CONSENT AGENDA ITEMS PULLED FOR SEPARATE CONSIDERATION:

BF 30745
Engagement of Cushman & Wakefield NorthMarq (CWN) for the Sale of 900 Albion

Mr. Brodrick stated: “I will provide written copies of my remarks and I want them entered into the record of the discussion of this Consent Agenda Item.

In regard to the consent agenda item tonight dealing with the efforts of SPPS to dispose of our ownership of the Riverside school site at 900 Albion, I would like to offer some comments.

I am very afraid that we have reduced the sale of 900 Albion to a simple real estate deal. I submit to you that this sale is actually and symbolically part of a set of questions which we have not truly grappled with. I have continually called for the Board to publicly and in a very transparent manner talk about the Facilities Master Plan in its totality as it relates to the SSSC. I do not believe we have done that.
Tonight, as we take another step to sell 900 Albion, I ask whether we have answered all questions and concerns as to how this sale fits into our total plan and as to whether it reminds us of real estate blunders which we have recently made.

Charter schools have been aggressively recruiting students in St. Paul they have also been acquiring property and building at a huge scale. Quite honestly, they have seen the bigger picture better than we have. Could the sale of 900 Albion be another mistake on our part???

I do not know. But, I want to have full Board discussion of that, and other questions, before we make a decision we could regret.

The Riverside School site has been part of SPPS for about 100 years. It has not only been a school; it has been a green space and a place where kids have played in the evenings and weekends for years. The West Seventh Street/Fort Road corridor has a dearth of green space east of Lexington Parkway and Riverside has provided that kind of space to a unique and sometimes forgotten neighborhood. While SPPS cannot get into the business of parks and recreation, we cannot renege on our responsibility to our neighborhoods.

Whatever a developer puts on that land we will be responsible for.

We need to talk more about this sale and about our long-range plans for our Facilities Master Plan as it supports Strong Schools Strong Communities. Until we do so, I cannot approve this Consent Agenda item and, I hope I have convinced other Board members to join me.”

QUESTIONS/DISCUSSION:
The Board Chair called on the Director of Facilities to respond to questions.

- Is SPPS doing the right thing at this time? Does it need a larger strategy? Response: This item is a vehicle for selling the property not necessarily whether SPPS will sell it or not. With regard to this site, Administration has consulted with the City around its plans for the West Seventh corridor. Coming out of that process SPPS has tried to market the property with the City. Ultimately SPPS did not feel it was getting a proper valuation for that property and it was felt Facilities needed added support to achieve a valuation appropriate to the site in a reasonable time period. Regarding the long-term responsibility for the property, SPPS does want to honor the role it has held since the early 20’s but ultimately the City zoning process is what is responsible for what is developed on that site. As to timing, is there value in waiting? SPPS looked at this site during development of the FMP; for 43 years SPPS has struggled to find an appropriate use for the site. The driver of value is what is happening in the market now (Senior housing, multi-use, etc.). Now is a prudent time to divest the property from the SPPS portfolio.

- How long has the building been empty? Response: Since 2014.

- What is cost of SPPS leaving it as is? Response: The actual operating/maintenance costs are negligible at about $14,000/year. The building is an opportunity lost in that it ties up resources in a building that has no current use to the District.

- What will be different if SPPS markets the property this way with a professional company, how will that lead to increased value as part of the sale? Response: Initially there was value of partnering with the City, however staff time has been a delay due to other pressing commitments. Utilizing professional services will provide for better more timely marketing and “hand holding” efforts and opportunities. When we look at what has changed since the initial proposal it is that the senior housing market has picked up steam. Selling the property involves a fair amount of work and coaching of prospects through the process to see the value of the property, representation needs to be present in the process in a timely and ongoing fashion, this can be provided by
professional representation. The market is changing and professional resources are needed to take advantage of the market as it changes.

- This is an agreement with a broker, what is the end value? Response: We expect, with the inclusion of an outside partner it will pay for itself several times over.
- There are not a number of available lots on West Seventh, does that affect the value of the parcel? Doesn’t that argue to waiting? Response: Facilities cannot answer that – other than that it is one of the biggest plots available now.
- So there are no alternative uses for district purposes – what is the history? Response: The shape renders much of the site useless for a school site; the location is undesirable and access is poor. SPPS cannot put a financially viable size building on the site without losing most of the outdoor space for student activity. The access and functional space is very problematic. It is however good for a high density, mixed use plan.
- Are the population trends in that area for senior housing rather than families? Response: Facilities does not have that information available.
- The RFP in conjunction with the City – how long is that an operating document? Response: It is an "evergreen document" that can be reactivated at any point in time. An external partner is more advantageous at this point. If the direction of the Board is not to complete this agreement the property would remain on the market.
- Is there a price point under which it would not be sold? Response: The contract sets compensation rates and exclusivity for one year.
- It was noted the City has a comprehensive plan put together with work from all the various districts, the community has indicated what they feel is in their best interest. SPPS has the FMP which was the result of an extensive planning process. Both the City and SPPS have worked to honor a plan on how to move forward. From a process standpoint there has been a comprehensive process gone through and I personally am not concerned as this moves forward. Due diligence is what we want to see when making big decisions and that has been done in this case.
- It was stated the FMP is a plan in flux as SPPS looks at enrollment, etc. SPPS needs to assess changes as they occur. At one point this property was considered for the relocation of RiverEast. Response: SPPS continues to assess its best path forward. Up until the deed changes hands SPPS will continue to assess the use of the property for SPPS.
- It was stated, again this is a contract to engage a broker to market the property, further discussion can be had when SPPS has an offer to purchase the property in hand. The expectation is to review the FMP during its annual reassessment and take a holistic look at it so the Board can make better decisions.
- Does this allow SPPS more flexibility in the future as to needs? Response: Yes, that is the case. By approving this contract SPPS is not committing any funds until an offer is available on the property. Administration believes that by approving this contract it gives the district flexibility on what can be done with the property or income from the property as the sale process progresses.

MOTION: Mr. Schumacher moved that the Board of Education authorize administration to enter into an agreement with Cushman & Wakefield NorthMarq (CWN) for the sale of 900 Albion. Ms. Vanderwert seconded the motion.

QUESTIONS/DISCUSSION:

- **What is the Board being asked to do?**  
  Response: When the Board agreed to go into the Personalized Learning Process it did so judiciously with a set up of four different lease schedules for iPad purchases. It was aware that over the eight years of the referendum SPPS would have to refresh the devices and now is that time. The schedule of leases is due and they need to be either turned in or purchased. SPPS has worked with Apple to consolidate future purchases into one lease. Right now it is only iPad leases that are coming due, MacBooks will occur later. The plan is to lease new iPads and sell the old devices.

- **There are 44,370 devices.** Some devices have been lost or damaged, these will be prorated to current value. Some devices will be retained for use by EAs and TAs.

- **What is the projected value of those sold?**  
  Response: The purchase is $3,462,800. The estimated sale value is $4.5 million. This is all dependent upon timing and following defined SPPS purchasing procedures.

- **Is this an advantageous time to sell?**  
  Is there a market for used technology?  
  Response: Yes

- **Will SPPS continue to lease?**  
  Response: Yes, it is a good model so equipment can be kept updated. Staff and students have indicated a need for more memory. Again these will be under one lease schedule which will be easier to manage.

- **How does this affect the bottom line and fund balance – is it a profitable operation?**  
  Response: Yes, this is profitable for the district and provides more opportunities for the District and puts resources back into the general fund.

- **When would SPPS get the money?**  
  Who evaluates this?  
  Response: The leaseholder has a fair market value for the devices. When SPPS sells them it has an RFP process to have companies come in to see and grade the devices based on a valuation sampling. SPPS has discussed the process with other districts who have utilized the process. This shortens the cash flow process.

- **Staff provided a quick review of the results they have on the value of Personalized Learning to students and teachers.**

- **The Board stated it needs to be able to document the success of the Personalized Learning Program for future referendum and sooner rather than later.**

- **Does SPPS have flexibility on timing of purchases and sales?**  
  Response: Yes, however SPPS does need to own the devices before it can sell them.

- **If SPPS does not like the bids is there another plan for use of iPads?**  
  Response: The devices are at the end of their schedule and have to be returned to the leasing agency. If they are purchased and kept they will reach "end of life"; to postpone this puts SPPS into a poorer financial situation later. Timing is everything and now is the time.

- **If we continue to use purchased iPads would we lease fewer iPads?**  
  Response: SPPS goal is to stay with the latest and greatest technology. We need to keep in mind the current iPads will go end of life and SPPS will not be able to use certain aspects of the programming. iPads have a 3-5 years timeline in best practice. It is not wise to do pay as you go for technology.

- **Is there a stable market for used devices?**  
  Response: Yes, the devices do depreciate in value but iPads have a good depreciation history. In looking at timing for purchasing the newest devices IT uses a 6 month lag time for the price drop.

- **It was noted the lease for new iPads is not on consent agenda this month. SPPS is working with Apple to negotiate a new agreement and IT hopes to have that to the Board in March.**  
  What is happening with these two items is SPPS is accepting the letter of intent to sell and intent to buy once a full lease agreement is negotiated. There is a delineated time line for the process.
MOTION: Mr. Marchese moved the Board of Education authorize the Superintendent to sign the iPad Fair Market Lease Purchase Agreement and that the Board of Education authorize the Offices of Teaching and Learning and Technology to post a request for bid for the sale of iPad inventory.

The motion passed with the following roll call vote:

Mr. Vue Yes
Ms. Vanderwert Yes
Mr. Schumacher Yes
Mr. Marchese Yes
Mr. Brodrick Yes

Mr. Brodrick indicated that for the next items F1-F31 he would be voting no. He indicated he is not voting against providing a facility for SPPS's most needy students but rather he is voting no as he has been disappointed in the process that resulted in putting the facility at an undesirable site in his opinion.

The motion passed with the following roll call vote:

I. CALL TO ORDER

The meeting was called to order at 4:32 p.m.

II. AGENDA

A. 2017-18 Budget Guidelines

The Chief Financial Officer stated the proposed budget will reflect the District’s Strong Schools, Strong Communities 2.0 (SSSC 2.0) strategic plan as adopted by the Board of Education (BOE). The budget is the District’s financial plan that must sustain the academic plan. The District must maintain a stable financial system and effective operational practices, so that students and staff have the resources they need to succeed inside and outside the classroom. School and Program budgets will use the five focus areas: Racial Equity, Personalized Learning, Program Articulations and Alignment, Post-Secondary Preparation, and Infrastructure and Systems, in their budget preparations.

1. Preparing Budget Calculations

The Budget Model will be a modified roll-over budget method. Revenue will be calculated using current law. The Finance Office will project salary and fringe benefits using actual salary and benefit amounts if labor contracts have been negotiated and all non-personnel budget items will reflect no more than two percent (2%) inflation except for items related to contractual commitments.

The Office of Research, Evaluation, and Assessment (REA) will prepare District enrollment projections for 2017-2018.
A table detailing the average salary and benefits will be provided for budget preparations.

In accordance with BOE policy, the budget will maintain an unassigned fund balance of five percent (5%) of annual General Fund expenditures. District administration will inform the BOE on potential use of unassigned fund balance during the initial budget planning presentation to the BOE. The District will continue to increase its future unassigned fund balance level to six percent (6%) or greater.

2. Creating the Budget
For the Schools, a continuation of a refined blended Site-Based and Centralized funding method will be used for schools in 2017-2018. Most staffing allocations are criteria based and determined by enrollment and type of school.

Non-School Programs will be reported into three (3) categories: Central Administration, District-wide Support, and School Service Support.

3. Compiling and Presenting the FY18 Budget
Summary information will be presented for schools and programs in the preliminary budget document. Each summary page will include an analysis of the changes to the current year budget that are impacting the schools and programs.

Fully Financed budgets with anticipated revenues and expenditures that are over $500,000 for the 2017-18 school year will be included in the Adopted budget.

Other Resources Allocated to Schools will show up in the adopted budget document and will include a school by school detail of resources allocated to schools such as grants, special education, operations, and student activities, to name a few.

Administration will present a balanced budget to the BOE. The budget for 2017-18 must be approved by the Board of Education by June 30, 2017. The Adopted budget will be published on the Business Office website (http://businessoffice.spps.org).

| MOTION: Mr. Brodrick moved the Committee of the Board recommend the Board of Education accept the 2017-18 Budget Guidelines as presented. Ms. Vanderwert seconded the motion. | Motion passed |

- Option 1 - Preliminary revenue with all potential revenue increases and no reductions to preliminary expenditures
- Option 2 - Preliminary revenue with 1% formula and Special Ed increases and all reductions to preliminary expenditures

The CFO presented the proposed FY 17-18 budget adoption calendar.

**Questions/Discussion:**

- The Fund Balance is 5.8%. How much does the .8 represent? Response: $4 million.
- PERA – have they been contacted for discussion; No - when looked at this last year PERA is larger and not entirely dependent upon SPPS. They are hopeful SPPS will discuss this with them so they can, in turn, discuss with staff.
- Is St. Paul Federation of Teachers interested in SPPS applying for QComp funds? Response: They have indicated they have six conditions to be met before they will agree to enter into it.
- The options for reductions – SPPS has set up a budget advisory committee and asked them to provide feedback on reduction recommendations. The group’s feedback will assist the Board in their considerations.
- For the areas for reduction – which will result in staff reductions in buildings or elsewhere? Response: Eliminating one time allocations - $2 million went to supplies and one-time only funding. SSSC 2.0 program additions for the most part went for positions needed in different schools to offset FTE loss -- IB coordinator, Aerospace...
coordinator, fill mandated programs, etc.) Enrollment related staff reductions will have staff reductions at building or program level. 1% program reductions will affect central admin budgets. Vacant positions attrition, etc. will involve staff. A Board member noted it would be helpful to unpack this a little to better understand this. When SPPSs has retirements (approximately 120/year) the individuals are at the top of their salary scale when they are replaced there is generally a lesser cost in salary. Negotiated contracts – HR is working on this process to allow for some savings; SPPS needs to slow salary growth somewhat over next couple years. SPPS is looking at significant staff reductions or holding the line so it is important when thinking about added revenue sources. An absence of additional revenue will lead to staff layoffs. SPPS is looking at protecting what is going on in the buildings as far as possible.

- Would the budget committee need to look at funding sources and designate what is considered important to the district and how to support those? Looking at it strategically.
- Need to make bargaining units aware of what is to come as there may be hard choices in the future for both the district and employees.
- On the SSSC items, we will get input from many; can this input be tied into SSSC considerations? Yes.
- It was noted the SSSC funds offered additional support to magnet schools.
- SPPS and the Board need to be more strategic in budget discussions and reductions. We need to resolve inequities, etc within district also. We need more information on the SSSC program items.
- We should also have hopes/expectations about programs that could grow.
- It was stated SPPS hopes the community understands decisions made are for the common good and needs of all programs. There is a strong equity focus and concern that all children do well and budget reflects this.
- The Superintendent stated he is optimistic – SPPS is an excellent district with excellent people working for it. There is a need to talk about what the focus will be on and build on that. The district needs to be structurally sound. He stated 85% of every dollar goes for salary and benefits. SPPS knows enrollment is the way to grow revenue. The purpose of SPPS is teaching and learning. SPPS needs to develop partnerships with employee groups.

C. Racial Equity Spotlights: SPPS/NUA & Innocent Classroom

SPPS identified an achievement gap that was predictable by race. Academic results for students of color have historically been lower than those of white students and this is true regardless of income.

To address this SPPS has built a foundation based on Pacific Educational Groups "Beyond Diversity" training and their Courageous Conversations which utilizes the four agreements (stay engaged, experience discomfort, speak your truth and expect/accept non-closure); the six conditions (focus on personal, local and immediate, isolate race, normalize social construction & multiple perspectives, monitor agreements, conditions and establish parameters, use a working definition for race and examine the presence and role of whiteness) and the Courageous Conversations compass in order to engage, sustain and deepen interracial dialogue about race.

The District’s desire was to move toward “culturally responsive instruction.” However, the language was used widely, the term was used in very general terms and had no clear definition. The Office of Equity created a framework for Culturally Responsive Teaching and used the LEARN framework to identify programming that built on foundational training and developed learning environments which were engaging, rigorous, equitable and safe for all staff and students.

LEARN is an acronym for Lesson strategies and classroom practices (classroom action), Examination of data through a racial and cultural lens (matching the strategy to data), Awareness (putting up the mirror), Racial equity leadership (my role as an educator),
Navigating cultural competence and personal development (windows and mirrors). More in-depth descriptions of each letter was provided.

The learning cycle is building awareness and raising consciousness, shifting mind-sets and beliefs and putting it into practice. A definition of the "Vision of Equity" was provided in the presentation.

The programs used to reach this end are:

- **Innocent Classroom** - the program rebuilds the relationship between educators and students, particularly students of color. It guides teachers to uncover students' basic motivation and goodness and helps them channel that insight into learning and growth. This approach undermines the negative effects of societal stereotypes, low expectations and implicit bias.

- **SPPS/National Urban Alliance (NUA)'s ground text is "The Pedagogy of Confidence" by Dr. Yvette Jackson and concentrates on five classroom focus areas:** Increasing student engagement/motivation, situating learning in the life of the student, providing culturally responsive teaching, concentration on classroom climate and self-directed learning.

The Heights Community School provided a "spotlight presentation" on their use of Innocent Classroom. They created a strong community with focused instruction and critical partnerships that effectively met the academic and social needs of all students.

The process for developing this began in SY 2015-16 with two new administrators who utilized an assessment of culture and belief and an assessment of needs of staff as a starting point. The leadership team focused on representing all grade levels, use of specialists (SPED/MLL/Admin), ensuring a feedback loop, building shared leadership and building capacity around equity work (protocol tools and leadership retreats in 2015 and 2016). The Office of Equity collaborated with them by having them complete the Banks Survey, conducting sessions on "cracking the code," instituting the use of the AMAZE curriculum in PLCs and ensuring all staff were trained in Beyond Diversity.

Innocent Classroom is a natural progression in the process as it acknowledges racial diversity, provides tools to talk about racial equity and how staff see and talk about their students with the use of tools in connection to racial equity.

In SY 2016-17 the school continued building their leadership team, grew a Reflective Teacher Practice, continued their annual leadership retreat and utilized a book study for the leadership team of "Between the World and Me" and began connecting the work with IC, RC and AMAZE in their PLCs and referral process. All licensed staff has been trained in Innocent Classroom, Responsive Classroom and are sustaining IC in their work. They are utilizing the AMAZE curriculum and have connected their work with IC, RC and AMAZE in their PLCs and referral process. They are growing a Reflective Teacher Practice and continuing their leadership retreats. Learn about scholars and unpack their needs and desires

In SY 2017-18 they will work toward building a racial leadership team and then roll it out to all staff along with moving deeper into reflective practices. The school is moving toward an Innocent Classroom School three-year plan along with equity learning walks.

The school has seen shifts in school culture in relationships, a calm culture, bus referrals and ODR referrals. Evidence of success with Innocent Classroom: 53% reduction in weekly referrals reported since beginning the IC training; 81% of educators have a more positive daily outlook as a result of taking IC; 91% of educators have seen more academic growth than usual in students as a result of taking IC; 92% of educators reported an increase in academic mindset when they used IC strategies and 95% of educators area better able to redirect student behavior in a positive direction because of the knowledge, skills and practice gains from IC.
Bruce Vento staff provided an overview of culturally responsive instructional practice from NUA (National Urban Alliance). NUA is a supplemental curriculum based on the belief that every child should be given access to strategies used for gifted students. It values the concept that all students have the capacity to attain their innate intellectual potential, regardless of race.

Staff outlined Vento values.
- Collaboration and Relationships - knowing their students, families and colleagues, co-teaching at all grade levels and working in partnership with the U of MN.
- Racial Equity and Success - they are reflective regarding school-wide practices and beliefs and value an inclusive environment.
- Positive and safe environment - reflecting school pride/culture and consistency across the building.
- Whole Child Development - NUA offers understanding how the brain works, culturally responsive teaching, multiple means of representation and being a trauma sensitive school.
- Innovation - an example being the Vento Community Garden and NEU model-college partnership.

Staff reviewed their equity journey from 2014 through 2017. Their instructional focus started with having NUA notebook when lesson planning, it is now embedded in daily instruction, pulling out resources as needed. It is "brain-based" training. It involves higher engagement utilizing culturally responsive NUA strategies.

In the 2015-16 school year the 5th grade had the highest proficiency they have ever had coming in. 23% of students made 10 or more points growth in both reading and math from the OLPA to the MCA; 41% of students made 10 or more points growth in reading or math from the OLPA to the MCA.

Evidence of success with SPPS/NUA shows 100% of survey respondents agreed or strongly agreed that the professional development helped them incorporate culturally relevant NUA strategies into their teaching practices. 79% of respondents indicated they met with their colleagues on a regular basis to talk and share culturally relevant teaching strategies. 86% of respondents indicated they incorporate NUA strategies into their teaching practices more than a few times a week and 100% of respondents indicated they noticed an increase in student engagement since implementing the NUA strategies.

QUESTIONS/DISCUSSION:
- How did the program come to the Heights? Response: The school looked at options offered by Office of Equity to establish next steps. It is a 3 year program. The Office of Equity used the Heights as a pilot program to see what the program is like when it goes whole school.
- Time commitment how does that work with staff over three years? Response: The first year was very intense. We looked at a timeline for staff development and put it into PLCs and other work.
- What are labs? Response: An IC presenter does a refresher and staff have conversations around specific students. This work helps in finding student’s good and help them with academic achievement, self regulation and behaviors. Labs are important as they involve intensive engagement, individualized to students/teachers.

D. Hmong PAC Presentation
The vision of the Hmong Parent Advisory Council (HPAC) is to develop and implement equitable practices for and with their students, their families, district leaders and community members. Its mission is to advance parent partnership with SPPS in the design and evaluation of district curriculum, policy and research.
Their successes include: support and resources for PACs, ad hoc committee for superintendent search, budget committee, hiring Dr. Yeu Vang as director of Multilingual Learning Department, allocating resources to support HPAC host council and district-wide events and continued support and growth for HDL.

Their long-term goal is to expand the Hmong Dual Language program so it continues to grow, thrive and provide equitable access to learning in both the English and the focused language and culture - Hmong, including district-wide busing, rigorous curriculum, strong family and community partnerships. They envision an individual building dedicated to the program available for the entire district.

Hmong PAC recommendations for the 2017-18 school year are:

1. HDL Transportation
   Challenges are transportation is not available district-wide. Students are turned away from regional HDL program due to full capacity. HPAC recommends SPPS provide transportation across the district if the regional school's HDL program has reached enrollment capacity. Noted expansion of two charter schools that will impact SPPS enrollment. Lost families due to new transportation guidelines SPPS implemented.

2. HDL Curriculum
   The challenge here is HDL students do not have equitable access to curriculum and materials like mainstream classes. HPAC recommends SPPS provide more resources to develop and grow the current HDL curriculum. Resources have been developed by teachers and translated by them as well. Resources are very limited.

3. Hiring Vacant Jackson Principal Position
   HPAC recommends SPPS hire a principal who is knowledgeable of the HDL program, immersion education and that a community partnership be built that is knowledgeable of the Hmong community, history and culture. Important to know new leader who needs to be culturally sensitive to value systems and support staff and teachers. Advocate to improve achievement gap and work with families and community to support the children and celebrate community diversity.

4. Hire Teachers of Color
   HPAC stated SPPS teachers of color are not reflective of the student population and recommends SPPS hire more teachers of color for the schools that have a larger diversity of student population.

HPAC completed a survey of current HDL families (both Phalen and Jackson). Of 122 surveyed, 100 responses were received. The objective of the survey was to:

- Find how interested parents are in Hmong culture, language and literacy -- 83.67% were very interested, 16.33% were somewhat interested.
- How important transportation is -- 85% were very interested, 13% somewhat interested.
- What is the greatest determining factor for choosing an HDL program -- 59% curriculum, 15% program services, 7% class size and 19% a combination of the factors.
- How much exposure should a student have to Hmong language per day -- 33% (100% one-way immersion), 57% (two-way immersion) and 10% a combination
- How much support is out there for HDL one-way immersion program and/or school -- 67% very likely, 9% somewhat, 1% not interested and 23% other comments.

Conclusions reached from the survey were:
- Parents in HDL program highly value the Hmong culture, language and literacy
- Transportation is very important in choosing a school
- HDL curriculum is the greatest concern and value when choosing a program
- Parents want exposure to Hmong language between 50-90%
• Parents are most likely supportive of a one-way immersion Hmong language program or school
• Parents want choice of programs offered: one-way and two-way immersion.

HPAC's next step in requesting a written response from the Board (Administration) by March 31 outlining the intentions, plans and actions. HPAC needs better responsiveness in their requests for data. They have requested that SPPS be the first district to disaggregate MDE data. They stated they are holding the Board responsible to address Hmong PAC requests.

QUESTIONS/DISCUSSION:
• When looking at HDL programs if they were provided with citywide transportation that suggests the schools become citywide magnet schools? Response: Yes, citywide transport and/or one building for Hmong studies. The community wants to grow the program.

E. Somali PAC Presentation
The Somali PAC (SPAC) presented their 2016-17 recommendations to the SPPS Board and Administration. SPAC is a parent group supported and coordinated through the Office of Family Engagement and Community Partnerships. It was created in 2011 to encourage Somali families and parents to become active participants in their children's education. Somali parents and the Somali community value all levels of education and view education as an important step to success for integration and socio-economic advancement.

The Goals of SPAC are:
1. Somali Culture - create and implement Somali language and culture classes at school sites by providing a culturally responsive K-12 social studies curriculum. Provide Muslim/Somali cultural orientation that would showcase examples of Muslim/East African members as positive role models within the SPPS community.
2. Literacy - revise reading materials that are being used in the schools. SPAC found some books for children not appropriate for their community cultural values.
3. Recruiting/Retaining Somali Personnel (Support in the Schools) - Hire more Somali staff to support schools with Somali students (interpreters, bilingual EAs and teachers). Utilize Somali staff in the areas most needed rather than performing other tasks not directed at supporting students and families.
4. A Safe and Welcoming Environment -- reassure the Somali school community that the SPPS district will not tolerate bullying and intimidation against the Muslim/Somali community.

SPAC's next steps include:
• Continued work with the Office of Family Engagement and other SPPS departments
• Organizing monthly meetings to inform and educate Somali parents with education related topics
• Strengthen the collaboration among home, school and community.

QUESTIONS/DISCUSSION:
• What are the issues with the books? Response: They are books talking about gods, Greek mythology.
• Is the Somali community aware of SPPS and the Board's January statement about immigration and how the schools work with all children to keep them safe? Are parents familiar with policy? Response: Yes. This was followed by in depth discussion around bullying, harassment, etc. of Somali students in the schools.
• SPAC stated they need someone who understands their culture and language to help them work through the system at schools where there are Somali students. Teachers and administration's job is to provide someone to help them culturally and with language so their students can succeed. Lacking this, families will move to charter schools.
F. Presentation on Achievement and Integration Plan

The purpose of the presentation was to present the Achievement and Integration (AI) Plan for 2017-2020 school year and for the Board to approve the plan. The AI program is required by Minnesota statute section 124D.861 and 124D.862. The purpose of the program is to:

- Pursue racial and economic integration
- Increase student achievement
- Create equitable educational opportunities
- Reduce academic disparities based on students' diverse racial, ethnic and economic backgrounds in Minnesota public schools.

In previous plan had very aggressive goals, the goals offered for 2017-20 are more realistic and more in line with what other districts are doing.

**Goal 1** is Growth, to reduce the largest difference among student racial groups by three percentage points or more of the percentage of students making medium or high growth by 2020, as measured on the MCA reading exam. The baseline is in 2016 the largest gap was 12 points between Black students at 60% and Asian students at 72%. Interventions under Goal 1 included:

- Racial equity PD
- AVID PD
- Bilingual EA PD
- Preschool partnership
- Student field trips (Belwin and Planetarium)
- Classroom partnerships
- Summer programs
- Racial equity - Multicultural Resource Center
- Family engagement.

**Goal 2** – Graduation goal is to increase the district graduation rates for all student groups of color by two percentage points by 2020, as measured by the MDE four-year graduation rates. Baseline 2016 rate was American Indian 50.0%, Asian 77.6%, Black 70.7% and Hispanic 71.8%. Interventions in this area include:

- AVID
- American Indian studies
- American Indian transition services
- American Indian supplemental services
- Student leadership and engagement programs
- HBCU college tour

**Goal 3** is School Choice goal is to support families as they navigate the school choice process, SPPS will deliver and/or participate in 200 or more outreach events related to school choice each school year through 2019-20 (baseline is SY 15-16 - 195 events). Interventions under goal 3 included:

- Transportation services
- Magnet school FTEs
- Student Placement Center and Reflecting St. Paul
- Facilities Master Plan

A school is designated as a Racially Identifiable School (RIS) if its percentage of students of color is 20 points or more higher than the district average for schools serving the same grade level. The RIS(s) for SY 16-17 are: Mississippi, Obama, Phalen Lake, Riverview and Highwood Hills. Each school set their own Achievement and Integration goals.

The budget ($16.2 million) breakdown/allocations according to category are 90% direct student services, 7% Admin indirect and 4% PD. By category (in millions)

- Transportation $7.2
• Magnet school FTEs 4.5
• RIS school FTEs 1.6
• Student Placement Center 1.1
• American Indian Programs 0.7
• Racial equity PD 0.6
• RIS innovation allocations 0.5
• AVID 0.3
• Other 0.5

Next steps are to submit the plan and budget to MDE by March 15; to include the final plan and budget on the Consent Agenda at the March 21 Board meeting and present the final annual report for the current plan in December.

QUESTIONS/DISCUSSION:
• The committee that did the work on this – do you have a roster? The Board would like to see the makeup of the group before the March BOE meeting
• The Integration Task Force as it works on looking at things down the road, may have items with fiscal impact requiring programmatic changes. Can SPPS make adjustments to the Plan for FY 19? Response: Yes, we have built some flexibility into the plan.
• If Crosswinds joins the SPPS portfolio of schools it will have opportunity to play a part in the integration plan. Can that be built in for future years? Response: Yes, through the FMP piece.
• When the Plan is sent to MDE do they approve it? Response: They do, it may take some time (month to 6 weeks) to get approval or a response as to where changes might be needed. The Plan is put into the overall district budget.
• Has MDE not approved a plan? Response: They may have but it has not happened to SPPS.
• There is a lot of money directed at transportation. Does SPPS track it to see how effective it was. Response: That is tracked through one of the VisionCards in the data on how many students attending schools other than their community school, another community school or a magnet that meets students' needs. In Middle and High school many more students do attend their community/pathway school. For magnet schools SPPS wants to see fairly equal number of students from all areas. For community schools it wants a disproportionate number attending their community schools. It also looks at how those attending community schools stay within defined pathways.

MOTION: Mr. Marchese moved the Committee of the Board recommend the Board of Education accept the 2017-2020 SPPS Achievement and Integration Plan. The motion was seconded by Ms. Vanderwert.

Motion passed.

G. Standing Item: SEAB Statement on Policy -- See Policy Update

H. Standing Item: FMP Update - None

I. Standing Item: Policy Update

1. Policy 501.03 - Students - Dress Code
Revision of this policy was included in SEAB's December inclusivity presentation. The Policy Work Group met and developed amendments to the current policy. A draft of the changes was sent to all principals and SEAB for feedback.

Amendments included:
• The addition of cross-references to existing SPPS policy
• Addition of a statement restricting requirements based on gender.
The Work Group recommendation is to advance the revised policy to the Board for the three reading process.

MOTION: Mr. Marchese moved the Committee of the Board recommends the Board of Education bring Policy 501.03 - Students-Dress Code to the March 21 Board meeting for its first of three readings. Ms. Vanderwert seconded the motion.

Motion passed

2. Policy 801.01 - Buildings & Grounds - Name Selection
Revision of this policy was included in SEAB's December inclusivity presentation. The Policy Work Group met and developed amendments to the current policy.

Amendments included:
- The addition of cross-reference to the Racial Equity Policy.
- Addition of a statement with requirements for naming after a person.

The Work Group recommendation is the advance this policy for the three reading process. It was noted the SEAB does not agree with the Work Group's recommendations.

The SEAB representative asked "why did the work group leave it up to communities to advocate for name change rather than doing it administratively? Response: That is the way it has been set up through policy. The communities have a lot to do with schools and making decisions without community input on their feelings regarding a name change would not be acknowledging that involvement. SPPS is a public organization and a community driven process to change a school name should involve the school community. SEAB could advocate with school but changing a school name should start within the school community.

The policy is clear to communities if there is interest in making a change and the process is in place to accomplish a name change and the process has worked well historically.

MOTION: Ms. Vanderwert moved the Committee of the Board recommends the Board of Education bring Policy 801.01 - Buildings & Grounds - Name Selection to the March 21 Board meeting for its first of three readings. Mr. Schumacher seconded the motion.

Motion passed

Upcoming policy agenda topics include working with the Special Education Advisory Council and the Office of Specialized Services on major updates to Policy 508.00 - Pupils with IEPs and working with the Wellness Committee on updates to Policy 533.00 - Wellness Policy to align it with new mandates in the Healthy and Hunger-Free Kids Act.

QUESTIONS/DISCUSSION:
- The graduation attire policy, where are we on that? Response: We are not making any adjustment to the policy but will pilot the proposed process at two schools.

J. Standing Item: SSSC 2.0 Update - None

K. Work Session
The Board spent time reviewing the selection and interview process as outlined by the Design Team and the consultants. A Board training session will be presented by the consultants on the process.
III. ADJOURNMENT

A motion was made to adjourn the meeting by Mr. Marchese, seconded by Ms. Vanderwert. The motion passed.

The meeting adjourned at 9:47 p.m.

Respectfully submitted,

TOPIC: Authorization of Saint Paul Public Schools Adult Basic Education to Work in Conjunction with Saint Paul Community Literacy Consortium to Complete a Re-Compete Application for Federal Adult Basic Education Funding

A. PERTINENT FACTS:

1. The Minnesota Department of Education is currently accepting applications from adult basic education consortia, which may include nonprofit organizations, public school districts, community-based organizations, faith-based organizations, public post-secondary institutions, Minnesota Department of Corrections or tribal authorities.

2. SPPS along with SPCLC is asking for approximately $750,000 from federal funds. The exact amount will be based upon the final count of learner hours during the 2015-17 school year.

3. This Adult Basic Education funding will help empower Adult students throughout Saint Paul to receive basic skills education, English literacy training, occupational classes and wrap around services to help them transition to higher education or the workforce. This item supports the district goals of achievement.

4. This item is submitted by Scott D. Hall, Adult Basic Education Supervisor, Lynn Gallandat, Community Education Director and Jackie Turner, Chief Operation Officer.

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (or Designee) to submit a grant application to the Minnesota Department of Education for a re-compete of Adult Basic Education federal funding and act as fiscal agent for funding through the SPPS Adult Education Program and the Saint Paul Community Literacy Consortium.
DATE: March 21, 2017

TOPIC: Request for Permission to Submit a Grant Application to the Minnesota Department of Transportation

A. PERTINENT FACTS:

1. The Minnesota Department of Transportation Safe Routes to School program is currently accepting grant applications for projects that increase the likelihood students will walk or bicycle safely to school.

2. Saint Paul Public Schools Office of Student Wellness has prepared an application for funds to enact a plan for safer routes around Benjamin E. Mays, Capitol Hill and Maxfield Schools. If successful, this request will result in planning assistance from a SRTS planning and facilitation expert hired by Minnesota Department of Transportation. Staff at the program researched this grant opportunity.

3. This project will meet the District strategic plan goal of sustainability.

4. This item is submitted by Mary Yackley, Student Health and Wellness Supervisor; and Jackie Turner, Chief Operations Officer.

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (designee) to submit a request to the Minnesota Department of Transportation Safe Routes to School program for assistance in planning safer routes to and from the Rondo Complex schools and Maxfield Elementary; to accept the award, if received; and to implement the project as specified in the award documents.

TOPIC: Request for Permission to Submit a Grant to TKDA

A. PERTINENT FACTS:

1. TKDA, a Saint Paul-based engineering and architectural firm with more than a century of history, has begun a corporate giving program. It has invited, from Farnsworth Lower School, a proposal for STEM initiatives.

2. Farnsworth Lower School has in turn prepared an application requesting approximately $5,000 to be used for a variety of STEM-related activities including field trips and supplies.

3. This project will meet the District strategic plan goal of achievement.

4. This item is submitted by Laura Saatzer, Principal; and Kate Wilcox-Harris, Chief Academic Officer.

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (designee) to submit a grant to TKDA to fund STEM activities at Farnsworth Lower School; to accept the grant if awarded; and to implement the project as specified in the award documents.
DATE: March 21, 2017

TOPIC: Request for Permission to Submit a Grant Application to the US Department of Education

A. PERTINENT FACTS:

1. The US Department of Education is currently accepting grant applications for the Magnet School Assistance Program, which seeks to prevent, reduce or eliminate minority group isolation by funding projects to implement magnet schools with academically challenging, innovative instructional approaches or specialized curricula designed to bring students from different social, economic, ethnic and racial backgrounds together.

2. Saint Paul Public Schools has prepared an application for funds to enhance the Creative Arts Pathway by building K-12 vertical alignment in arts curriculum, creating an integrated arts framework for each pathway school, and providing the necessary equipment, staffing and supplies to realize these activities. Ultimately, the project will provide a premier arts-focused education that prepares students for college and career. Saint Paul Public Schools will serve as fiscal agent. This grant is for up to $15 million. Staff in the pathway schools and department leads have been included in the development of this project.

3. This project will meet the District strategic plan goals of achievement, alignment and sustainability.

4. This item is submitted by Dr. Carlondrea Hines, Principal of Creative Arts Secondary School; Bryan Bass, Principal of Linwood Monroe Arts Plus; Be Vang, Principal of Mississippi Creative Arts School; Heidi George, Principal of Four Seasons A+ Elementary School; Barbara Evangelist, Principal of Saint Paul Music Academy; Hans Ott, Assistant Superintendent of Teaching and Learning; Theresa Battle, Assistant Superintendent of High Schools; Lisa Sayles-Adams, Assistant Superintendent of K-8 and Middle Schools; Andrew Collins, Assistant Superintendent of PreK-5 Schools; Jackie Turner, Chief Operations Officer; and Dr. Kate Wilcox-Harris, Chief Academic Officer.

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (designee) to submit a grant to the US Department of Education for funds to enhance the Creative Arts Pathway schools; to accept funds, if awarded; and to implement the project as specified in the award documents.
DATE: Tuesday, March 21, 2017

TOPIC: SPPS 2016 S-Term Site at St. Paul College

A. PERTINENT FACTS:

1. This recommendation reflects an amendment to a previous contract with St. Paul College in which the total amount exceeds $100,000. St. Paul Public Schools utilized facilities at St. Paul College during Summer Term (S-Term) 2016 including classrooms, the cafeteria, laptop carts, and parking facilities.

2. S-Term classes at St. Paul College provided credit recovery opportunities for over 1000 incoming and outgoing 12th grade students.

3. This project meets the District strategic plan goal of credit recovery for students pursuant to Minnesota Statute 124D.68, the Graduation Incentives Program. In addition, the opportunity for students to complete credit recovery on a college campus allows them to envision their own futures in higher education, as well as strengthening the relationship between St. Paul Public Schools and St. Paul College.

4. This item is submitted by Jon Peterson, Executive Director, Office of College and Career Readiness (OCCR) and Kate Wilcox-Harris, Chief Academic Officer.

B. RECOMMENDATION:

That the Board of Education authorize the Superintendent (designee) to approve the expending of additional ALC funds in the amount of $10,358.50. This amount reflects an amendment to funds previously designated in the amount of $99,800. The total ALC funds to support S-Term 2016 opportunities at St. Paul College for the purpose of credit recovery is now $110,158.50.
DATE: March 21, 2017

TOPIC: Permission to Enter into Lease Agreement with Apple for iPads

A. PERTINENT FACTS:

1. Permission to enter into a sole source lease agreement with Apple, Inc. for iPad devices. The agreement will also include technical support, professional development, iPad cases, Device Enrollment Program and AppleCare+ which includes: three year extended warranty; and extended phone support for students, parents and SPPS staff. This agreement will amend the Master Lease agreement dated August 1, 2014.

2. Lease Schedule No. 1 is a four-year lease agreement. It includes the financing of the early termination of Lease Schedule No. 1 to the Master Lease Purchase Agreement dated May 20, 2015 (“Refinanced Schedule”). The first payment will be due August 1, 2017 in a total amount of $8,273,163.46. Subsequent payments will be $6,501,740.46 per year with a total cost of $27,778,384.84 over the life of the lease.

3. Apple, Inc. is the considered a sole source, with leases that offer the unique characteristics of serial number registration and the telephonic support for SPPS staff.

4. Funding for leases will come out of the Personalized Learning Referendum dollars.

5. This project will meet the District target area goals by ensuring high academic achievement for all students, aligning resource allocation to District priorities and strengthen relationships with families. Equitable access to iPads for all SPPS students:
   a. Enhances student engagement and access to resources that reflect student cultural and racial identities;
   b. Provides multiple ways of learning;
   c. Allows for learning to extend beyond the classroom;
   d. Can be customized to student needs; and
   e. Provides a platform for increased communication with families.

4. This item is submitted by Hans Ott, Assistant Superintendent, Office of Teaching and Learning; Idrissa Davis, Deputy Chief of Technology Services; Jackie Turner, Chief Operations Officer and Kate Wilcox-Harris, Chief Academic Officer.

B. RECOMMENDATION:

That the Board of Education authorizes the Superintendent (designee) to enter into a sole source Lease Agreement with Apple, Inc. for iPad devices, for a total of $27,778,384.84 over the life of the lease.

TOPIC: Cisco VoIP

A. PERTINENT FACTS:

1. Our District Voice Over Internet Protocol (VoIP) is past end of life and needs to be replaced. Our VoIP system supports all of the front end Telephony services such as the various desk phones, sending and receiving voice calls, voice mail, call forwarding, Meet-Me conference, and other features. This request is to replace the back-end infrastructure that supports those features. It would include replacing routers, switches, gateways, installation and configuration. The plan is to not replace the current desk phones. In addition, the following additional solutions will be upgraded:
   a. Prime Appliance – which manages our WiFi access points and now includes routers and switches for a single pane of glass to provide support.
   b. Virtual Private Network (VPN) – allows users to dial in remotely to get access to IT services such as network shares (file sharing), and other tools that are not public facing.

2. The solution will be bought through our vendor DataLink, and the purchase will be made off of Minnesota State Contract #41910.

3. The purchase is over $100,000 and board approval is required.

4. This purchase has been reviewed by Marie Schrul, Chief Financial Officer, and Tom Parent, Director of Facilities.

5. Funding will be provided by the Technology Services and Facilities budgets.

6. This purchase meets the District Strategic Plan goals by aligning resource allocation to District priorities.

7. This item is submitted by Idrissa Davis, Deputy Chief, Technology Services.

B. RECOMMENDATION:

That the Board of Education authorize administration to approve the proposal from DataLink for the VoIP phone system replacement in the amount not to exceed $1,300,000.
DATE: March 21, 2017

TOPIC: Recommendations for Exclusion of Students in Non-Compliance with Minnesota Statute 123.70 Health Standards: Immunizations

A. PERTINENT FACTS:

1. There are students in the district who are not in compliance with M.S. 123.70 Health Standards for Immunizations. The students’ parents/guardians have been informed of needed immunizations, provided a copy of the law, and given information about community immunization clinics. A contact is made to verify the parents/guardians know that the child is non-compliant, understand the law, and are aware of the possible exemptions to the law. All parents/guardians have had a minimum of 30 days to comply with the law after they are informed that their child is non-compliant.

2. A list of the students is under separate cover.

3. This project will meet the District target area goals by ensuring high academic achievement for all students.

4. Requested by Mary Yackley, Supervisor, Student Health and Wellness, and Alecia Mobley, Interim Assistant Superintendent, Office of Specialized Services.

B. RECOMMENDATION:

That the Board of Education excludes the named students from school effective March 30, 2017, should they not comply with Minnesota State Health Standards for Immunizations on or before this date.
DATE: March 21, 2017

TOPIC: Microsoft Office 365 Implementation Services

A. PERTINENT FACTS:

1. Technology Services is planning to move the District from Lotus Notes email system to Microsoft Office 365. This is part of Technology Services strategy to reduce licensing costs, email support, and improve email availability. In addition to upgrading email, Technology Services is planning to move User storage to the cloud (OneDrive), as well as roll-out a meeting and presentation tool called Skype for Business. In order to ensure a successful roll-out the District should utilize implementation expertise.

2. N2N Technologies has submitted a proposal that has been reviewed by Idrissa Davis, Deputy Chief, Technology Services.

3. The purchase is over $100,000 and board approval is required.

4. Funding will be provided by the Technology Services budget. Total cost is not to exceed $120,000.

5. This item meets the District’s Strategic Plan goals of alignment and sustainability for resources for the use of productivity tools.

6. This item is submitted by Idrissa Davis, Deputy Chief, Technology Services.

B. RECOMMENDATION:

That the Board of Education authorize administration to approve the proposal from N2N Technologies for Microsoft Office 365 Implementation services in the amount not to exceed $120,000.
DATE: March 21, 2017

TOPIC: Monthly Operating Authority

A. PERTINENT FACTS:

1. The Board of Education must authorize and approve all expenditures of the District.

2. The Board of Education must ratify any changes in collateral that have been previously approved by the Assistant Treasurer.

3. This item meets the District target area of goals alignment and sustainability.

4. This item is submitted by Marie Schrul, Chief Financial Officer.

B. RECOMMENDATIONS:

1. That the Board of Education approve and ratify the following checks and wire transfers for the period January 1, 2017 – January 31, 2017.

TOPIC: SPPS Achievement and Integration Budget for FY18

A. PERTINENT FACTS:

1. Achievement and Integration budget details for FY18.

2. The budget funds the plan to provide support through interventions that the district will undertake to increase proficiency of all students, decrease the achievement gap between students of color and white students, and provide opportunities for integration among students in the district.

3. This is in alignment with the 2017-20 SPPS Achievement and Integration plan that has also been submitted to MDE.

4. This item is submitted by Jackie Statum Allen, Asst Director of Strategic Planning and Policy; Marie Schrul, Chief Financial Officer, and Jackie Turner, Chief Operating Officer.

B. RECOMMENDATION:

That the Board of Education approve the Achievement and Integration budget for Saint Paul Public Schools for fiscal year 2017-18.
DATE: March 21, 2017

TOPIC: SPPS Achievement and Integration Budget for FY18

Achievement and Integration Plan
July 1, 2017 to June 30, 2020

This document reflects Achievement and Integration requirements included in Minnesota Statutes, sections 124D.861 and 124D.862 as well as Minnesota Rules 3535.0100-0180.

District ISD# and Name: Saint Paul Public Schools, ISD 625
District’s Integration Status: Racially Isolated District /Racially Identifiable School (RI/RIS)

Superintendent: John Thein
Phone: 651-767-8152
E-mail: john.thein@spps.org

Plan submitted by: Jackie Statum Allen
Title: Asst. Dir Strategic Planning and Policy
Phone: 651-767-8295
E-mail: jacqueline.allen@spps.org

Racially Identifiable Schools (RIS)
If you have been notified by MDE that your district has a racially identifiable school, please list each of those schools below, adding additional lines as needed.

• Highwood Hills
• Mississippi
• Obama

• Phalen Lake
• Riverview

Plans for racially identifiable schools will include the same information and follow the same format as that provided for district-wide plans. The RIS plan section starts on page six of this document.

Collaborating Districts
Racially isolated districts must partner with adjoining districts on cross-district student integration activities (Minn. Rule 3535.0170). List your collaborating districts here, adding lines as needed. If your integration collaborative has a name, enter it here: Collaborative name.

• South Washington County, 833 A - Adjoining
• Forest Lake Area Schools A - Adjoining

Submitting This Plan
Submit this completed plan template as a word document to MDE by March 15, 2017 for review and approval (Minn. Stat. § 124D.861 Subd. 4). Email it to MDE.integration@state.mn.us. Scan the signed coversheet and attach that to your email as a separate PDF.

School Board Approval (Minn. Stat. § 124D.861 Subd. 4)
We certify that we have formally approved and will implement the attached Achievement and Integration plan as part of our district’s comprehensive World’s Best Workforce plan and in compliance with applicable federal, state, and local laws and regulations.

Superintendent: John Thein
Signature: Date Signed: Enter date.

School Board Chair: Jon Schumacher
Signature: Date Signed: Enter date.
Detailed directions and support for completing this plan are provided in the Achievement Integration Plan Guide available on the MDE Achievement and Integration page.

**Plan Input** Minnesota School Desegregation/Integration Rule 3535.0170 Subp. 2 requires racially isolated and adjoining districts to establish a multidistrict collaboration council (MDCC) to provide input on integration goals and to identify cross-district strategies to improve integration.

The rule also requires districts with a racially identifiable school (RIS) to convene a community collaboration council (CCC) to assist in developing integration goals and to identify ways of creating increased opportunities for integration at the RIS (Minn. Rules 3535.0160 Subp. 2).

List council members below and briefly describe the community planning process used for your district’s plan and for your Racially Identifiable School (RIS), as applicable.

Multi-District Collaboration Council: Jackie Allen ISD 625, Aimee Mediger ISD 625, Jayne Williams ISD 625, Lisa Thao ISD 625, Kristine Schaefer, ISD 833, Cohnna Classon ISD 833, Joyce Beaird, ISD 833, Carolyn Latady, Forest Lake

Community Collaboration Council: In the fall of 2016, SPPS established a task force to investigate school integration in district schools. The committee has met regularly for several months, and will continue to develop recommendations that may inform updates to the district’s Achievement and Integration plans in future years. Members include: Jackie Turner (Chief Operating Officer), Jim Hilbert (NAACP), Roger Barr (Community Member), Clayton Howatt (Parent), Chue Vue (Board Director), Steve Marchese (Board Member), Mary Jane Somerville (Parent), Aida Martinez-Freeman (Parent), Bryan Bass (Principal), Dana Carmichael (Parent), Garse Reynolds (student), Rebecca McCammon (Teacher)

Leadership Team: Jackie Turner, Kate Wilcox-Harris, Hans Ott, Jon Peterson, Lynn Pham, Stacey Gray Akyea, Joe Munnich, Jackie Statum Allen, John Bobolink, Cheryl Carlstrom, and Myla Pope

**Post to District Website** Prior to your district’s annual AI and World’s Best Workforce meeting, you must post this plan to the district website (Minn. Stat. § 124D.861 Subd. 3 (b)). Please provide the URL where your district’s Achievement and Integration plan is posted.
http://www.spps.org/Page/29231
Plan Goals This plan must contain goals for reducing disparities in academic achievement among all students and specific categories of students (excluding the categories of gender, disability, and English learners), and for increasing racial and economic integration (Minn. Stat. § 124D.861 Subd.2 (c)).

GOAL # 1: Reduce the largest difference among student racial groups by 3 percentage points or more of the percentage of students making medium or high growth by 2020, as measured on the MCA reading exam. (Baseline: 2016 largest gap was 12 points between Black students at 60% and Asian students at 72%)

Aligns with WBWF area: All racial and economic achievement gaps between students are closed.

Objective 1.1: Provide opportunities for teachers and instructional support personnel with targeted, robust professional development opportunities

Objective 1.2: Provide opportunities for students to receive pre-kindergarten services

Objective 1.3: Provide sound summer programming opportunities for students

Objective 1.4: Provide opportunities for students to learn in racially and socially diverse settings

Objective 1.5: Improve access to culturally relevant teaching, instruction, and curriculum

Objective 1.6: Empower families to support and advocate for their students and partner with educators to achieve success

GOAL # 2: Increase the district graduation rates for all student groups of color by 2 percentage pts by 2020, as measured by the MDE 4-year graduation rates. (Baseline 2016 rate: American Indian 50.0%, Asian 77.6%, Black 70.7%, Hispanic 71.8%)

Aligns with WBWF area: All students graduate from high school.

Objective 2.1: Provide AVID services to students to support college and career readiness and support graduation.

Objective 2.2: Provide services to American Indian students to increase school engagement, build cultural identity, and provide more regular support to encourage persistence through graduation.

Objective 2.3: Provide opportunities for students to build leadership and engagement in their school communities.
GOAL # 3: To support families as they navigate the school choice process, SPPS will deliver and/or participate in 200 or more outreach events related to school choice each school year through SY19-20. (Baseline: SY15-16, 195 events

Aligns with WBWF area: All students are ready for career and college.

Objective 3.1: Provide a robust school choice process supported by transportation services

Objective 3.2: Offer a portfolio of magnet schools to complement community schools from which families can choose

Objective 3.3: Provide support to families through services offered by the Student Placement Center

Objective 3.4: Ensure building and site facilities projects are completed in a thoughtful manner with community engagement and are completed with geographic equity in mind

INTERVENTIONS

Directions Eligible districts may use AI revenue to pursue racial and economic integration and student achievement through interventions listed in the Type of Intervention drop-down menus below (Minn. Stat. § 124D.861 Subd. 2). Provide the information requested for each intervention.

Requirement for this section: At least one intervention must be designed and implemented to bring together students from the racially isolated district and students from that district’s adjoining AI districts (Minn. Rule 3535.0170).

Copy and paste the text below for each intervention. In your annual AI budget use the intervention names below in the budget narrative for expenditures supporting that intervention.
Intervention #1 Racial Equity Overview and Professional Development
This intervention supports the following goal objective: 1.1 and 1.5

Type of Intervention: Professional development opportunities focused on academic achievement of all students.

Narrative description of the critical features of the intervention. Saint Paul Public Schools (SPPS) has significant disparities in student outcomes that are predictable by race. In 2009 the district embarked on a transformational journey to develop staff to interrupt systems and practices that perpetuate racialized outcomes. Phase one, focused on engaging, deepening, and sustaining conversations about race through the use of the Courageous Conversations about Race (CCAR) Protocol. District staff were required to attend Beyond Diversity, the foundational two-day training. Schools and departments were also encouraged to establish Equity Teams, the capacity building entity, to sustain continuous site-level equity development. System tools were also introduced at LEADS Booster sessions, which assisted in the development of the will, skill, knowledge, and capacity to address systemic disparities throughout SPPS.

Phase two began in July 2013. The Office of Equity developed a framework to inform practice in defining and creating culturally responsive learning environments. To inform practice, district level instructional coaches were on-boarded with racial equity and culturally responsive instructional training through four full-day training sessions. Also, select schools are participating in culturally responsive training sessions through SPPS/NUA cohorts and/or Innocent Classroom professional development.

Phase one and two are ongoing approaches toward success measures. Moving forward, SPPS will continue to provide Foundational training, while implementing Connected, Focused, and Targeted professional development opportunities. This training will be provided at the District Level, Building Level, and Department Level (please see table below).

Intervention #2  AVID Professional Development
This intervention supports the following goal objective: 1.1

Type of Intervention: Professional development opportunities focused on academic achievement of all students.

Narrative description of the critical features of the intervention.
AVID Training with Equity Alliance MN
For the past several years, SPPS has partnered with Equity Alliance MN (formerly EMID) to train teachers in AVID in a cross-district environment. The AVID Path Training happens twice a year. The training is available for $280 per person, per training, plus substitute teacher costs during the year or a teacher stipend during the summer.

Grade levels to be served: 6-12

Location of services: AVID Schools (SY16-7 locations: American Indian Magnet, Battle Creek, Capitol Hill, Farnsworth, Linwood-Monroe, Murray, Open World Learning, Parkway, Ramsey, AGAPE, Central, Como, Harding, Highland, Humboldt, Johnson, Washington

Evidence of research-base (Minn. Stat. § 124D.861 Subd. 2 (b): Indicate the rigorous, objective research analysis that provides evidence this intervention is proven to improve student achievement. "Of the 2009 AVID graduates, 99.6 percent graduated from high school with 92 percent planning to attend college ~ 60 percent to a four-year college and 32 percent to a two-year college. In addition to outstanding graduation rates, AVID students perform well-above their peer groups. AVID students completed four-year college entrance requirements at a rate of two and a half times greater than the national average in 2009." Intervention #3 Professional Development for Bilingual EAs
This intervention supports the following goal objective: 1.1

Type of Intervention: Professional development opportunities focused on academic achievement of all students.

Narrative description of the critical features of the intervention. In order for bilingual Education Assistants (EAs) to be fully utilized to support teaching and learning in the classroom, they must be provided opportunities to receive professional development. Under this intervention, these support personnel will receive relevant and robust training to support our emergent bilingual students.

Grade levels to be served: All grade levels
Location of services: Districtwide

SPPS partners with South Washington Schools to provide Pre-K services for SPPS students at Woodbury Elementary. Through a research-based pre-K program, up to 16 SPPS students attend yearlong Pre-K program. The program has staff trained in cross-cultural relationship building. The two districts jointly plan and implement this program to ensure successful Integration of students from both districts.

**Narrative description of the critical features of the intervention.**

Field trips will offer an opportunity for students to receive meaningful opportunities for intra- and inter-district integration experiences. The current venue that is being planned to host these field trips is Belwin Outdoor Science, with the possibility of expanding to additional venues in the future.

Through intentional scheduling and interactive student activities, students from SPPS and neighboring districts such as Forest Lake, Stillwater, and others will interact and learn in racially diverse groups. SPPS classrooms will partner one-on-one with a classroom in a neighboring district. The partnership will connect students via Skype, emails and/or letter writing prior to an in-person, full school day field trip at Belwin. While at Belwin students will connect to each other and to nature in teams of 12 or fewer facilitated by Belwin education staff. Students will participate in team building activities and use engaging outdoor science investigations as a vehicle to connect further with their partners on Belwin’s 225 acre ecological preserve. Science investigations for 3rd graders could include exploring how animals survive in Belwin’s prairies, forests and ponds. 5th graders could engage in a wide variety of activities including radio tracking, orienteering and nature photography.

**Grade levels to be served:** Grades 3 and 5

**Location of services:** Belwin Nature Center and Como Planetarium

**Formative assessment(s) used to inform instructional decision-making** (Minn. Stat. § 124D.861 Subd. 2 (b)):

Formative assessments at Belwin will vary depending on grade level, and season of the field trip.

- 5th grade nature photographers will post pictures on Belwin’s student galleries showing plant and animal structures and demonstrating artistic benchmarks such as rule of thirds, perspective, and contrast.
- 5th grade Orienteers will report on which Minnesota biome was represented at a particular site and how specific plants and animals survive in those habitats.
• 3rd graders will complete a data sheet demonstrating which animals live at Belwin, evidence students observed for those animals, and strategies those animals use for surviving at Belwin.
• Teachers and students frequently write letters to Belwin staff reflecting on their learning and experiences during their field trip. Participating classrooms could write similar letters responding to specific learning prompts as another type of formative assessment.

- X Uses policies, curriculum, or trained instructors and other advocates to support magnet schools, differentiated instruction, or targeted interventions.
- ☐ Provides school enrollment choices.
- X Increases cultural fluency, competency, and interaction.
- ☐ Increases graduation rates.

Narrative description of the critical features of the intervention.

With its racially and socio-economically diverse portfolio of schools, SPPS can achieve authentic integration experiences by pairing classrooms both from different schools in the district, as well as with neighboring districts. The goal of the classroom partnerships is to increase student integration with a focus on high-quality education opportunities. In recent years, the Classroom Partnerships program was restructured to develop deeper connections between participating students. The program for secondary students will be a continuation of a long-term partnership with schools in the Forest Lake school district. The program for elementary students will be a new program in which SPPS schools with different predominant student race/ethnic student groups will be paired with one another.

**Narrative description of the critical features of the intervention.**

SPPS partners with adjoining school districts to offer multiple programs during the summer term. Those programs include, but are not limited to:

--National Youth Sports Program – four-week programs for grades 1-5 and 6-12
--Belwin Science Camp – one-week camp offered twice

**Narrative description of the critical features of the intervention.**

Included in our Racial Equity Transformation work is the Multicultural Resource Center (MRC). The work at the MRC supports the SPPS strategic plan goal of Achievement and the specific focus areas: Racial Equity Transformation and Ready for College and Career.

Programming occurs throughout the year for SPPS students, staff, and community on various topics including the National Geographic giant map event, the Bdote field trip on Dakota history and culture, storytelling and creating art in response to the controversial art at the State Capitol.

The MRC supports student voice and choice by providing opportunities in a variety of areas, including peer teaching, leading professional development for teachers, and contributing to curricular materials. It also serves as an important resource for teachers by providing a lending library of instructional support materials such as learning trunks and other culturally relevant materials. Additionally, the MRC hosts programs for teachers, students, families and community members on topics such as racial equity, student achievement, culturally specific topics, social justice issues and more.

Grade levels to be served: PreK-12  Location of services: MRC

**Formative assessment(s) used to inform instructional decision-making** (Minn. Stat. § 124D.861 Subd. 2 (b)): Evaluations from participants

**Evidence of research-base** (Minn. Stat. § 124D.861 Subd. 2 (b)): Indicate the rigorous, objective research analysis that provides evidence this intervention is proven to improve student achievement.

The MRC supports our district's racial equity and gender inclusion policies by developing and implementing resources and programming aligned to these policies. We use the research of scholar James Banks to ensure that our work connects multicultural education and student achievement. Two of his works that we use include *Equity Pedagogy* and *The Stages of Multicultural Transformation.*

Intervention #9  Office of Family Engagement and Community Partnerships
This intervention supports the following goal objective: 1.6

Type of Intervention: Family engagement initiatives to increase student achievement.

Narrative description of the critical features of the intervention.
In Saint Paul Public Schools, we recognize that our mission to provide a premier education for all depends on broad-based support – from students, families, staff, partner organizations and community members. The Office of Family Engagement & Community Partnerships (OFECP) works to build this support. OFECP’s work is in the following program areas: Parent Academy, several multilingual, race, and special interest based Parent Advisory Councils (PACs), Community Partnerships, Truancy Intervention Programs, Family Engagement, Ombudsperson, and Parent Information and Outreach. This multi-faceted support will lead to greater student engagement and achievement.

Grade levels to be served: Pre-K - 12  Location of services: Districtwide

Intervention #10 AVID
This intervention supports the following goal objective: 2.1

Type of Intervention: Innovative and integrated pre-K-12 learning environments. * If you choose this, complete the Integrated Learning Environments section below.

Integrated Learning Environments (Minn. Stat. § 124D.861 Subd. 1 (c)). Complete this section if you chose Innovative and integrated Pre-k through grade 12 learning environments as the intervention type above.

Integrated Learning Environments increase integration and achievement in the following ways. Select those that best describe the focus of your integrated learning environment:

- X Uses policies, curriculum, or trained instructors and other advocates to support magnet schools, differentiated instruction, or targeted interventions.
- ☐ Provides school enrollment choices.
- ☐ Increases cultural fluency, competency, and interaction.
- X Increases graduation rates.

Narrative description of the critical features of the intervention.

SPPS has had Advancement Via Individual Determination (AVID) in schools since 2005 and is currently in sixteen schools, with plans for an increase next school year.

“AVID is a school-wide transformation effort focused on leadership, systems, instruction, and culture, and is designed to increase the number of students who enroll and succeed in higher education and in their lives beyond high school.

AVID-trained educators teach students academic and social skills to help them develop the habits and behaviors needed to succeed in rigorous curriculum. The AVID College Readiness System is a catalyst for developing a school culture that closes the achievement, expectation, and opportunity gaps many students face, and it prepares all students for success in a global society.” Source: What is AVID? Brochure retrieved from http://www.avid.org/dl/about/brochure_whatisavid.pdf

SPPS offers an AVID AAMI, African American Male Initiative, at Central High School. SPPS will explore this targeted approach for other student groups in the district. Such as for the 2017-18 school year, Farnsworth Upper Campus is pursuing an AVID Elective course(s) for English Learners (ELs) in which AVID strategies will be utilized to promote the academic achievement of these students. Students of all demographics are allowed to take these courses if they so choose.

AVID FTEs
AVID staff will conduct site certification, build partnerships, sustain and grow AVID, and build system supports. In addition, they will increase site and student support, manage the experiential learning for students, and increase equity, professional development, coaching and feedback for teachers, administration and additional site staff. They will develop community outreach strategies, partnerships (community, district departments, AVID Center, families, post secondary institutions), and technical support for sites. They will build upon the partnerships
with OSS staff and Accelerated Services (AP/IB) to increase student success in advanced courses.

**AVID College Visits, Career Exploration Events, Outdoor Experiential Learning**
AVID students will visit two college campuses per year starting in seventh grade. By experiencing colleges and universities firsthand, students will be better able to envision themselves attending post-secondary after high school.

AVID students have participated in career exploration field trips and outdoor experiential learning as a way to build community, expose them to new opportunities, and to build skills.

**AVID evaluation**
We will provide each site data reports showing the number of AVID students by grade and broken down by gender and race/ethnicity. We will compare AVID students to the general school population in attendance, overall grades, advanced courses taken, and advanced course grades. We will also survey and offer focus groups to AVID students to gain feedback on their experience in AVID.

A goal of AVID is student participation and success in advanced courses. Program evaluation will regularly report on the number of students in Advanced Placement and International Baccalaureate classes, their grades each quarter, and their success on end-of-course examinations.

As we continue to work on our SCIP goal of college and career readiness and work towards an early college model for all, it would be beneficial to see how AVID supports students in CIS and dual enrollment courses, including our academies. This data will help us see how AVID can better support students.

Narrative description of the critical features of the intervention.

The American Indian Studies Programs focus on the history, language, and culture of American Indians. Integration revenue funds positions at two schools: American Indian Magnet School (K-8) and Harding High school’s American Indian studies, language, and culture magnet program. These positions support students through specialized instruction to build knowledge of American Indian culture and achieve academic success.

The American Indian Studies Program provides the opportunity for all students of all cultures to learn American Indian history, literature, art, and language from a Native perspective. The American Indian Studies Program provides accurate and authentic information about American Indians, which have historically been misrepresented in the traditional educational classroom. The American Indian Studies program promotes Racial Equity, which is aligned with our district Strategic Plan Strong Schools, Strong Communities 2.0.

**Narrative description of the critical features of the intervention.**

Empowering students with tools to get involved in their school community and to take ownership in their educational experiences and future opportunities, results in a more motivated and engaged learner. SPPS provides several student leadership and engagement programs.

The mission of the SPPS Hmong Youth Leadership Summit was to empower students to use their voices to interrupt systems that perpetuate inequities by strengthening cultural values and leadership capacity. The program was very successful with 106 student participants and over two dozen SPPS staff and community volunteers. SPPS will be looking for opportunities to expand similar convenings with other student groups in the district.

Additional student leadership programs include (but not limited to) programs such as:

- Dare 2 Be Real
- Racial equity focused programs for secondary students such as CLAY (Courageous Leadership Academy for Youth) and RELI (Racial Equity Leadership Institute)
- The Honoring Project
- Student Engagement and Advancement Board (SEAB)

Type of Intervention: Career/college readiness and rigorous coursework for underserved students, including students enrolled in ALC.

Narrative description of the critical features of the intervention.

The annual HBCU college tour occurs each year during spring break. It is a program that is organized by Progressive Baptist Church Education Ministry and PROCEED Inc. SPPS covers the costs of about 8-10 students to attend each year.

During the tour, participants have the opportunity to tour multiple campuses, speak with current students and faculty, discuss tuition costs and financial aid, learn about degree programs offered at the colleges and universities, and most importantly, learn about what they can do as high school students to best position themselves to be successful in college one day.

Magnet Schools

SPPS has a robust school choice system. At the elementary level, 22 community schools offer high-quality general studies programs with a school choice preference to students who live within the school’s Area. SPPS has eleven elementary district magnet schools and programs, which all students living in the city are eligible to attend. Likewise, there are ten regional elementary magnet schools and programs. A regional magnet program serves two or more Areas, and students living within the region are given school choice preference. Elementary magnet school options include aerospace, language and culture, gifted and talented, International Baccalaureate, language immersion, arts, science, and Montessori.

At the secondary level, each of the six Areas offers one community school option for middle and high school students. These schools also offer district and regional magnet programs. Additionally, for secondary students there are five district magnet schools. The secondary magnet options include aerospace, language and culture, gifted and talented, International Baccalaureate, advanced placement, language immersion, arts, science, and Montessori.

Achievement and Integration funding is used to fund positions at every magnet school.

- ☐ Increases cultural fluency, competency, and interaction.
- ☐ Increases graduation rates.

**Narrative description of the critical features of the intervention.**

**Student Placement Center**

The Student Placement Center (SPC) serves as the first stop for most families seeking an SPPS school; therefore, it is a key component of the district’s school integration efforts. The SPC provides connections and services to three main groups: students and their families, district schools and departments, and the community (in the areas of enrollment and records).

The Student Placement Center oversees the district’s school choice and application process for students entering all grades, PreK through twelve. Thus far in the 2014 school choice season, the SPC has processed over 7,151 applications. A multilingual staff provides information to families in their own language.

Another important component of the school choice process is outreach by SPC staff. Staff members from the SPC take part in hundreds of events each year, such as visits to ECFE groups, Head Start centers, preschools, family centers, parent groups, city events and celebrations, and other district programs.

**Reflecting St. Paul**

Reflecting St. Paul is a program designed to integrate our schools, while more closely aligning the demographic makeup at the district’s lowest poverty schools with the demographics of the city. Reflecting St. Paul begins by identifying the district schools with low poverty – specifically a free and reduced-price lunch percentage that is 20 points or more below the district average. At those schools, 20% of available seats are reserved for students residing in high-need neighborhoods. Those high-need neighborhoods are identified as census blocks that have:

- high proportions of families with students eligible for free or reduced price lunch
- high proportions of residents with a home language other than English
- low rates of student reading and math proficiency.
This program supports the availability of choice for families from high-need neighborhoods. Typically, schools with the lowest poverty in the district are among those in highest demand, resulting in annual waitlists. The Reflecting St. Paul program gives these families preference in the school choice lottery process, if they choose to apply.

The program does not stop with placement at the low-poverty school. Supports must also be in place to ensure that Reflecting St. Paul students thrive in their performance at the school. District work in Culturally Responsive Teaching, is one such support. Additionally, the district’s Office of Equity has the position of cultural specialist to support students and teachers as the schools progress in their equity work.

☐ Uses policies, curriculum, or trained instructors and other advocates to support magnet schools, differentiated instruction, or targeted interventions.

X Provides school enrollment choices.

X Increases cultural fluency, competency, and interaction.

☐ Increases graduation rates.

Narrative description of the critical features of the intervention.

As part of its Strong Schools, Strong Communities 2.0 strategic plan, Saint Paul Public Schools conducted an extensive planning process to develop a 10-year Facilities Master Plan (FMP) to ensure school buildings are able to meet the 21st century learning needs of students. The district consists of 72 facilities, 7.3 million square feet of space, and 465 acres of land—a key component of proactively managing these assets is through the development of a FMP.

Through improvement projects under the FMP, school buildings will be better equipped to meet the needs of students, teachers, and the overall community; thereby, enabling an increase in student outcomes. Projects include improving classroom space, building spaces for break-out instruction to targeted groups, and ensuring our infrastructure can support personalized learning through our 1:1 iPad learning environments. Racial equity, geographic equity, and community engagement were, and continue to be, priorities in the award-winning FMP process.

Racially Identifiable School(s)
If you have been notified by the Minnesota Department of Education (MDE) that your district has one or more Racially Identifiable Schools (RIS), include achievement and integration goals and strategies for each Racially Identifiable School within your district.

If MDE has not notified your district that one of your sites is an RIS, please delete this section.

RIS Plan Goals The plan must contain goals for reducing the disparities in academic achievement among all students and specific categories of students (excluding the categories of gender, disability, and English learners), and for increasing racial and economic integration (Minn. Stat. § 124D.861 Subd.2 (c)).

Requirement for this section: At least one RIS objective shall be to increase racial and economic integration at that school (Minn. Rule 3535.0160).

RACIALLY IDENTIFIABLE SCHOOL INTERVENTIONS

Each Racially Identifiable School will receive an FTE allocation funded through Achievement and Integration revenue.

Additionally, each school will receive an allocation for an RIS Achievement and Integration Innovation Investment. This is an allocation to each school to support the achievement and integration goals set by the school.

At the time of submission of the District’s AI plan and budget, specific uses for these innovation funds may not be specified. This is because schools have not yet received their full budget for the upcoming fiscal year. Rather than asking the RIS schools to make decisions regarding this allocation in isolation of their full budget, RIS schools will submit the uses for their innovation funds along with the rest of their budget. The requested use must be approved by the school’s Assistant Superintendent and the administrator of the district Achievement and Integration plan.

Directions Racially identifiable schools may use AI revenue for the interventions listed in the Type of Intervention drop-down menus below (Minn. Stat. § 124D.861 Subd. 2). Provide the information requested for each intervention.

Copy and paste the text below for each RIS intervention. In your annual AI budget use the intervention names below in the budget narrative for expenditures supporting that intervention.
HIGWOOD HILLS

RIS Goal #1 72% of 4th and 5th grade students who receive targeted supports will make medium or high growth by 2020 as measured on the annual MCA math tests by 2020.

**Aligns with WBWF area:** All racial and economic achievement gaps between students are closed.

**RIS Objective 1.1:** Provide targeted math supports in small groups for identified students.

**RIS Objective 1.2:** Provide professional development and collaboration opportunities for staff tied to school-wide goals and objectives.

**RIS Objective 1.3:** Provide time for staff to focus on prevention efforts and build strong positive relationships with students with the goal of preventing exclusion from the classroom and loss of instructional time.

RIS Goal # 2 For three consecutive years, Highwood Hills will meet 95% of the projected enrollment numbers as measured by October 1 enrollment figures in 2018, 2019, and 2020

**Aligns with WBWF area:** Choose an item.

**RIS Objective 2.1:** Increase the number of family engagement opportunities per year

RIS Intervention #2: Highwood Hills Community Engagement

This intervention supports the following goal objective: RIS 2.1, RIS 2.2, RIS2.3

Type of Intervention: Family engagement initiatives to increase student achievement.

Narrative description of the critical features of the intervention.

As we continue to build trust and positive relationships with families, more families will choose Highwood Hills for their children because of the positive school culture. Integration will be achieved through parent education and family engagement events that contribute to increased student achievement. As these improvements are made, families will gravitate towards Highwood Hills as an option for high quality education. Highwood Hills will also sustain partnerships by continuing effective communications with all stakeholders. Plus, Highwood Hills will work with school leadership and District Communications to create new school marketing materials to attract new families and retain current families.

PHALEN LAKE HMONG STUDIES MAGNET

RIS Goal #3 The percent of students scoring proficient in reading will increase to 38% by 2020 as measured on the annual MCA reading tests.

Aligns with WBWF area: All racial and economic achievement gaps between students are closed.

RIS Objective 3.1: Provide targeted small-group reading instruction with students K-5 through implementation of specific goal setting utilizing The Continuum of Literacy Learning as a guide towards accelerating acquisition of grade level skills.

RIS Objective 3.2: Implement a repeated reading intervention with targeted 2nd, 3rd and 4th grade students identified as just below benchmark text level (strategic) for that grade based on fall reading assessments.

RIS Objective 3.3: Provide time for staff to continue job embedded professional development during the school day with a targeted focus on literacy instruction designed to meet the above mentioned goal.

RIS Goal # 4 By 2020 increase to 3% the number of White families visiting Phalen Lake Hmong Studies Magnet when considering a school for their child.

Aligns with WBWF area: All racial and economic achievement gaps between students are closed.

RIS Objective 4.1: Promote awareness of family engagement events at PLHSM and provide information about our programming at those events.

RIS Objective 4.2: Promote our intended goal with our stakeholders.

RIS Objective 4.3: Partner with district Communications and Family Engagement Departments to enhance school marketing materials

To add goals and objectives, copy and paste the text above.

RIS Intervention #3: Phalen Lake Targeted Supports

Achievement and Integration Plan

☐ Increases graduation rates.

**Narrative description of the critical features of the intervention.**

Phalen Lake Hmong Studies Magnet will utilize funding from the RIS Achievement and Integration Innovation fund to provide intentionally planned small-group reading instruction which includes setting discrete, attainable goals and implementing a repeated reading intervention. These objectives will provide students steps for experiencing success, increasing student motivation and reading achievement. In order to meet these goals, budgetary support for a literacy coordinator, who will, among many other duties targeted to increase student achievement, analyze data working with classroom teachers in becoming more strategic with instruction, supervise paraprofessionals implementing targeted interventions, and providing critical job-embedded PD for staff. *This funding source should be supplemental and not supplant current allocations needed at the building site.

Under the direction and monitoring of the Literacy Coordinator, a repeated reading intervention will be implemented by teaching assistants (2 per grade level) working daily in 15-minute sessions with the goal of increasing reading fluency and therefore reading achievement. Based on benchmark data, interventions will be modified accordingly.

Maintaining job-embedded professional development for instructional staff provides the time for continued staff learning and reflection around changes made in small group reading instruction. Grade levels to be served: PreK - 5 Location of services: Phalen Lake Hmong Studies Magnet

**RIS Intervention #4: Phalen Lake School Choice Visits**

This intervention supports the following goal objective: RIS 4.1, RIS 4.2, RIS 4.3

**Type of Intervention:** Family engagement initiatives to increase student achievement.

**Narrative description of the critical features of the intervention.**

Based on parent surveys, our non-Asian parents report they wished they had enrolled their children at Phalen Lake Hmong Studies Magnet earlier than they had. PLHSM holds three
significant family engagement events that can be targeted to increase the attendance of White families coming to the event to learn more about our school.

Our families also report deeply valuing the support provided them by our Family Room staff. PLHSM has an open door policy, offering new and current parents the opportunity to drop in for “tea and a tour” any time during the school day. The Family Room offers parents the opportunity to connect with community resources, to communicate with teachers, and to be involved in their child’s learning experience during the school day.

In collaboration with District Communications and Family Engagement Department, PLHSM will create an informative awareness package including a short video and flyers to inform white families within the community as well as with our stakeholders of the program options PLHSM has to offer.

OBAMA

RIS Goal #5  Eighty-five percent of 3rd, 4th and 5th grade scholars who participate in the Schoolwide Enrichment Model and the Harmony Road/Critical Questioning partnership will make medium or high growth by 2020 as measured on the annual MCA math and literacy tests.

Aligns with WBWF area: All racial and economic achievement gaps between students are closed.

RIS Objective 5.1: Expand our Schoolwide Enrichment Program to provide enrichment clusters based on scholar’s area of interests, learning preference and expression style from 2 session to 3 session each year.

RIS Objective 5.2: Provide professional development for teachers to enable them to move forward with the Schoolwide Enrichment Model program with understanding and confidence. Training will be focused on our goals of building capacity, enhancing understanding, knowledge and background, putting information into context, putting knowledge to work, creating ongoing support, and using evaluation data to improve the program.

RIS Objective 5.3: Increase achievement for our black male scholars through partnership with Harmony Road/Critical Questioning consultants. A year-long implementation of personalized teacher development, direct instruction, outreach and engagement, therapeutic/counseling support, systems change, and continuous improvement for all scholars with a laser focus on black males.

RIS Goal # 6 Obama Elementary will survey 80 % of parents using the ASPIRE Program and 50 % of those parents will actively participate in our Schoolwide Enrichment Model enrichment clusters.

Aligns with WBWF area: All racial and economic achievement gaps between students are closed.

RIS Objective 6.1 Renew our contract with ASPIRE, a simple and effective program to foster mutually meaningful engagement with parents and other members of our school community.

Objective 6.2 Provide advanced training for staff on using the ASPIRE program to assess the collective talent pool of all parent and adults associated with our school as well as the assets and talents of our own community.

RIS Intervention #5: Obama School wide Enrichment Model

This intervention supports the following goal objective: RIS 5.1, RIS 5.2, RIS 5.3

Type of Intervention: Innovative and integrated pre-K-12 learning environments. * If you choose this, complete the Integrated Learning Environments section below.

Achievement and Integration Plan

☐ Increases cultural fluency, competency, and interaction.
☐ Increases graduation rates.

**Narrative description of the critical features of the intervention.**
Obama Elementary will utilize funding from the RIS Achievement and Integration Innovation fund to expand our Schoolwide Enrichment Model program based on the research of Dr. Joseph Renzulli. Our school community’s learning goal is to elicit from our scholars a personal motivation for learning and to provide the strategies needed for efficient and effective learning. The scholars at our school will benefit from this funding because we will continue to improve on our enrichment clusters which are an important part of the Schoolwide Enrichment Model program. An enrichment cluster involves scholars of various ages and talents working together to produce a product or service for an authentic audience. The enrichment cluster--part of Renzulli’s overall Schoolwide Enrichment Model--provides a vehicle for children to develop their gifts & talents while collaborating in areas of interest. A cluster is true differentiation, where students are not all working on the same thing at the same time but rather working and learning in different areas based on the needs of the product and their particular areas of strengths.

RIS funding will also be used to help all teachers better understand and know their scholars and thus meet their diverse needs through an interest inventory (Renzulli Learning). Staff will also attend trainings enabling them to move forward because the training will develop understanding and confidence. We need to create a feeling of ownership and involvement in the program, the process and the need for improvement. Appropriate staff development and support will be what makes the difference between success and failure of the Schoolwide Enrichment Model program at our school. That is why RIS funding will also be used for selected staff to attend the SEM Conference at the University of Connecticut.

RIS funding will also be used to implement Phase II of the partnership between Obama Elementary School and Harmony Road/Critical Questioning consultants. This year-long implementation of personalized teacher development, direct instruction, outreach and engagement, therapeutic/counseling support, systems change, and continuous improvement will support teachers to modify their instructional program to positively meet the needs of Obama scholars.

RIS Intervention #6: Obama Survey Tool

This intervention supports the following goal objective: RIS 6.1, RIS 6.2

Type of Intervention: Family engagement initiatives to increase student achievement.

Narrative description of the critical features of the intervention.
Obama Elementary will utilize funding from the RIS Achievement and Integration Innovation fund to renew our contract with ASPIRE corporation enabling our staff to use this survey tool. This tool provides an inventory of 6 different variables and allows teachers to recognize and utilize parent and community contributions and increase their involvement within the school program. Knowing our parent and community members’ assets, skills, profession, interests, relationships and environment will increase their role in each scholar’s’ education.

RIS Achievement and Integration Innovation funds will also be used to provide advanced training for all staff using the ASPIRE program. Advanced training will enable teachers to analyze the “human capital” data that they collected from the ASPIRE survey, connect ASPIRE data to a specific unit of study and state standard. All of this will match parent and community members’ skills with our scholar’s needs with less effort, more meaning and greater returns.

Creating Efficiencies and Eliminating Duplicative Programs
Briefly explain how this plan will create efficiencies and eliminate duplicative programs and services (Minn. Stat. § 124D.861, Subd. 2 (c)).

The work of SPPS is guided by its strategic plan, Strong Schools, Strong Communities. The first phase of plan was approved by the board in 2011, and the second phase was approved in 2014. The plan is centered on three goals – Achievement, Alignment, and Sustainability. Under Alignment, the district has accomplished greater consistency and efficiency of programming at all schools districtwide.

Furthermore The leadership team that was involved in developing this Achievement and Integration plan included individuals who are involved in the development of several other plans in the district including World’s Best Workforce and Title I planning. Through the process of the needs assessment and determining the list of district interventions, there was robust discussion about the most efficient use of Achievement and Integration funding, as well as other funding sources.
Achievement and Integration Revenue
FY 2018 Budget Workbook

This workbook includes information to help districts develop their annual AI budget. Please continue to refer to the Achievement Integration Budget Requirements on MDE’s AI webpage for additional, detailed budget requirements.

The Expenditure Summary page helps track the required budget ratios and total expenditures. Do not delete pages from this workbook. Doing so will disable the formulas on the expenditure summary page.

- The first step for budget development is district program and fiscal staff to work together, bringing their respective knowledge of the district's AI plan and of school finance practices.
- **Admin costs** include postage, dues, memberships, printing charges, FTE for support staff and administrators that do not provide direct instruction or supervision of students in AI activities.
- Proposed expenditures that align with budget requirements will be approved only for programs and activities included in a district’s MDE-approved AI plan.
- **All expenditures for a district’s racially identifiable school (RIS) must be included in the RIS section of this budget.**
- These budget worksheets are organized around the 80/20/10% budget ratios explained in the AI Budget Requirements and included in AI legislation.
- Include a **budget narrative** for each line item in the space provided to document the connection between activities in your district's MDE-approved AI plan and proposed expenditures. Do not copy your plan description into the budget. Instead, identify by name and number the intervention in your plan which the expenditure supports. Budget narratives are meant to provide expenditure detail not included in your AI plan.
- **Add lines to a worksheet by inserting rows before the row preceding a revenue total line.** This last row is linked to a formula for your Expenditure Summary page. If you insert rows after this one, your Expenditure Summary detail will be inaccurate.
- Find your district’s aid entitlement estimate for AI revenue in the Minnesota Funding Reports (MFR) section of the MDE website. Steps for viewing that report are listed on the MDE AI webpage.
- List FIN 313 (initial revenue) and FIN 318 (incentive revenue) expenditures on separate tabs provided for each.
- Because AI revenue is a 70/30 percent levy/aid appropriation, superintendent and board chair signatures are required on the budget coversheet.
- Payments to integration collaboratives should be listed as line items in the corresponding Direct Student Services, PD, or Admin tabs.
- **The budget narratives for proposed salary expenditures should include the following:** percentage FTE, name of position, and the name and number of the intervention included in the district’s AI plan that the position is part of.
- Only fringe benefits for positions that are part of the same intervention may be bundled by OBJ code. For example, if three staff are providing instruction for an AI summer program, benefits for their hours working on that program may be listed in the same line item.
- Resubmit this workbook listing proposed and actual FY 2018 expenditures by December 1, 2018. Remember, expenditure changes over $3,000 per line item or 10% of total expenditures must be approved by MDE prior to April 1, 2018.
- Address general questions on budget submission to the Office of Equity and Innovation at mde.integration@state.mn.us or by calling 651-582-8462.

**FINAL STEPS**
1) **Return proposed budget by March 15, 2017 to mde.integration@state.mn.us.**
2) **Electronic submission is required.**
3) **Submit your district’s budget as an excel file. No PDF’s please.**
4) Please submit your budget using the file name FY18 [District Name] AI budget.

Thank you for your work on this budget!

801.01 BUILDINGS AND GROUNDS: NAME SELECTION

New names of schools and school programs and school mascots and logos shall reflect the diversity of the District. When buildings or programs are named for a person, that person must possess a legacy that aligns with the values of the District.

NAMING OF SCHOOLS AND BUILDINGS
The Board shall name all district-owned schools and buildings. The Board shall name the schools in consultation with the school community.

NAMING OF SCHOOL PROGRAMS
Elementary and secondary school programs that are located within a building that already has a name, or are assigned to a building that will house several programs, may recommend to the Board of Education a name to identify the program that is consistent with its goals and purposes.

AREAS WITHIN BUILDINGS
The Superintendent shall develop procedures for the naming of areas within buildings.

MASCOTS AND LOGOS
The Board shall approve names of mascots and logos.
