IX. SUPERINTENDENT'S REPORT

A. **SSSC Monitoring: Professional Development VisionCard**

Staff described the professional development for aligned learning cycle, which is driven by achievement data. It begins with clear expectations then moves to training, general support/capacity building, monitoring and feedback and differentiated support based on need.

All professional development measures have a vision level of >90% except for training tracking which is 100%.

1. Clear Expectations
   - Aligned Learning Indicators (the percent of aligned learning indicators completed in content area at all grades PK-12.). Work is being constantly reviewed and updated on a yearly basis.
     - Most recent standards prioritized and “unpacked” is at Vision (100%)
     - Sequencing guides established and aligned to standards is at Vision (100%)
     - Annual instructional rubric aligned with achievement data is at 100% or Vision.
   - Common assessments aligned to standards, developed and posted displayed several charts showing alignment PK -12 in Literacy/ELA, Science, Math and Social Studies. Content area teams worked with teachers to develop common assessments to assess gaps found in assessment areas in core content areas.

2. Training
   - Opening Week Participation – the percent of teachers who completed at least one Opening Week workshop in a given subject.
     - Elementary – Literacy/ELA (Vision 91%), Math (Vision 91%), Science (Vision 98%) and Social Studies (Vision 91%)
     - Secondary – Literacy/ELA (Vision 91%), Math (Vision 96%), Science (Vision 92%) and Social Studies (Vision 92%).
• Racial Equity: Beyond Diversity Workshops – 2,670 school staff have trained in Beyond Diversity since 2010, 170 facilities staff have participated as well. SPPS has developed internal capacity to lead Beyond Diversity training and has seen increases in participation and ratings due to this.
• Percent of sites that recorded building-level PD sessions on district wide system for tracking PD is at Vision (92% or 66 schools/programs)

3. General Support and Capacity Building
• Peer Assistance and Review (PAR) – in Year 4 (2013-14) 15 PAR-consulting teachers provided support to 52% of all probationary teachers. This is a collaborative between SPPS and SPFT. There will be 16 PAR personnel in 2014-15.

4. Monitoring and Feedback
• Percent of Priority, Focus and Continuous Improvement schools with classroom walkthroughs led by MTSS (Multi-tiered Systems of Support) teams is at Vision (100%).
• Percent of Priority, Focus and Continuous Improvement schools with classroom walkthroughs led by their Assistant Superintendent is at 72%.

5. Differentiated Support
• Percent of Multi-Tiered Systems of Support (MTSS) team time spent on PD in schools
• All MTSS team members is at baseline (58%) with 12,607 hours logged (the other 42% received other support).
• Four Core team members (Literacy/ELA, Math, Science and Social Studies) are at Progress (83%) with 4,240 hours logged. Other support was provided for the remaining 17%.

Staff commented that having a team lead for content areas improved communication, planning and support driven by the school needs. What happens at school level has led to collaborative conversations. This is a responsive model with teams available to provide support on a timely basis and has led to a change from a department to a building model mindset. It has also led to bringing authority together between the Division of Schools and Academics leading to a strong sense of community

The quality of PD as reported in the teacher survey results conducted by the University of Chicago Five Essentials projects show (in this order: Strongly Agree, Agree, Disagree/Strongly Disagree):
• Been sustained and coherently focused, rather than short-term and unrelated: 23%, 54%, 23%.
• Included enough time to think carefully about, try to evaluate new ideas: 19%, 49%, 33%.
• Been closely connected to my school’s improvement plan: 24%, 58% and 19%.
• Included opportunities to work productively with colleagues in my school: 27%, 50% and 23%.
• Included opportunities to work productively with teachers from other schools: 9% 28% and 63%.

Additional information was then provided on Beyond Diversity data:
• Total number of school staff trained 2011 through 2014: Elementary (40 schools) 2,064 staff; middle (7 schools) 330 staff; Secondary (12 schools) 430 staff; alternative education (18 schools/programs) 510 staff and 19 substitutes. In 2013-14 Elementary 837 staff, Middle 137 staff, Secondary 192 staff, Alternative Ed (200 staff) and four substitutes.
• Total number of district staff trained 2011 through 2014 totals 316 and in 2013-14 only 127 staff.

Next steps:
• Building positive school climate for students and adults in the schools
• Balancing professional development with deployment of support to schools
• Developing an evaluation process to see what is working and learn from best practices
Move to develop stronger leadership from classroom teachers in professional development and best practices they are using

Provision of professional development opportunities for non-professional staff

QUESTIONS/DISCUSSION:

Why the heavy focus on opening week PD vs. PD throughout the year? Response: The challenge of evaluating PD during the year is timing; PD is often offered on evenings or weekends and participation is optional. The best opportunity to access the most teachers is Opening Week, which provides a fair measure of participation. Also, building level PD and optional workshops are at the buildings and more difficult to measure.

What about opportunity for staff to work across schools? Response: When SPPS adopted the new common core standards, it pulled together 200 teachers to unpack the common core standards and develop units of instruction (particularly secondary). Participation rates were very high and the synergy was exciting. Currently work is being done on how to build positive school climate particularly in middle schools and developing ideas on to how build PBIS systems in the schools. As an example, schools with good climates are sharing information on passing time and what they have found works for them.

Common assessments - concern was expressed in the area of elementary science, how would that be addressed? Response: The science team is aware this is an area needing to be completed. The challenge for the science department has been the expansion of the number of science teachers in the district leading to a need for more classroom support for new teacher coaching thereby limiting time available for assessment work.

The MTSS teams are in all traditional schools. Are they in alternative schools as well? Yes under the Assistant Superintendent.

As SPPS moves forward how did MTSS best practices interrupt negative challenges in some schools and how will it work in the coming year? Response: In a few schools, MTSS realized, with the number of new teachers, the critical need was to work on lesson planning. They look at the needs in the building at the time and customize support to meet that need at the time. Team members have permission to bring up issues they find or an area that needs to be addressed. Many issues are handled before they become a major issue because of this. They take a holistic look at sites to meet issues as they arise and establish goals to move to the next level and recognize the value of data in finding and addressing issues.

Is SPPS accelerating efforts to address on-time graduation efforts? Response: MTSS in the high schools set mid-quarter pass rates to be sure 9th graders were provided with supports. MTSS has worked in middle schools on master schedules because the way students are scheduled into core classes affects the student's future. MTSS saw an issue and teams offered suggestions on how to adjust schedules to meet student needs. Pass rates of classes do count so emphasis is being put on that issue and how to provide supports to improve pass rates.

I. CALL TO ORDER

The meeting was called to order at 4:00 p.m.

II. AGENDA

A. Presentation on OPEB Strategy

OPEB (Other Post-Employment Benefits) are benefits provided to employees consisting mainly of health care-related benefits promised to retirees in labor negotiations. Accounting for OPEB is required under Governmental Accounting Standards Board statement 45 (GASB 45). The Accrued Actuarial Liability (AAL) is calculated based on a two-year actuarial study that is projected out 30 years. The liability must be recognized on the district's financial statements.

Health benefits became part of SPPS labor agreements and provide health insurance benefits to retirees and then to their surviving spouse for employees hired prior to January 1, 1996. SPPS has always paid its OPEB obligations in full as they become due during each respective fiscal year and will continue to do so ($14.3 million in FY 2013).

Funding strategies over the past years were:

- 2009 – presented plan for establishment of OPEB trust
- 2009-2011 – Established an MOU with each union to sunset
- 2009 – change in legislation allowed for a levy to cover OPEB costs (Pay 2010 Levy)
- April 2011 – Established OPEB Revocable Trust with Wells Fargo with $1 million initial contribution
- November 2011 – Contributed $1 million
- January 2013 – Contributed $1 million
- November 2013 – Contributed $1 million
- June 30, 2014 – Current balance of OPEB Trust is $4,521,182.

An actuarial valuation is required every two years. An actuarial valuation of OPEB was most recently prepared using data from plans, premiums, claims and census information.

Future strategies include:
- Continue to fully fund and pay retiree benefits
- Continue to budget for and contribute to the Trust without drawing from it
- Continue the OPEB levy
- Continue to assign fund balance for investment into the trust each fiscal year
- Continue to present annual results to the Board
- Continue to update the Board quarterly on trust valuation.

The proposed contribution plan in FY 2015 is
- To invest $1 million (already budgeted for) into the trust.
- In FY 2015, invest an additional $3 million into the trust from the Committed for Retiree Health Insurance Fund Balance (currently $25.4 million) by taking Board action.
- In subsequent fiscal years, continue to budget for and invest $1 million and, contingent upon fund balance, invest an additional $2-3 million per fiscal year.

Key fiscal considerations in this are
- The levy to St. Paul property taxpayers.
- The general economic situation in St. Paul (unemployment, foreclosure trends, etc.).
- Growth of District expenditures compared to revenues (expenditures continue to grow at a faster rate than District revenue).
- An increase in the District’s minimum fund balance policy would reduce available dollars for Committed or Assigned fund balances
- Contractual obligations will have implications for future fiscal flexibility.
- Investment rate of returns (current and long-range) will also affect the fund.
- Current and future laws impacting OPEB
- Bond rating impacts
- Cash flow/State revenue payments now and into the future
- Impacts on the General Fund and ability to continue current SSSC 2.0 promises.

QUESTIONS/DISCUSSION:
- What is the timing on the proposed additional investment?  Response: September/October
- What is the process for “assigning” fund balances?  Response: Over time, SPPS has set aside monies for retiree health insurance.  Each year it has assigned $3 million to the retiree health insurance fund, as it was felt this would cover increases in pay as you go. Because of implementation of GASB 45 SPPS cannot commit fund balances without Board action to assign a fund balance to meet SSSC commitments.  The item is booked on the financial statements but SPPS must also have the cash flow to invest over time.
- Will SPPS continue to do that?  Yes
- How do the different types of fund balance relate to the 5%?  Response: There are five areas designated under GASB 45:  non-spendable (basically untouchable), restricted (ALC operating capital, etc.), committed (this is where the Retiree Health Insurance Fund Balance lies), assigned (these are by action of management and do not require Board action) and unassigned (which is where the 5% minimum fund balance policy applies).
- Explain the Committed for Retiree Health Benefits.  Response: These are savings above and beyond what SPPS already budgets and spends on retiree health insurance.  These funds are held over time for future investments.  They can be moved into the Trust or remain uncommitted for other purposes by Board action.  It is basically an investment pot similar to OPEB, simply held in a different place.
- There are two kinds post retirement benefits – post 65 and early retiree.  Post 65 is a Medicare supplement purchased for employees.  Collective bargaining units after 1/1/95
do not get post 65 benefits. Early retiree health benefits sunset for all new employees starting after 1/1/14.

- SPPS is trying to mitigate costs in the future as much as possible but it will eventually require a draws on the Trust.
- Administration stated it wants to increase investment into the Trust because with fund balances it does not get the more aggressive rate of return it could be obtaining through the Trust. SPPS is investing for the future to mitigate its liability and to make sure it can, at some point draw from the Trust and be able to cover all accounted for employees over time. It is hoped it can build the Trust to a point where interest earnings would offset costs and reduce the need for investment.
- What is the current rate of return on the majority of funds in committed or assigned reserves vs. the Trust? Response: Most funds are in the Minnesota State Liquid Asset Fund and receive about .02%. The maximum amount for short-term investments is an .04% rate of return. Wells Fargo has been able to invest Trust funds in other markets that are within statute and get a 3.3% up to 5.5% return. The Trust portfolio is diversified; cash is held in reserve and entered into the market only as good options present themselves.
- Can SPPS tap into the Trust Fund if it needs to? Response: SPPS has not put more in cash flow and reserves because the funds have been sequestered by the State over time. Committed funds are funding district operations over time. Once funds have been invested into the Trust. SPPS cannot get the funds out of the Trust once invested; they must be used for the identified purpose of the Trust.

- Another Board members stated he hoped efforts are being made to ensure there is two-way communications providing the public with opportunities to submit questions, concerns, input, etc.
- Is there any information on Board members being part of team? One area where assistance might be desired is the listening session and how Communications can help there and with the District Councils.
- On occasion, there are school level emergencies it is important to get clear messages home to the parents. How is this accomplished? Response: Through back pack messages, voice mail, e-mail and text; all are important in communicating with families

C. Community Partners for Higher Education Opportunities
The presentation began with a review of graduation rates 2009 to 2013. Students graduating have risen from 61% in ’09 to 73% in 2013. Continuing (neither dropped out nor graduated) their education has gone from 22% down to 16% and dropouts has gone from 9% to 8%.

Graduation rates by race/ethnicity showed:

Graduations increased for all races over the period.

College access community partnerships have provided:
- Racial equity training (recruitment strategies and services)
- Quarterly meetings
- Family connection
- Formal service and data agreements for sharing of data to drive decisions CACP come in with expectations of how support community.

The various programs serve 5 students in PreK-5, 18 in elementary, 217 PreK-8 programs, 384 middle school, 1,479 secondary and 2,824 high school. 96% of students participating in AVID 12-13 graduated. A chart of services offered by each program was reviewed.

QUESTIONS/DISCUSSION:
- The Board expressed an interest in getting updates on which programs are having the most impact on students as reporting evolves. Response: Staff indicated they are developing a process to get at this kind of data for college partners. Currently AVID provides the most reliable data.
- Other areas where it would be valuable to gather data are: graduation rates by poverty level, free and reduced and non-free and reduced, etc.
- What opportunities do higher education partners provide for making information available to students, particularly the most needy? Be sure all students get information on opportunities available. Response: There is an inherent problem with the model for college access and community partners in schools, there is incentive for college access to go for the best and brightest first. SPPS needs to find a way to align their interest in getting students to those who need the most help first then to others to allow students with the most need the greatest opportunities.
- Concern was expressed over the American Indian graduation rate; it is a very small group with concerning numbers for continuing and dropouts as well. Response:
Continuing students are still enrolled and will graduate in 5 to 6 years. They are also continuing their education through Hubbs, ABE, etc.

- Competition for student time needs to be addressed as well. Response: Work is being done in extended day and extended year and using programs to wrap around students during the summer.
- Concern was expressed about access to data with Break Through Minnesota. Board members asked how it could be made easier to work with SPPS and help/serve kids. They suggested having the programs/partners tell what they do and their expectations/criteria for what their programs are intended to accomplish.
- Information was requested on the Break Through Minnesota open house schedule.

BOARD UPDATE

The Rights and Responsibilities Student Behavior Handbook Steering Committee determined there are minimal technical changes to the handbook for 2014-15. The Committee identified increased Professional Development (PD) support as a means to increase consistency in communication to all stakeholders, reporting requirements, and assigning consequences.

Technical changes / revisions to the handbook include:

- Update all the Bullying references to align with the new board policy
- Update PBIS language so it is current
- Add a contact name to the Title IX Section
- Incapacitation/Audio Alert Devices will move from a Level 3/4 Violation to Level 4/5 to include Police Notification

Professional Development:

PBIS, CAMPUS and R&R Handbook staff will collaborate to offer PD throughout the school year. PD topics will include:

- Consistency within and across schools /district regarding consequences. (Possibly have Principals, Assistant Principals, Administrative Interns share and learn from one another)
- PBIS ‘Office Discipline Referral Form’ roll out
- Examples/scenarios on how schools respond to specific behavior so that other schools can learn how to respond just as effectively
- Consistency with communicating key definitions and allowable consequences (i.e., office referral, suspension, dismissal, expulsion, homebound)
- Informational sessions for teachers on understanding the use of the handbook
- Data cleaning to ensure accuracy of reported violations and behaviors

Valeria S. Silva, Superintendent
Dear Saint Paul Public Schools Parents, Families and Community:

We join you in wanting to provide your student with safe and supportive learning environments within Saint Paul Public Schools. To ensure that together we meet that goal, we have created this Rights and Responsibilities Handbook to serve as a guide for students, families and school staff alike.

This summary of the handbook outlines the rights of students, as well as the school district’s expectations for their behavior. We want readers to understand what is expected of them. We also want students and parents to be aware of the consequences for students who exhibit behavior that is not appropriate in school.

Most of all, we hope the information in this handbook will help enhance the learning climate in all Saint Paul Public Schools.

Mutual respect is key to the way we are expected to conduct ourselves. Parents, please understand that you are your child’s first teacher and primary role model. With your support and encouragement of the expectations for your child, we are confident these guidelines will help us all maintain the respectful, supportive learning environments that all students and staff deserve.

Please review this handbook together with your child so you both know and understand the rules of acceptable behavior and what will happen if your student does not follow those rules.

If you have questions about anything in this booklet, please contact your child’s teacher or principal. We want you to thoroughly understand the expectations of this book, so please review the entire handbook online at: www.spps.org/Rights_and_Responsibilities.

We are committed to working in partnership with you to make Saint Paul Public Schools a place in which you and your student feel welcome and valued.

Regards,

Valeria S. Silva
Superintendent

Students are responsible for reporting to staff (i.e., teacher or principal) incidents of discrimination, harassment, violence, or retaliation that they have experienced or of which they are aware.
**Personal Property and Privacy**

**Rights/Opportunities**
Students generally have a right of privacy in their persons and in their personal property on school district property and at school-sponsored or associated events.

According to Minnesota law, students have the right to utilize school-owned property (i.e., lockers, desks) for storing appropriate items of personal property with the understanding that all school-owned property is within the exclusive control of the school district and may be searched by school authorities for any reason, at any time, without permission, consent, or requirement for a search warrant. For more detail, see Minn. Stat. § 121A.72, subd. 1 at revisor.mn.gov/statutes.

**Responsibilities**
Students must not bring onto school district property or to school-sponsored or associated events any item or material that violates school district policy, school rules, or state or federal law, or that would cause, or tend to cause, a disruption or endanger the health or safety of students or other people. Items prohibited include, but are not limited to, stolen goods, weapons and look-alike weapons, and other illegal items.

When reasonable suspicion exists to believe a student possesses prohibited items or that a search will uncover evidence of a violation of a school rule or of the law, school officials may conduct a reasonable search of a student's person or property.

Students are responsible for keeping their lockers/desks in good condition and free of any items that are illegal or prohibited.

The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school authorities must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials. For more detail, see Minn. Stat. § 121A.72, subd. 1 at revisor.mn.gov/statutes.

**Pledge of Allegiance**

**Rights/Opportunities**
Minnesota law requires all public schools to provide students the opportunity to recite the Pledge of Allegiance at least once a week (unless the School Board votes to waive this requirement).

Anyone who does not wish to participate in reciting the Pledge of Allegiance for any personal reasons may elect not to do so, and students must respect another person's right to make that choice. For more detail, see Minn. Stat. § 121A.11, subd. 3(b) at revisor.mn.gov/statutes.

**Student Dress**

**Rights/Opportunities**
Students have the right to choose their manner of dress and personal grooming unless it presents a clear danger to the student's health or safety, causes an interference with school work or creates classroom or school disorder.

**Responsibilities**
Students are responsible for wearing clothes that are appropriate for school. To maintain a safe learning environment, students' dress cannot be a health and/or safety hazard, obscene, sexually explicit, or discriminatory. Clothing that displays references to alcohol, chemicals, tobacco or other products that are illegal for use by minors is not permitted.

Students are responsible for abiding by the school principal's mandated minimum standards of cleanliness and neatness. Students who attend schools that have adopted a school uniform requirement must follow the school's uniform requirement. For more detail, see Board Policy 501.03 and Board Policy 501.04 at www.boe.spps.org.

**Student Government**

**Rights/Opportunities**
Students have the opportunity to form and participate in student government that is open to all members of the student body being represented. The purpose of the existence of student government is to represent and to be responsive to the needs of all students.

**Responsibilities**
Students are responsible, when forming a student government, for establishing purposeful governing rules. The student government is responsible for communicating with the student body, faculty, and administration, and for being aware of and complying with any school district policies affecting the student government procedures.
STANDARDS OF STUDENT BEHAVIOR

A safe and positive learning environment is essential. Knowing and complying with the rules and procedures will support students in making positive choices. When students are disruptive or act inappropriately, they must accept the consequences. When students do not follow the rules, school staff members are expected to respond appropriately and consistently. School administrators will inform the parents/guardians of any student whose behavior is in serious conflict with established rules and procedures. Students and their parent/guardian are responsible for working collaboratively with school staff to support the rules and procedures outlined in the Student Behavior Handbook.

INTERVENTIONS, RESPONSES, AND LEVELS OF VIOLATIONS

This section of the summary divides inappropriate and disruptive behaviors into five levels of violations with examples of support interventions and responses. Interventions may involve support staff, both school-based and within the broader community. The school's Student Assistance Teams (SAT) aim to engage the student's support system to ensure successful learning and consistency of interventions and to change the conditions leading to the student's inappropriate or disruptive behavior. These guidelines describe the various administrative actions that may be taken for violations of the school district's rules, policies, procedures, and the law.

Interventions and responses shall be enforced within the general guidelines outlined in the Violations Levels 1-5 and the Violations Matrix. A Level 1 violation is the least severe, and a Level 5 violation is the most severe. The format of this section begins with the MINIMUM disciplinary responses and potential interventions for each violation. The MAXIMUM administrative actions are expulsion and exclusion. For each violation on the charts below, the first (•) is the minimum disciplinary action. The presence of a dot (•) in a given cell in the matrix does not imply or require that an administrator will use a “step-by-step” progression of increasing severity in dealing with a violation. However, there shall be a logical relationship between the severity and frequency of the offense and the age of the offender and the administrative action.

Unless otherwise noted, these policies apply to student behavior occurring on any property owned or controlled by SPPS or occurring in connection with any activity sponsored by or associated with SPPS. The following represent the majority of violations that occur.

Technology Usage and Safety

Rights/Opportunities
Students have the opportunity to access a variety of district technology resources.

Responsibilities
Students are responsible for using the district technology resources properly and following all district and school rules and procedures.

Students are responsible for respecting the privacy of other users, and not intentionally seeking information on, obtaining copies of, or modifying files, other data or passwords belonging to other users without permission.

Students are responsible for maintaining the security of the district technology resources, recognizing and honoring the intellectual property rights of others.

Students are responsible for immediately disclosing inadvertent access of unacceptable materials or an unacceptable Internet site to an appropriate school district administrator.

Unacceptable use of the district technology resources, including e-mail and the Internet, may result in one or more of the following consequences: suspension or cancellation of use or access privileges, discipline under applicable district policies and procedures, or civil or criminal liability under applicable laws. For more detail, see Board Policy 520.00 at www.boe.spps.org.
**LEVEL 1**

Level 1 intervention will generally be addressed by school staff members when a student has minimal or no prior violations. The staff’s response teaches correct, alternative behavior so students can learn and demonstrate safe and respectful behavior. Staff are expected to use a variety of teaching and management strategies.

Board of Education
Valeria S. Silva, Superintendent
Dear Saint Paul Public Schools Parents, Families and Community:

We join you in wanting to provide your student with safe and supportive learning environments within Saint Paul Public Schools. To ensure that together we meet that goal, we have created this Rights and Responsibilities Handbook to serve as a guide for students, families and school staff alike.

This summary of the handbook outlines the rights of students, as well as the school district’s expectations for their behavior. We want readers to understand what is expected of them. We also want students and parents to be aware of the consequences for students who exhibit behavior that is not appropriate in school.

Most of all, we hope the information in this handbook will help enhance the learning climate in all Saint Paul Public Schools.

Mutual respect is key to the way we are expected to conduct ourselves. Parents, please understand that you are your child’s first teacher and primary role model. With your support and encouragement of the expectations for your child, we are confident these guidelines will help us all maintain the respectful, supportive learning environments that all students and staff deserve.

Please review this handbook together with your child so you both know and understand the rules of acceptable behavior and what will happen if your student does not follow those rules.

If you have questions about anything in this booklet, please contact your child’s teacher or principal. We want you to thoroughly understand the expectations of this book, so please review the entire handbook online at: www.spps.org/Rights_and_Responsibilities.

We are committed to working in partnership with you to make Saint Paul Public Schools a place in which you and your student feel welcome and valued.

Regards,

Valeria S. Silva
Superintendent

Shared Responsibilities — Increasing Respect, Responsibility, and Safety

Saint Paul Public Schools (SPPS) offers a safe and welcoming environment and a premier education for all students. To ensure both a positive learning environment at all district sites as well as effective classroom management, all stakeholders have an important role.

Students

- Believe in your unlimited possibilities for greatness
- Build and maintain positive, trusting relationships with school staff
- Plan and organize your daily routines in order to be successful throughout your day
- Strive toward accepting responsibility and learning to be accountable
- Show respect to other students, their parents/guardians, and all staff
- Tell an adult when you need assistance
- Observe and follow school rules and procedures
- Go to school every day on time, arrive at each class on time ready to learn, and give your best effort

Parents/Guardians

- Believe your children have unlimited possibilities for greatness and help them achieve it
- Establish a positive relationship with someone at the school – this may be a principal, teacher, social worker, counselor, or advisor
- Work with staff in a mutually respectful process focusing on the success of your child
- Seek help if you don’t understand or like a decision or the reasons behind it
- Attend parent-teacher conferences, or if unable to attend, ask a family member to attend in your place
- Respect and support the learning environment and emphasize the importance of being prepared for school
- Foster your child’s academic success and behavior in school by stressing the importance of following school rules and procedures
- Make sure your children arrive to school on time each day

SPPS Staff and School Community

- Believe that all students have unlimited possibilities for greatness and help them achieve it
- Build and maintain positive, respectful relationships with students and their parents/guardians
- Communicate regularly with parents/guardians
- Create a warm, welcoming, safe and secure environment
- Develop a community and learning environment that provides for social, emotional and academic success
- Have consistently high academic and behavioral expectations for all students
- Model professional behavior in handling difficult situations and use de-escalation strategies
- Provide engaging and academically appropriate instruction, including material of cultural relevance
- Treat all students fairly and consistently when enforcing rules and procedures
Positive Behavioral Interventions and Supports (PBIS): A Framework for Every School

Positive Behavioral Interventions and Supports (PBIS) is a way for schools to create and sustain positive, effective and culturally-inclusive environments that support academic and social success for all students. PBIS is a research-based framework that schools continually build upon and refine to meet the changing needs of their community.

School teams use the framework to design their own three-tiered system of equitable behavioral supports for all students. Emphasis is placed on prevention of problem behavior, development of pro-social skills, and the use of data-based problem solving for addressing existing behavior concerns.

**Key Components**
- Identify goals and desired academic and social outcomes
- Establish and develop school-wide systems
- Select and implement evidence-based practices
- Collect and use data to guide decision-making

For additional information about PBIS, click on this link: [www.spps.org](http://www.spps.org).

Site Specific Positive Behavior Expectations Matrix:
Student Behavior Handbook: Rights and Responsibilities for Elementary and Secondary Students

Foreword
This handbook is a guide to student behavior. The SPPS Board of Education creates and adopts policies to guide the actions of everyone in the district. The Superintendent develops procedures to show how these policies will be implemented in SPPS, and principals and program administrators can then add further rules necessary for their students, staff and community. Teachers and other staff then work with students to set and follow the expectations for how they will work together in each classroom. Adult staff members are held to high standards of behavior and are subject to all applicable laws, Board of Education policies, and Human Resources’ rules and practices.

The rules and regulations regarding student behavior and discipline in this handbook fulfill the Board of Education’s policies as stated in SPPS Board Policies 506.00, 506.02 and 506.03. Minn. Stat. § 121A.55(a).

This handbook applies to incidents and situations that occur on any property owned or controlled by SPPS or occurring in connection with any activity sponsored by or associated with SPPS. This handbook may also apply to incidents involving SPPS students if an unapproved connection or association to SPPS or its staff is explicitly or implicitly stated or inferred (for example, hazing).

Student Rights and Responsibilities
Students who attend Saint Paul Public Schools have various rights and opportunities. Students also have responsibilities to teachers, other staff and fellow students. Students have other rights guaranteed by the Constitution and by state and local laws. The rights and responsibilities in this handbook are not all inclusive and do not cover every situation that may arise. The table below describes student rights, opportunities, and responsibilities in Saint Paul Public Schools.

# Standards of Student Behavior

A safe and positive learning environment is essential. Knowing and complying with the rules and procedures will support students in making positive choices. When students are disruptive or act inappropriately, they must accept the consequences. When students do not follow the rules, school staff members are expected to respond appropriately and consistently. School administrators will inform the parent/guardian of any student whose behavior is in serious conflict with established rules and procedures. Students and their parents/guardians are responsible for working collaboratively with school staff to support the rules and procedures outlined in this Student Behavior Handbook.

# Interventions, Responses and Levels of Violations

This section of the handbook divides inappropriate and disruptive behaviors into five levels of violations with examples of support interventions and responses. Interventions may involve support staff, both school-based and within the broader community. The school’s Student Assistance Teams (SAT) aim to engage the student’s support system to ensure successful learning and consistency of interventions and to change the conditions leading to the student’s inappropriate or disruptive behavior. These guidelines describe the various administrative actions that may be taken for violations of the school district’s rules, policies, procedures, and the law.

Interventions and responses shall be enforced within the general guidelines outlined in the Violations Levels 1-5 and the Violations Matrix. A Level 1 violation is the least severe, and a Level 5 violation is the most severe. The format of this section begins with the MINIMUM disciplinary responses and potential interventions for each violation. The MAXIMUM administrative actions are expulsion and exclusion. For each violation on the charts below, the first dot (●) is the minimum disciplinary action. The presence of a dot (●) in a given cell in the matrix does not imply or require that an administrator will use a “step-by-step” progression of increasing severity in dealing with a violation. However, there shall be a logical relationship between the severity and frequency of the offense and the age of the offender and the administrative action.

Unless otherwise noted, these policies apply to student behavior occurring on any property owned or controlled by Saint Paul Public Schools or occurring in connection with any activity sponsored by or associated with the Saint Paul Public Schools. The following represent the majority of violations that occur.
LEVEL 1
Level 1 violations will generally be addressed by school staff when a student has minimal or no prior violations. The staff’s response teaches correct, alternative behavior so students can learn and demonstrate safe and respectful behaviors. Staff members are expected to use a variety of teaching and management strategies.

Note: A severe occurrence or repeated instances of a violation may be treated as a violation at a higher level.
Note: Please refer to the Glossary for additional terms, definitions, related Minnesota statutory references, and other information.

LEVEL 2
Level 2 violations will generally result in interventions or disciplinary responses that involve the school administration. These actions aim to correct behavior by stressing the seriousness of the behavior while keeping the student in school.

Note: A severe occurrence or repeated instances of any previous violation may be treated as a violation at a higher level.

Note: Please refer to the Glossary for additional terms, definitions, related Minnesota statutory references, and other information.

These interventions may involve the temporary, short term removal of a student from the school environment because of the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as is practicable while adequately addressing the behavior.

- Parent/guardian notification
- Parent/guardian conference
- Short-term suspension, in excess of one complete school day
- Administrative transfer
- Interim alternative educational placement
- Referral to Local Pupil Problems Committee
- Utilization of lower-level consequences in addition to the above

**LEVEL 5**

Level 5 violations require the principal to notify the police and make a referral for an expulsion to the Superintendent or designee. See the Glossary for definitions of expulsion, zero tolerance and statutes that apply to the violations.

**LEVEL 5 — Examples of Interventions and Responses**

These interventions involve the removal of the student from the school environment because of the severity of the behavior. They may involve placement of the student in a safe environment that provides additional structure to address behavior. These interventions focus on maintaining the safety of the school community and ending self-destructive and/or dangerous behavior.

- Parent/guardian notification
- Parent/guardian conference
- Administrative transfer
- Interim alternative educational placement
- Referral to Local Pupil Problems Committee
- Expulsion or exclusion (an act of the Board of Education)
- Utilization of lower level consequences in addition to the above

\(^1\) For more information regarding student human rights, please contact the Ombudsperson at 651-767-8394. The Ombudsperson is located at 360 Colborne Street, Saint Paul, MN 55102.

\(^2\) The Local Pupil Problems Committee may be convened to evaluate the credibility and level of any threat or threatening behavior. See page 14 for more information about threat assessment.
Additional Information

**Discipline Processes**

All disciplinary actions will be processed pursuant to Saint Paul Public Schools’ discipline policies, the requirements of the *Minnesota Pupil Fair Dismissal Act*, and other applicable law.

Any student who violates the District-wide Student Discipline Policy may be subjected to the consequences established in the student handbook. Any student who violates a policy that has a potential consequence of suspension from school for more than one school day shall have an informal conference with a school administrator.

If a student's total days of removal from school exceeds 10 cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school.

All students who violate a policy or rule that has the potential consequence of expulsion or exclusion will be given the opportunity to have a hearing in accordance with Minnesota law.

**Alternative Educational Services Procedures**

If a student is suspended for more than five school days, the student is entitled to alternative educational services that will allow the student to progress toward meeting graduation requirements and the suspending administrator must provide the superintendent with a reason for the longer suspension. Generally, Saint Paul Public Schools (SPPS) provides alternative educational services according to the following schedule:

<table>
<thead>
<tr>
<th>LENGTH OF SUSPENSION</th>
<th>SERVICES PROVIDED</th>
<th>SCHOOL ADMINISTRATOR OR DESIGNEE RESPONSIBILITY</th>
<th>PARENT/GUARDIAN RESPONSIBILITY</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to five school days</td>
<td>Current classroom work and homework will be made available, if possible.</td>
<td>Arrange for collection of classroom work and homework from teachers.</td>
<td>Pick up classroom work and homework from school administrator or arrange to have it mailed to home. Return completed work upon student's return to school.</td>
</tr>
<tr>
<td>Six to 10 school days</td>
<td>Current classroom work and homework will be made available no later than the sixth school day of suspension.</td>
<td>Arrange for collection of classroom work and homework from teachers.</td>
<td>Pick up classroom work and homework from school administrator or arrange to have it mailed to home. Return completed work to school administrator.</td>
</tr>
<tr>
<td>Up to 15 school days (only pending expulsion, consideration of administrative transfer, or when student constitutes a substantial and immediate danger)*</td>
<td>Homebound services must be arranged to begin no later than the 11th school day.</td>
<td>Arrange for homebound services as soon as a determination has been made to refer student for expulsion or administrative transfer, or if zero tolerance applies</td>
<td>Assist school administrator in establishing a schedule for the delivery of homebound services</td>
</tr>
</tbody>
</table>

This schedule does not preclude school administrators from providing different alternative educational services that allow the student to progress toward meeting graduation requirements. Each suspension action may include a readmission plan. The readmission plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission and may not be used to extend the current suspension.

The school principal is responsible for ensuring that the school attempts to provide required alternative educational services. Parents/guardians also have the responsibilities set forth above. Parents who have concerns about the school's compliance with these procedures should contact the school principal or principal's supervisor promptly.

Additional information related to special education students: SPPS may have additional obligations to special education students that are not explained here. For more information about the rights of special education students, see the Procedural Safeguard Notice Parental Rights for Public School Special Education Students or contact the school principal, your student's case manager, or the special education director at 651-767-8321.
Pupil Problems Committees

Local Pupil Problems Committee
The Local Pupil Problems Committee (Local PPC) deals with problems relating to student discipline and school adjustment. The principal appoints this committee and it usually includes an administrator, counselor, teachers, social worker, nurse, and other staff. This committee shall meet regularly to consider disciplinary and behavioral problems of students referred to it by the principal or designee (chair) and shall recommend to the principal such remedial, corrective, or disciplinary measures as it may deem to be in the best interests of the students and the school. A principal reserves the authority to immediately send a referral for expulsion/exclusion directly to his/her immediate supervisor without Local PPC action.

When a major decision or recommendation regarding a child being considered, parents shall be invited to be present at the Local PPC meeting. Parents have the option to bring an additional person with them to the Local PPC meeting, but this additional person may not act as an attorney. Parents may appeal to the City-Wide Pupil Problems Committee if they are not in agreement with the local decision. If the principal feels a particular problem is beyond his/her resources, then the principal may refer it to the City-Wide Pupil Problems Committee.

City-Wide Pupil Problems Committee
The City-Wide Pupil Problems Committee (City-Wide PPC) is established by the Superintendent of Schools. Membership typically includes a principal, an assistant principal, classroom teachers, counselors, a nurse, social workers, and other support personnel.

The function of the committee shall be to recommend action on parent appeals of Local Pupil Problems Committee decisions or referrals from schools.

The City-Wide PPC shall have the authority to:
- Review a decision of a Local Pupil Problem Committee and recommend action to the appropriate district level administrator.
- Enlist the advice and assistance of agencies and services within the school system.
- Recommend an administrative transfer or administrative placement of a student to another school or facility in the school system.
- Recommend to the Superintendent the exclusion or expulsion of a student from the school district.

The chairperson of the City-Wide PPC shall offer the student’s parents or guardians an opportunity to appear before the committee. Parents have the option to bring an additional person with them to the City-Wide PPC meeting, but this additional person may not act as an attorney. The chairperson shall notify the parents of the City-Wide PPC’s recommendation or decision.

If parents still object, they may appeal to the appropriate district level administrator, then to the Superintendent, and then to the Board of Education.

School Resource Officers (SROs)
SROs are sworn officers of the Saint Paul Police Department. SROs work in partnership with school administrators to provide the safest learning environment possible. The SROs’ primary function is law enforcement. Juvenile or criminal proceedings or consequences against the student do not preclude the school district from disciplining the student for violations of the Student Behavior Handbook or for other misconduct.

Threat Assessment
The Local Pupil Problems Committee or a subset of the Local Pupils Problems Committee will evaluate threats of violence to self or others and determine if the behavior is related to the student’s disability. The Office of Security and Emergency Management (SEM) shall provide training, resources, and on-site assistance when requested.

Students with Disabilities/Section 504 Students
Students covered by Section 504 of the Rehabilitation Act of 1973 may be disciplined for behavior related to their disabilities, unless the discipline would result in a significant change of placement. A qualified student with a disability may not be suspended for more than 10 cumulative school days without a manifestation determination conducted by the student’s 504 team.

Students with Disabilities and Students with an Individual Education Program (IEP)
When a student with a disability has been suspended for five consecutive school days or after the 10th cumulative school day within the school year, the IEP team must meet to hold a manifestation determination meeting. The team will determine if the behavior is related to the student’s disability. The team may need to conduct a Functional Behavior Assessment and write a behavior intervention plan to support the student at school.

That meeting must occur as soon as possible, but no more than 10 days after the sixth consecutive day of suspension or when the tenth cumulative day of suspension has elapsed. A dismissal for one school day or less is a day of suspension if the student with a disability does not receive regular or special education instruction during that dismissal period. A student with a disability shall be provided alternative educational services to the extent a suspension exceeds five consecutive school days.

Before initiating an expulsion or exclusion, the district, relevant members of the student’s individualized education program team, and the student’s parent shall, consistent with federal law, determine whether the student’s behavior was caused by or had a direct and substantial relationship to the student’s disability and whether the student’s conduct was a direct result of a failure to implement the student’s individualized education program. When a student with a disability who has an individualized education program is excluded or expelled for misbehavior that is not a manifestation of the student’s disability, the district shall continue to provide special education and related services during the exclusion or expulsion. Minn. Stat. § 121A.43.

1. "Manifestation Determination" is a process to determine if a student's behavior problem was or was not a manifestation of the student's disability.
2. A "Functional Behavioral Assessment" is a process for gathering information to understand the structure and function of a student's behavior(s) in order to develop an effective and efficient behavioral support plan that teaches and encourages alternative behaviors.

* Unless the student has been removed 11 or more cumulative days in a school year. Minn. Stat. § 121A.43(a).

** In-school suspension is not considered a day of suspension for a student with a disability as long as the student continues to receive regular and special education services during the in-school suspension.

*** If bus transportation is a part of the student's IEP, a bus suspension would be treated as a removal unless the school provides transportation in some other way, because that transportation is necessary for the student to obtain access to the location where all other services will be delivered. If bus transportation is not a part of the student's IEP, a bus suspension typically would not be a removal.

Bullying Prohibition
Saint Paul Public Schools (SPPS) revised the bullying prohibition policy to align with the new Safe and Supportive Schools Act signed into law in 2014. The revisions were minor and included additional language mandated by the law. The law also stipulates that an inquiry process must be outlined for schools providing guidance for how the school responds to a report of bullying. These guidelines were developed in partnership with the SPPS Bullying Prevention Task Force, teaching staff, and the Office of Teaching and Learning.

Throughout the 2014/15 school year professional development will be developed and offered focusing on best practices for bullying prevention, responses to bullying, and identifying bully behavior. The Office of Teaching and Learning, in partnership with schools, will be leading the development and implementation of the professional development opportunities for all staff. suspension does not involve a recommendation for expulsion or exclusion
or other change of placement under federal law, relevant members of the
child’s individualized education program team, including at least one of
the child’s teachers, shall meet and determine the extent to which the child
needs services in order to continue to participate in the general education
curriculum, although in another setting, and to progress toward meeting
the goals in the child’s individualized education program. That meeting
must occur as soon as possible, but no more than ten days after the sixth
consecutive day of suspension or the tenth cumulative day of suspension
has elapsed.

(b) A dismissal for one school day or less is a day or a partial day of
suspension if the child with a disability does not receive regular or
special education instruction during that dismissal period. The notice
requirements under section 121A.46 do not apply to a dismissal of one day
or less.

(c) A child with a disability shall be provided alternative educational
services to the extent a suspension exceeds five consecutive school days.
(d) Before initiating an expulsion or exclusion under sections 121A.40
to 121A.56, the district, relevant members of the child’s individualized
education program team, and the child’s parent shall, consistent with
federal law, determine whether the child’s behavior was caused by or had
a direct and substantial relationship to the child’s disability and whether
the child’s conduct was a direct result of a failure to implement the child’s
individualized education program. When a child with a disability who
has an individualized education program is excluded or expelled under
sections 121A.40 to 121A.56 for misbehavior that is not a manifestation of
the child’s disability, the district shall continue to provide special education
and related services during the exclusion or expulsion.

**121A.44 EXPULSION FOR POSSESSION OF FIREARM.**

(a) Notwithstanding the time limitation in section 121A.41, subdivision
5, a school board must expel for a period of at least one year a pupil who
is determined to have brought a firearm to school except the board may
modify this expulsion requirement for a pupil on a case-by-case basis. For
the purposes of this section, firearm is as defined in United States Code,
title 18, section 921.

(b) Notwithstanding chapter 13, a student’s expulsion or withdrawal or
transfer from a school after an expulsion action is initiated against the
student for a weapons violation under paragraph (a) may be disclosed by
the school district initiating the expulsion proceeding. Unless the
information is otherwise public, the disclosure may be made only to
another school district in connection with the possible admission of the
student to the other district.

**121A.45 GROUNDS FOR DISMISSAL.**

Subdivision 1. **Provision of alternative programs.** No school shall dismiss
any pupil without attempting to provide alternative educational services
before dismissal proceedings, except where it appears that the pupil will
create an immediate and substantial danger to self or to surrounding
persons or property.

Subd. 2. **Grounds for dismissal.** A pupil may be dismissed on any of the
following grounds:

(a) willful violation of any reasonable school board regulation. Such
regulation must be clear and definite to provide notice to pupils that they
must conform their conduct to its requirements;

(b) willful conduct that significantly disrupts the rights of others to an
education, or the ability of school personnel to perform their duties, or
school sponsored extracurricular activities; or

(c) willful conduct that endangers the pupil or other pupils, or surrounding
persons, including school district employees, or property of the school.

Subd. 3. **Parent notification and meeting.** If a pupil’s total days of removal
from school exceeds ten cumulative days in a school year, the school
district shall make reasonable attempts to convene a meeting with the pupil
and the pupil’s parent or guardian before subsequently removing the pupil
from school and, with the permission of the parent or guardian, arrange for
a mental health screening for the pupil. The district is not required to pay
for the mental health screening. The purpose of this meeting is to attempt
to determine the pupil’s need for assessment or other services or whether
the parent or guardian should have the pupil assessed or diagnosed to
determine whether the pupil needs treatment for a mental health disorder.

**121A.46 SUSPENSION PROCEDURES.**

Subdivision 1. **Informal administrative conference before suspension.**
The school administration shall not suspend a pupil from school without
an informal administrative conference with the pupil. The informal
administrative conference shall take place before the suspension, except
where it appears that the pupil will create an immediate and substantial
danger to self or to surrounding persons or property, in which case the
conference shall take place as soon as practicable following the suspension.

Subd. 2. **Administrator notifies pupil of grounds for suspension.** At the
informal administrative conference, a school administrator shall notify
the pupil of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the pupil may present the pupil's version of the facts.

Subd. 3. Written notice of grounds for suspension. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of sections 121A.40 to 121A.56, shall be personally served upon the pupil at or before the time the suspension is to take effect, and upon the pupil's parent or guardian by mail within 48 hours of the conference. The district shall make reasonable efforts to notify the parents of the suspension by telephone as soon as possible following suspension. In the event a pupil is suspended without an informal administrative conference on the grounds that the pupil will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the pupil and the pupil's parent or guardian within 48 hours of the suspension. Service by mail is complete upon mailing.

Subd. 4. Suspension pending expulsion or exclusion hearing. Notwithstanding the provisions of subdivisions 1 and 3, the pupil may be suspended pending the school board's decision in the expulsion or exclusion hearing; provided that alternative educational services are implemented to the extent that suspension exceeds five days.

History: 1974 c 572 s 5; 1978 c 764 s 94; 1986 c 444; 1Sp1997 c 4 art 7 s 19-22; 1998 c 397 art 9 s 26; art 11 s 3

121A.47 EXCLUSION AND EXPULSION PROCEDURES.

Subdivision 1. Requiring a hearing; pupil may waive hearing. No exclusion or expulsion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the pupil and parent or guardian. The action shall be initiated by the school board or its agent.

Subd. 2. Written notice. Written notice of intent to take action shall:
(a) be served upon the pupil and the pupil's parent or guardian personally or by mail;
(b) contain a complete statement of the facts, a list of the witnesses and a description of their testimony;
(c) state the date, time, and place of the hearing;
(d) be accompanied by a copy of sections 121A.40 to 121A.56;
(e) describe alternative educational services accorded the pupil in an attempt to avoid the expulsion proceedings; and
(f) inform the pupil and parent or guardian of the right to:
(1) have a representative of the pupil's own choosing, including legal counsel, at the hearing. The district shall advise the pupil's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Department of Education;
(2) examine the pupil's records before the hearing;
(3) present evidence; and
(4) confront and cross-examine witnesses.

Subd. 3. Hearing schedule. The hearing shall be scheduled within ten days of the service of the written notice unless an extension, not to exceed five days, is requested for good cause by the school board, pupil, parent or guardian.

Subd. 4. Convenient time and place of hearing. The hearing shall be at a time and place reasonably convenient to pupil, parent or guardian.

Subd. 5. Closed or open hearing. The hearing shall be closed unless the pupil, parent or guardian requests an open hearing.

Subd. 6. Impartial hearer. The hearing shall take place before:
(1) an independent hearing officer;
(2) a member of the school board;
(3) a committee of the school board; or
(4) the full school board;
as determined by the school board. The hearing shall be conducted in a fair and impartial manner.

Subd. 7. Creating hearing record. The school board shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense. Testimony shall be given under oath. The hearing officer or a member of the school board shall have the power to issue subpoenas and administer oaths.

Subd. 8. Access to pupil's records. At a reasonable time prior to the hearing, the pupil, parent or guardian, or representative, shall be given access to all public school system records pertaining to the pupil, including any tests or reports upon which the proposed action may be based.

Subd. 9. Pupil's right to compel testimony. The pupil, parent or guardian, or representative, shall have the right to compel the attendance of any official employee or agent of the public school system or any public employee or any other person who may have evidence upon which the proposed action may be based, and to confront and to cross-examine any witness testifying for the public school system.

Subd. 10. Pupil's right to present evidence and testimony. The pupil, parent or guardian, or representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.

Subd. 11. Pupil not compelled to testify. The pupil cannot be compelled to testify in the dismissal proceedings.

Subd. 12. Hearer's recommendation limited to evidence at hearing; service within two days. The recommendation of the hearing officer or school board member or committee shall be based solely upon substantial evidence presented at the hearing and must be made to the school board and served upon the parties within two days of the end of the hearing.

Subd. 13. Basis of school board decision; opportunity for comment. The school board shall base its decision upon the recommendation of the hearing officer or school board member or committee and shall render its decision at a meeting held within five days after receiving the recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's recommendations provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the commissioner of education of the basis and reason for the decision.

Subd. 14. Admission or readmission plan. (a) A school administrator shall prepare and enforce an admission or readmission plan for any pupil who is excluded or expelled from school. The plan may include measures to improve the pupil's behavior, including completing a character education program, consistent with section 120B.232, subdivision 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the pupil of not improving the pupil's behavior.

(b) The definition of suspension under section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. A readmission plan must provide, where appropriate, alternative education services, which must not be used to extend the student's current suspension period.
Consistent with section 125A.091, subdivision 5, a readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School officials must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect or medical or educational neglect.

121A.49 APPEAL.
A party to an exclusion or expulsion decision made under sections 121A.40 to 121A.56 may appeal the decision to the commissioner of education within 21 calendar days of school board action. All written submissions by the appellant must be submitted and served on the respondent within ten days of its actual receipt of the transcript. All written submissions by the respondent must be submitted and served on the appellant within ten days of its actual receipt of the written submissions of the appellant. The decision of the school board must be implemented during the appeal to the commissioner.

In an appeal under this section, the commissioner may affirm the decision of the agency, may remand the decision for additional findings, or may reverse or modify the decision if the substantial rights of the petitioners have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

(3) made upon unlawful procedure, except as provided in section 121A.48;
(4) affected by other error of law;
(5) unsupported by substantial evidence in view of the entire record submitted; or

The policies shall recognize the continuing responsibility of the school for the education of the pupil during the dismissal period. The alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress towards meeting the graduation standards adopted under section 120B.02 and help prepare the pupil for readmission.

(b) An area learning center under section 123A.05 may not prohibit an expelled or excluded pupil from enrolling solely because a district expelled or excluded the pupil. Workforce Planning Team Actions

• **Teachers** - Refreshing postings on sites that are frequented by teacher candidates. Revisiting candidates in the teacher pool and forwarding those still available to schools for interviews.

• **Social Workers** – Aligning candidates from the existing pool with available positions. The pool seems sufficient to cover remaining need.

• **Counselors** - Listed 1.5 FTEs were filled on 8/14. We no longer have Counselor openings.
Workforce Planning Team Actions

- **Media** — Reposting jobs online. As these have been difficult positions to fill, exploring an exception from MDE to use Community Specialist in these roles. Leslie Yoder (SPPS School Library Coordinator) is leading this effort.

A. PERTINENT FACTS:

1. **Purpose**: The Office of Teaching and Learning (OTL) has a need to upgrade its instructional material management software to help ensure that a) all students and teachers have access to the instructional materials they need to support student learning; and b) the district is a responsible steward of the public’s money.

2. **Definition**: Instructional Material Management (IMM) encompasses the procedures, protocols, people, technology, and values that govern the life-cycle of instructional materials, from procurement to disposal and everything in-between. The term “instructional materials” refers to a) print and digital textbooks; b) key manipulatives such as music instruments and science kits; c) key consumables such as math workbooks.

3. **Policy**: IMM supports Policy 602.

4. **Context**: Data analysis of interviews with over 60 school and district staff in early 2014 indicates that the current management of instructional materials is highly site-based and variable within SPPS, while technological capacity is insufficient. This leads to financial inefficiencies for the district, inequitable outcomes for students, and inhibits data-driven decision-making.

5. **Software**: SPPS currently uses Follett’s Destiny “Library Manager” software module to automate library resource management. This software is widely liked by school and district staff. OTL proposes to add Destiny’s “Textbook Manager” and “Asset Manager” software modules to apply best practice management to instructional materials.

6. **Outcome**: In practice, IMM will allow sites and the district to check out assets to individuals, classrooms, and/or buildings, thereby creating the means to increase access and accountability, minimize surplus inventory, and use data to inform decision-making (e.g. budget forecasting).

7. **Process**: An inter-departmental work group has guided much of the project, and will develop a set of recommendations to standardize the roles, responsibilities, and processes involved in instructional material management.

8. **Phasing**: The IMM project will be phased in by first piloting in Elementary schools for musical instruments in SY 14-15, then applying to Secondary schools in SY 15-16 and other content areas in SY 16-17.
9. **Collaboration**: Other offices within SPPS are looking forward to joining with OTL in use of Destiny. In particular, the Office of Title 1 Funded Programs and the Business see great potential for this project to support their asset management needs.

9. **Cost**: The cost of 41 software licenses for Elementary schools in Year 1 is $95,857 and will be funded by the Personalized Learning Through Technology budget using the following budget code: 31-005-682-000-6825-9604. The cost of adding 29 software licenses for Secondary schools and other alternative education and administrative sites in Year 2 is $63,771. The annual maintenance and support cost—beginning in year 3 and occurring annually thereafter—is $549 per site, or $38,430 for 70 total sites.

10. **Approval**: The SPPS Cabinet reviewed the IMM project on Monday, June 2, 2014. SPPS Legal Counsel reviewed and approved the contract the week of June 23, 2014. Technical Services and OTL recently concluded a three-week no cost, no obligation trial period with the software to ensure that it meets SPPS’ needs.

11. **SSSC 2.0**: This project will meet the District strategic plan goals of ACHIEVEMENT and SUSTAINABILITY.

12. This item is submitted by: Hans Ott, Director, Office of Teaching and Learning; Christine Osorio, Chief Academic Officer, Division of Academic Services; Mark Gruen, Learning Systems Specialist, Office of Teaching and Learning.

**B. RECOMMENDATION:**

That the Board of Education authorize the Superintendent (designee) to approve the upgrade of Follett’s Destiny Resource Management Software Suite to include the Textbook Manager and Asset Manager modules in the amount of $159,628.
