B. RECOMMENDATION:

That the Board of Education recognizes the schools above for their contributions and outstanding work.
INDEPENDENT SCHOOL DISTRICT NO. 625
BOARD OF EDUCATION
SAINT PAUL PUBLIC SCHOOLS

DATE: April 26, 2016

TOPIC: Acknowledgement of Good Work Provided by Outstanding District Employees

A. PERTINENT FACTS:

1. The Minnesota Elementary School Principals’ Association (MESPA) recognized Catherine Rich, principal of Phalen Lake Hmong Magnet, with the 2016 MESPA Division Leadership Achievement Award. Principals are responsible for a school’s instructional, school culture, and resource leadership. The award honors principals whose exemplary leadership and sustained efforts have made noteworthy contributions to the operation of effective school learning programs — improving education, their communities, and their profession. She was recognized by colleagues statewide on February 4, 2016, at the MESPA Awards Banquet – held at the DoubleTree by Hilton Bloomington Hotel during the annual MESPA Institute, the statewide convention of Minnesota’s elementary and middle level principals.

2. The Saint Paul Public Schools Receives the Minnesota Department of Education 2016 School Finance Award: The Minnesota Department of Education (MDE) released its list of school districts that received the 2016 School Finance Award, in which Saint Paul Public Schools made the list. Each year, MDE reviews each school district for criteria in the following areas: timely submission of financial data, compliance with MN statutes, presence of select indicators of fiscal health, and accuracy in financial reporting. The Finance team is pleased to share this great news with the Board, the District and the community.

3. The Fund for Teachers fellowships have been announced. These individuals and teams received a total of $37,734 to undertake their fellowships. Congratulations to the following teachers:

   Julie Elliott, who will travel to Scotland to research how natural environments impact art;
   Brad Ollmann, who will explore Latin dance and percussion in Mexico, Guatemala and Colombia; See Vang, Leigh Vang and Kethkeo Vichaiyarath, who will research current living conditions of the Hmong people in Laos, Vietnam and Thailand;
   Bethany McGraw and Charlotte Landreau, who will explore the impacts of conflicts on indigenous groups in Thailand and Cambodia; Charlotte Sivanich, who will study mindfulness in Amsterdam and attend a math conference in Hungary; and
   Amber Glawe, who will travel to Guatemala to learn self control strategies for struggling learners and deepen her Spanish language proficiency.

   Fund for Teachers supports educators’ efforts to develop skills, knowledge and confidence that impact student achievement. By trusting teachers to design unique fellowships, Fund for Teachers grants validate teachers’ professionalism and leadership, as well. Since 2001, Fund for Teachers has invested $22 million in nearly 6,000 teachers, transforming grants into growth for teachers and their students.

4. Jesse Buetow, a 5th grade teacher at Randolph Heights, was recently chosen for the 2016
Lead PBS LearningMedia Digital Innovator program. They choose one representative from each state. This is a great honor and learning experience for him. Over the next year, he will be among a prestigious group of top educators that will receive professional development opportunities that will help him build his digital classroom.

The PBS LearningMedia Digital Innovators program is a yearlong, free professional program designed to foster and reward a community of highly engaged, tech-savvy K-12 educators who are effectively using digital media and technology in classrooms to further student engagement and achievement. In addition to representing his state in Denver in June at the PBS Digital Summit and one day at the International Society for Technology Education Conference, he will be invited to join hundreds of Local Digital Innovators from across the country for exclusive access to all affiliated virtual events and trainings and the potential to partner with PBS in-person at specific education events back in our community.

VII. COMMITTEE REPORTS

A. Committee of the Board Meeting of March 8, 2016

The Chief Financial Officer provided an overview of the preliminary FY 2016-17 General Fund budget and timeline to the Board. She reviewed the preliminary big picture of the FY 2016-17 General Fund noting revenue is down $4.6 million. On the expenditure side the increase is due to inflationary increases overall and contractual agreements. Overall SPPS is facing a $15.1 million shortfall. She reviewed unknown factors that might further impact the budget and areas under consideration for FY 2016-17 budget reductions. She then moved on to an overview of staffing for the schools.

RECOMMENDED MOTION: That the Board of the Education accept the FY 2016-17 Preliminary General Fund Budget Report

The motion was approved with the following roll call vote:

- Ms. O’Connell: Yes
- Mr. Marchese: Yes
- Ms. Ellis: Yes
- Mr. Brodrick: Yes
- Mr. Vue: Yes
- Ms. Vanderwert: Yes
- Mr. Schumacher: Yes

The Director of Facilities provided a report on Grade 6-8 Space Shortage - Next Steps. The purpose of the presentation was to receive guidance from the Board on preparation for making relocation decisions. Briefly the proposed changes were:

- Relocating Jie Ming Mandarin Immersion to the Homecroft building by 2017-18
• Relocating River East from the Homecroft building to leased or newly purchased space
• Transition ECFE out of Homecroft over the next few years.

He then moved on to discuss Middle School Growth indicating it is projected that SPPS middle schools will be 500 student seats short in 2019-20 and 700 student seats short by 2024-25. Area A is primarily affected, areas B and C are compensating for shortages. He indicated the best option would be to build a new comprehensive middle school in Area A. Other options considered were (1) converting Hazel Park IB (PreK-8) into a middle school. (2) Repurposing Wellstone (PreK-5) as a middle school and building a new elementary. (3) Converting three regional PK-5s to PreK-8 (Frost Lake, Dayton's Bluff, Eastern Heights) or (4) building two 500 seat middle schools. Pros and cons for each were discussed along with the proposed timeline for Board decisions and public engagement.

RECOMMENDED MOTION: That the Board of the Education accept the report on the FMP Program Relocations.

The motion was approved with the following roll call vote:

Ms. O’Connell Yes
Mr. Marchese Yes
Ms. Ellis Yes
Mr. Brodrick No
Mr. Vue Yes
Ms. Vanderwert Yes
Mr. Schumacher Yes

VIII. SUPERINTENDENT’S REPORT

The Superintendent made a statement on school climate and on Como and work that will move forward within the school and its community.

Questions/Discussion:

• A statement was made that there are multiple needs involved in building school climate and race seems to be critical issue in how schools run, in who succeeds and who does not. We need to recognize these multiple needs so schools work for the children.
• Another Board member noted that this is work the superintendent, staff, teachers and principals have been doing for a long time and there is a lot of good work being done. The recent focus has been on particular incidents but SPPS can move forward as it has experience in its staff and the community to meet these issues as it moves forward.

A. SSSC 2.0 Monitoring: College & Career Readiness

The CEO stated this conversation will inform efforts around and on-going use of VisionCards as a monitoring tool for the Strategic Plan. VisionCards are a form of balanced score card used to measure progress. They were designed to measure progress toward implementation of the strategic plan. The metrics aligned to the three goals of plan and its five focus areas. They measure continuous improvement and the processes that influence the outcomes. They serve to inform changes toward the outcomes and the processes that get the district there.

The Assistant Superintendent High Schools and the Executive Director of OCCR stated to improve outcomes, the VisionCards focus on Outcomes and Processes. The area for the focus of this VisionCard is Ready for College and Career aimed at creating a K-12 culture focused on college and career throughout all SPPS schools by providing all students with the academics, resources and experiences to prepare them to be successful in college and their careers. This involves ensuring middle school students start planning for high school and beyond, increasing opportunities for students to earn post-secondary credits and expanding existing and developing new CTE programs. The goal is for all students to meet the "ramp up" standards (as defined by the College Readiness Consortium at the U of MN) - academic, admissions, career, financial and personal/social so the student has the
knowledge and skills to succeed in first-year, credit-bearing courses at a technical college, a community college or a four-year college or university.

Measures for the academic pillar include:

- Passing 8th grade algebra
  - Percent of students that passed algebra by the end of 8th grade (Vision 80%); 73% (Progress) the same as for SY 13-14.
  - Largest percentage gap in passing rates by race/ethnic groups (Vision <10%) - Asian students were highest at 85%, Black students lowest at 58% for a 27% gap (31% in SY 13-14). The gap is closing in 8th grade algebra passing rates. More support is needed to keep students from failing classes.

- Percent of students with two or more failed core classes (Vision <15%)
  - Middle School is at 24% (25% for SY 13-14)
  - Focus on Freshmen is at 39% - Critical (36% for SY 13-14) Generation Next is tracking this data as well.

The Admissions Pillar measures if students to have the ability to meeting admissions requirements at a range of postsecondary institutions that are a match for their goals and interests.

- Naviance - Percent of students completing recommended components for grade level (Grades 9-12). Vision is >90%. This is at 43% (baseline year). SPPS has added more training for counselors and greater accountability regarding progress monitoring and reporting.

- ACT - Percent of students with a composite score of 21 or higher (2,146 students tested). Vision is >65%. This is at 25% - critical (37% - 1,297 students tested in SY 13-14). SY 14-15 was the first year for universal testing for SPPS. Dips in scores are typical nationally and statewide. Recovery is expected in three years.

Staff highlighted the ACT Prep Class introduced in 2015. It is a curriculum created and published by The Princeton Review (TPR). Teachers are certified in teaching the ACT Prep courses and were recruited through the high schools and also the College Access Programs. The course offers three course options: 3 hours, 9 hours and 18 hours. It operates on Saturdays in the morning and early afternoon at Central and Washington. In evaluating the 2015 ACT Prep Course a matched comparison was used. It matched students according to GPA, race, gender and income status and compared TPR prep course participants and non-participants. The 2015 TPR Prep Course produced significant test score increases for TPR participants (698 students). A chart was provide showing the point difference between participants and non-participants (matched comparisons).

Measures for the Career Pillar are to ensure the student has the ability to identify careers that match personal, financial and other goals and an understanding of the skills, credentials and experiences required to succeed in those careers.

- Career and Technical Education (CTE) - students participating in:
  - Career Programs (Vision is 850). This is at Vision with 1,197 students participating (656 in SY 13-14). SPPS has 11 courses within the program.
  - Internships (Vision is 1,500). This is at progress with 1,279 students participating (970 in SY 13-14 - this was recalculated based on 2014-15 definition).

Numbers are increasing due to strong partnerships and solid programming.

Measures for the Personal and Social Pillar allow students to know how to set educational goals and monitor progress toward them and create relationships with peers and adults that support academic success.

- Senior Survey - Percent feeling supported and encouraged by teachers (Vision is >95%). This is at progress 90% (89% in SY 13-14). This metric is a composite of three survey questions: (1) The teachers at this school believe that all students can do well, (2) there is at least one adult in this school that I can talk to, that knows me well and (3) the adults
in this school care about students.

The Financial Pillar is to ensure the student is able to cover the cost of the first term of study at a postsecondary institution through savings, loans, work-study and/or financial aid.

- Financial Readiness - Percent of graduating class who completed a FAFSA (Vision is >65%). This is at progress 63% (59% SY 13-14). Good progress is being made in this area.

The report went on to discuss Proportionality Ratios - this measures how a student group's participation in a given program compares to their share of the total student population. A Proportionality Ratio of 1.0 means that a student group is represented exactly the same proportion as in the overall student population. Less than 1.0 means the group is under-represented.

- Advanced Courses Proportionality Ratios by Race (student group percent of those enrolled [or passing] classes/% of student group in district). Vision is >.75 representation by all groups.
  - Advanced CTE Courses (Grades 9-12) % enrolled -- Asian .92, White 1.0, Black 1.1, Hispanic 1.1, American Indian 1.1. (At Vision level)
  - Advanced Courses (Grades 6-12) % passing -- Asian 1.1, White 1.4, Black .74, Hispanic .88, American Indian .61. (This is at Stable level.)

Last year SPPS students earned $2.6 million worth of post-secondary credits while still in High School.

Drop Out Prevention - Students entering the Gateway to College Program each year (Vision is >45 students). This is at Vision with 51 students this year and last.

Four Year Graduation Rates:
- Percent of students graduating in four years. This is at Progress 75% (76% last year).
- Largest percentage gap in four-year cohort rate between race/ethnic groups (Vision is <10%) Whites are at 83%, American Indian at 52% for a 31% gap (32% SY 13-14). Counselors have been assigned to work with American Indian students to increase their participation.

Graduation rates at seven SPPS schools surpass the State average at all schools. For the second year in a row, SPPS graduation rates for Black and ELL students are higher than the State average at all schools.

AVID participation - 100% of students who took AVID all four years graduated on time. (Vision is >80%)
- All four years - at Vision 99% (100% SY 13-14)
- Some is at Vision with 91% (Vision 90%)
- None (Vision is 74%) at 73%

QUESTIONS/DISCUSSION:
- What is being done for 9th graders and is it consistent across the district? Response: At Washington, Focus on Freshmen has two interdisciplinary teams that work only with 9th grade students. The teams meet on a regular basis. Washington offers support for students from 6 through 12. Data is reviewed constantly to see where students are and if they are passing their classes. Last year was the first year for the Focus on Freshmen initiative – each high school tailors support for incoming freshmen. At some schools, juniors and seniors act as mentors for younger students. Dream On coaches work with freshmen. Parent Academy has been offered to 9th grade families and Washington tries to get as many students into the AVID program as possible.

- Overall numbers for graduation are around 75%. How is overall average 75% when the high schools are graduating at not less than 80%? Response: There are programs outside the high school programs where students are included in the four year district
tally, as these programs are small they are not reported out separately. SPPS is experiencing great progress in its five and six year graduation rates. Humboldt HS if calculated on five year graduations would have a 90% graduation rate. Any schools and programs serving 9th-12th grades fall into the four year graduation rate calculations. Overall five year graduation rate is around 78%.

- On vision levels, how are those set, when are/were they set and when is the process revisited? Response: Vision levels for all cards were approved by the Board, staff developed them and made recommendations providing reasons they were set at that level. Vision levels started as milestones as SPPS developed its strategic plan. Vision cards were aligned to outcomes that were being developed. There is examination of where they should be, what is considered an ambitious goal, where levels are now in the scale from concern to vision. If data suggests the vision is off target then there is discussion on whether to move the target higher or change the vision level. This is the second reporting year for current vision cards. The vision levels, goals, etc. could be revisited or expanded.

- Graduation rates – how does SPPS track what happens to students after they graduate. There seems to be a large number of students who need remedial courses as they enter college. How is that tracked and how does it feed back into the teaching being done in buildings? Response: There is a statewide longitudinal data base at MDE and a National Clearing House that gathers this type of data so SPPS does have information on graduates and for the past three years SPPS has reviewed this data at a final evaluation meeting. Some schools have set goals in this area. It is critically important to be sure what college and career ready is so student are ready and do not need to take remedial courses. The Board stated that this would be helpful information to track.

- A Board member stated she appreciated the intentionality of keeping kids on target to graduate and move on to post secondary opportunities.

- Staff noted academics is square one – college access is the icing on the cake – academics is the core mission. SPPS has to have staff to work with students to meet their needs, know what their academic needs are and push them to work to meet those. Students need to take remedial classes in high school so that by the time they go the college they do not need remedial classes.

- There are many critical elements coming together at Washington - partnerships, staff, sustainability and relationship, being there for all kids. SPPS needs to define these foundational elements and move them out to other schools while still giving latitude to address unique needs, etc.

B. FY 2016-17 Preliminary General Fund Budget

The CEO indicated the purpose of the presentation was to provide an overview of the preliminary FY 2016-17 General Fund budget and timeline to the Board. She reviewed the key planning assumptions approved by the Board at the previous COB meeting.

She moved on to factors which may influence the budget as it is developed:
- Third quarter projections impact fiscal year end fund balance
- Enrollment fluctuations impact revenue, class size and building capacity
- Contractual commitments in labor agreements
- Legislative adjustments or state adjustments
- Previous year’s October 1 free and reduced lunch count impact revenue (Comp Ed)
- Bond ratings

She noted revenue is down $4.6 million due to compensatory education dollars, free reduced lunch count down slightly (all of which is allocated directly to schools), enrollment projections indicate a slight decline in enrollment for the fall. School aid and referendum both are impacted. Currently, administration does not plan to use any fund balance. On the expenditure side the increase is due to inflationary increases overall and contractual agreements.

Library Support (EA or TA)
SSSC 2.0 Site Staff for Program Articulation

The budget adoption calendar was reviewed. The CFO indicated a great deal of background work has already occurred starting in November-December 2015. March 31 will see school allocations distributed as well as general fund program allocations. Joint budget and staffing meetings (Principals, HR and Finance) will occur between April 4 and 29. Community engagement presentations will be scheduled April 1 through June 21. On April 29 school and program budgets must be returned and HR staffing worksheets are due. June 21 is the proposed date for the Board to adopt the final budget.

The Superintendent noted two community meetings have been scheduled to address the budget - April 14 at 5:30 p.m. and April 16 at 10:00 a.m.

QUESTIONS/DISCUSSION:
• So there are two community sessions coming up, what about sessions in the buildings?
  Response: Budget meetings will be scheduled with the Parent Advisory Groups and other groups who make the request. Staff will meet with principals and their teams to review staffing, etc. A Principal’s Tool Kit on building the budget has been designed to help address school site information dissemination.
• For the community conversations, the Board should know when and where these will be held so they can hear what the community has to say. It would also be advantageous to have a Board member present at the various PAC budget meetings as well.

BF 30409 Approval to Enter into an Agreement Between Independent School District #625, Saint Paul Public Schools/Creative Arts High School and MinnesotaCare Partner, a Community Mental Health Service Provider

BF 30410 Approval to Enter into an Agreement Between Independent School District #625, Saint Paul Public Schools/Frost Lake Elementary School and MinnesotaCare Partner, a Community Mental Health Service Provider

Ms. Vanderwert indicated she had pulled these items regarding contracts with mental health providers in elementary schools to understand the expectations of the program, how they were chosen and how they will work with SPPS. What are the costs and what are the plans for expansions and evaluation.
Response: The goal is to expand mental health supports and access to licensed social workers within the school day. Initially SPPS reached out to a couple of community therapeutic services with licensed social workers that were working with family components. An RFP was issued and the above groups met the criteria contained within the RFP. The groups will come into schools to do in kind services within the school space, they have agreed to sharing of information and referrals to support groups. No money will be exchanged. They will work with families, provide support to families and students. This should lead to better communication with SPPS families. Last year Family Innovations piloted the program; they currently have 60 students receiving third tier supports within the school and over the summer.

The RFP criteria was to have support services, sharing of information and having coordinators to coordinate services within the schools. These groups also meet the cultural piece in that they do hire therapists that reflective ethnicity and culture of the groups they serve. Now that the agencies are within the schools they are seeing a reduction in visits and fewer missed family visits. They also provide for a smaller drop in visits as they do work over the summertime.

With regard to scaling up, it is quite difficult to find licensed staff to provide support in the school and home environment. SPPS will work to continue to expand services in elementary schools first then move to middle and high school. School social workers do the first two tiers and the outside groups third tiers. The groups are paid through insurance claims. All agencies are donating time for IEP discussions, etc. SPPS is looking at expanding to additional schools next year. A case worker can serve 18 students as their case load. SPPS has DHS grants for 24 schools. Health Partners provides services for the high schools.

Is data being gathered to see if this is helping kids? Response: SPPS is looking at behavior, truancy, activities, etc. and are finding the services beneficial. Families are more connected to the schools, it improves communication between families and schools.

How is alignment being handled? With multiple service providers, how are they aligned? All together? Response: When the RFP was put out, the criteria was set by SPPS and the alignment piece happens during initial discussions. There are definite benefits to having wrap around services, the family component is involved, seeing the family/student in the schools is beneficial, shared data pieces help in assessing outcomes, etc.

MOTION: Ms. Vanderwert moved the Board of Education (1) authorize the Superintendent to enter into an agreement with Family Innovations, Inc., a community mental health service provider, for school-based mental health services at American Indian Magnet School from February 25, 2016 through February 24, 2017 and renew annually with a letter of agreement or until either SPPS or Family Innovations, Inc. terminate this Agreement; (2) authorize the Superintendent to enter into an agreement with Family Innovations, Inc., a community mental health service provider, for school-based mental health services at Como Park Elementary School from September 1, 2015 through August 31, 2016 and renew annually with a letter of agreement or until either SPPS or Family Innovations, Inc. terminate this Agreement; (3) authorize the Superintendent to enter into an agreement with Family Innovations, Inc., a community mental health service provider, for school-based mental health services at Paul and Sheila Wellstone Elementary School from February 15, 2016 through February 14, 2017 and renew annually with a letter of agreement or until either SPPS or Family Innovations, Inc. terminate this Agreement; (4) authorize the Superintendent to enter into an agreement with Metro Social Services, a community mental health service provider, for school-based mental health services at Highwood Hills Elementary School from March 14, 2016 through March 13, 2017 and renew annually with a letter of agreement or until either SPPS or Metro Social Services terminate this Agreement; (5) authorize the Superintendent to enter into an agreement with MinnesotaCare Partner, a community mental health service provider, for school-based mental health services at Creative Arts High School from November 1, 2015 through October 31, 2016 and renew annually with a letter of agreement or until either SPPS or MinnesotaCare Partner terminate this Agreement; and (6) authorize the Superintendent to enter into an agreement with MinnesotaCare Partner, a community mental health service provider, for school-based mental health services at Frost Lake Elementary School.
from March 14, 2016 through March 13, 2017 and renew annually with a letter of agreement or until either SPPS or MinnesotaCare Partner terminate this Agreement. Ms. O'Connell seconded the motion.

Ms. O'Connell stated she had also pulled this item in order to extend the Board's thanks to the negotiations team for their long hours and difficult work. She stated everyone was working to do better by all students and it is recognized this will take everyone working together. It is also recognized how important it is to establish concrete opportunities for staff, administration and families to work on important things in the district and to embed cultural work in the buildings. The staffing commitments are significant for support staff in the buildings. SPPS has made a commitment to work with the union to make this possible.

**MOTION:** That the Board of Education of Independent School District No. 625 approve and adopt the Agreement concerning the terms and conditions of employment for teachers in this school district for whom Saint Paul Federation of Teachers, Local 28 is the exclusive representative; duration of said Agreement is for the period of July 1, 2015 through June 30, 2017; and approve and adopt the related Memoranda of Agreement. BF 30414 RFP #A-2088827-A -- Prime Vendor Grocery Items and Supplies

Mr. Brodrick stated that since SPPS has own distribution network what is the cost benefit of having Indianhead deliver food to schools? Currently there are different trucks covering the same routes, isn't that redundant? Response: SPPS has had many prime vendors so this has been practice over time. SPPS would be hard pressed to have all food come into the central kitchen and be distributed from there to the schools. By passing delivery work on to a prime vendor the need for central storage is reduced both centrally and for all schools. This is a cost effective approach given the cost of space and storage. Also, SPPS trucks are filled to maximum capacity when hauling items produced in the Nutrition Center. They leave the center with carts full of entrees, frozen items and baked goods. Eliminating service of the prime vendor would require SPPS to purchase/lease more trucks and find more drivers. The current structure has made SPPS' food costs a matter of envy nationally.

I am hoping that this contract with private vendors is not a threat to the current system and employees in the system? Response: Administration does not envision a time when SPPS will not be delivering food from its Nutrition Center. This year SPPS combined the Nutrition Services delivery team with the Service teams to make use of them in a broader and more efficient manner.

So SPPS will have a combination of prime vendors and SPPS employees delivering goods to schools. Will staff be looking at this contract for one year or does it allow for extensions. Response, Yes, in both cases.

It might behoove the Board to be sure to look at this particular contract and how well it performed over this year and evaluate the SPPS system as well. Response: Staff is always in the process of reviewing service levels.

MOTION: Mr. Brodrick moved the Board of Education authorize the award of RFP# A-2088827-A to Indianhead Foodservice Distributor for the furnishing and delivery of groceries for the period of August 1, 2016 through July 31, 2017, for an estimated value of $4,500,000. BF 30413  Resolution on Staffing Supports to Promote Strong Schools, Strong Communities

Preamble

The Board of Education is pleased to publicly affirm its ongoing partnership with the Saint Paul Federation of Teachers and our shared commitment to providing all Saint Paul Public Schools students with a premier education.

We have agreed in negotiations on several ways to formally combine our collective philosophies and resources to provide the instruction, tools, supports, and learning environments required for increased student achievement and reduced racial disparities in Saint Paul Public Schools.

We also agree that many important issues require attention in terms of both policy and practice, and that action can and should take place outside a labor contract.

To that end, we look forward to working together on increasing staffing supports in key areas.

Resolution

For the 2016-17 school year, the Board of Education resolves to:

1. Continue honoring the additional staff supports agreed to by the Board of Education pursuant to its March 18, 2014 Board Resolution. Specifically:
   • Personalized Learning – As the district expands its Personalized Learning capacity, priority budget decisions will be made to fund 10.0 FTEs of additional licensed media specialists to specifically identified school sites to provide additional student support at those sites. Existing FTEs of Educational Assistant staffing in school libraries will be maintained but not necessarily in the schools where they exist today.
   • Student Health and Wellness – We agree that additional health personnel would benefit student learning. The district will add 7.0 FTEs of Licensed School Nurses, as well as 10.0 additional Elementary School Counselors, and 5.0 FTEs of School Social Workers.
   • Each elementary student will have access to instruction from a licensed performance or visual art and a physical education teacher. Each secondary student will have access to instruction by licensed art, music and physical education teachers during the school day.

2. Provide funding for 30 additional supports, specifically:
   a. Ten (10) FTEs that were deferred from the 2015-2016 school year by the Board of Education pursuant to its “Implementation of March 18, 2014 Staffing Support Resolution” on June 23, 2015.
   b. Twenty (20) additional FTEs that will be comprised of a combination of licensed Social Workers, School Nurses, School Counselors, ELL teachers and no less than seven (7) School Psychologists.

3. Consider voices of staff and parents in decision making about placements of the additional staff through the following process:
   a. Assistant Superintendents will recommend schools to receive additional FTEs. Assignments will be based on school and student demographics, site level data, as well as license availability in the current marketplace.
   b. When deciding how to apply the allocated FTE(s), school leadership teams will seek input from school staff and parents to consider what license area(s) are recommended to be hired (i.e., social worker, nurses, counselors, ELL, licensed media specialist).
   c. Assistant Superintendent and school leadership team decisions will be presented to the May 2016 Professional Issues Committee (PIC) for discussion.
   d. After discussion at the PIC, the final staffing plan will be brought to the Board of Education for inclusion in the FY 17 budget. The Board of Education’s decision will be
4. In an effort to monitor progress and ensure that the FTEs are staffed as described, the following process steps will be implemented:
   a. April 30, 2016: SPPS will establish the baseline for each of the relevant positions by communicating current FTE counts in these positions to the designated SPFT staff members.
   b. September 30, 2016: SPPS will provide SPFT with the name, title and location of every person hired into one of the FTEs as proof of efforts to honor this resolution.
   c. January 31, 2017: SPPS will provide a final summary document to SPFT outlining the names of the individuals filling the 30 FTEs, the new totals by position versus the baseline totals, a requisition number for any position that remains unfilled, and an explanation for why any unfilled positions remain open.

MEETING MINUTES
COMMITTEE OF THE BOARD MEETING
April 12, 2016

PRESENT: Board of Education: J. Schumacher, Z. Ellis, J. O’Connell, J. Brodrick
C. Vue arrived 4:36 p.m., M. Vanderwert arrived 4:39 p.m. and S. Marchese arrived 4:47 p.m.

I. CALL TO ORDER

The Vice Chair called the meeting to order at 4:32 p.m.

II. AGENDA

A. FY 2016-17 Budget Update

The CFO indicated the purpose of the presentation was to provide an update to the Board on the FY 2016-17 General Fund budget. She reviewed the SSSC 2.0 goals and focus areas along with the 2016-17 budget guidelines.

The FY 2016-17 General Fund revenue is projected to decrease by $4.6 million (Comp Ed and Enrollment). The budget meets required contractual obligations. All school do not receive the same amount of money per pupil because some school funding is categorical (it has specific criteria on its spending), funding for CompEd and Title I follow the students on a one year delay (previous year’s October 1 count) and higher poverty schools have greater access to categorical dollars than lower poverty sites. School enrollment affects the dollars allocated.

Other influencing factors include third quarter projections that impact fiscal year end fund balance, enrollment fluctuations impact revenue, class size and building capacity, contractual settlements impact expenditure levels, legislative adjustments impact revenue, previous year’s October 1 free and reduced lunch count impacts revenue, and bond ratings have an impact on financing and interest rates.

Reductions were projected with an aim for a greater amount of reduction than the $15.1 million when taking the early retirement incentive into account, as it may or may not develop depending on employee participation.

QUESTIONS/DISCUSSION:

- Because transportation is going up, all other areas are reduced to compensate for it?  
  Response: Yes.

- Will you be replacing early retirement people?  
  Response: Yes, that is factored in. Early retirement is being offered to those who qualify across all unions with the exception of a couple trade unions and elected officials.

- Job embedded PD, how will that change programming in the buildings?  
  Response: SPPS is looking at eliminating PD for non-priority elementary, K-8 and 6-8 schools. Teachers currently have 50 minutes of prep time and 50 minutes of PLC. The 10 priority schools will still have embedded PD and are funded through Title I. PD will continue in the other schools but they will have to do it in different ways. The high schools were not touched as they have 7 period days so students can make up credits and also because it is difficult to change class structures at this point in time. This will be the last year high schools will do embedded PD and PLCs. PLCs are done differently in every school. Middle schools will move to six period days which will eliminate one transition time for students.

- With the six period day will there be longer periods?  
  Response: Yes, 55 minute blocks.

- Is there any data around how using PLCs affects kids outcomes?  
  If PLCs are eliminated what effect will it have?  
  Response: PLCs were put in about four years ago because they are recommended as a best practice. SPPS data has shown no major results across all schools, it depends entirely on the fidelity of the implementation within each school. Some schools have utilized it well others have not. When SPPS initially introduced PLCs it did a study on fidelity of implementation. Where PLCs had been structured intentionally, with collaboration SPPS has seen increases. Again, there have been differences in implementation across the schools. A number of pieces need to be in place for PLCs to function well with intentionality. If PLCs are done well, positive results will be seen.

- The additional $2.3 million in Title I, does that offset some of the shortfall?  
  Response: Yes, that amount goes to schools; 53 of 56 schools will see an increase. Administration looked at its Title I criteria and moved to 40% from 50% in order to keep a higher threshold and avoid dropping off a couple schools.

- So, will some specialty prep classes (science, art, gym) no longer be offered?  
  Response: Schools generally use the PLC for science. SPPS has committed to having phy. ed., music and/or art and administration is asking schools to add in
science prep wherever possible. The science piece impacts elementary schools and the schools will have to figure out how to make it work for their individual sites.

- Is it left to schools on how to make this work?  Response: Yes, there will be some reduction in science at the elementary level.
- The change in periods for middle schools, what gets lost?  Response: An elective class; specifically it is a loss of elective time but not of elective options. That depends on what schools choose to do.
- A Board member stated he would like to see this fleshed out to see what it will look like – there will be concerns around this from parents so there needs to be clarity in communication on the effects of this.

The CFO then moved on to a review of staffing of the schools (funding for SSSC 2.0).

All staffing categories are based on established criteria for each school. Schools also receive a non-salary amount for supplies and an extra-curricular allocation depending on what kind of site they are.

The CFO then reviewed the budget adoption calendar and the schedule for community engagement meetings. She noted April 29 is a hard deadline for HR as most contracts have a May 1 communication date for layoffs, etc. It is also necessary in order to align staffing for the following year.
QUESTIONS/DISCUSSION:

- A Board member noted the Board should think about what kind of engagement they might want to have in addition to what is scheduled in order to hear district-wide concerns regarding the changes to elementary and middle schools, etc. It is something worth discussing.

- What happens at school-based budget meetings? Response: The Principal shares the budget video (Budget 101), site-specific conversations around enrollments, budget, recommendations the principal has made, etc. occur. Prioritization is discussed to be sure classroom teachers are covered and where the comp funding will go.

- Is the community engaged before those meetings? Response: Yes, different surveys have been done, there have been conversations on the changes in schedules and PLC changes with Principals. Administration is asking principals to survey both staff and parents prior to the final budget approval. Principals will meet with their PTOs to explain the budget.

- A Board member stated she had a concern about having general budget conversations when parents want specifics about impacts to their own schools. The Board members do not have site specific information, that is the Principal's role. She recommended Board members attend site meetings to hear the conversations that are happening there rather than holding general meetings on the budget.

- Administration stated school site budget meetings are where staff and parents want to hear the broad context but even more the specifics on their school. Schools have some flexibility and discretion on how their budget is built. Contractual obligations and priorities are established by the district in order to address financial realities. Administration also noted there is history at the schools on how to do PD/PLC development within the schools going back previous to the implementation of embedded PD/PLC four years ago.

- A Board member stated it would be helpful for the Board to hear from the Assistant Superintendent about areas that may need looking into.

- If April 29 is the deadline date for determining personnel needs what does that mean about decisions on early retirement? Response: SPPS is using April 29 based on a budget assuming no early retirements.

- When does the Board have to make a decision on early retirement for it to work? Response: Tonight – based on the finance assumptions presented.

- The Board is being asked to approve the entire recommendation tonight? Response: Yes, SPPS needs to get the budgets to the schools ASAP – this is the first iteration of recommendations for reductions so budgets can be presented to the schools.

- But we need information on how PLC will be implemented in the buildings. Response: PLCs will not go away, it is the job embedded piece that will go away. PLCs still have to happen – after school or in some other way.

- Staff noted even early retirement is subject to rescission. If SPPS does not get enough people participating it will come off the table.

- Early retirement – how much did SPPS make from the previous one? Was there a gain for the district? Has SPTRFA been consulted on this to address any concerns they might have about consequences? Has SPPS considered the negative response from people who have already submitted intention for retirement and who would not be eligible for the incentive? Response: SPTRFA has not been in contacted at this point. When numbers are known, impacts can be discussed with them. Conversations have been held with SPFT to let them know SPPS is considering this and they are on board. Yes, there will probably be some ill will though SPPS has not seen retirements at a normal level this year, it is somewhat behind historical trends. Five years ago the savings was about $1.1 million and that early retirement was limited to the pool of unions for teachers, EAs and principals; this one is open to all unions with a couple exceptions.
• How will SPP arrive at the incentive?  Response:  SPPS will look at retirement age of 55 or greater with 15 years of consecutive experience with the district.  The amount is driven by retirement standards; the maximum amount would be around $114,000.  There are prescribed formulas across bargaining units.
• This will result in a loss of EA and/or TAs?  Response:  Yes

MOTION:  Mr. Schumacher moved acceptance of the budget report.  Ms. O'Connell seconded the motion.
The motion passed.

B.  FMP Update
The Director of Facilities reviewed the agenda and the actions the Board would be asked to take at the April 26 Board meeting regarding the FMP.  These were:
• Relocate RiverEast Elementary and Secondary program from Homecroft to another site by 2017-18 school year.
• Relocate Jie Ming Mandarin Immersion Academy from Hamline building to Homecroft for 2017-18 school year.
• Approve a resolution on construction of a new middle school in Area A
• Approve a resolution approving the 2016 five-year facilities maintenance and capital implementation plan, covering FY 2017-21.

He went on to review the scope of facilities, space and land held by SPPS.  He stated the FMP is a 10-year strategic plan addressing facility improvements equitably, efficiently and cost-effectively.  It is student-centered and addresses 21st century learning needs.  He reviewed engagement efforts that led to the finalized FMP which involved representatives from across the entire spectrum of the St. Paul community.

The 2016 five-year Facilities Maintenance and Capital Implementation Plan is based on Board resolutions made in November and December of 2015 covering:
• The 5 Year Facilities Maintenance and Capital Implementation Plan
• The Long Term Facilities Maintenance and Improvement Investments, and
• Criteria for the Prioritization of Facility Improvements for SPPS to Create 21st Century Schools.

The Implementation Plan covers FY 2017-2021 and will be updated every year with the assistance of the FMP Committee.  The Implementation Plan sets strategic direction but does not provide funding.

The FMP Committee is made up of a broad cross-section of SPPS stakeholders (students, parents, teachers, administrators, neighborhoods, city staff, county staff, community partners, local businesses, etc.).  Its role is to uphold the Vision, Principles and Standards of the FMP, review factors that may impact FMP criteria (enrollment/demographic updates, educational pathway/program changes, technology advances, State or Federal law changes, grant opportunities) and to annually update the 5-Year Implementation Plan based on that review.

Upcoming action for the Board include:
• April 26 - vote on FMP 5-Year Implementation Plan and list of proposed school facility work scopes.
• At the August Board meeting the Board will determine its financial commitment to the 5-year plan (levy amount set for FY 2018 along with consideration of upcoming bond sales).
• April 2017 - review approval of next 5-year rolling facility plan.
Considerations for facility work is to pursue projects with impact and economy, reviewing the delivery model (self-performing more work) and selectively delaying certain actions (not everything can happen in the first five years).

Highlights of the first 5-year implementation plan include:
- Build first K-12 school in 20 years
- Provide comprehensive, coordinated program supports
- Focus on critical building systems, particularly those inefficient to maintain/operate
- Have appropriate instructional technology in every learning space within five years
- Have baseline level of cameras and physical security infrastructure within two years
- Implement coordinated use of capital and LTFM funding.

Proposed existing building system work will involve 73% building systems, 8% building interiors, 16% to building shell and 3% to site work. Proposed major building renovation will involve right-sizing buildings and programs, with a commitment to the quality environments demanded by the FMP Vision, Principles and Standards and this indicates a need for major renovation at:
- Adams Spanish Immersion
- American Indian Magnet
- Barack & Michelle Obama
- Cherokee Heights
- Como Park Sr. High
- Farnsworth Aerospace Lower Campus
- Frost Lake
- Highland Park Elementary
- Horace Mann
- Humboldt
- Linwood Monroe Arts Plus (Lower)
- St. Anthony Park

In accordance with FMP Standards, portable classrooms will be replaced by high quality permanent learning environments at: Adams Spanish Immersion, Como Park Sr. High, Farnsworth Aerospace Lower, Highland Park Elementary and St. Anthony Park.

Select capital improvements are proposed for:
- Gordon Parks - additional learning space plus core
- Hamline Elementary - entry
- Homecroft - Jie Ming renovation
- Highland Complex - cafeteria plus circulation
- Mississippi Creative Arts - improvements in heating plant
- Ramsey Middle - entry and learning spaces
- District Service Facility - central kitchen plus office improvements.

Proposed athletic capital improvements are:
- Washington Technology - new multi-sport, competition quality artificial turf field and amenities
- Como Park Sr. High - new artificial turf plus lights, new softball/baseball dugouts
- Johnson High School - new athletic field lights
- Highland Park High School - new artificial turf field, new softball/baseball dugouts

Other significant work will occur at:
- Johnson Senior - mechanical system upgrades and learning/office space renovation
• Bruce Vento - mechanical system upgrades and learning space renovation
• Linwood Monroe Upper - mechanical system upgrades and learning space renovation
• Wellstone - mechanical and other existing system upgrades
• The Heights - mechanical and other existing system upgrades
• Farnsworth Upper - mechanical and other existing system upgrades
• Harding - electrical system upgrades and roofing replacement.

Action will be delayed (post 5-year time table) for:
• Battle Creek Elementary
• Eastern Heights
• Four Seasons
• JJ Hill
• Mississippi
• Randolph Heights
• Central High School
• Hazel Park
• Rondo Complex (Benjamin E Mayes and Capitol Hill)

Funding considerations/analysis have costs incorporating 3% inflation per year. Budgets will change as project scopes are refined and construction costs fluctuate (+/- 5% in year 1, +/- 20% in year 5). Approval of the 5-year plan does not authorize sale of bonds/levy to fund work but is dependent upon these actions which may increase taxes. Total projected facilities investments at 2021 is approximately $484 million which includes new construction, major repair/replacement, abatement and renovation.

This will impact taxpayers. Implementation of the 5-year Plan is expected to increase the median home's taxes by approximately $30 each year (the analysis does not factor in the proceeds from the sale of 900 Albion, grant or rebate opportunities). Facilities and Business Office staff will continue to work with Springstead on minimizing taxpayer impact.

The total SPPS 2015-16 budget is $697,800,000 broken out into the following categories:
• General Fund - $562.2 million
• Debt Service - $55.8 million
• Building Construction Funds - $27.4 million
• Food Service - $25.7 million
• Community Service - $26.7 million.

The Building Construction Funds are held and utilized entirely separate from the other funds. They are used to maintain, improve, remodel buildings and land. By law they cannot be used for other funding categories. Increases to the Building Construction Funds do not decrease the General Fund. These funds come from bond sales, capital loans or Long Term Facilities Maintenance Revenue (including levies). SPPS has used bonds every year since 1994 to pay for facilities.

Next steps include stakeholder engagement including an interactive website of proposed projects and timing. On April 12 the FMP Implementation Plan will be presented to the principals. Between April 13-16 Board members and staff will brief the County
Commissioners, principals will share the information with staff and families, Facilities will share the information with the FMP Committee, FMP Workshop participants and the District Councils. The Board will vote on the 5 Year Plan on April 26. Beyond that, information will be provided to PACs, District Councils/neighborhoods, potential partners, public agencies, etc. On May 9 the Plan will be presented to the Mayor and the City's education committee.

QUESTIONS/DISCUSSION

• What is the Board being asked to do tonight? Response: Information presented at this meeting is for information only; actions will occur at the April 26 Board meeting.
• Has there been engagement with schools and school communities and the larger community? Has that happened? What about the building communities impacted by the Plan? Response: Engagement efforts have been intentional around voices at the table in order to balance the roles of school and community. Each District Council had a part in the FMP Steering Committee or had check ins over development of the plan. Digital content has been place on the FMP website to channel information to those with interest.
• Some projects appear ready to move forward, many seem to be at the next step design phase. Where is the plan and what does design mean and how involved will the entire community be? Response: SPPS will maintain the same engagement strategy as was used with development of the FMP. It will involve business, faith, District Councils, students, staff, principals, administrators, in other words representatives from all of the community.
• What degree of flexibility is there for the groups to determine specifics in larger issues? Response: Fairly significant within the defined core set of values.
• Have schools been part of the conversations so that they have background information on where decisions are going? Response: Yes.
• SPPS needs to be very clear on the way it communicates things at community meetings. It needs to be really clear if there is flexibility, where it is at and who is included in the conversation. Response: Authentic conversation includes what pieces are up for grabs and what are set and non-negotiable and where the District is holding steady. SPPS will capitalize on common interests to achieve best solutions basing conversation on the ground work as defined in the overall FMP vision.
• Concern was expressed about how the plan comes together with the programmatic plan and overall structure on how SPPS delivers educational services. Changes to one building impacts others and parent choices impact schools. Response: SPPS has looked at this issue on a system level and the impacts it will have on other buildings. Programmatic and education choices parents might make now and in future have impacts as well and are much less predictable. SPPS is cognizant of that issue and is working to understand tradeoffs. There are no known tradeoffs on student mobility, programmatic beliefs, etc. on the part of families. SPPS is promoting a vision that is sustainable and trying to avoid creating winners and losers in the process. It is using capital to make buildings more attractive and functional and provide equity across the district for its students. Investing in facilities is a statement of belief but there will always be tradeoffs and ideas left on the table.
• Concern was expressed about some school's concerns about their ability to draw students from their community base. Response: The Superintendent stated SPPS does not have enough dollars to run small schools any longer. SPPS needs to do what is feasible.
• The FMP is sending a message to kids and families that they deserve a good learning environment.
• SPPS will move forward knowing each project will go through a design phase to reach the end product. The Plan is now at a point where there is a need to look at debt service and construction budgets. Efforts will be made to minimize the tax impact to the community, though there will be some impact.
A Board member expressed appreciation for the process used to give structure to the plan including consideration of larger issues. It is a process that could be utilized for other areas as well.

A Board members stated he recognized the process was built on enrollment projections. However, the budget shows enrollment going down while the FMP projects enrollment going up. When you look at reality of enrollment is there a process within the FMP to make changes to the plan to reflect real changes? Response: Yes, the Plan is a rolling plan and is reviewed/reassessed every year and brought to the Board for review/approval. Those considerations would be worked into that.

The public needs to understanding that the process may change, commitments will be revisited yearly as the process moves forward. That may/will include potential changes to priorities, etc. Response: Flexibility is a key to the success.

**MOTION:** Mr. Schumacher moved approval of the report. Ms. Vanderwert seconded the motion.

The motion passed.

C. **Standing Item: Policy Update**

Additional policies coming up for review include: Student Discipline (May), Student Surveys (PPRA) (May), Use of Social Media (May) and Students: Medications and Medical Procedures (Fall 2016).

**QUESTIONS/DISCUSSION:**

- Staff was instructed, with the Intellectual Property Policy, to consider procedures, sign offs, etc. as the process moves forward.

D. **Standing Item: PLTT Update** - No Report

E. **Standing Item: SSSC 2.0 Update** - No Report

III. **ADJOURNMENT**

**MOTION:** Ms. O'Connell moved the meeting adjourn, seconded by Mr. Brodrick.

The motion passed.

The meeting adjourned at 7:35 p.m.

DATE: April 26, 2016

TOPIC: Authorization for Amendment to the Contract with Public Consulting Group, Inc.

A. PERTINENT FACTS:

1. On August 19, 2008, the Board authorized award of RFP No. A9242-G and a contract to Public Consulting Group, Inc., for automated third party reimbursement services. This contract assists the District in receiving reimbursement for health related services. On April 14, 2009, the Board authorized an Amendment from June 1, 2009, through June 30, 2013, to the Public Consulting Group contract that added the EasyIEP and Section 504 modules. These modules are electronic web based systems for the required documentation and management of Individualized Education Program (IEP) plan and Section 504 services.

2. Amendment II from July 1, 2013, through June 30, 2015, includes the third party reimbursement services, and the EasyIEP (electronic Individualized Education Program) and 504 modules. The EasyIEP module is $120,000/year for maintenance, support and hosting costs. The cost for the 504 module is $7000/year for maintenance, support and hosting. The cost for the third party reimbursement claiming fee is $7.80 per claim per student per month. Pricing is listed for optional modules/services, including: Hours bank, scanning and faxing, student behavior management, progress monitoring, response to intervention, and assessment data. Amendment III from July 1, 2015, through June 30, 2016, includes the electronic Individualized Education Program (IEP), Third Party Reimbursement, and the 504 modules. The price remains the same as in Amendment II. The contract may be extended annually based on mutual written agreement.

3. The Amendment from July 1, 2016, through June 30, 2017, includes the Third Party Reimbursement services at $7.80 per claim per student per month for IEP students and non-IEP students, and the EasyIEP (electronic Individualized Education Program) at $120,000/year; the 504 modules at $7000/year. The pricing remains the same as the Amendment III.

4. This project will meet the District’s Strong Schools Strong Communities goals to improve education for all students without exception or excuse through Achievement, Alignment and Sustainability.

5. Requested by Janet Lowe, Third Party Reimbursement, Dr. Elizabeth Keenan, Assistant Superintendent, Office of Specialized Services, and Michelle Walker, Chief Executive Officer.

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (designee) to approve this Amendment to the contract with Public Consulting Group, Inc. for the services in accordance with the terms and conditions of Amendment for as long as the services support the district’s application infrastructure and systems.
A. PERTINENT FACTS:

1. The Children's Defense Fund (CDF) is the national sponsor of the Saint Paul Public Schools' Freedom Schools Program for Summer Term (S-Term).

2. The CDF Freedom Schools program provides summer and after-school enrichment that helps children fall in love with reading, increases their self-esteem, and generates more positive attitudes toward learning. Children are taught using a model curriculum that supports children and families around five essential components: high quality academic enrichment; parent and family involvement; civic engagement and social action; intergenerational leadership development; and nutrition, health and mental health.

3. This project will meet the District strategic plan goal of achievement as it will be providing our ALC eligible students participating in CDF Freedom Schools Summer Term (S-Term) with the Freedom Schools curriculum and instruction designed to ensure each participating child is equipped with the necessary skills to succeed in life. The professional development, curriculum, and instruction pursuant to the CDF Freedom Schools program boosts student motivation to read, generates a more positive attitude toward learning, and connects the needs of children and families to the resources of their communities.

4. This item is submitted by Dr. Fatima Lawson, Principal on Special Assignment, Department of Alternative Education and Jon Peterson, Executive Director, Office of College and Career Readiness (OCCR).

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (designee) to approve the expending of ALC funds in the amount of $142,500 to provide professional support for overall program operations including training for CDF Freedom Schools staff, according to the CDF model, and also provide for the purchasing of curriculum and books for teachers and students to use for instructional and learning purposes during CDF Freedom Schools Summer Term.

6) This item will meet the District target area goal of alignment.

7) This request is submitted by Laurin Cathey, Executive Director of Human Resources; Jim Vollmer, Assistant Director of Employee/Labor Relations; Joyce Victor, Negotiations/Employee Relations Assistant Manager; and Michelle Walker, Chief Executive Officer
B. RECOMMENDATION:

That the Board of Education of Independent School District No. 625 approve and adopt the Agreement concerning the terms and conditions of employment of those educational assistant employees in this District for whom the Saint Paul Federation of Teachers is the exclusive representative; duration of said Agreement is for the period of July 1, 2013 through June 30, 2015.
DATE: April 26, 2016

TOPIC: Recommendations for Exclusion of Students in Non-Compliance with Minnesota Statute 123.70 Health Standards: Immunizations

A. PERTINENT FACTS:

1. There are students in the district who are not in compliance with M.S. 123.70 Health Standards for Immunizations. The students’ parents/guardians have been informed of needed immunizations, provided a copy of the law, and given information about community immunization clinics. A contact is made to verify the parents/guardians know that the child is non-compliant, understand the law, and are aware of the possible exemptions to the law. All parents/guardians have had a minimum of 30 days to comply with the law after they are informed that their child is non-compliant.

2. A list of the students is under separate cover.

CHAIR                  Board of Education

CLERK                  Board of Education
RESOLUTION PROVIDING FOR THE COMPETITIVE NEGOTIATED SALE OF $15,000,000 GENERAL OBLIGATION SCHOOL BUILDING BONDS, SERIES 2016A; COVENANTING AND OBLIGATING THE DISTRICT TO BE BOUND BY AND USE THE PROVISIONS OF MINNESOTA STATUTES, SECTION 126C.55 TO GUARANTEE THE PAYMENT OF THE PRINCIPAL AND INTEREST ON THE BONDS

A. WHEREAS, the School Board of Independent School District Number 625, Saint Paul, Minnesota (the "District") has heretofore determined that it is necessary and expedient to issue $15,000,000 General Obligation School Building Bonds, Series 2016A (the "Bonds") pursuant to Minnesota Statutes, Chapter 475 and pursuant to Laws of Minnesota, 2007, Regular Session, Chapter 146, Article 4, Sections 12 and 13, as amended by Laws of Minnesota, 2013, Chapter 116, Article 6, Section 8, to finance the acquisition and betterment of school facilities; and

B. WHEREAS, the District desires to use the provision of Minnesota Statutes, Section 126C.55 to take advantage of the State guarantee program.

C. WHEREAS, the District has retained Springsted Incorporated, in Saint Paul, Minnesota ("Springsted"), as its independent financial advisor and is therefore authorized to sell the Bonds by a competitive negotiated sale in accordance with Minnesota Statutes, Section 475.60, Subdivision 2(9); and

Adopted__________________________

CHAIR Board of Education

CLERK Board of Education
D. WHEREAS, the Department of Treasury has promulgated final regulations governing the use of proceeds of tax exempt bonds, all or a portion of which are to be used to reimburse the District for project expenditures made by the District prior to the date of issuance of such bonds. Those regulations (Treasury Regulations, Section 1.150-2) (the "Regulations") require that the District adopt a statement of official intent to reimburse an original expenditure not later than 60 days after payment of the original expenditure. The Regulations also generally require that the bonds be issued and the reimbursement allocation made from the proceeds of the bonds within 18 months after the later of the date the expenditure is paid or the date the project is placed in service or abandoned, but in no event more than three years after the date the expenditure is paid. The Regulations generally permit reimbursement of capital expenditures and costs of issuance of the bonds; and

E. WHEREAS, the District desires to comply with requirements of the Regulations with respect to the project hereinafter identified.

NOW, THEREFORE, BE IT RESOLVED by the School Board of Independent School District Number 625, Saint Paul, Minnesota as follows:

1. Authorization; Findings. The School Board hereby authorizes Springsted to solicit bids for the competitive negotiated sale of the Bonds.

2. Meeting; Bid Opening. The School Board shall meet at the time and place specified in the Terms of Proposal attached hereto as Exhibit A for the purpose of considering sealed bids for, and awarding the sale of, the Bonds. The bids shall be opened at the time and place specified in the Terms of Proposal.

3. Terms of Proposal. The terms and conditions of the Bonds and the negotiation thereof are fully set forth in the "Terms of Proposal" attached hereto as Exhibit A and hereby approved and made a part hereof.

4. Guarantee of Payment.

(a) The District hereby covenants and obligates itself to notify the Commissioner of Education of a potential default in the payment of principal and interest on the Bonds, and to use the provisions of Minnesota Statutes, Section 126C.55 to guarantee payment of the principal and interest on the Bonds when due. The District further covenants to deposit with the Bond Registrar or any successor paying agent three (3) days prior to the date on which a payment is due, an amount sufficient to make that payment or to notify the Commissioner of Education that it will be unable to make all or a portion of that payment. The Bond Registrar for the Bonds is authorized and directed to notify the Commissioner of Education if it becomes aware of a potential default in the payment of principal or interest on the Bonds or if, on the day two (2) business days prior to the date a payment is due on the Bonds, there are insufficient funds to make that payment on deposit in the Bond Registrar. The District understands that as a result of its covenant to be bound by the provisions of Minnesota Statutes, Section 126C.55, the provisions of that section shall be binding as long as any Bonds of this issue remain outstanding.

(b) The District further covenants to comply with all procedures now or hereafter established by the Commissioner of Education of the State of Minnesota pursuant to Minnesota Statutes, Section 126C.55, subdivision 2(c) and otherwise to take such actions as necessary to comply with that section.
5. **Official Statement.** In connection with said competitive negotiated sale, the officers and employees of the District are hereby authorized to cooperate with Springsted and participate in the preparation of an official statement for the Bonds, and to execute and deliver it on behalf of the District upon its completion.

6. **Official Intent Declaration.**

   (a) The District has determined to finance various capital improvements to existing District facilities and grounds (the “Project”).

   (b) Other than (i) expenditures to be paid or reimbursed from sources other than the Bonds (as hereinafter defined), (ii) expenditures permitted to be reimbursed under prior Treasury Regulations pursuant to the transitional provision contained in Section 1.150-2(j)(2) of the Regulations, (iii) expenditures constituting “preliminary expenditures” within the meaning of Section 1.150-2(f)(2) of the Regulations, or (iv) expenditures in a “de minimus” amount (as defined in Section 1.150-2(f)(1) of the Regulations), no expenditures for the Project have been paid by the District more than 60 days before the date of adoption of this Resolution.

   (c) The District reasonably expects to reimburse all or a portion of the expenditures made for costs of the Project out of the proceeds of debt to be issued by the District in an estimated maximum aggregate principal amount of $15,000,000 (the “Bonds”) after the date of payment of all or a portion of the costs of the Project. All reimbursed expenditures shall be capital expenditures, costs of issuance of the Bonds, or other expenditures eligible for reimbursement under Section 1.150-2(d)(3) of the Regulations.

7. **Budgetary Matters.** As of the date hereof, there are no District funds reserved, allocated on a long term basis or otherwise set aside (or reasonably expected to be reserved, allocated on a long term basis or otherwise set aside) to provide permanent financing for the expenditures related to the Project, other than pursuant to the issuance of the Bonds. This resolution, therefore, is determined to be consistent with the District’s budgetary and financial circumstances as they exist or are reasonably foreseeable on the date hereof.

8. **Reimbursement; Allocations.** The District’s financial officer shall be responsible for making the “reimbursement allocations” described in the Regulations, being generally the transfer of the appropriate amount of proceeds of the Bonds to reimburse the source of temporary financing used by the District to make payment of the prior costs of the Project. Each allocation shall be evidenced by an entry on the official books and records of the District maintained for the Project and shall specifically identify the actual original expenditure being reimbursed.

* The District reserves the right, after proposals are opened and prior to award, to increase or reduce the principal amount of the Series 2016A Bonds or the amount of any maturity in multiples of $5,000. In the event the amount of any maturity is modified, the aggregate purchase price will be adjusted to result in the same gross spread per $1,000 of Series 2016A Bonds as that of the original proposal. Gross spread is the differential between the price paid to the District for the new issue and the prices at which the securities are initially offered to the investing public.

Proposals for the Series 2016A Bonds may contain a maturity schedule providing for a combination of serial bonds and term bonds. All term bonds shall be subject to mandatory sinking fund redemption at a price of par plus accrued interest to the date of redemption scheduled to conform to the maturity schedule set forth above. In order to designate term bonds, the proposal must specify “Years of Term Maturities” in the spaces provided on the proposal form.

BOOK ENTRY SYSTEM

The Series 2016A Bonds will be issued by means of a book entry system with no physical distribution of Series 2016A Bonds made to the public. The Series 2016A Bonds will be issued in fully registered form and one Series 2016A Bond, representing the aggregate principal amount of the Series 2016A Bonds maturing in each year, will be registered in the name of Cede & Co. as nominee of The Depository Trust Company (“DTC”), New York, New York, which will act as securities depository of the Series 2016A Bonds. Individual purchases of the Series 2016A Bonds may be made in the principal amount of $5,000 or any multiple thereof of a single maturity through book entries made on the books and records of DTC and its participants. Principal and interest are payable by the registrar to DTC or its nominee as registered owner of the Series 2016A Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC; transfer of principal and interest payments to beneficial owners by participants will be the responsibility of such participants and other nominees of beneficial owners. The purchaser, as a condition of delivery of the Series 2016A Bonds, will be required to deposit the Series 2016A Bonds with DTC.

REGISTRAR

The District will name the registrar which shall be subject to applicable SEC regulations. The District will pay for the services of the registrar.

OPTIONAL REDEMPTION

The District may elect on February 1, 2026, and on any day thereafter, to prepay Series 2016A Bonds due on or after February 1, 2027. Redemption may be in whole or in part and if in part at the option of the District and in such manner as the District shall determine. If less than all Series 2016A Bonds of a maturity are called for redemption, the District will notify DTC of the particular amount of such maturity to be prepaid. DTC will determine by lot the amount of each participant's interest in such maturity to be...
redeemed and each participant will then select by lot the beneficial ownership interests in such maturity to be redeemed. All prepayments shall be at a price of par plus accrued interest.
SECURITY AND PURPOSE

The Series 2016A Bonds will be general obligations of the District for which the District will pledge its full faith and credit and power to levy direct general ad valorem taxes. In addition, the District has covenanted and obligated itself to be bound by the provisions of Minnesota Statutes, Section 126C.55 and to use the provisions of that statute pursuant to which the State of Minnesota will appropriate money to the payment of the principal and interest on the Series 2016A Bonds when due if the District is unable to make a principal or interest payment. The proceeds will be used to finance various capital improvements to existing District facilities and grounds.

BIDDING PARAMETERS

Proposals shall be for not less than $15,000,000 (Par) plus accrued interest, if any, on the total principal amount of the Series 2016A Bonds. No proposal can be withdrawn or amended after the time set for receiving proposals unless the meeting of the District scheduled for award of the Series 2016A Bonds is adjourned, recessed, or continued to another date without award of the Series 2016A Bonds having been made. Rates shall be in integral multiples of 1/100 or 1/8 of 1%. The initial price to the public for each maturity must be 98.0% or greater. Series 2016A Bonds of the same maturity shall bear a single rate from the date of the Series 2016A Bonds to the date of maturity. No conditional proposals will be accepted.

GOOD FAITH DEPOSIT

To have its proposal considered for award, the lowest bidder is required to submit a good faith deposit to the District in the amount of $150,000 (the “Deposit”) no later than 1:00 P.M., Central Time on the day of sale. The Deposit may be delivered as described herein in the form of either (i) a certified or cashier’s check payable to the District; or (ii) a wire transfer. The lowest bidder shall be solely responsible for the timely delivery of their Deposit whether by check or wire transfer. Neither the District nor Springsted Incorporated have any liability for delays in the receipt of the Deposit. If the Deposit is not received by the specified time, the District may, at its sole discretion, reject the proposal of the lowest bidder, direct the second lowest bidder to submit a Deposit, and thereafter award the sale to such bidder.

Certified or Cashier’s Check. A Deposit made by certified or cashier’s check will be considered timely delivered to the District if it is made payable to the District and delivered to Springsted Incorporated, 380 Jackson Street, Suite 300, St. Paul, Minnesota 55101 by the specified time.

Wire Transfer. A Deposit made by wire will be considered timely delivered to the District upon submission of a federal wire reference number by the specified time. Wire transfer instructions will be available from Springsted Incorporated following the receipt and tabulation of proposals. The successful bidder must send an e-mail including the following information: (i) the federal reference number and time released; (ii) the amount of the wire transfer; and (iii) the issue to which it applies.

Once an award has been made, the Deposit received from the lowest bidder (the “purchaser”) will be retained by the District and no interest will accrue to the purchaser. The amount of the Deposit will be deducted at settlement from the purchase price. In the event the purchaser fails to comply with the accepted proposal, said amount will be retained by the District.

AWARD

The Series 2016A Bonds will be awarded on the basis of the lowest interest rate to be determined on a true interest cost (TIC) basis calculated on the proposal prior to any adjustment made by the District. The District’s computation of the interest rate of each proposal, in accordance with customary practice, will be controlling.
The District will reserve the right to: (i) waive non-substantive informalities of any proposal or of matters relating to the receipt of proposals and award of the Series 2016A Bonds, (ii) reject all proposals without cause, and (iii) reject any proposal that the District determines to have failed to comply with the terms herein.

**BOND INSURANCE AT PURCHASER’S OPTION**

The District has not applied for or pre-approved a commitment for any policy of municipal bond insurance with respect to the Series 2016A Bonds. If the Series 2016A Bonds qualify for municipal bond insurance and a bidder desires to purchase a policy, such indication, the maturities to be insured, and the name of the desired insurer must be set forth on the bidder’s proposal. The District specifically reserves the right to reject any bid specifying municipal bond insurance, even though such bid may result in the lowest TIC to the District. All costs associated with the issuance and administration of such policy and associated ratings and expenses (other than any independent rating requested by the District) shall be paid by the successful bidder. Failure of the municipal bond insurer to issue the policy after the award of the Series 2016A Bonds shall not constitute cause for failure or refusal by the successful bidder to accept delivery of the Series 2016A Bonds.

**CUSIP NUMBERS**

If the Series 2016A Bonds qualify for assignment of CUSIP numbers such numbers will be printed on the Series 2016A Bonds, but neither the failure to print such numbers on any Series 2016A Bond nor any error with respect thereto will constitute cause for failure or refusal by the purchaser to accept delivery of the Series 2016A Bonds. The CUSIP Service Bureau charge for the assignment of CUSIP identification numbers shall be paid by the purchaser.

**SETTLEMENT**

On or about July 27, 2016, the Series 2016A Bonds will be delivered without cost to the purchaser through DTC in New York, New York. Delivery will be subject to receipt by the purchaser of an approving legal opinion of Briggs and Morgan, Professional Association, of Saint Paul and Minneapolis, Minnesota, and of customary closing papers, including a no-litigation certificate. On the date of settlement, payment for the Series 2016A Bonds shall be made in federal, or equivalent, funds that shall be received at the offices of the District or its designee not later than 12:00 Noon, Central Time. Unless compliance with the terms of payment for the Series 2016A Bonds has been made impossible by action of the District, or its agents, the purchaser shall be liable to the District for any loss suffered by the District by reason of the purchaser's non-compliance with said terms for payment.

**CONTINUING DISCLOSURE**

On the date of the actual issuance and delivery of the Series 2016A Bonds, the District will execute and deliver a Continuing Disclosure Undertaking (the “Undertaking”) whereunder the District will covenant to provide, or cause to be provided, annual financial information, including audited financial statements of the District, and notices of certain material events, as specified in and required by SEC Rule 15c2-12(b)(5).
OFFICIAL STATEMENT

The District has authorized the preparation of a Preliminary Official Statement containing pertinent information relative to the Series 2016A Bonds, and said Preliminary Official Statement will serve as a nearly final Official Statement within the meaning of Rule 15c2-12 of the Securities and Exchange Commission. For copies of the Preliminary Official Statement or for any additional information prior to sale, any prospective purchaser is referred to the Municipal Advisor to the District, Springsted Incorporated, 380 Jackson Street, Suite 300, Saint Paul, Minnesota 55101, telephone (651) 223-3000.

A Final Official Statement (as that term is defined in Rule 15c2-12) will be prepared, specifying the maturity dates, principal amounts and interest rates of the Series 2016A Bonds, together with any other information required by law. By awarding the Series 2016A Bonds to an underwriter or underwriting syndicate, the District agrees that, no more than seven business days after the date of such award, it shall provide without cost to the sole underwriter or to the senior managing underwriter of the syndicate (the “Underwriter” for purposes of this paragraph) to which the Series 2016A Bonds are awarded up to 25 copies of the Final Official Statement. The District designates the Underwriter of the syndicate to which the Series 2016A Bonds are awarded as its agent for purposes of distributing copies of the Final Official Statement to each Participating Underwriter. Such Underwriter agrees that if its proposal is accepted by the District, (i) it shall accept designation and (ii) it shall enter into a contractual relationship with all Participating Underwriters of the Series 2016A Bonds for purposes of assuring the receipt by each such Participating Underwriter of the Final Official Statement.

RESOLUTION PROVIDING FOR THE COMPETITIVE NEGOTIATED
SALE OF $37,635,000 GENERAL OBLIGATION
SCHOOL BUILDING REFUNDING BONDS, SERIES 2016B;
COVENANTING AND OBLIGATING THE DISTRICT TO BE BOUND
BY AND USE THE PROVISIONS OF MINNESOTA STATUTES,
SECTION 126C.55 TO GUARANTEE THE PAYMENT OF THE
PRINCIPAL AND INTEREST ON THE BONDS

A. WHEREAS, the School Board of Independent School District Number 625, Saint Paul, Minnesota (the "District") has heretofore determined that it is necessary and expedient to issue $37,635,000 General Obligation School Building Refunding Bonds, Series 2016B (the "Bonds"), to refund in advance of maturity the (i) February 1, 2019 through February 1, 2028 maturities of the District’s General Obligation School Building Bonds, Series 2007A, dated November 1, 2007; (ii) February 1, 2020 through February 1, 2029 maturities of the District’s General Obligation School Building Bonds, Series 2008A, dated December 1, 2008; and (iii) February 1, 2020 through February 1, 2030 of the District’s General Obligation School Building Bonds, Series 2009B, dated December 15, 2009; and

B. WHEREAS, the District desires to use the provision of Minnesota Statutes, Section 126C.55 to take advantage of the State guarantee program.

C. WHEREAS, the District has retained Springsted Incorporated, in Saint Paul, Minnesota ("Springsted"), as its independent financial advisor and is therefore authorized to sell the Bonds by a competitive negotiated sale in accordance with Minnesota Statutes, Section 475.60, Subdivision 2(9); and

Adopted________________________

_____________________________
CHAIR Board of Education

_____________________________
CLERK Board of Education
NOW, THEREFORE, BE IT RESOLVED by the School Board of Independent School District Number 625, Saint Paul, Minnesota as follows:

1. **Authorization; Findings.** The School Board hereby authorizes Springsted to solicit bids for the competitive negotiated sale of the Bonds.

2. **Meeting; Bid Opening.** The School Board shall meet at the time and place specified in the Terms of Proposal attached hereto as Exhibit A for the purpose of considering sealed bids for, and awarding the sale of, the Bonds. The bids shall be opened at the time and place specified in the Terms of Proposal.

3. **Terms of Proposal.** The terms and conditions of the Bonds and the negotiation thereof are fully set forth in the "Terms of Proposal" attached hereto as Exhibit A and hereby approved and made a part hereof.

4. **Guarantee of Payment.**
   
   (a) The District hereby covenants and obligates itself to notify the Commissioner of Education of a potential default in the payment of principal and interest on the Bonds, and to use the provisions of Minnesota Statutes, Section 126C.55 to guarantee payment of the principal and interest on the Bonds when due. The District further covenants to deposit with the Bond Registrar or any successor paying agent three (3) days prior to the date on which a payment is due, an amount sufficient to make that payment or to notify the Commissioner of Education that it will be unable to make all or a portion of that payment. The Bond Registrar for the Bonds is authorized and directed to notify the Commissioner of Education if it becomes aware of a potential default in the payment of principal or interest on the Bonds or if, on the day two (2) business days prior to the date a payment is due on the Bonds, there are insufficient funds to make that payment on deposit in the Bond Registrar. The District understands that as a result of its covenant to be bound by the provisions of Minnesota Statutes, Section 126C.55, the provisions of that section shall be binding as long as any Bonds of this issue remain outstanding.

   (b) The District further covenants to comply with all procedures now or hereafter established by the Commissioner of Education of the State of Minnesota pursuant to Minnesota Statutes, Section 126C.55, subdivision 2(c) and otherwise to take such actions as necessary to comply with that section.

5. **Official Statement.** In connection with said competitive negotiated sale, the officers and employees of the District are hereby authorized to cooperate with Springsted and participate in the preparation of an official statement for the Bonds, and to execute and deliver it on behalf of the District upon its completion.
EXHIBIT A

THE DISTRICT HAS AUTHORIZED SPRINGSTED INCORPORATED TO NEGOTIATE THIS ISSUE ON ITS BEHALF. PROPOSALS WILL BE RECEIVED ON THE FOLLOWING BASIS:

* The District reserves the right, after proposals are opened and prior to award, to increase or reduce the
principal amount of the Series 2016B Bonds or the amount of any maturity in multiples of $5,000. In the event
the amount of any maturity is modified, the aggregate purchase price will be adjusted to result in the same
gross spread per $1,000 of Series 2016B Bonds as that of the original proposal. Gross spread is the differential
between the price paid to the District for the new issue and the prices at which the securities are initially
offered to the investing public.

Proposals for the Series 2016B Bonds may contain a maturity schedule providing for a combination of
serial bonds and term bonds. All term bonds shall be subject to mandatory sinking fund redemption at a
price of par plus accrued interest to the date of redemption scheduled to conform to the maturity schedule
set forth above. In order to designate term bonds, the proposal must specify “Years of Term Maturities”
in the spaces provided on the proposal form.

BOOK ENTRY SYSTEM

The Series 2016B Bonds will be issued by means of a book entry system with no physical distribution of
Series 2016B Bonds made to the public. The Series 2016B Bonds will be issued in fully registered form
and one Series 2016B Bond, representing the aggregate principal amount of the Series 2016B Bonds
maturing in each year, will be registered in the name of Cede & Co. as nominee of The Depository Trust
Company (“DTC”), New York, New York, which will act as securities depository of the
Series 2016B Bonds. Individual purchases of the Series 2016B Bonds may be made in the principal
amount of $5,000 or any multiple thereof of a single maturity through book entries made on the books
and records of DTC and its participants. Principal and interest are payable by the registrar to DTC or its
nominee as registered owner of the Series 2016B Bonds. Transfer of principal and interest payments to
participants of DTC will be the responsibility of DTC; transfer of principal and interest payments to
beneficial owners by participants will be the responsibility of such participants and other nominees of
beneficial owners. The purchaser, as a condition of delivery of the Series 2016B Bonds, will be required
to deposit the Series 2016B Bonds with DTC.
REGISTRAR

The District will name the registrar which shall be subject to applicable SEC regulations. The District will pay for the services of the registrar.

OPTIONAL REDEMPTION

The District may elect on February 1, 2026, and on any day thereafter, to prepay Series 2016B Bonds due on or after February 1, 2027. Redemption may be in whole or in part and if in part at the option of the District and in such manner as the District shall determine. If less than all Series 2016B Bonds of a maturity are called for redemption, the District will notify DTC of the particular amount of such maturity to be prepaid. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interests in such maturity to be redeemed. All prepayments shall be at a price of par plus accrued interest.
SECURITY AND PURPOSE

The Series 2016B Bonds will be general obligations of the District for which the District will pledge its full faith and credit and power to levy direct general ad valorem taxes. In addition, the District has covenanted and obligated itself to be bound by the provisions of Minnesota Statutes, Section 126C.55 and to use the provisions of that statute pursuant to which the State of Minnesota will appropriate money to the payment of the principal and interest on the Series 2016B Bonds when due if the District is unable to make a principal or interest payment. The proceeds will be used to refund the (i) February 1, 2019 through February 1, 2028 maturities of the District’s General Obligation School Building Bonds, Series 2007A, dated November 1, 2007; (ii) February 1, 2020 through February 1, 2029 maturities of the District’s General Obligation School Building Bonds, Series 2008A, dated December 1, 2008; and (iii) February 1, 2020 through February 1, 2030 of the District’s General Obligation School Building Bonds, Series 2009B, dated December 15, 2009.

BIDDING PARAMETERS

Proposals shall be for not less than $37,635,000 (Par) plus accrued interest, if any, on the total principal amount of the Series 2016B Bonds. No proposal can be withdrawn or amended after the time set for receiving proposals unless the meeting of the District scheduled for award of the Series 2016B Bonds is adjourned, recessed, or continued to another date without award of the Series 2016B Bonds having been made. Rates shall be in integral multiples of 1/100 or 1/8 of 1%. The initial price to the public for each maturity must be 98.0% or greater. Series 2016B Bonds of the same maturity shall bear a single rate from the date of the Series 2016B Bonds to the date of maturity. No conditional proposals will be accepted.

GOOD FAITH DEPOSIT

To have its proposal considered for award, the lowest bidder is required to submit a good faith deposit to the District in the amount of $376,500 (the “Deposit”) no later than 1:00 P.M., Central Time on the day of sale. The Deposit may be delivered as described herein in the form of either (i) a certified or cashier’s check payable to the District; or (ii) a wire transfer. The lowest bidder shall be solely responsible for the timely delivery of their Deposit whether by check or wire transfer. Neither the District nor Springsted Incorporated have any liability for delays in the receipt of the Deposit. If the Deposit is not received by the specified time, the District may, at its sole discretion, reject the proposal of the lowest bidder, direct the second lowest bidder to submit a Deposit, and thereafter award the sale to such bidder.

Certified or Cashier’s Check. A Deposit made by certified or cashier’s check will be considered timely delivered to the District if it is made payable to the District and delivered to Springsted Incorporated, 380 Jackson Street, Suite 300, St. Paul, Minnesota 55101 by the specified time.

Wire Transfer. A Deposit made by wire will be considered timely delivered to the District upon submission of a federal wire reference number by the specified time. Wire transfer instructions will be available from Springsted Incorporated following the receipt and tabulation of proposals. The successful bidder must send an e-mail including the following information: (i) the federal reference number and time released; (ii) the amount of the wire transfer; and (iii) the issue to which it applies.

Once an award has been made, the Deposit received from the lowest bidder (the “purchaser”) will be retained by the District and no interest will accrue to the purchaser. The amount of the Deposit will be deducted at settlement from the purchase price. In the event the purchaser fails to comply with the accepted proposal, said amount will be retained by the District.
AWARD

The Series 2016B Bonds will be awarded on the basis of the lowest interest rate to be determined on a true interest cost (TIC) basis calculated on the proposal prior to any adjustment made by the District. The District’s computation of the interest rate of each proposal, in accordance with customary practice, will be controlling.

The District will reserve the right to: (i) waive non-substantive informalities of any proposal or of matters relating to the receipt of proposals and award of the Series 2016B Bonds, (ii) reject all proposals without cause, and (iii) reject any proposal that the District determines to have failed to comply with the terms herein.

BOND INSURANCE AT PURCHASER'S OPTION

The District has not applied for or pre-approved a commitment for any policy of municipal bond insurance with respect to the Series 2016B Bonds. If the Series 2016B Bonds qualify for municipal bond insurance and a bidder desires to purchase a policy, such indication, the maturities to be insured, and the name of the desired insurer must be set forth on the bidder’s proposal. The District specifically reserves the right to reject any bid specifying municipal bond insurance, even though such bid may result in the lowest TIC to the District. All costs associated with the issuance and administration of such policy and associated ratings and expenses (other than any independent rating requested by the District) shall be paid by the successful bidder. Failure of the municipal bond insurer to issue the policy after the award of the Series 2016B Bonds shall not constitute cause for failure or refusal by the successful bidder to accept delivery of the Series 2016B Bonds.

CUSIP NUMBERS

If the Series 2016B Bonds qualify for assignment of CUSIP numbers such numbers will be printed on the Series 2016B Bonds, but neither the failure to print such numbers on any Series 2016B Bond nor any error with respect thereto will constitute cause for failure or refusal by the purchaser to accept delivery of the Series 2016B Bonds. The CUSIP Service Bureau charge for the assignment of CUSIP identification numbers shall be paid by the purchaser.

SETTLEMENT

On or about July 27, 2016, the Series 2016B Bonds will be delivered without cost to the purchaser through DTC in New York, New York. Delivery will be subject to receipt by the purchaser of an approving legal opinion of Briggs and Morgan, Professional Association, of Saint Paul and Minneapolis, Minnesota, and of customary closing papers, including a no-litigation certificate. On the date of settlement, payment for the Series 2016B Bonds shall be made in federal, or equivalent, funds that shall be received at the offices of the District or its designee not later than 12:00 Noon, Central Time. Unless compliance with the terms of payment for the Series 2016B Bonds has been made impossible by action of the District, or its agents, the purchaser shall be liable to the District for any loss suffered by the District by reason of the purchaser's non-compliance with said terms for payment.

CONTINUING DISCLOSURE

On the date of the actual issuance and delivery of the Series 2016B Bonds, the District will execute and deliver a Continuing Disclosure Undertaking (the “Undertaking”) whereunder the District will covenant to provide, or cause to be provided, annual financial information, including audited financial statements
of the District, and notices of certain material events, as specified in and required by SEC Rule 15c2-12(b)(5).

OFFICIAL STATEMENT

The District has authorized the preparation of a Preliminary Official Statement containing pertinent information relative to the Series 2016B Bonds, and said Preliminary Official Statement will serve as a nearly final Official Statement within the meaning of Rule 15c2-12 of the Securities and Exchange Commission. For copies of the Preliminary Official Statement or for any additional information prior to sale, any prospective purchaser is referred to the Municipal Advisor to the District, Springsted Incorporated, 380 Jackson Street, Suite 300, Saint Paul, Minnesota 55101, telephone (651) 223-3000.

A Final Official Statement (as that term is defined in Rule 15c2-12) will be prepared, specifying the maturity dates, principal amounts and interest rates of the Series 2016B Bonds, together with any other information required by law. By awarding the Series 2016B Bonds to an underwriter or underwriting syndicate, the District agrees that, no more than seven business days after the date of such award, it shall provide without cost to the sole underwriter or to the senior managing underwriter of the syndicate (the “Underwriter” for purposes of this paragraph) to which the Series 2016B Bonds are awarded up to 25 copies of the Final Official Statement. The District designates the Underwriter of the syndicate to which the Series 2016B Bonds are awarded as its agent for purposes of distributing copies of the Final Official Statement to each Participating Underwriter. Such Underwriter agrees that if its proposal is accepted by the District, (i) it shall accept designation and (ii) it shall enter into a contractual relationship with all Participating Underwriters of the Series 2016B Bonds for purposes of assuring the receipt by each such Participating Underwriter of the Final Official Statement.
