**FY 17-18 GENERAL FUND AREA OF CONSIDERATION FOR REDUCTIONS**

- Reduced inflationary allocations
- Enrollment related service and staffing reductions
- Vacant positions, staff attrition/retirements, negotiated contracts
- Targeted and 2% reductions

**SITES**

- Eliminate one time FY 17 Board allocations of $85/pupil and SSSC 2.0 program additions
- Enrollment related service/staffing reductions
- Vacant positions, staff attrition/retirements, negotiated contracts

FY 2017-18 school allocations were sent out on March 31 with meetings over the following two weeks, all school budgets were due back on April 24. Program allocations were sent out April 14 and are due back April 28.

**GENERAL BUDGET INFORMATION**

- The budget meets contractual obligations
- FY 18 Revenue budget is based on current law
- All schools do not receive the same amount of money per pupil because:
  - Some school funding is categorical (it has specific criteria on its spending)
  - Funding for Comp Ed and Title I follow the students on a one year delay (previous year's October 1 count)
  - Higher poverty schools have greater access to categorical dollars than lower poverty sites.
- School enrollment affects the dollars allocated.

**FY 2017-18 POTENTIAL REVENUE INCREASES**

- 1.25% formula increase (House) = $4.0 million
- 2.0% formula increase (Governor) = $6.3 million
- Special Ed State increase (Governor) = $1.2 million
- QComp (or ATPPS) = up to $9.0 million.
RESTORING FUNDING TO SITES AND PROGRAMS

- FY 18 Revenue budget was based on current law
- Legislative formula increase range is 1.25% - 2.0% ($4.0 to $6.3 million)

Administration recommended the District allocate an additional $4.0 million to sites and programs (75% sites, 25% programs) at this time. This is the minimum increase outlined in Legislative formula increases.

The Superintendent extended his thanks to everyone who has worked on the budget. He indicated the Administrative team would look at options that have been brought forward and will make decisions on how to equitably share the dollars ($3 million) to schools and ($1 million) programs. He expressed hope there will be additional dollars from the State and if they become available those additional funds would go to the schools as well. Additionally, there will be fall adjustments based on actual enrollment figures and money has been set aside to address these. SPPS is working to put resources where they will do the most good as every dollar has a name on it (student, staff, program, etc.).

The Chief Financial Officer then reviewed the budget adoption calendar and asked for questions.

QUESTIONS/DISCUSSION:

- A Board member indicated the Budget Finance Advisory Committee has provided an opportunity for its members to learn about where the district is going, discuss opportunities and use of revenues. He expressed an interest in increasing transparency to the community and providing information on a building level to those individual communities. He asked when specific building allocations would be available.
  Response: Over the next few days Administration will address allocations and changes that have occurred. Information will be provided to the Board when the additional allocation has been applied to each budget. The same applies to programs; though, staff noted, there is some restricted funding connected to some programs. This information should be available for the May 2 COB meeting.

- The same Board member asked about budget meetings at the building level indicating he wanted to be sure that schools offer opportunities for principals to present budget information to staff and community. He asked if input from communities has been taken into consideration in developing the budget. He again stressed the Board wants to be as transparent as possible in developing the budget.
  Response: The budget is a product of the collective work being done and due diligence has been conducted at all levels. It is expected that there is some type of collaboration on the budget in all schools.

- Another Board member indicated he was excited money is being allocated back to the schools and would like it to be equitable and impactful.

B. School Choice Season 2017-18 Lottery Results

The Chief Operating Officer reviewed the admission priorities:

- Pre-K (all Pre-K programs are given priority enrollment based on income guidelines, home language and/or special education.)

The Chief Operating Officer (COO) indicated sibling preference trumps all in each category.

The Lottery was completed on March 24, 2017. 5,890 on-time applications participated (down some from last year). There were 2,683 reserved seats with guaranteed articulation through high school if desired. There were 925 late applications (651 were placed in school of choice).

- For the Kindergarten Lottery 1,627 participated (on-time and late), 91% of students placed received their first choice. 95% of students were placed (82 have no placement).
- For grades 1-12 Lottery, 3,525 students participated; 80% of students placed received their first or second choice.
- Pre-Kindergarten - 1,663 students participated, 77% of students were placed and there are 386 students on the waiting list.

Schools with waiting lists (does not include Pre-K) are:

- Elementary - JJ Hill (81), St. Anthony Park (59) and Nokomis (48)
  When asked to elaborate she stated St. Anthony Park is near capacity and though it is being modified to accommodate programming it will still only accommodate current enrollment levels.

- K-8 - Capitol Hill (416) and Farnsworth (31)
  The COO stated Capitol Hill is very popular but it does share space with another school and early childhood education. It could accommodate an additional 30-50 students but she stated as capacity is added to one school it does take the same numbers away from other schools. Farnsworth is near capacity.

- Middle - Highland Park Middle (94) and Open (Grades 6-12) (135)
  Highland Park Middle is near physical capacity. Open is very popular but the program is intentionally kept small and they do not want to change the size of the program. Teacher capacity could be added but that would need to be a collective decision.

- High School - Central (41), Washington (173) and Highland Park Senior (99).
  It is anticipated the Central waiting list can be accommodated as they do have the physical space in the school to grow, they could also increase teacher capacity and stay within class size requirements. The COO noted enrollment space does need to be held to accommodate families coming into the district in July and August and this holds true for most schools. The Washington wait list will grows as they are at physical capacity in that building. Highland Park Senior is physically near limit and their list will also grow.

Reflecting St. Paul sites are: Capitol Hill, Chelsea Heights, Expo, Groveland Park, Horace Mann, Jie Ming Chinese Immersion, JJ Hill Montessori, L'Etoile du Nord, Nokomis South, Randolph Heights and St. Anthony Park. There were 2,166 seats available (20%). There are 253 available seats, 138 applicants, 95% of students placed received their first choice, 32%
of seats have been filled. Schools requested with no available seats include: Capitol Hill, Chelsea Heights, Expo, Groveland, JJ Hill, Nokomis South, Randolph Heights.

QUESTIONS/COMMENTS:

- **Schools with wait lists, how many are classified as citywide magnets?**  
  Response: Washington, Open and Capitol Hill. Central has citywide component with French and German programs and is regional for IB.

- **What schools get a bus from anywhere in city?**  
  Response: Highland for Spanish. Polish and German at Central. Farnsworth for aerospace.

- **Do magnet schools have neighborhood preference?**  
  Response: Yes, Highland Middle & Senior, Central and Washington as well. JJ Hill is a regional magnet, Saint Anthony Park is a community school, Nokomis is a regional magnet. Farnsworth is citywide, Highland Park Middle and Open are citywide. Central is citywide for French and German and regional for IB. Washington is citywide for BioSmart and regional for Hmong studies as well as being community. Highland Park Senior is citywide for Chinese, Spanish, regional for IB and also community.

- **In terms of Open school, is it neighborhood for the West Side?**  
  Response: As we look at families who have applied and received acceptance, the majority of families in the neighborhood made it into Open. We are aware the West Side has an interest in having neighborhood preference, this is currently not the case.

- **A Board member noted there is a sense of urgency to overcome the perception that the West Side is not prospering as it should in its relationship with SPPS.**  
  He also noted with regard to neighborhood preference that Capitol Hill had originally received a promise that there would be neighborhood preference for the school. When SPPS moved into its SSSC strategic plan and its changes in placement criteria Capitol Hill lost that preference. He suggested the Board may want to look at that; to think about Capitol Hill and Open having neighborhood preferences. He also noted some neighborhood schools are finding it difficult to compete with magnet and regional schools. He noted SPPS needs to make all schools “star” schools.

- **The Chair stated these issues might be better addressed in additional conversation in a COB meeting or work session.**  
  This is part of the larger conversation about school options/school choice.

- **Schools with waiting lists – are they projected to be at capacity and are they being enrolled at capacity?**  
  Response: There is not one school in the district with a 100% retention rate, we project some schools will lose some students. We try to get as close to capacity as we can.

- **So SPPS could, in theory, fill schools from waiting lists?**  
  Response: That does not always work in practice as families may not want that seat at that time and we need to balance the budgets. If those spaces are filled revenue moves from one school to another. In filling seats we need to consider where that will remove capacity. SPPS has to keep all schools running, we do not have the option of funding particular schools with resources; we must fund them all. Most schools within SPPS are within 95-98% of teacher capacity.

- **Right now as the choice process is done there is the opportunity to fill every seat at every school that has demand.**  
  Response: We cannot assume a net increase in enrollment by maxing out at schools where there is demand.

- **Every student coming into the district accrues money to the district.**  
  Response: As an example, Central has 41 on the wait list – if there are only 20 seats left, based on the lottery system some of those students may already have seats at other high schools. If we can't get to students from outside the city for enrollment we may need to reconsider priorities. SPPS does plan to get as close to teacher capacity as it can. The class size max makes it difficult to grow schools. SPPS will accommodate as many students as it can, it will push to max with teacher capacity and accommodate as many as it can from the wait lists.

- **It is not a question of capacity, we need to get as many children who want a school into that school.**  
  Concern was expressed about knowing when SPPS is maxing out magnet schools regionally and citywide. When will that be reported back to the Board?
Response: As we look at enrollment and if we want to allow all students to go where they want, there will be winners and losers in schools. SPPS would need to be prepared to shutter, combine or close schools. You need to decide where/how you want to go - as this moves forward SPPS will need to make choices about what it no longer wants in the system. There is finesse involved in budgeting and placing schools. We try to push the envelope to make spaces available to families. We want successful programs to continue to be successful. Staff looks at ways to get kids into schools. Administration will come back in June with recommendations, ideas and an updated report.

XI. NEW BUSINESS

BF 30897 Resolution Providing for the Competitive Negotiated Sale of $15,000,000 General Obligation School Building Bonds, Series 2017A

Resolution providing for the competitive negotiated sale of $15,000,000 general obligation school building bonds, series 2017a; covenanting and obligating the district to be bound by and use the provisions of Minnesota statutes, section 126c.55 to guarantee the payment of the principal and interest on the bonds. Whereas, the School Board of Independent School District Number 625, Saint Paul, Minnesota (the "District") has heretofore determined that it is necessary and expedient to issue $15,000,000 General Obligation School Building Bonds, Series 2017A (the "Bonds") pursuant to Minnesota Statutes, Chapter 475 and pursuant to Laws of Minnesota, 2007, Regular Session, Chapter 146, Article 4, Sections 12 and 13, as amended by Laws of Minnesota, 2013, Chapter 116, Article 6, Section 8, to finance the acquisition and betterment of school facilities; and whereas, the District desires to use the provisions of Minnesota Statutes, Section 126C.55 to take advantage of the State guarantee program. Whereas, the District has retained Springsted Incorporated, in Saint Paul, Minnesota ("Springsted"), as its independent financial advisor and is therefore authorized to sell the Bonds by a competitive negotiated sale in accordance with Minnesota Statutes, Section 475.60, Subdivision 2(9).

BF 30898 Resolution Providing for the Competitive Negotiated Sale of $25,965,000 Certificates of Participation, Series 2017B

WHEREAS, the School Board of Independent School District Number 625, Saint Paul, Minnesota (the "District") has heretofore determined that it is necessary and expedient to issue $25,965,000 Certificates of Participation, Series 2017B (the "Certificates") pursuant to Minnesota Statutes, Chapter 475 and Minnesota Statutes, Section 126C.40, Subdivision 1, to finance the acquisition and construction of a facility to provide early childhood education services; and whereas, the District has retained Springsted Incorporated, in Saint Paul, Minnesota ("Springsted"), as its independent financial advisor and is therefore authorized to sell the Certificates by a competitive negotiated sale in accordance with Minnesota Statutes, Section 475.60, Subdivision 2(9); and whereas, the Department of Treasury has promulgated final regulations governing the use of proceeds of tax exempt bonds, all or a portion of which are to be used to reimburse the District for project expenditures made by the District prior to the date of issuance of such bonds. Those regulations (Treasury Regulations, Section 1.150-2) (the "Regulations") require that the District adopt a statement of official intent to reimburse an original expenditure not later than 60 days after payment of the original expenditure. The Regulations also generally require that the Certificates be issued and the reimbursement allocation made from the proceeds of the Certificates within 18 months after the later of the date the expenditure is paid or the date the project is placed in service or abandoned, but in no event more than three years after the date the expenditure is paid. The Regulations generally permit reimbursement of capital expenditures and costs of issuance of the Certificates.

The Springsted representative stated the sale would occur on May 16 at 10 am. Two resolutions are being presented; a general obligation bond which is a tax exempt bond under special legislation for the District allowing for $15 million in bonds for projects approved on the FMP. The second is a Certificate of Participation (COP) which, under Minnesota statute, allows principal and interest to come from lease levy revenue. The general obligation bond is backed by the Minnesota Credit Enhanced Program under which the State credit rating on bonds transfers to the district. The risk is very low on these bonds allowing for good interest rates. The COP is an annual appropriation and is considered slightly more risky in the market. It is, however, common to districts and generally also finds lower interest rates. The week of May 1 will see rating calls between SPPS and S&P and Moody's. The bonds will go out for competitive bids on May 16. Closing on both and issuance of revenue will occur on June 16. If there is any reason to stop one or both and pull it, the district is not out anything in stopping the sale.
MOTION: Mr. Schumacher moved the Board approved the Resolution Providing for the Competitive Negotiated Sale of $15,000,000 General Obligation School Building Bonds, Series 2017A and the Resolution Providing for the Competitive Negotiated Sale of $25,965,000 Certificates of Participation, Series 2017B. The motion was seconded by Mr. Brodrick.

The motion passed with the following roll call vote:

- Ms. Ellis: Yes
- Ms. Foster: Yes
- Mr. Brodrick: Yes
- Mr. Vue: Yes

Staff provided several handouts which broke the budget down into more detail in the following areas:
FY 18 School Allocation Summary (regular sites only, no ALC or Special Ed included)
FY 18 School FTE Comparison Report
SPPS School Allocation Comparison FY 18 to FY 17
FY 17-18 Proposed General Fund Program Budget Summary

FY 17-18 RECOMMENDATIONS TO ADDRESS PROJECTED SHORTFALL
PROGRAMS --
• Reduced inflationary allocations ($5.1 million)
• Enrollment related service and staffing reductions (Estimated $3-4 million)
• Vacant positions, staff attrition/retirements, negotiated contracts (TBD)
• Targeted and 2% reductions ($0.7 million)

SITES --
• Eliminate one time only FY 17 allocations of $85/pupil and SSSC 2.0 program additions ($2.0 million)
• Enrollment related service/staffing reductions (TBD - legislative allocations will decrease impact)
• Vacant positions, staff attrition/retirements, negotiated contracts (TBD)

The Executive Director of Human Resources then presented a brief summary of staffing impacts to date. HR compares projected position cuts from schools and programs against current vacancies. HR currently sees 115 teacher cuts but does have nine openings (anticipated retirements). There are also 108 classroom support cuts proposed. He indicated aligning position cuts with licensing is a challenge. When there is a need to reduce positions, placement starts with tenured teachers, as they are placed there may be a need to non-renew some probationary teachers who have not achieved tenure. Layoffs would occur if, after non-renewals, the needed reduction in numbers has not been achieved. Right now the numbers are trending in the right direction due to the management of expectations over the past two years. Non-teacher and other classroom supports show 108 total projected cuts. There are currently 39 openings for a difference of 69 positions. Teachers are funded utilizing class size average numbers. Buildings cover teachers first and then offset dollars with other classroom supports at the building level. Additionally there are 50 people that do have recall rights. Personnel decisions are all currently based on the 1.25% addition of funds projection. SPPS is committed to putting any additional dollars that come in toward resources in the schools. It was also noted that there are additional teachers within the Program budgets and Title I that serve the schools as well.

The CFO reviewed the adoption timeline with the Board and then asked for questions.

QUESTIONS/DISCUSSION:
• What is Non-Salary Allocation? Response: The instructional material allocations
• What is the Compensatory Allocation? Response: Sites decide how to utilize the compensatory dollars on that spending for their needs; it is discretionary.
• The year-round schools why do they get more? Response: They are open for additional time and it helps meet some of the summer programming requirements.
• On the FTE Comparison Report what is included for the Non-Salary allocation? That is supplies. Comp Ed Discretionary? That correlates to poverty rates and enrollments with a one year lag. Total allocation cost? Applies to regular sites. Title I Allocation? The reflects a 13% reduction overall. SSSC 2.0 additions? These are areas that were not cut (AP/IB, etc.), the one time only allocations from the previous year were cut.
• We like schools to be diverse in terms of race and culture and socio-economic levels but it seems, in many instances, that schools trying to increase their reputation and work to attract a broader section of families sometimes end up not qualifying for comp aid and thus will get less money. Is this true? Response: In some instances. It is a funding issue. Schools are only funded to a certain level with the free & reduced lunch rate. If their population changes funding could change based on the previous year's count. The...
information provided was built on our best professional guesses – enrollment, retirement, legislative actions, etc. At this point there is no reserve funding for fall adjustments in the budget.

- The Referendum Fund is that the dollars schools receive from the referendum dollars? Does it cover the iPads? Response: This is what is spent on staffing, Kindergarten, class size, PreK. The iPads have a separate budget on the program side. Sites are not charged for iPads.
- As we move toward the end of the referendum cycle for technology, what is being spent on technology in the building? The Board would want to have that information at some point. What else is it spent on in each building?
- For the OPEB trust, when will the impact of those benefits hit and when will the Trust come into play? Response: The purpose of the trust is to build it up to bring down costs and impacts to the district. Its performance is also very important in the bond rating process. Things have reached the start of the tipping point and SPPS will need to draw from the trust at some point in the future.
- The Board needs to make choices on how to designate funds and I am uncertain if we need to add to the trust this year, we need to consider where it falls as a priority. Would staff provide more information so we can make proper choices, if necessary, on the trust allocation? Could you share the results of the fiduciary study with the Board? Perhaps in the work session at the next COB. Response: It is part of understanding the overall budget. The trust is a long term liability that does not go away. The rate of return grows as funds are added to the trust. Comment: This is a value choice that needs to be put into the mix in finalizing the budget.
- Insurance what is included? Response: Property, liability and some cyber liability. These come forward in April or May for renewal. They are there to cover the District's liability needs.
- It appears MLL and Special Ed are going down. Response: MLL did not get an allocation for inflation and reallocated some money to the dual immersion program. Special Ed has staffing reductions and inflation reduction. Both still meet the maintenance of effort requirements. SPPS receives $0.58 on the dollar and funds are pulled from the general fund to cover the balance of costs.
- Where does the American Indian Studies increase come from? Response: Integration funding.
- What about the unfilled positions? Response: Those are being left on hold for the new superintendent to decide on. We have also allowed some discretionary funds for the new superintendent to make choices on (1.25%).
- What about the fall adjustment? Response: There are no fall adjustment funds set aside at this point.
- If we were all to make a strong case to the Governor to hold to the 2% where would that extra money go? Response: Straight into the fall contingency.
- What are we projecting regarding enrollment? Response: We have projected a 3% decrease. Are there other decreases in funding? Response: Title funding by 13%. All in all the average amount per student is a little more than last year's amount.
- SPPS is trying to put more money into students even though there is a reduction in revenue. We have put the projected lowest Legislative increase of 1.25% into the budget; we can hope for 2% but are guessing at about 1.6%. We also need to set money aside for fall adjustments. We will include the new superintendent in discussions on final decisions even before he officially begins.
- This is a conservative budget putting money back into the kids and having reductions impact adults. The budget is not done, it is a work in progress; there could be additional revenue and then we will need to make additional decisions.
- A Director noted it is an apples to oranges comparison among SPPS schools, this makes it difficult to know where standardization is and where divergence occurs. Seeing the overall picture of equity in the schools is challenging. Response: If more standardization is wanted SPPS needs to go with site based or centralized budgeting.
either would reduce flexibility. Kids are the first priority. If it is broken down by school
levels there are many different factors to consider such as poverty, etc. The need is
greatest in the middle schools and in schools with high poverty rates; there is additional
money brought in under title programs and compensatory funding.

- There are really two things that need to be done: One – get this budget approved for
next fiscal year. Two -- the Board needs to think about what it takes to run a school,
what the baseline is and what expectations are to broaden beyond where we are now to
accomplish great things for the kids. We need to think about programmatic needs in a
broader way. What does it take to fund schools to achieve consistency, equity, etc.
- It was noted that over the last 10 years SPPS has moved from a district honoring site
based management to a combination of site/centralized process. We now need to look
toward what schools offer, the core specifics and move out from there.
- Where is achievement and integration; how do we get those numbers? There are two
funding sources for integration – both incentive and achievement and integration revenue
equal the "integration" revenue. Incentive funds some transportation and teachers and
provides some support funds for the five racially isolated sites.
- This budget reflects revenue for the schools. Schools were given the allocations for
budget, these were considered/reconsidered, some money was added back in to reach
the current figures. In future SPPS needs to consider enrollment (how to increase it),
class size negotiations in the contracts, legislative funding, referendum funds, grants for
additional funds. The only other change possible to increase funding for this year is Q
Comp or Title I from Federal legislation.
- Once all this information is published there are going to be questions from the community
on particular budgets – are principals ready to address those? Response: The
information will be posted to the website on May 3. There will be narrative along with the
presentation. These figures represent what schools are allocated, they may take
discretionary dollars to fund choice items. The Assistant Superintendents will also be
available to address questions. Information will also be posted to "Happening Now" and
"Trending Now" can be utilized to post answers to questions from the community on the
website to share information as questions/answers becomes available.
- It was noted the Budget and Finance Committee will meet on May 10 and they will be
reviewing this material as well.
- It was also noted that imbedded in program budgets are teachers assigned to sites --
Special Ed, MLL, etc.
- The proposed reduction to Family & Community Engagement and the Office of
Leadership Development what is that? Response: It is a one position change with a
reduction of an assistant in both departments.
- How does that impact programming? Response: Engagement feels it can offer the
same programming quality but not at the same level/manner it has. It will make
adjustments across current staffing to pickup processes. It will also make changes in
how it offers programming across sites/locations. It will continue to provide support for
other certain projects as well. For Leadership Development, its other three departments
will assume various responsibilities across their staffing.
- What was the rationale for the 80/20 restoration of the $4 million? Response: Schools
were put first. Diminishing return programs had some surgical reduction so programming
does not affect the schools. There were certain things that could not be cut -- busing,
utilities, custodians - it was an administrative judgment call.
- Are retirements taken into consideration? Response: To some degree, to date have
seen 62 teachers for next year.

The Board expressed its appreciation at how people have stepped up this year during the
budget process.

B. Summer School Update
2013-14 redesigned summer term (2 sessions 2 4 week along with 6 week session in 2\textsuperscript{nd} term)

Staff outlined the Summer Term (S Term) Goals: To prevent summer learning loss; focused alternative learning, credit recovery and on-track to high school graduation. She indicated 95% of teachers/administrator survey participants agreed or strongly agreed students benefits academically from attending S-Term 2016. S Term is an opportunity for students to actively explore, create, build and design.

Total projected enrollment for S Term is projected at 14,500; 3,850 Grades K-4, 8,500 Grades 5-12, 950 in the six week programs along with 1,200 from multi-district and charter schools. State's largest summer programming.

Grades K-4 Elementary will be located at Benjamin E. Mays, Hazel Park, John A. Johnson, Chelsea Heights, Dayton's Bluff, EXPO, Mississippi Creative Arts and Riverview. It will feature core academics (math and literacy), movement/yoga, health, economics, social-emotional skill building and STEM applied academics.

Grades 5-12 Secondary will be located at Central (1,300), Harding, Gordon Parks, LEAP and Washington (5,800) and St. Paul College (1,400). Curriculum features include: core academics (math and literacy), transition to middle school and art (grade 5), leadership and agriculture (grade 6), Why Try and Robotics (grade 7), leadership and transition to high school (grade 8), credit recovery (grades 9-12), online learning (ages 16+) and Writer’s Institute (for levels 2 and 3 ELL students).

The six-week programs will be held at Children’s Defense Fund (CDF) Freedom Schools (650, grades K-8), BELL Power Scholars (150, grades K-4) and Hmong Karen Youth Pride Program (150, grades K-4). This will feature core academics (math and literacy) and culturally affirming curriculum and development of leadership, pride and persistence.

The multi-district and charter school sessions will locate at Camp Teranga with Arts Us (125, grades K-8), the Native American Program (75, grades 1-5), National Youth Sports Program (300, grades K-11), Belwin Outdoor Science Program (100, grades 1-5) and Multiple Charter School Sites (600, grades K-12). These will feature core academics (math and literacy), cultural awareness, science and athletics.

Quality S Term programming for SPPS students involves district-wide departmental collaboration, security badges for S Term 2017 employees, an Emergency Operation Plan (EOP), a website promoting online registration, accessible technology for teachers and strong partnerships with community-based organizations. The programs provide focused, alternative learning opportunities so students can experience educational success and graduate to something great.

QUESTIONS/DISCUSSION:

- Multi-district and charter – where do they come from? Response: the multi-district is available for students from other surrounding districts on a first come, first served basis. Charter schools are within the City of St. Paul. They enroll their students as SPPS students but hold the programs at their own sites to save on transportation costs as SPPS does not pay for transporting these students.

- The immersion schools at Ben Mays, how is that done? Response: Immersion programs are all co-located at the one site and students are bused citywide to the programs. Each is run individually on the site.

- What data is collected around outcomes? Response: For elementary there are pre and post assessments in math and literacy. Secondary is based on credits earned. The Minnesota Council of Economics also does pre and post assessments. A report-out is made that the at end of term to allow for planning for next year.
• Has there historically been more or fewer sites? Response: Originally there were 12 elementary sites. This was decreased for the economy of transportation and facility costs. Enrollment has been quite consistent. Secondary has remained consistent in number of sites. There has been an increase in online enrollment so the website, the marketing, etc. is working.

• Are there end of term events at each site? Response: Yes, each site has end of term events. Freedom School also offers many parent empowerment opportunities and offer an end of term evening on August 25. Board members were invited to read at Freedom School during S Term.

• What about Break Through St Paul? Response: That is not SPPS programming but they do their programming in SPPS buildings. Many SPPS partners work in SPPS buildings to provide supports.

C. New Employee On boarding
Human Resource's (HR) mission is to lead as a strategic business partner to meet the district's evolving workforce needs. Its vision is that SPPS is a national destination employer, that collaboratively recruits, employs and retains top talent. They foster a culture of achievement and success, where proud employees build pathways that ensure exceptional outcomes for all students. To this end they created and implemented a systematic, effective, informative, engaging and collaborative year-round employee on-boarding program.

They did consider an online on-boarding and implemented a Moodle Online Training. However, there was no accountability or measurements and it lacked collaboration with District-wide stakeholders. Additionally, not all staff had access to a computer, it was missing the SPPS "family welcomeness" and some new hires missed their 30 day benefits eligibility. According to Forbes (May 2015) "the first 90 days are the right time to introduce new hires to new colleagues, share with them expectations and help them to understand the specific values your company espouses."

The SPPS on-boarding covers:
• HR's support (benefits)
• Technology services to get electronic devices
• Employee badge
• District Policies (Staff's Section 4, Technology # 520, Tobacco Free #414, Social Media #426, Immigration and Customs Enforcement (You Belong Here).
• Mandated reporting within SPPS
• Office of Equity (Racial equity and gender inclusion)
• Office of Teaching and Learning
• SPPS organization chart
• Anti-Bullying PD and
• A bus tour of ISD 625.

The program is attended the pre-scheduled Premier O-boarding includes staff who are benefits eligible, rehire with more than a five year break in service and any employee promoted into a Teacher assignment.

The program provides clear expectations, explains how to navigate the SPPS systems, provides information on equity and gender inclusion, helps new employees form relationships and networks and includes all benefits eligible employees.

A survey was done of new employees from August 2016-April 2017. It included: 22 clericals, 24 EA, 33 facility service personnel, 31 nutrition service personnel, 17 School/Community School professionals, 196 teachers, 183 TAs and 34 others. During this time period 602 of 712 new employees have attended the program.
Over 90% of new employees have found the training beneficial (62.0% very useful, 34.3% useful, 3.3% less useful and 0.4% not useful.

Over 80% of new employees found the benefits information to be useful and enrolled in benefit plans within their 30 day eligibility. (63.8% very useful, 26.6% useful, 8.1% less useful and 1.6% not useful).

Over 70% of new employees enjoyed the bus tour (31.9% very useful, 42.5% useful, 13.8% less useful and 11.8% not useful)

93.1% of new employees shared that all information provided was work related with only 6.9% not finding it so.

QUESTIONS/DISCUSSION:

Where do you tell new employees to go for help, support, mentoring that will not be threatening? Response: HR is the first call for employee questions. The Office of Teaching and Learning has added a week of training for new hires to onboard teachers with an additional five days of training. Principals and APs and veteran teachers can also be resources for mentoring within the schools.

How does SPPS work to foster a "family atmosphere" for new employees? Response: Beyond the on-boarding there are other things available. SPFT offers PD sessions during the teacher probationary period. Employees can go to HR, Benefits for personal needs or for help with the job. IT offers technology resources. Other resources include the racial equity group, academic leaders, Special Ed leaders and MLL leaders, content area leads, elementary teachers spend time in literacy training and in math. There is a mentor/mentee program to partner new teachers with veteran teachers as mentor. In the second year PAR is added in and SPFT offers effective instruction classes. There is an evaluation process done three times per year over the three year probationary period that provides input/development opportunities. New teachers have more flexibility in the third year for PD in identified needs. School staff build a community within the buildings that offer supports as well.

Homelessness, gender inclusion, equity, trauma informed work -- is there on boarding around those? Response: Those issues are address under Title I. Family involvement nights, school climate and culture address trauma informed care.

School climate and culture are addressed during the new educator week – all departments are brought together to plan the training – equity work, trauma informed work and the initial touch point on homelessness happen there. Support comes at the building level. Title I liaisons at the schools address that area as well with additional resources at certain times of year.

2. FMP Governance Committee
This committee was defined by the Board’s 5-Year Facilities Maintenance and Capital Plan resolution. Its purpose is to annually review and update the next five year’s projects. Membership is reflective of the original FMP Planning Committee with broad district perspectives, racial diversity and geographic distribution. Parents, students, teachers, district staff, local businesses, local government agencies, community partners and neighborhood joint-use partners make up the membership.

The parameters of the FMP-G is to uphold the integrity of the FMP engagement process, to adhere to the FMP vision, principles and standards. To use agreed upon criteria to guide decisions and to consider emerging factors such as enrollment projections, demographic changes, educational pathway/program realignment or changes, technological advances and changes to federal or state law impacting capital funding.

The Committee will inform Board action on the 5-Year Plan on May 16. It will meet for two sessions on April 13 and May 9. Additional work needs to be done to bring in additional members for the Committee.

Criteria for prioritizing projects (in rank order) include:
• Permanent construction
• Growth and alignment
• Quality of learning spaces
• Identifiable main entries
• Building condition
• Core space
• Overall alignment

Additional criteria may be considered to address the following:
• Enrollment enhancement opportunities
• Geographic distribution
• Large impacts
• Partnership opportunities
• Program requirements.

At the April 13 meeting the group had opportunity to reflect on SPPS priorities via the criteria. They had no desire to change the criteria for prioritization. They listed some opportunities:
• New Superintendent/Mayor - utilize new leadership
• Increase access for families with young children (B-5), PreK/Early Childhood
• Urban school district and the benefits of a diverse community - open schools to the community (revenues), look for community partners (like the 3M partnership), look for mentors and partner with local colleges.
• Career readiness opportunities
• Energy efficiencies
• Dining space/how food service affects the students’ day

They also offered input on challenges:
• Looking at over vs. under capacity buildings
• Public understanding of what "facilities" encompass and in turn, how its impacts students
• Volume of buildings - consideration of impact and variety
• Planning in uncertain times - placing funds to meet future needs, financial constraints (funding great visions), specialized programs in the right place/do buildings support programs?, building age, diversity in design, engagement of community and parents, respect for teachers and environment and building security.

At the May 9 meeting the group will consider input on middle school capacity (3 scenarios will be presented to fill capacity), the impact of emerging factors (enrollment projections, etc.), co-creators of engagement framework for broader middle school engagement and BOE consideration.

At the June COB and BOE meetings the Board will review and act upon the updated five-year Implementation Plan (FY18-22) and hear strategies for how to address middle school/Crosswinds decisions and actions.

3. Solar Energy
The Board Chair asked the Facilities Director to update the Board on solar energy since they have been receiving inquiries on the subject.

SPPS has two types of arrays on two schools, one for domestic hot water needs and the other for electric capacity. There has been substantial movement and interest in community solar gardens and the sale of energy; SPPS has been approached to consider these opportunities. There is a District Energy Team looking at the possibilities for energy efficiency and lowering energy costs and at what creates the biggest impact along with pros and cons involved. Historically SPPS has invested in fast payback projects; solar creation/consumption is a long term liability and as such needs thoughtful consideration of the process. The Energy Team will look at leveraging what has been done recently and how that might apply to SPPS.

QUESTIONS/DISCUSSION:
• When (and if) SPPS moves from thought to implementation on solar what will the plan be? Response: There are opportunities out there and SPPS may not want to miss out on those but right now it is in the exploration phase. There is no timeline yet, the industry is moving quickly on this. SPPS is evaluating it systematically and will be talking with Public Housing on what they have done. This will help to create a framework around what the right solution might be but we still need additional time for exploration
• Has there been consideration on collaboration in this process? Perhaps with the City or someone else? Response: We hope that will be the case. The speed of the industry is fast and there have been changes in legislation that are positive.
• A Board member requested staff to capture the commentary from the FMP-G in a systematic way so the Board can hear/see the information and incorporate it into future community engagement opportunities. The Board asked their Administrator to keep the information for the Board. They also asked who is on the Governance Committee.

G. Standing Item: SSSC 2.0 Update -- None

H. Work Session

1. Administrative Response to American Indian Resolution of Non-Concurrence

Administration indicated that there is a perception on the part of the PAC that Board should have been more involved. Historically the Administrative Response has been made from administration. The community brings forth concerns and the district has 90
days in which to respond to those concerns. SPPS has been using the requested “wrap around” meetings to write and share the response with the PAC. There have been questions around the clarity of the response and at least one indication of dissatisfaction with the response. When the response has been “vetted” it has typically been brought to a COB meeting for the Board’s information along with further discussion with the PAC.

Administration has discussed the response process and in this instance the Parent Committee has not wanted to meet with the Board to discuss the administrative response.

Has administration adequately responded to what concerns were expressed? The concerns have been worked through at the quarterly meetings and has been moving in the right direction. SPPS has done target marketing, recruitment and quarterly meetings in attempts to increase American Indian participation. There is a staff person housed at the Placement Center to capture American Indian families for recruitment and to welcome them into the school/program.

So they came with a statement of non-concurrence and SPPS responded as required. Yes, one person has expressed dissatisfaction with the response but the committee, as a whole, has been working through the response at their quarterly meetings.

The consensus was that the Board would discuss the response with the PAC when they are ready to come back to the Board. Administration indicated it would work with the PAC and encourage them to come to the Board to discuss the response.

2. FY 18 Board of Education Budget

The Chief Financial Officer and the Board member worked through the Board budget line items to arrive at a proposed final board budget.

3. School Choice/Enrollment

The Chief Operations Officer provided a further review of the choice/enrollment process.

QUESTIONS/DISCUSSION:

• At JJ Hill they use an "intent to return" letter, do other schools use this? Response: It is used throughout the district under school choice. Some schools send out a survey on intent to return but SPPS does not use that data for projections at district level as it has not proven to be accurate to the level needed. SPPS works off a three year trend of historical data to achieve its enrollment projections. With the intent to return, parents often find it difficult to say they are not coming back to the school. SPPS has hard confirmation of those moving out of the city but otherwise there is simply not complete information.

• If, at a school that is popular, parents want to be sure to have a spot they will fill the form out. Also, many other factors come into play in choice decisions – childcare, work schedules, transportation, etc. The completed form is a good indicator that families will return. The intent to return works well in private schools because it must be accompanied by a check. With public schools there is only a verbal commitment.

• The act of asking for that information is a first step toward getting families to commit. Can SPPS make all schools use it? Response: Real data is much more beneficial so REA uses the three year average of actual student return – historical data. If trends do change, that trend is captured as well. REA has been right on with its retention rates. The Placement system is a live online system so if a seat is given up at a school it is listed as open and if the student moved to another school that school will be shown as having one less seat.
• Concern was expressed about declining enrollment, SPPS has a transient population. We need to identify why a family left for a different district, charter or parochial school.

• Does SPPS have exit interviews from people willing to provide it? Response: We have found the online version response is not as strong as having a person called for the information for immediate feedback. Ideally as soon as SPPS gets a records request there would be a call to asking why they are leaving and if something can be done to change that decision. This would need a dedicated staff person and ideally a bi-lingual/multi-lingual one as well. SPPS is trying to partner with Charter schools so it can capture any students leaving the charter or when they transition to middle/high school. Perhaps the Enrollment Task Force will bring some ideas forward.

• Perhaps there is expertise from other sources that can be taken advantage of. SPPS needs to get customer satisfaction information for use in planning and understanding where it needs to go. In a competitive situation such as we have we need that information in order to understand what families want. It was noted that person to person contact is the most effective invitation to come into the district.

• So how do we divide capacity? Response: The goal is to be sure every school has a viable program. We generate programs off enrollment and have to distribute students equitably. Any school with less than two sections per grade is going to find it hard to have a viable program. We also have to align with class size requirements. We have reviewed every school to see if there were any large discrepancies.

• Reflecting St. Paul, SPPS attempts to hold places (20%) for students in poverty. Response: Yes, we release groups periodically through the summer but have to keep some for later arrivals. Kids showing up in August number 6,000 to 8,000. There are under privileged kids we want to save seats for so we need to be flexible and use good judgment. If families are under served they will go to that community to address the possibility of enrolling. We need to make every school desirable through programming, building design, etc. We do see value in a variety of different options. We need to look at what is in place, unpack it, see what needs to be developed, let go, etc. We need to establish where the district is moving in terms of community expectations.

• We can’t be all things to everyone all the time – we need to address schools and use of resources. We need to invest in early childhood and we need flexibility and to be nimble (such as Jie Ming) and willing to make it work.

• A Board member asked for further discussion on this at the June COB.

• A request was made that the Board consider a neighborhood preference for both Open and Capitol Hill.

• A Board member asked a discussion on early childhood be added to an agenda.

• Staff stated they felt good that 92% of Kindergarten got their first choice.

• We need to change the SPPS narrative and perhaps do professional marketing.

• When will the next enrollment update be coming: Response: June.

   As may be requested by the Purchaser, one or more term Bonds may be issued having mandatory sinking fund redemption and final maturity amounts conforming to the foregoing principal repayment schedule, and corresponding additions may be made to the provisions of the applicable Bond(s).

   (b) **Book Entry Only System.** The Depository Trust Company, a limited purpose trust company organized under the laws of the State of New York or any of its successors or its successors to its functions hereunder (the "Depository") will act as securities depository for the Bonds, and to this end:

   (i) The Bonds shall be initially issued and, so long as they remain in book entry form only (the "Book Entry Only Period"), shall at all times be in the form of a separate single fully
registered Bond for each maturity of the Bonds; and for purposes of complying with this requirement under paragraph 10 (with respect to registration, transfer and exchange) Authorized Denominations for any Bond shall be deemed to be limited during the Book Entry Only Period to the outstanding principal amount of that Bond.

(ii) Upon initial issuance, ownership of the Bonds shall be registered in a bond register maintained by U.S. Bank National Association, Saint Paul, Minnesota (the "Bond Registrar"), in the name of CEDE & CO., as the nominee (it or any nominee of the existing or a successor Depository, the "Nominee").

(iii) With respect to the Bonds neither the District nor the Bond Registrar shall have any responsibility or obligation to any broker, dealer, bank, or any other financial institution for which the Depository holds Bonds as securities depository (the "Participant") or the person for which a Participant holds an interest in the Bonds shown on the books and records of the Participant (the "Beneficial Owner"). Without limiting the immediately preceding sentence, neither the District, nor the Bond Registrar, shall have any such responsibility or obligation with respect to (A) the accuracy of the records of the Depository, the Nominee or any Participant with respect to any ownership interest in the Bonds, or (B) the delivery to any Participant, any Owner or any other person, other than the Depository, of any notice with respect to the Bonds, including any notice of redemption, or (C) the payment to any Participant, any Beneficial Owner or any other person, other than the Depository, of any amount with respect to the principal of or premium, if any, or interest on the Bonds, or (D) the consent given or other action taken by the Depository as the Registered Holder of any Bonds (the "Holder"). For purposes of securing the vote or consent of any Holder under this Resolution, the District may, however, rely upon an omnibus proxy under which the Depository assigns its consenting or voting rights to certain Participants to whose accounts the Bonds are credited on the record date identified in a listing attached to the omnibus proxy.

(iv) The District and the Bond Registrar may treat as and deem the Depository to be the absolute owner of the Bonds for the purpose of payment of the principal of and premium, if any, and interest on the Bonds, for the purpose of giving notices of redemption and other matters with respect to the Bonds, for the purpose of obtaining any consent or other action to be taken by Holders for the purpose of registering transfers with respect to such Bonds, and for all purpose whatsoever. The Bond Registrar, as paying agent hereunder, shall pay all principal of and premium, if any, and interest on the Bonds only to or upon the Holder of the Holders of the Bonds as shown on the register, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to the principal of and premium, if any, and interest on the Bonds to the extent of the sum or sums so paid.

(v) Upon delivery by the Depository to the Bond Registrar of written notice to the effect that the Depository has determined to substitute a new Nominee in place of the existing Nominee, and subject to the transfer provisions in paragraph 10 hereof (with respect to registration, transfer and exchange), references to the Nominee hereunder shall refer to such new Nominee.

(vi) So long as any Bond is registered in the name of a Nominee, all payments with respect to the principal of and premium, if any, and interest on such Bond and all notices with
respect to such Bond shall be made and given, respectively, by the Bond Registrar or District, as the case may be, to the Depository as provided in the Letter of Representations to the Depository required by the Depository as a condition to its acting as book-entry Depository for the Bonds (said Letter of Representations together with any replacement thereof or amendment or substitute thereto, including any standard procedures or policies referenced therein or applicable thereto respecting the procedures and other matters relating to the Depository’s role as book-entry Depository for the Bonds, collectively hereinafter referred to as the "Letter of Representations").

(c) Letter of Representations. The provisions in the Letter of Representations are incorporated herein by reference and made a part of the resolution, and if and to the extent any such provisions are inconsistent with the other provisions of this resolution, the provisions in the Letter of Representations shall control.

3. Purpose. The Bonds shall provide funds to finance costs of the Projects. The total cost of the Projects, which shall include all costs enumerated in Minnesota Statutes, Section 475.65, is estimated to be at least equal to the amount of the Bonds. Work on the Projects shall proceed with due diligence to completion. The District covenants that it shall do all things and perform all acts required of it to assure that work on the Projects proceeds with due diligence to completion and that any and all permits and studies required under law for the Projects are obtained.

4. Interest. The Bonds shall bear interest payable semiannually on February 1 and August 1 of each year (each, an "Interest Payment Date"), commencing February 1, 2018, calculated on the basis of a 360-day year of twelve 30-day months, at the respective rates per annum set forth opposite the maturity years as follows:

As may be requested by the Purchaser, one or more term Bonds may be issued having mandatory sinking fund redemption and final maturity amounts conforming to the foregoing principal payment schedule, and corresponding additions may be made to the provisions of the applicable Bonds(s).

5. Redemption. Bonds maturing on February 1, 2028, and thereafter, shall be subject to redemption and prepayment at the option of the District on February 1, 2027 and on any date thereafter, at a price of par plus accrued interest. Redemption may be in whole or in
part of the Bonds subject to prepayment. If redemption is in part, the maturities and the principal amounts within each maturity to be redeemed shall be determined by the District; and if only part of the Bonds having a common maturity date are called for prepayment, the specific Bonds to be prepaid shall be chosen by lot by the Bond Registrar. Bonds or portions thereof called for redemption shall be due and payable on the redemption date, and interest thereon shall cease to accrue and after the redemption date. Mailed notice of redemption shall be given to the paying agent and to each affected registered holder of the Bonds at least 30 days prior to the date fixed for redemption unless otherwise required by law.

To effect any partial redemption of Bonds having a common maturity date, the Bond Registrar, prior to giving notice of redemption, shall assign to each Bond having a common maturity date a distinctive number for each $5,000 of the principal amount of such Bond. The Bond Registrar shall then select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers so assigned to such Bonds, as many numbers as, at $5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Bonds to be redeemed shall be the Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of each such Bond of a denomination of more than $5,000 shall be redeemed as shall equal $5,000 for each number assigned to it and so selected. If a Bond is to be redeemed only in part, it shall be surrendered to the Bond Registrar (with, if the District or Bond Registrar so requires, a written instrument of transfer in form satisfactory to the District and Bond Registrar duly executed by the Holder thereof or the Holder's attorney duly authorized in writing) and the District shall execute (if necessary) and the Bond Registrar shall authenticate and deliver to the Holder of the Bond, without service charge, a new Bond or Bonds having the same stated maturity and interest rate and of any Authorized Denomination or Denominations, as requested by the Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Bond so surrendered.

6. **Bond Registrar.** U.S. Bank National Association, in Saint Paul, Minnesota, is appointed to act as bond registrar and transfer agent with respect to the Bonds (the "Bond Registrar"), and shall do so unless and until a successor Bond Registrar is duly appointed, all pursuant to any contract the District and Bond Registrar shall execute which is consistent herewith. The Bond Registrar shall also serve as paying agent unless and until a successor paying agent is duly appointed. Principal and interest on the Bonds shall be paid to the registered holders (or record holders) of the Bonds in the manner set forth in the Form of Bond set forth in paragraph 7 and in paragraph 12 of this resolution, with respect to interest payment and record date.

7. **Form of Bond.** The Bonds, together with the Bond Registrar's Certificate of Authentication, the form of Assignment and the registration information thereon, shall be in substantially the following form:

KNOW ALL PERSONS BY THESE PRESENTS that the Independent School District Number 625, Saint Paul, Minnesota (the "Issuer"), certifies that it is indebted and for value received promises to pay to the registered owner specified above, or registered assigns, in the manner hereinafter set forth, the principal amount specified above, unless called for earlier redemption, on the maturity date specified above, and to pay interest thereon semiannually on February 1 and August 1 of each year (each, an "Interest Payment Date"), commencing February 1, 2018, at the rate per annum specified above (calculated on the basis of a 360-day year of twelve 30-day months) until the principal sum is paid or has been provided for. This Bond will bear interest from the most recent Interest Payment Date to which interest has been paid or, if no interest has been paid, from the date of original issue hereof. The principal of and premium, if any, on this Bond are payable in lawful money of the United States of America.
Optional Redemption. All Bonds of this issue (the "Bonds") maturing on February 1, 2028, and thereafter, are subject to redemption and prepayment at the option of the Issuer on February 1, 2027 and on any date thereafter, at a price of par plus accrued interest. Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the maturities and the principal amounts within each maturity to be redeemed shall be determined by the Issuer; and if only part of the Bonds having a common maturity date are called for prepayment, the specific Bonds to be prepaid shall be chosen by lot by the Bond Registrar. Bonds or portions thereof called for redemption shall be due and payable on the redemption date, and interest thereon shall cease to accrue from and after the redemption date. Mailed notice of redemption shall be given to the Bond Registrar and to each affected Holder of the Bonds at least 30 days prior to the date fixed for redemption.

All Bonds so called for redemption will cease to bear interest on the specified redemption date, provided funds for their redemption have been duly deposited.

Selection of Bonds for Redemption; Partial Redemption. To effect any partial redemption of Bonds having a common maturity date, the Bond Registrar, prior to giving notice of redemption, shall assign to each Bond having a common maturity date a distinctive number for each $5,000 of the principal amount of such Bond. The Bond Registrar shall then select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers assigned to the Bonds, as many numbers as, at $5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Bonds to be redeemed shall be the Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of such Bond of a denomination of more than $5,000 shall be redeemed as shall equal $5,000 for each number assigned to it and so selected. If a Bond is to be redeemed only in part, it shall be surrendered to the Bond Registrar (with, if the Issuer or Bond Registrar so requires, a written instrument of transfer in form satisfactory to the Issuer and Bond Registrar duly executed by the Holder thereof or the Holder’s attorney duly authorized in writing) and the Issuer shall execute (if necessary) and the Bond Registrar shall authenticate and deliver to the Holder of the Bond, without service charge, a new Bond or Bonds having the same stated maturity and interest rate and of any Authorized Denomination or Denominations, as requested by the Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Bond so surrendered.

In addition, the Issuer has covenanted and obligated itself to use the provisions of
Minnesota Statutes, Section 126C.55 to guarantee the payment of the principal and interest on the Bonds due.

Thereupon the Issuer shall execute and the Bond Registrar shall authenticate and deliver, in exchange for this Bond, one or more new fully registered Bonds in the name of the transferee (but not registered in blank or to "bearer" or similar designation), of an authorized denomination or denominations, in aggregate principal amount equal to the principal amount of this Bond, of the same maturity and bearing interest at the same rate.

Fees upon Transfer or Loss. The Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with the transfer or exchange of this Bond and any legal or unusual costs regarding transfers and lost Bonds.

8. **Execution.** The Bonds shall be in typewritten form, shall be executed on behalf of the District by the signatures of its Chair and Clerk, and shall be sealed with the seal of the District; provided, as permitted by law, both signatures may be photocopied facsimiles and the corporate seal may be omitted. In the event of disability or resignation or other absence of either such officer, the Bonds may be signed by the manual or facsimile signature of that officer who may act on behalf of such absent or disabled officer. In case either such officer whose signature or facsimile of whose signature shall appear on the Bonds shall cease to be such officer before the delivery of the Bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he or she had remained in office until delivery.

9. **Authentication.** No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this resolution unless a Certificate of Authentication on such Bond, substantially in the form hereinabove set forth, shall have been duly executed by an authorized representative of the Bond Registrar. Certificates of Authentication on different Bonds need not be signed by the same person. The Bond Registrar shall authenticate the signatures of officers of the District on each Bond by execution of the Certificate of Authentication on the Bond and by inserting as the date of registration in the space provided the date on which the Bond is authenticated, except that for purposes of delivering the original Bonds to the Purchaser, the Bond Registrar shall insert as a date of registration the date of original issue, which date is June 15, 2017. The Certificate of Authentication so executed on each Bond shall be conclusive evidence that it has been authenticated and delivered under this resolution.

10. **Registration; Transfer; Exchange.** The District will cause to be kept at the principal office of the Bond Registrar a bond register in which, subject to such reasonable regulations as the Bond Registrar may prescribe, the Bond Registrar shall provide for the registration of Bonds and the registration of transfers of Bonds entitled to be registered or transferred as herein provided.

Upon surrender for transfer of any Bond at the principal office of the Bond Registrar, the District shall execute (if necessary), and the Bond Registrar shall authenticate, insert the date of registration (as provided in paragraph 9 with respect to authentication) of, and deliver, in the name of the designated transferee or transferees, one or more new Bonds of any authorized denomination or denominations of a like aggregate principal amount, having the same stated maturity and interest rate, as requested by the transferor; provided, however, that no Bond may be registered in blank or in the name of "bearer" or similar designation.

At the option of the Holder, Bonds may be exchanged for Bonds of any authorized denomination or denominations of a like aggregate principal amount and stated maturity, upon surrender of the Bonds to be exchanged at the principal office of the Bond Registrar. Whenever any Bonds are so surrendered for exchange, the District shall execute (if necessary), and the Bond Registrar shall authenticate, insert the date of registration of, and deliver the Bonds which the Holder making the exchange is entitled to receive.

All Bonds surrendered upon any exchange or transfer provided for in this resolution shall be promptly cancelled by the Bond Registrar and thereafter disposed of as directed by the District.
All Bonds delivered in exchange for or upon transfer of Bonds shall be valid
general obligations of the District evidencing the same debt, and entitled to the same benefits
under this resolution, as the Bonds surrendered for such exchange or transfer.

Every Bond presented or surrendered for transfer or exchange shall be duly
endorsed or be accompanied by a written instrument of transfer, in form satisfactory to the Bond
Registrar, duly executed by the Holder thereof or his, her or its attorney duly authorized in
writing.

The Bond Registrar may require payment of a sum sufficient to cover any tax or
other governmental charge payable in connection with the transfer or exchange of any Bond and
any legal or unusual costs regarding transfers and lost Bonds.

Transfers shall also be subject to reasonable regulations of the District contained
in any agreement with the Bond Registrar, including regulations which permit the Bond
Registrar to close its transfer books between record dates and payment dates. The Treasurer is
hereby authorized to negotiate and execute the terms of said agreement.

11. Rights Upon Transfer or Exchange. Each Bond delivered upon transfer of
or in exchange for or in lieu of any other Bond shall carry all the rights to interest accrued and
unpaid, and to accrue, which were carried by such other Bond.

12. Interest Payment; Record Date. Interest on any Bond shall be paid on
each Interest Payment Date by check or draft mailed to the person in whose name the Bond is
registered (the "Holder") on the registration books of the District maintained by the Bond
Registrar and at the address appearing thereon at the close of business on the fifteenth (15th) day
of the calendar month next preceding such Interest Payment Date (the "Regular Record Date").
Any such interest not so timely paid shall cease to be payable to the person who is the Holder
thereof as of the Regular Record Date, and shall be payable to the person who is the Holder
thereof at the close of business on a date (the "Special Record Date") fixed by the Bond Registrar
whenever money becomes available for payment of the defaulted interest. Notice of the Special
Record Date shall be given by the Bond Registrar to the Holders not less than ten (10) days prior
to the Special Record Date.

13. Treatment of Registered Owner. The District and Bond Registrar may
treat the person in whose name any Bond is registered as the owner of such Bond for the purpose
of receiving payment of principal of and premium, if any, and interest (subject to the payment
provisions in paragraph 12 above with respect to interest payment and record date) on, such
Bond and for all other purposes whatsoever whether or not such Bond shall be overdue, and
neither the District nor the Bond Registrar shall be affected by notice to the contrary.

14. Delivery; Application of Proceeds. The Bonds when so prepared and
executed shall be delivered by the Treasurer to the Purchaser upon receipt of the purchase price,
and the Purchaser shall not be obliged to see to the proper application thereof.

15. Fund and Accounts. There is hereby created a special fund to be
designated the "General Obligation School Building Bonds, Series 2017A Fund" (the "Fund") to
be administered and maintained by the District as a bookkeeping account separate and apart from
all other funds maintained in the official financial records of the District. The Fund and its accounts shall each be maintained in the manner herein specified until all of the Bonds herein authorized and the interest thereon shall have been fully paid. There shall be maintained and created in the Fund two (2) separate accounts, to be designated the "Capital Account" and "Debt Service Account", respectively.

(a) **Capital Account.** To the Capital Account there shall be credited the proceeds of the Bonds less capitalized interest, if any, and any amount paid for the Bonds in excess of the minimum bid. From the Capital Account there shall be paid all costs of issuing the Bonds and all costs and expenses of the Projects, including all costs incurred and to be incurred of the kind authorized in Minnesota Statutes, Section 475.65; and the moneys in said account shall be used for no other purpose except as otherwise provided by law; provided that the proceeds of the Bonds may also be used to the extent necessary to pay interest on the Bonds due prior to the anticipated date of commencement of the collection of taxes herein levied. The proceeds of the Bonds shall be used to fund the Projects.

(b) **Debt Service Account.** There is hereby created a Debt Service Account and there is irrevocably appropriated thereto: (i) any premium received on the sale of the Bonds; (ii) the collections of all taxes herein or hereafter levied for the payment of the Bonds and interest thereon; (iii) all funds remaining in the Capital Account after the payment of all costs of the Projects; (iv) all investment earnings on funds held in the Debt Service Account; and (v) any and all other moneys which are properly available and are appropriated by the governing body of the District to the Debt Service Account. The Debt Service Account shall be used solely to pay the principal and interest of the Bonds and any other general obligation certificates of the District hereafter issued by the District and made payable from said account as provided by law.

The moneys in the Debt Service Account shall be used solely to pay the principal of and interest on the Bonds or any other bonds hereafter issued and made payable from the Fund. No portion of the proceeds of the Bonds shall be used directly or indirectly to acquire higher yielding investments or to replace funds which were used directly or indirectly to acquire higher yielding investments, except (i) for a reasonable temporary period until such proceeds are needed for the purpose for which the Bonds were issued, and (ii) in addition to the above, in an amount not greater than the lesser of five percent (5%) of the proceeds of the Bonds or $100,000. To this effect, any proceeds of the Bonds and any sums from time to time held in the Fund (or any other District account which will be used to pay principal and interest to become due on the Bonds) in excess of amounts which under the applicable federal arbitrage regulations may be invested without regard as to yield shall not be invested in excess of the applicable yield restrictions imposed by the arbitrage regulations on such investments after taking into account any applicable "temporary periods" or "minor portion" made available under the federal arbitrage regulations. In addition, the proceeds of the Bonds and money in the Fund shall not be invested in obligations or deposits issued by, guaranteed by or insured by the United States or any agency or instrumentality thereof if and to the extent that such investment would cause the Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Internal Revenue Code of 1986, as amended (the "Code").
16. **Tax Levy; Coverage Test.** To provide monies for the payment of principal and interest on the Bonds there is hereby levied upon all of the taxable property in the District a direct annual ad valorem tax which shall be spread upon the tax rolls and collected with and as part of, other general property taxes in said District for the years and in the amounts as follows:

Said tax levies are such that if collected in full they, together with estimated collections of investment earnings and other revenues herein pledged for the payment of the Bonds, will, if collected when due, produce at least five percent (5%) in excess of the amount needed to meet when due the principal and interest payments on the Bonds. The tax levies shall be irrepealable so long as any of the Bonds are outstanding and unpaid, provided that the District reserves the right and power to reduce the levies in the manner and to the extent permitted by Minnesota Statutes, Section 475.61, Subdivision 3.

17. **General Obligation Pledge.** For the prompt and full payment of the principal of and interest on the Bonds as the same respectively become due, the full faith, credit and taxing powers of the District shall be and are hereby irrevocably pledged. If the balance in the Debt Service Account is ever insufficient to pay all principal and interest then due on the Bonds and any other bonds payable therefrom, the deficiency shall be promptly paid out of any other funds of the District which are available for such purpose, and such other funds may be reimbursed with or without interest from the Debt Service Account when a sufficient balance is available therein.
18. **Compliance with Reimbursement Bond Regulations.** The provisions of this paragraph are intended to establish and provide for the District's compliance with United States Treasury Regulations Section 1.150-2 (the "Reimbursement Regulations") applicable to the "reimbursement proceeds" of the Bonds, being those portions thereof which will be used by the District to reimburse itself for any expenditure which the District paid or will have paid prior to the closing date (a "Reimbursement Expenditure").

The District hereby certifies and/or covenants as follows:

(a) It shall not seek payment for a Reimbursement Expense from proceeds of the Bonds unless, not later than 60 days after the date of payment of a Reimbursement Expenditure, the District (or person designated to do so on behalf of the District) has made or will have made a written declaration of the District's official intent (a "Declaration") which effectively (i) states the District's reasonable expectation to reimburse itself for the payment of the Reimbursement Expenditure out of the proceeds of the Bonds; (ii) gives a general and functional description of the Projects for which the Reimbursement Expenditure is paid; and (iii) states the maximum principal amount of the Bonds expected to be issued by the District for the purpose of financing the Projects; provided, however, that no such Declaration shall necessarily have been made with respect to: (i) "preliminary expenditures" for the Projects, defined in the Reimbursement Regulations to include engineering or architectural, surveying and soil testing expenses and similar prefatory costs, which in the aggregate do not exceed 20% of the "issue price" of the Bonds, and (ii) a de minimis amount of Reimbursement Expenditures not in excess of the lessor of $100,000 or 5% of the proceeds of the Bonds.

(b) Any such Reimbursement Expenditure shall be a capital expenditure or a cost of issuance of the Bonds or any of the other types of expenditures described in Section 1.150-2(d)(3) of the Reimbursement Regulations.

(c) The "reimbursement allocation" described in the Reimbursement Regulations for each Reimbursement Expenditure shall and will be made forthwith following (but not prior to) the issuance of the Bonds and in all events within the period ending on the date which is the later of three years after payment of the Reimbursement Expenditure or one year after the date on which the Projects to which the Reimbursement Expenditure relates is first placed in service.

(d) Each such reimbursement allocation will be made in a writing that evidences the District's use of Bond proceeds to reimburse the Reimbursement Expenditure and, if made within 30 days after the Bonds are issued, shall be treated as made on the day the Bonds are issued.

Provided, however, that the District may take action contrary to any of the foregoing covenants in this paragraph 25 upon receipt of an opinion of its Bond Counsel for the Bonds stating in effect that such action will not impair the tax-exempt status of the Bonds.

19. **Certificate of County Auditor.** The Clerk is hereby directed to file a certified copy of this resolution with the County Auditor of Ramsey County, Minnesota, together with such other information as they shall require, and to obtain the County Auditor’s Certificate
that the Bonds have been entered in the County Auditor’s Bond Register, and that the tax levies required by law for the Bonds have been made.

20. **State Credit Enhancement Program.** The District hereby ratifies and confirms its covenant in the resolution adopted April 25, 2017, obligating itself to notify the Commissioner of Education of a potential default in payment of the Bonds and to use the provisions of Minnesota Statutes, Section 126C.55 to guarantee the payment of principal and interest on the Bonds. The Chair and Clerk are hereby authorized and directed to enter into an agreement with the paying agent for the Bonds or any department of the State of Minnesota required by the provisions of Minnesota Statutes Section 126C.55.

21. **Records and Certificates.** The officers of the District are hereby authorized and directed to prepare and furnish to the Purchaser, and to the attorneys approving the legality of the issuance of the Bonds, certified copies of all proceedings and records of the District relating to the Bonds and to the financial condition and affairs of the District, and such other affidavits, certificates and information as are required to show the facts relating to the legality and marketability of the Bonds as the same appear from the books and records under their custody and control or as otherwise known to them, and all such certified copies, certificates and affidavits, including any heretofore furnished, shall be deemed representations of the District as to the facts recited therein.

22. **Negative Covenant as to Use of Proceeds and Project.** The District hereby covenants not to use the proceeds of the Bonds, or to cause or permit them to be used, in such a manner as to cause the Bonds to be "private activity bonds" within the meaning of Sections 103 and 141 through 150 of the Code.

23. **Investment Limitations; Rebate.** The District shall comply with requirements necessary under the Code to establish and maintain the exclusion from gross income under Section 103 of the Code of the interest on the Bonds, including without limitation (i) requirements relating to temporary periods for investments, (ii) limitations on amounts invested at a yield greater than the yield on the Bonds, and (iii) the rebate of excess investment earnings to the United States. The District expects to satisfy the eighteen month expenditure exemption for gross proceeds of the Bonds as provided in Section 1.148-7(d)(1) of the Regulations.

24. **Defeasance.** When all Bonds have been discharged as provided in this paragraph, all pledges, covenants and other rights granted by this resolution to the registered holders of the Bonds shall, to the extent permitted by law, cease. The District may discharge its obligations with respect to any Bonds which are due on any date by irrevocably depositing with the Bond Registrar on or before that date a sum sufficient for the payment thereof in full; or if any Bond should not be paid when due, it may nevertheless be discharged by depositing with the Bond Registrar a sum sufficient for the payment thereof in full with interest accrued to the date of such deposit. The District may also at any time discharge its obligations with respect to any Bonds, subject to the provisions of law now or hereafter authorizing and regulating such action, by depositing irrevocably in escrow, with a suitable banking institution qualified by law as an escrow agent for this purpose, cash or securities described in Minnesota Statutes, Section 475.67, Subdivision 8, bearing interest payable at such times and at such rates and maturing on such
dates as shall be required, subject to sale and/or reinvestment, to pay all amounts to become due thereon to maturity or, if notice of redemption as herein required has been duly provided for, to such earlier redemption date.

25. **No Designation of Qualified Tax-Exempt Obligation.** The Bonds shall not be designated by the Issuer as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3) of the Code.

26. **Continuing Disclosure.** The District is the sole obligated person with respect to the Bonds. The District hereby agrees, in accordance with the provisions of Rule 15c2-12 (the "Rule"), promulgated by the Securities and Exchange Commission (the "Commission") pursuant to the Securities Exchange Act of 1934, as amended, and a Continuing Disclosure Undertaking (the "Undertaking") hereinafter described to:

   (a) Provide or cause to be provided to the Municipal Securities Rulemaking Board (the "MSRB") by filing at www.emma.msrb.org in accordance with the Rule, certain annual financial information and operating data in accordance with the Undertaking. The District reserves the right to modify from time to time the terms of the Undertaking as provided therein.

   (b) Provide or cause to be provided to the MSRB notice of the occurrence of certain events with respect to the Bonds in not more than ten (10) business days after the occurrence of the event, in accordance with the Undertaking.

   (c) Provide or cause to be provided to the MSRB notice of a failure by the District to provide the annual financial information with respect to the District described in the Undertaking, in not more than ten (10) business days following such amendment.

   (d) The District agrees that its covenants pursuant to the Rule set forth in this paragraph and in the Undertaking is intended to be for the benefit of the Holders of the Bonds and shall be enforceable on behalf of such Holders; provided that the right to enforce the provisions of these covenants shall be limited to a right to obtain specific enforcement of the District's obligations under the covenants.

    The Chair and Clerk of the District, or any other officer of the District authorized to act in their place (the "Officers") are hereby authorized and directed to execute on behalf of the District the Undertaking in substantially the form presented to the School Board subject to such modifications thereof or additions thereto as are (i) consistent with the requirements under the Rule, (ii) required by the Purchaser of the Bonds, and (iii) acceptable to the Officers.

27. **Severability.** If any section, paragraph or provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this resolution.

28. **Headings.** Headings in this resolution are included for convenience of reference only and are not a part hereof, and shall not limit or define the meaning of any provision hereof.
