have in process. They indicated they were aiming for a first reading in June.

     Staff asked "what is the purpose of student discipline?" Responses included:
     - To restore community
     - To support self regulation
     - To establish an effective learning environment
     - To provide an educational opportunity
     - To lead to behavior that allows for an educational atmosphere
     - To establish behavioral norms
     - To teach social skills
• To promote emotional intelligence
• It was noted that Discipline is a polarizing word
• To instill the value of self respect and a sense of the common good
• To change behavior (doing it well can actually change behavior)
• To get to know an individual student and their needs
• To teach self regulation
• To show a student they have a place in the community
• To reconnect with students - to promote understanding why education is important to them.

Board members were asked what their concerns were.
• Should policy be called student discipline, classroom climate, establish a positive school climate, promoting a positive learning environment.
• Does there need to be a broader discussion about school climate, then get to student discipline.
• Need to address broader contributing factors.
• Offer anchor of what reference means in context being use.
• Too narrow in some respects, more about what want buildings to be. Discipline cedes control to a third entity. Climate, culture, way of being,
• Discipline has become very descriptive to a group of students.
• Schools should have high standards, safe, secure, polite and respectful.
• Concerned does not address how action is handled inconsistently across the district. There needs to be consistency of implementation.
• Consistency issue important, perception informed by many things.
• Consistent application of consequences across the district, are consequences being applied consistently.
• Behavior and relational standards. Honest, loyalty, trust, when breaks down this is how restore relations that have been destroyed. Behavior a piece of climate, not everything
• We have to take into account the needs of kids too. What does behavior mean and how respond to it.
• What does a healthy community look like, need to be restorative.
• Concern about timing - Needs to be done well even if go beyond August.

Staff indicated the Policy Work Group would continue to refine its draft of a revised policy. (J. Allen, M. Vanderwert, C. Vue, J. Brodrick)

FY17 General Fund
Budget Update

Board of Education
May 17, 2016

Marie Schrul
Chief Financial Officer
Purpose

To provide an update on the FY 2016-2017 General Fund budget to the Board of Education
Strong Schools, Strong Communities 2.0

Goal 1: Achievement for all students

Goal 2: Alignment of school programs

Goal 3: Sustainability to optimize classroom resources and academics
SSSC 2.0 Focus Areas

Focus Areas

- Racial Equity Transformation
- Personalized Learning
- Ready for College and Career
- Excellent PK-12 Programs with Connected Pathways
- Systems that Support a Premier Education
FY 2016-17 Budget Guidelines

• SSSC 2.0 Plan is first consideration in funding.
• Class size ranges will determine teacher FTEs.
• Budget built on current laws.
• Blended Site-Based and Centralized funding method will be used for schools.
• A table detailing the average salary and benefits will be provided for budget preparations.
• The budget should maintain an unassigned fund balance of at least five percent (5%) of the general fund expenditures in accordance with the BOE policy.
• Non-School programs will be reported into three (3) categories: Central Administration, District-wide Support, and School Service Support.
• Fully Financed budgets with anticipated revenues and expenditures over $500,000 for the 2016-2017 school year will be included in the Adopted budget.
• The FY 2016-17 budget must be approved by the Board of Education by June 30, 2016.

The Adopted budget will be published on the Business Office website (http://businessoffice.spps.org/2016-17).
 FY 2016-17 General Fund revenue is projected to decrease by 4.6m (Comp Ed, Enrollment)
• The budget meets required contractual obligations
• All schools do not receive the same amount of money per pupil because:
  – Some school funding is categorical (it has specific criteria on its spending)
  – Funding for Comp Ed and Title I follow the students on a one year delay (previous year’s Oct 1 count)
  – Higher poverty schools have greater access to categorical dollars than lower poverty sites
• School enrollment affects the dollars allocated

Funding the Schools

Funding for SSSC 2.0
Funding Priorities

• Maintain the reduced class size agreement
• Every elementary student will have access to Art or Music and Physical Education
• 1,800 students are participating in full or half day 4-year old programming
• More access to technology for students and staff
• Every school has access to a field tech and all middle and high schools have technology integrationists to support personalized learning
• Significantly increased support services for students with additional social workers, counselors, school psychologists and nurses
• Investing in restorative practices pilot programing
• SSSC 2.0 Program Articulation

- An additional $2.3 million in Title I funds are being allocated among 53 of our 56 Title I schools
- Of the $5.8 million reduction, $1.2 million is related to a projected enrollment decrease and $1.1 of Compensatory Education revenue loss (categorical revenue directly allocated to sites based on free & reduced lunch counts)
- Since fiscal year 2011-2012, an additional $32 million of funding has been added to schools

Subd. 4. Budget approval.

Prior to July 1 of each year, the board of each district must approve and adopt its revenue and expenditure budgets for the next school year. The budget document so adopted must be considered an expenditure-authorizing or appropriations document. No funds shall be expended by any board or district for any purpose in any school year prior to the adoption of the budget document which authorizes that expenditure, or prior to an amendment to the budget document by the board to authorize the expenditure. Expenditures of funds in violation of this subdivision shall be considered unlawful expenditures.

### Administration Expenditures:
- Data is from fiscal year 2013-14
- Comparison should be based on size of District & % of total General Fund
- St. Paul Administration expenditures include Other Post Employment Benefits (OPEB), St Paul Teachers Retirement Fund payment (per legislation, unique to St. Paul), one-time only HR/Finance system implementation costs
- The FY 2016-2017 allocation (same comparison) is $19.9 million, or down 10%

TOPIC: Request for Permission to Contract with Urban Planet Software for Services

A. PERTINENT FACTS:

1. The Office of Engagement/Student Placement Center requests permission to enter into a contract with Urban Planet Software for continued management and expanded development of the Student Enrollment Management System. The system supports both the school choice application process and year round enrollment.

2. The system has transitioned the enrollment process over the past four years from a multi-layered process to a streamlined system supporting on line and paper application submission. Nearly 70% of on-time applications were submitted on-line during the most recent on-time choice season.

   The user-friendly system supports a more expeditious processing of applications including initial email notification. Continued development includes integrating the language assessment and SLIFE identification into the enrollment management system.

   The services are contracted at a cost of $5,500.00 per month which has been built into the Student Placement Center budget.

3. This project will meet the District strategic plan goal/goals of alignment and sustainability.

4. This item is submitted by Jayné Williams, Director Student Placement Center, Jackie Turner, Chief Engagement Officer, and Michelle Walker, Chief Executive Officer.

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (designee) to approve the contract with Urban Planet Software for the above mentioned services for the period of August 1, 2016 – July 31, 2018 (2 years) at an annual cost of $66,000, not to exceed $132,000 over the two year contract.
A. PERTINENT FACTS:

1. In support of Goal 1: Personalized Learning, the Division of Academics has identified the service agreement Schoology to be continued. Schoology is a user-friendly Learning Management System (LMS) that offers important student, family and teacher resources in support of personalized learning. Over the past few years, staff and students in several schools have used the free and limited version of Schoology Basic. This past year, 2015-2016, Schoology was piloted at secondary schools across the district.

2. The proposed agreement with Schoology includes:
   - Comprehensive learning management systems that complements our student information system.
   - District-wide access for all students, families and staff, including evening high schools and other programs
   - Ongoing national support
   - Full integration with our 1:1 iPad initiative

3. Renewing the service agreement with Schoology for the use of personalized learning aligns with Goal 1: Personalized Learning to provide an equitable education for all 39,000 students through strong leadership, well-rounded curriculum and data-driven decisions.

4. The proposal from Schoology was reviewed by the Division of Academics and will be funded through Instructional Services and Personalized Learning. The cost of services during the 2016-17 school year will not exceed $110,880.00 and will not exceed $138,600.00 for 2017-2018, 2018-2019 and 2019-2020.

5. This item is submitted by: Kate Wilcox-Harris, Chief Academic Officer; Hans Ott, Director, Office of Teaching and Leading; and Megan Dols Klingel, Assistant Director, Office of Teaching and Learning.

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (designee) to enter into an agreement with Schoology. The cost for 2016-2017 and 2017-2018 will be paid from the Instructional Services budget #01-005-610-000-6305-0000 and the cost for 2018-2019 and 2019-2020 will be paid from the Personalized Learning budget #31-005-182-000-6305-0000.

TOPIC: Lease Agreement with Youth Farm

A. PERTINENT FACTS:

1. Youth Farm desires to lease space from the District at the Baker Center, 209 West Page Street, St. Paul, MN 55107.

2. The administration is agreeable to lease space to Youth Farm.

3. Terms and conditions of the Lease Agreement include the following:

   a. The lease term will be nineteen (19) months commencing May 1, 2016 and terminating December 31, 2017 with two (2) – one (1) year extensions.

   b. The District will lease desk space within an office area space at 209 West Page Street to Youth Farm for the promotion of food justice and meeting the wellness needs of our communities.

   c. Rent for this term will be eighty-nine and 05/100 dollars ($89.05) monthly. Revenue will be applied to debt service.

4. This lease agreement meets the District Strategic Plan goals by aligning resource allocation to district priorities.

5. This item is submitted by Tom Parent, Director of Facilities, and Jean Ronnei, Chief Operations Officer.

B. RECOMMENDATIONS:

That the Board of Education authorize the Superintendent to execute a Lease Agreement between the District and Youth Farm to lease space at the Baker Center located at 209 West Page Street, St. Paul, MN 55107 for the term May 1, 2016 through December 31, 2017, with monthly rent of eighty-nine and 05/100 dollars ($89.05) subject to all other terms and conditions of said agreement.
DATE: May 17, 2016

TOPIC: Designating Official with Authority to Authorize User Access to MDE Secure Websites

A. PERTINENT FACTS:

1. The Minnesota Department of Education (MDE) requires that a district official manages access to MDE secure websites. Instead of having MDE manage user access to the sites as they did in the past, MDE changed that structure by having the district designate an authorized person to manage the user access at the district level.

2. The Identified Official with Authority has the responsibility of authorizing user access to MDE secure websites for the district, verifying eligibility and assigning roles based on authority.

3. It is recommended that Cheryl Carlstrom, Director of Title I Federal Programs and School Improvement and LEA representative, be identified as the Saint Paul Public Schools official with authority who has the responsibility of authorizing user access to MDE secure websites for the district and assigning job duties to district staff.

4. Saint Paul Public Schools will resubmit documentation from the school board annually designating the Identified Official with Authority, as well as any time there is a change in the assignment of the Identified Official with Authority. This documentation serves as the annual recertification of the Identified Official with Authority designation in accordance with Minnesota State Access Control Security Standard 1.0.

5. An email will be sent to MDE (mde.school-verify@state.mn.us) with the name of the designated Identified Official with Authority and the associated school board meeting minutes attached.

6. This project will meet the District target area goal of achievement.

7. This item is submitted by Cheryl Carlstrom, Director Title I Federal Programs and Michelle Walker, Chief Executive Officer.

B. RECOMMENDATION:

The Board of Education authorize the Superintendent or designee to continue to identify Cheryl Carlstrom, Director of Title I Federal Programs and LEA representative as the Official with Authority for authorizing user access to the Minnesota Department of Education (MDE) secure websites.
DATE: May 17, 2016

TOPIC: Approval of Employment Agreement between Independent School District No. 625 and Professional Employees Association Representing Non-Supervisory Professional Employees

A. PERTINENT FACTS:

1. New Agreement is for a two-year period from January 1, 2016, through December 31, 2017.

2. Contract changes are as follows:
   
   Wages: Effective January 1, 2016, the salary schedule is increased 1.5%. Effective January 1, 2017, the salary schedule is increased 1%. Maintain step increases both years.

   Benefits: Effective January 1, 2017, the family benefits coverage contribution will increase by $35 per month and $15 per month for single coverage contribution.

   Deferred Compensation: Effective January 1, 2017, the District match contribution is increased from $1,000 to $1,250 per year for employees hired after January 1, 1996.

   Vacation: Effective January 1, 2017, employee will be allowed to convert sick leave to vacation if they have 164 days of accumulated sick leave credits.

   Sick Leave: Effective January 1, 2017, employee will be allowed to use 160 hours of accumulated sick leave in a 12 month period to allow the employee to care for and attend to the serious or critical illness of a parent, adult child, spouse, sibling, mother-in-law, father-in-law, grandchild, grandparent, stepparent or a member of his/her household.

3. The District has 77 FTE’s in this bargaining unit.

4. The new total package costs for the agreement are estimated as follows:
   
   - in the 2015-16 budget year: $6,920,743
   - in the 2016-17 budget year: $7,161,836

5. This item will meet the District target area goal of alignment.

6. This request is submitted by Laurin J. Cathey, Executive Director of Human Resources; Jim Vollmer, Assistant Director of Employee/Labor Relations; Joyce Victor, Negotiations/Employee Relations Assistant Manager; and Michelle Walker, Chief Executive Officer.

B. RECOMMENDATION:

That the Board of Education of Independent School District No. 625 approve and adopt the Agreement concerning the terms and conditions of employment for Professional Employees
Association in this school district; duration of said Agreement is for the period of January 1, 2016, through December 31, 2017.

Securitas also provided a comprehensive transition plan to ensure a successful launch to the 2016-2017 school year. Administration authorizes acceptance of the proposal form, and will enter into a contract with Securitas for the annual proposed rates detailed in the Pricing Worksheet.

4. Proposals have been reviewed by Bradley Miller, Purchasing Manager.

5. Funding will be provided from the SEM budget fund 01-005-815-342-6305-0000

6. This project will achieve the District Strategic Plan goals by providing and sustaining a safe and welcoming learning environment for all students, staff and visitors.

7. This item is submitted by Laura Olson, Director of Security and Emergency Management and Jean Ronnei, Chief Operations Officer.

B. RECOMMENDATION:

That the Board of Education approve the administration’s action of awarding a contract for RFP A209458-A for the contracted guard services to Securitas for the proposed rates as detailed in the pricing worksheet, not to exceed $1.5 million expenditure annually.
Policy on Student Surveys
First Reading

Jackie Statum Allen
Assistant Director, Strategic Planning and Policy

Board of Education Meeting
May 17, 2016
Propose new policy (620.00) be developed

Rationale:
- According to Pupil Protection Rights Act (PPRA) federal statute, districts must have policies about how parents are given notice of student surveys about specific topics.

Summary
- Parents will be notified prior to a student being administered a survey with specific question topics
- District will notify parents of these rights
Questions?

Saint Paul Public Schools
A World of Opportunities
620.00 STUDENT SURVEYS

I. PURPOSE

Occasionally the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

II. DEFINITION

A survey is a method for collecting data, information, and opinions as reported by individuals about specific topics. Surveys can include, but are not limited to, paper and digital questionnaires, interviews, evaluations, and focus groups.

III. CONDUCTING STUDENT SURVEYS

A. All instructional materials, including teacher’s manuals, multimedia, or other supplementary material, which will be used in connection with any survey or evaluation, as well as any third party surveys will be available for inspection by a student’s parent or guardian.

B. Upon request, third party surveys will be available for inspection by a student’s parent or guardian before the survey is administered to the student.

C. The District may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on age, race, color, sex, socio economic status, sexual orientation, gender identity or expression, disability, religion, or national origin.

No student will be required to participate in a survey that includes questions that reveal any information concerning the topics listed below, without prior written consent of the student’s parent or guardian. The student may provide written consent if they are 18 years old or older or an emancipated minor.

Furthermore, optional surveys containing questions concerning the topics listed below will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student is given the opportunity to opt out of the survey.
The topics are limited to the following:

1. Political affiliations or beliefs of the student or the student’s parent;

2. Mental and psychological problems of the student or the student’s family;

3. Sex behavior or attitudes;

4. Illegal, antisocial, self-incriminating, or demeaning behavior;

5. Critical appraisals of individuals with whom the student has close family relationships;

6. Legally recognized privileged or similar relationships, such as those of lawyers, physicians, and ministers;

7. Religious practices, affiliations, or beliefs of the student or the student’s parent; or

8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

D. Although the survey is conducted anonymously, potential exists for personally identifiable information to be provided in response to a survey. To the extent that personally identifiable information of a student is contained in his or her responses to a survey, the District will take appropriate steps to ensure the data is protected in accordance with state and federal law.

E. The school district shall give parents and students notice of their rights under this policy.
