BF 27850  Recognition of Schools Receiving the Superintendent’s Academic Awards for School Improvement Banners for 2007-2008

The award is made to any school that meets or exceeds targets in the district’s accountability plan. The targets are: MCA-II Apples to Apples, MCA-II Growth, percent of students absent 11 days or more, four-year dropout rate. 33 Schools received the award and all are repeat winners. Como Park Elementary School is the only school earning an academic banner for all 10 years the award has been in existence. Chelsea Heights and Horace Mann have earned banners for 9 out of the 10 years. The following schools received banners:

- **Middle/Junior High:** Battle Creek Middle, Cleveland, Hazel Park Middle, Highland Park Junior, Murray and Ramsay

- **Senior High:** Highland Park Senior

**MOTION:** Ms. Carroll moved the Board of Education offer their congratulations to the schools receiving the Superintendent’s Academic Award for School Improvement for 2007-2008 on meeting or exceeding targets in the district’s accountability plan. Motion seconded by Mr. Goldstein.

**VII. PUBLIC COMMENT**

1. **Kwasi Nate Russell** -- Provided information on the Parents of African American Students Advisory Council
2. **Aprill Mona** – Spoke in support of Arlington BioSMART
3. **Ger Yang** -- Spoke in support of Arlington High School and BioSMART
4. **FueChee Yang** – Spoke in support of Arlington High School
5. **Billy Moua** – Spoke in support of Arlington High School and BioSMART

**VIII. SUPERINTENDENT’S REPORT**

The Superintendent indicated she would be including, in her report, a school presentation on BioSMART, information on the parent information fair, an update on the district’s budget shortfall and the human resource transactions, the only item requiring Board action.

1. **BioSMART**
   The BioSMART Project Director and principals from Washington Technology Magnet Middle School and Arlington High School presented an overview of the BioSMART program, how the two schools are working together to articulate the program between the schools, the marketing efforts in place to promote the schools and the program and the connections that are being made between the schools and community partners.
QUESTIONS:

• The presenters were asked what outreach was provided to non-English speaking families to promote the program and make it understandable to them. A separate multicultural showcase is held at Arlington. This is a culturally focused showcase on the project; interpreters are on hand to address questions families may have. The Program Coordinator visits with different cultural group in the community and schools to provide materials and answer questions. Additionally, some of the materials are provided in various languages.

• A question was asked about the success of the marketing efforts. The response was that interest is increasing and the schools are optimistic about improved enrollment.

• How is the intimidation factor of “math and science” addressed? The first message to teachers, the educational community and families is that education can no longer be done in the same way it has been done in the past. The message is being conveyed primarily to students at this time and they take it home to parents. Students are being trained to be flexible in their thinking and because of that flexibility, it is hoped it will translate into communication and bring parents and community members on board.

• The question was posed as to what the connection is between Washington and Arlington. The program at Washington is broad to give students the opportunity to participate in many aspects of bio-technology/science and then, as they articulate to Arlington, they have had some experience in the field and are able to choose a focus and follow that pathway into specialized electives which will prepare them for future success in the business world.

• The Superintendent noted that the articulation is from 7-16 so the program connects beyond high school into higher education opportunities. The BioSMART program is building on demographic information about what careers will be the ones needed in future years and providing students with a curriculum that leads them into those pathways.

• How has BioSMART energized the teachers? In every area across the curriculum (electives and required course work) staff is integrating the concepts of bio-sciences and technology. The program pushes the staff to evolve their curriculum and technology abilities to meeting the students’ needs.

2. Parent Information Fair

The Superintendent stated approximately 2,800 people attended the Parent Information Fair on January 20, up about 350 people from last year. All of the schools were represented at the Fair along with 13 SPPS departments and the Student Placement Center. Seventeen charter schools and 17 private/parochial schools also participated. The Student Placement Center met with 226 families seeking help with the enrollment process. Several JROTC cadets worked at the Fair in a variety of areas including handing out maps, counting visitors, helping to gather evaluations and riding the shuttle buses to welcome families as they boarded.

The Superintendent reminded families of the deadlines for enrollment: Middle, Junior and High Schools being February 27 and elementary schools March 6. The enrollment process has become more centralized so that anyone wanting to enroll in any SPPS elementary school must fill out an application form for that school/program.

3. SPPS Budget Shortfall

The Chief Business Officer stated the District is expecting a $25 million shortfall for the school year 2009-2010. She stated the shortfall was originally estimated to be $15 million when first presented to the Board in August 2008. A decline in enrollment and the recent, downward adjustment to zero for expected state funding for the 2009-10 school year caused the shortfall to grow. Additional factors include the fact that in an economic downturn fewer staff are expected to retire changing the anticipated savings in turnover from experienced, higher-paid employees to newer, lower paid staff; also there will be no increase in state aid coming in as new revenue. In the area of expenses, a 2% COLA increase; a 3.5% increase
in Health Welfare Insurance and a 2% increase in supplies and equipment will impact the budget.

With past budget shortfalls, school and district officials have made every effort to keep the cuts as far from the classrooms as possible. This will continue to be the primary goal as district officials plan for the 2009-10 budget. However, a deficit of this size will touch all areas of SPPS. It was stated that with the previously mentioned factors, with transportation costs estimated to go up 7.6% (this is higher than the General Fund growth) and with salaries and benefits accounting for 84.4% of the General Fund, deficit reduction will impact staffing.

Other factors which would increase the shortfall include:
- Further downturn in the economy
- The state making direct cuts to education
- The shifting, by the state, of cash payouts may cause the district to incur short term borrowing costs due to reduced cash flow
- Further declines in enrollment beyond the current forecast.

4. Human Resource Transactions

MOTION: Ms. Carroll moved approval of the Human Resource transactions occurring between November 21 and December 18, 2008 as presented in the Board Book. Motion seconded by Mr. Conlon.

The motion was approved with the following roll call vote:

Ms. Street-Stewart   Yes
Ms. Carroll         Yes
Mr. Conlon          Yes
Mr. Hardy           Yes
Mr. Goldstein       Yes
Mr. Brodrick        Yes

IX. CONSENT AGENDA

MOTION: Mr. Brodrick moved approval of all consent agenda items with the exception of Item 16, page 54, the Monthly Operating Authority which was pulled from the agenda for separate consideration. Motion seconded by Ms. Carroll.

The motion was approved with the following roll call vote:

Ms. Street-Stewart   Yes
Ms. Carroll         Yes
Mr. Conlon          Yes
Mr. Hardy           Yes
Mr. Goldstein       Yes
Mr. Brodrick        Yes

- Mr. Goldstein: Yes
- Mr. Brodrick: Yes

BF 27868 Project Labor Agreement – Como Park Senior High School Science Lab Remodeling Project

Mr. Conlon presented a motion supporting administration’s recommendation that no PLA be used on the project. The motion failed for lack of a second.
MOTION: Mr. Brodrick moved that the Board of Education recommends that a Project Labor Agreement be used on the science lab remodeling project at Como Park Senior High. Motion seconded by Mr. Hardy.

Mr. Conlon indicated he would vote no on this because of his belief putting additional restrictions on competition increases costs and the district is facing budgetary challenges right now; additionally administration is not recommending the use a PLA on this project.

Mr. Brodrick reviewed the reasons the process for use of PLAs was put in place.

Administration was asked to provide the reasons why they recommended not using a PLA for the project. Administration indicated the work would be done over the summer months, delay and work interruptions were not expected, educational programs were not expected to be impacted and there were no health or safety issues related to the project.

RESTATEMENT OF MOTION: Mr. Brodrick moved that the Board of Education recommends that a Project Labor Agreement be used on the science lab remodeling project at Como Park Senior High. Motion seconded by Mr. Hardy.

The motion was approved with the following roll call vote:

XII. BOARD OF EDUCATION

1. Information Requests and Responses - None
2. Items for Future Agendas – None
3. Board of Education Reports/Communications
   - Minnesota Minority Education Partnership (MMEP)
     Ms. Street-Stewart reported on the MMEP and its Covenant for Education Equity with Excellence with Students of Color and American Indian Students. in which they commit to changing Minnesota’s perceptions, expanding early childhood education, transforming K-12 education, expanding college access, improving post-secondary participation, transforming teachers and faculty, investing in education and holding elected and appointed officials accountable.
   - Minnesota School Boards Association (MSBA) Annual Conference
     Ms. Street-Stewart then moved on to report on MSBA’s winter leadership conference. She provided several handouts which included the MSBA’s 2008 Delegate Assembly legislative resolutions (28 submitted, 15 passed). She presented board members with a copy of the Capital Compass which is available on the MSBA website and which outlines the status of various pieces of legislation and votes associated with them. She stated February 23-27 has been designated as School Board Recognition Week. She announced that on March 19 there will be a rally at the Capitol in connection with Voices for Child Advocacy Day. There will also be an “Education Day on the Hill” for schools and school board members with the date yet to be announced.

   Ms. Carroll requested a referral of the MSBA’s resolutions for consideration at an upcoming COB. The chair indicated it would be added for consideration by the Executive Team.

BF 27869  Presentation of Resolution

MOTION: Mr. Goldstein moved the following resolution in recognition of the inauguration of Barack Obama:
Be it resolved that the St. Paul Public Schools’ Board of Education hereby extends its
congratulations to President Barack Obama on his historic inauguration as the 44th President of
the United States on this day, the 20th of January, 2009.

Further, that we wish him the best of luck in helping all communities realize the goal of providing
a quality education for all children in America, regardless of their ethnic background or
socioeconomic status.

Ms. Carroll seconded the motion.

Mr. Conlon offered a friendly amendment that President Bush be thanked for his
contributions in the past as well. The amendment was not acceptable to the maker who
stated the resolution was to recognize that this is the first African American president in
the history of the United States, it is an extraordinarily historic day for the entire world and
that as an urban school district with nearly 75-80% of its kids students of color, it was in
that sense that the resolution was made. It is not intended to be a comment on
performance. The Board Secretary was instructed to put the resolution into a formal
correspondence and forward it to the White House.

The motion was approved with the following roll call vote:
Ms. Street-Stewart	Yes
Ms. Carroll	Yes
Mr. Conlon	Abstain
Mr. Hardy	Yes
Mr. Goldstein	Yes
Mr. Brodrick	Yes
